Report of the Managing Committee of the Fourth National Collegiate Athletic Association Track and Field Meet

Held at Stagg Field, Chicago, June 12 and 13, 1925.

Mr. President and Members of the National Collegiate Athletic Association:

The Track and Field Committee, consisting of John L. Griffith, T. E. Jones and A. A. Stagg, appointed by you to manage and conduct the Fourth National Collegiate Track and Field Championships, takes pleasure in reporting a most successful meet. In fact, it is not stretching the truth to say that the N.C.A.A. Meet of 1925, in point of competition, was one of the greatest track and field meets which has ever been held in the United States.

This was the first meet held under the plan of not counting points, being for the individual championship in each event. This change of plan from the team championship to individual was decided upon at the annual meeting of the National Collegiate Athletic Association in 1924.

The plan worked out exceedingly well. While undoubtedly a few leading college athletes in certain events did not participate, the quality of competition in all of the events ran very high, and produced the finest meet your association has yet held.

There was no meet held in 1924 due to the conflict of dates for holding tryout meets to select America's representatives for the Olympic Games. It had been feared that this break in the succession of meets might be serious, but your committee is happy to report that while there was a distinct falling off in attendance and receipts, as a result of the loss of momentum which had been gained in this series of increasingly successful meets, held in 1921, 1922 and 1923, there was no appreciable loss in the number of colleges and the quality of competitors who participated.

The preliminaries in the track and field events were run off on Friday afternoon in a terrific rain storm; but the final events the next day were held under reasonably good conditions, considering the heavy rain of the previous day.

It is worthy of note to state that six new N.C.A.A. meet records were made, and that DeHart Hubbard of Michigan established a new world's record in the running broad jump of 25ft. 10 $\frac{7}{8}$ in.

Athletes from fifty-one different colleges competed. Inasmuch as the competition was limited to men who had distinguished themselves in intercollegiate meets, this showing was exceedingly gratifying.

One remarkable feature of the management of the meet, and one which, in our opinion, is unique, was the democratic way in which the meet was conducted. Your committee invited the coaches and repre-

representatives of each of the colleges participating to sit in conference before the preliminaries took place, and decide upon the various points in reference to the number of heats, the seeding of the heats, the drawings for the heats, the rules governing the eliminations in the field events, and on all other matters where questions of management pertaining to the actual competition were under consideration. All of the questions were discussed in open meeting and decisions were reached by majority vote. The spirit of fairness displayed and the fine sportsmanship which prevailed prepared the way for an unusual development of comradeship.

The increasingly great success of the meets of 1921, 1922 and 1923 showed plainly the great interest aroused in the National Collegiate Track and Field Meet, and the fact that a fourth meet could be held after a serious break in continuity and momentum, so soon after it was established, demonstrates a real need for a national meet and justifies this association in making it an annual fixture. Individual winners of each event in the Fourth National Collegiate Athletic Association Track and Field Championships are as follows:

The National Meet
1926

The National Collegiate Athletic Association Track and Field Meet will be held this year in Chicago. This meet, which is held annually for the purpose of bringing together representatives of all colleges in America and for the purpose of determining the individual champions in the various events. No attempt is made to award a team championship. This year as in the past the profits of the meet will be pro-rated among the visiting institutions. With this in mind the competitions are limited only to men who have placed in sectional or conference meets or who have shown exceptional ability in dual meet competitions.

The Games Committee for the 1926 Meet consists of Professor A. A. Stagg, Director of Athletics, University of Chicago; Professor T. E. Jones, Track Coach, University of Wisconsin, and Major John L. Best Records Made by American College Men

The National Collegiate Athletic Association has created a Records Committee whose duty it is to pass upon all claims for new records. In case of a claim for a record, the parties concerned should communicate with Mr. A. A. Stagg, University of Chicago, the Chairman of the Committee.

The attached list of best records made by American college men, while they were undergraduates or since they have left college, has been passed upon and accepted by the National Collegiate Athletic Association Records Committee. With few exceptions the holders of world's records were college athletes. Events indicated with a star (*) are best college records only; all others are world's records.

COLLEGIATE HONOR ROLL

Spalding's Athletic Library

The Track and Field Rules Committee has attempted to compile a list of names of college men who made outstanding records in their events in 1925. A list of records was sent around to all coaches in the N.C.A.A. for verification and correction. Every effort has been made to accept only records made under proper conditions. It is more nearly possible to determine who the leading athletes are in track and field than in any other sport, due to the fact that definite records are kept of the performances of the men in track and field competition, while the same, of course, is not possible in football, basketball and baseball. It is understood, of course, that there may be some inaccuracies in the appended list. The committee requests the co-operating coaches are requested to send outstanding records for the year to Mr. C. W. Whitten, Dekalb, Illinois, and college coaches are requested to send information regarding star performances of college men to Major John L. Griffith, 6 North Michigan Avenue, Chicago.

National Interscholastic Records

The National Federation of State High School Athletic Associations has appointed a committee on interscholastic records. This committee will receive claims for all interscholastic records in track and field events. For the present it recognizes the records herewith, which were made prior to the appointment of this committee. The committee reserves the right to make any necessary changes. Claims for records should be sent to the committee secretary, C. W. Whitten, Manager Illinois High School Athletic Association, Dekalb, Illinois, who will upon request furnish official blanks for the presentation of the claims.
