# COLLEGIATE HONOR ROLL

The Track and Field Rules Committee has attempted to compile a list of college men who made outstanding records in their events in 1930. A list of records was sent to all coaches in the N.C.A.A. for verification and correction. Every effort has been made to accept only records made under proper conditions. It is more nearly possible to determine the leading athletes in track and field than in any other sport, due to the fact that definite records are kept of the performance of the men in track and field competitions, while the same, of course, is not possible in foot ball, basket ball and base ball. The committee requests the co-operation of the coaches in compiling a similar list for 1931.

RECORD BOARDS WITH MOVABLE POINTERS TO INDICATE BEST MARKS BEING MADE IN FIELD EVENTS.

The above illustrations show how field events may be made more interesting to spectators. Boards are marked alike on both sides with numbers large enough to be seen from any part of the field. Movable pointers are used to register the greatest height or longest distances—1, for high jump; 2, for pole vault; 3, for javelin and discus; 4, for shot put; 5, for broad jump. Macdonald, Photos.

## Interscholastic Honor Roll

The committee has endeavored to compile a list of the outstanding performances in the high school track meets of the country during the season of 1930. Most of the records have been selected from the reports of the various state meets. The committee desires that the principals and athletic directors of the country send in reports of especially good records and that attention be paid to see that records are made under recognized conditions. These reports should be sent to E. A. Thomas, National Reserve Building, Topeka, Kansas.

An attempt was made this year to place on the honor roll those athletes whose records came up to a certain standard. For example, those whose 440-yard records were under 52 seconds were placed on the role; likewise, those whose 880-yard records were under 2 minutes and 2 seconds. The standards set this year may not meet with the approval of the majority of high school coaches, but some standard will have to be set if an honor roll which means anything is established for the high school athletes of every state in the union.

## National Interscholastic Records

The National Federation of State High School Athletic Associations has appointed a committee on interscholastic records. This committee will receive claims for all interscholastic records in track and field events. For the present the committee recognizes the records herewith, but reserves the right to make any necessary changes. Claims for records should be sent to the committee secretary, C. W. Whitten, Manager Illinois High School Athletic Association, 11 South LaSalle Street, Chicago, Ill., who will upon request furnish official blanks for the presentation of the claims.
