BLUE RIBBONS FOR THE OLD BLUES, Jim Fuchs, left, and Vic Frank. Fuchs, a senior at Yale this year, won the NCAA shot put with a record toss of 56 feet 1½ inches at Los Angeles last June and two months later at Oslo, Norway he broke the world mark with a put of 58 feet 4¾ inches. Frank, a Yale teammate of Fuchs' in football as well as track, won his blue ribbon for first place in the NCAA discus throw competition. Frank threw the disc 168 feet 9½ inches in the NCAA meet, but had a 177-foot-11½-inch throw earlier in the season. He was unbeaten in collegiate meets.

(NOTE—The winners in each track event were hand-timed with Longine timers. All non-winning times were computed by adding to the winning marks, the time differentials between the winners and each of the succeeding finishers, as shown by the Bulova Phototimer. Placings in all events were verified by the Bulova Phototimer.)

JOHNSON CONQUERS BROAD JUMP JINX

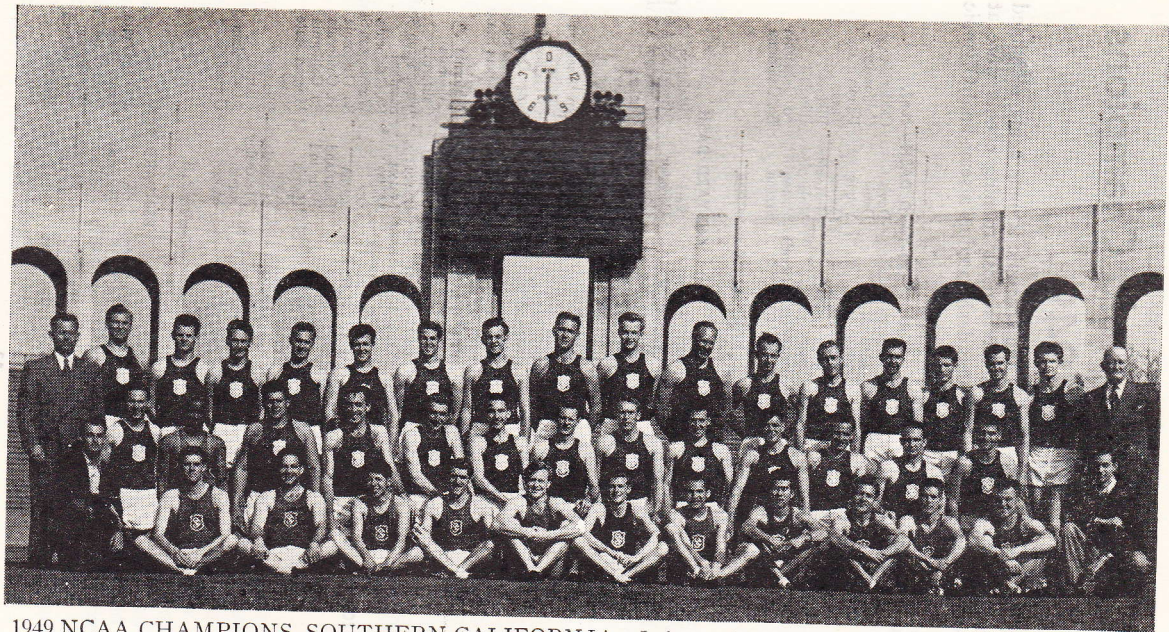

Fred Johnson of Michigan State got only two fair jumps in the 1949 NCAA meet, but both were over 25 feet and easily enough to win the event. Johnson's first good leap in the pit at the Los Angeles Coliseum was 25 feet 2½ inches and he followed that with a 25-foot-½-inch leap.

The Spartan senior is one of five men who have ever jumped 25 in that pit in almost 20 years of trying, and he is the first to negotiate that distance three times. Earlier in the 1949 season Johnson jumped 25-2 in the Coliseum. Ed Gordon of Iowa in the 1932 Olympic Games; Al Olson of Southern California in the 1934 NCAA meet; Jesse Owens of Ohio State in 1935; and Willie Steele of San Diego in 1946 and 1948 are the only others who have overcome the jinx.

NCAA Track and Field Champions 1921-1949

No meet was held in 1924 because of the Olympic tryouts being scheduled at an early date. In the 1936 and 1948 meets most running events were at metric distances, inasmuch as the meet was designated as a semi-final Olympic tryout.

Organization and Presentation Of the 1949 NCAA Meet

By W. O. HUNTER

Director of Athletics, University of Southern California

Track and field, the most important sport in the Olympic Games, is to our mind one of the most interesting and thrilling spectator sports on the athletic program. We, at the University of Southern California, are making continued efforts, through the promotion of track meets at the Los Angeles Memorial Coliseum, to advance the cause of the sport by increasing its spectator appeal to the average athletic fan.

Although we have a long way to go before we can establish track appeal on the same basis as football, we definitely believe that the University of Southern California, with the cooperation of other institutions in this area, is making strides toward the popularization of track and field.

Having received several favorable comments on the handling of the National Collegiate Athletic Association Track and Field Championships which were held in Los Angeles last year, we have been asked to outline our ideas on the promotion and management of a successful track meet. This outline will be divided into Preparations for the Meet and Conduct of the Meet.

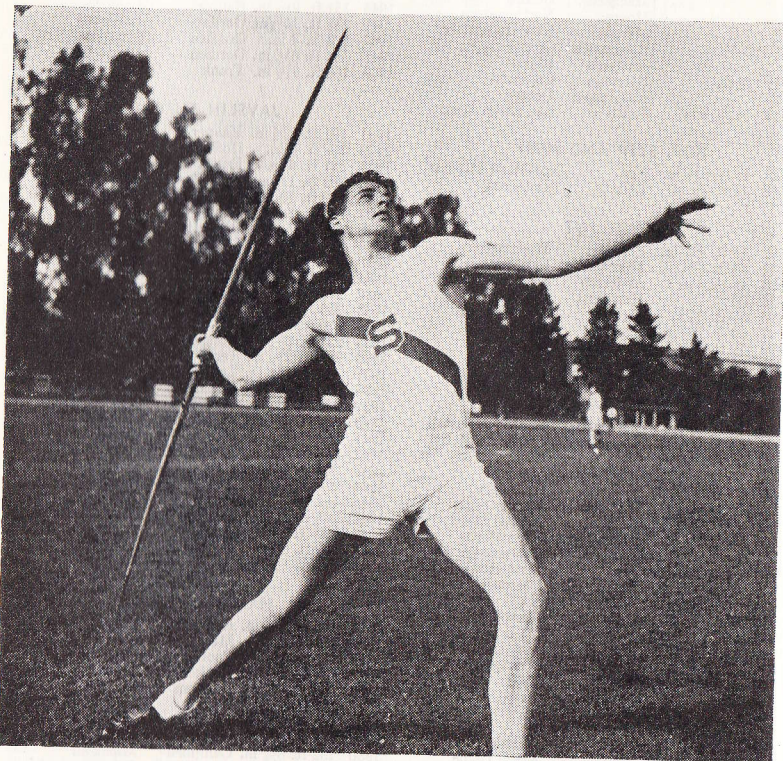

PREPARATIONS FOR THE MEET

In preparing for a large track meet, there must be long range planning based on past experience and the unique problems of the present. For the NCAA Meet, the organization of the various committees was begun six months ahead of meet time. Committee meetings were held regularly right up until the day of the meet, as each committee head made his up-to-date report to the chairman. The following committees were organized: Sports (Technical and Athletic Awards); Tickets and Game Management; Officials; Radio and Newspaper Publicity; Transportation, Hotel Arrangements and Visiting Athletes; Official Program; Ceremonies; Entertainment and Reception; Medical Director; Photography and Finance.

It is not possible here to go into all the functions which were performed by these various committees. However, we will attempt to hit a few of the highlights.

In regard to ticket and game information, the importance of an advance sale should be emphasized and this can be accomplished through the circularization of fans with ticket applications. It has been the custom here to include a descriptive brochure with the ticket applications highlighting the coming event.

The game management, of course, is routine and subject to the existing conditions at the particular place where the meet is held.

FRANKLIN (BUD) HELD of Stanford University who won the NCAA javelin throwing title for the second straight year with a heave of 224 feet 8¼ inches, second longest in the 28-year history of the meet. Only three Americans have ever exceeded Held's best mark of 232 feet 2½ inches.

REPEAT WINNERS FROM 1948 were Mal Whitfield of Ohio State, left, and Don Gehrman of Wisconsin, right. The Buckeye Olympic champion took the NCAA 880-yard run in 1 minute 50.3 seconds to tie John Woodruff's thirteen-year old meet mark. Gehrman, who also is a veteran of the 1948 Olympics, won the NCAA mile run easily in 4 minutes 9.6 seconds.

Through the years we have been fortunate here in southern California in having enthusiastic track and field supporters who have contributed through the officiating of meets. With the vast experience they have had officiating dual meets, AAU meets, etc., they were well prepared for handling effectively a national collegiate meet.

The meet chairman felt that it was important to have close coordination between the coaches and the officials and, therefore, the officials were included in the pre-meet banquet for instructions in reference to the rules of the NCAA. Then, too, they had their own meeting where the detailed organization of handling the meet was finally agreed upon.

The Publicity Committee was organized into divisions which handled daily news releases and pictures to the local press and national wire services; releases and pictures to the outlying press; column and feature material for the press; and radio and television publicity.

Publicity forms were included in the pre-meet brochure which went out two months before the date of the meet. Athletic publicity directors of the various schools were requested to send all statistical data on each competitor, plus feature material and all available pictures. A deadline was set for this material in order that the Publicity Committee would have sufficient time to prepare its campaign.

One week before the meet an extensive press book was drawn up, including the name and school of each competitor, with his best all-time mark and his best performance of the season, plus a short comment on his championships and his chances in the meet.

During the meet the committee had a special force whose duty it was to type up official results of each event (with distances between runners in the track events). These in turn were immediately mimeographed and made available to the press.

In order to avoid confusion, the problem of transportation and accommodations was left almost entirely in the hands of the visiting schools. Two months before the meet a brochure was sent out to each institution and in this brochure was listed the available hotels where advance reservations had been made. This brochure listed the location, price and the name of the manager of each hotel. Each school then contacted the hotel of its liking and made its reservations directly with the hotel manager. Transportation to Los Angeles was left entirely to each school's discretion.

After the teams started making their arrivals, a shuttle bus system was provided to take the athletes to and from the Coliseum for workouts. This service was provided twice a day and was also available on the days of the meet.

The Chairman of the Program Committee was in constant touch with the various committees handling the meet with the thought of including all the information of interest to the public.

The Committee on Ceremonies was included principally for an effective opening ceremony immediately preceding the final day meet. This, we feel, added color and interest to the meet.

In the reception and entertainment of visiting athletes, coaches and officials, the Entertainment Committee was delegated the responsibility of setting up a suite of rooms in a convenient hotel to serve as a meeting ground for all personnel concerned with the meet. A room was provided for the press, including typewriters and wire service. Another room was set aside for entertainment, lounging and refreshments. Still another room was provided for the athletes where they could lounge and be served refreshments.

All personnel were presented with an entertainment card, and this card entitled the holder to attend a list of events which the committee had scheduled. Such things as movies, television shows, studio visits, sports events and other entertainments were made available through use of the card.

Photography was placed in the hands of a committee and a chairman was assigned with the responsibility of taking both motion and still pictures that will serve as an historical record of the meet.

The Medical Director had charge of all medical and training arrangements. This, of course, included the assignment of efficient trainers and the establishment of training facilities.

The financing of the meet was based on the NCAA formula. However, we found it opportune to ask local organizations for financial assistance, particularly for publicity features, entertainment and extra transportation for the convenience of the visitors.

CONDUCT OF THE MEET

Probably the most important consideration during the actual running of a meet is that of keeping the public informed.

A track and field meet is comparable to a three-ring circus, and, thus, the uneducated fan must be kept up to date by the public address announcer. This means that the man on the public address system must have a thorough knowledge of the meet schedule, the competitors and their background, the various records and past performances. The announcer must be able to pick out the highlights of the meet as it progresses and direct the fans' attention accordingly. During the last NCAA meet the announcer, anticipating a record in the shot put, had all eyes focused on the shot put ring when Yale's Jim Fuchs made his record toss.

In order that the public address announcer can furnish the public with accurate information he must be supplied with spotters and messengers who likewise are educated in the ways of track and field.

The announcer is also responsible for introducing the contestants before they start their events. At the NCAA meet all field event men were lined up by their respective pits and stepped forward as their names were announced over the public address system.

The official program for last year's meet aided in public information by listing each contestant's best mark of the season after his name. Also listed were all the previous national collegiate winners and their winning marks.

Stationed by all the pits on the field were stands which held placards indicating the name of the next contestant and the height of the high jump and the pole vault and the best distance in the broad jump, shot put, discus and javelin.

One of the greatest problems in the conduct of a meet is in keeping the pits and finish lines clear of athletes, officials, photographers and other people who clutter up a field and obstruct the spectator's view. It is absolutely essential to the success of a track meet that this extraneous personnel be removed from the scene.

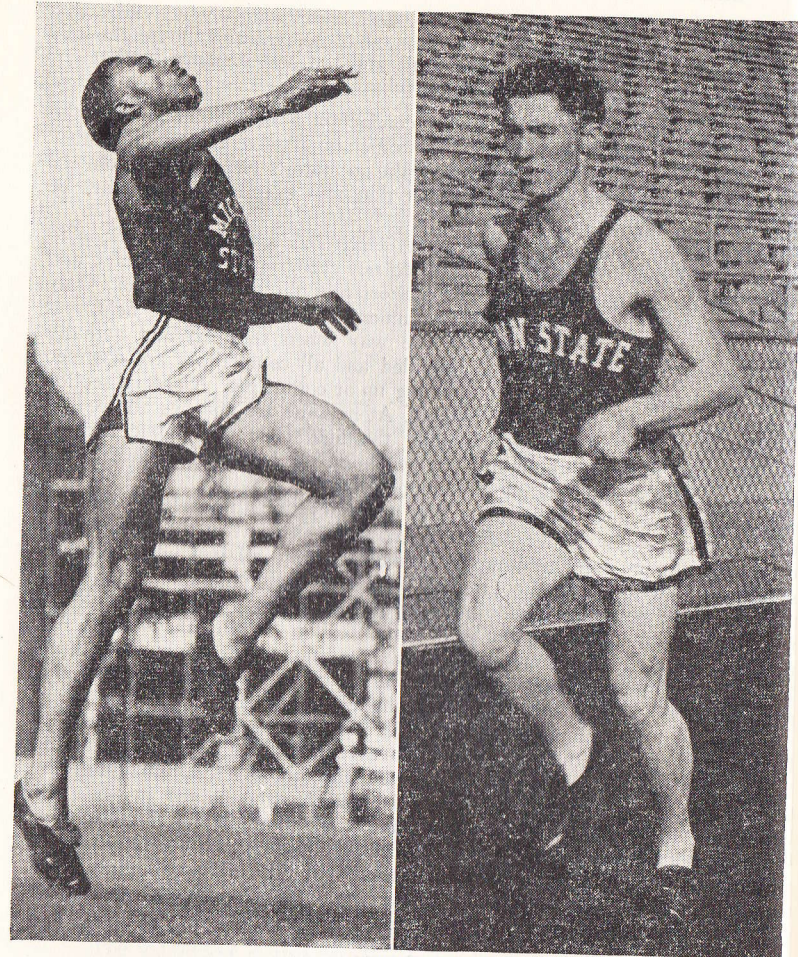

The Coliseum employs a police force which has specific instructions to keep the field clear of all persons who do not carry proper credentials, and no credentials are issued without the authority of the meet chairman. Only photographers who are on specific assignment are allowed on the field, and they are instructed to keep out of the way when they are not actually shooting. An area for athletes is provided and all competitors are confined to this area except when they are warming up or competing. A special section in the stands is provided for all coaches. At no time are coaches allowed on the field. On this problem of keeping the field clear the public address announcer can assist by reminding the people on the field to keep away from the pits and finish lines during the competition.

In keeping the meet on schedule it is necessary that the athletes, coaches, officials and workers receive definite instructions as to when their events are to be held. In pre-meet meetings it is made clear to all just what schedule is being followed and mimeographed schedules are given out to all concerned. Once again the public address announcer can aid in this problem by reminding officials when the meet starts to lag. During the last NCAA meet we found it advantageous to move the start of the pole vault back thirty minutes since experience showed us that this event usually was still going after all other events had been completed.

Space doesn't permit us to go into a further discussion of all the limitless details which present themselves in the arrangements for a meet such as the national collegiates. We would, however, like to use the remaining few lines to give credit and thanks to those people who joined in with the University of Southern California in staging last year's national collegiates. We are grateful to the Los Angeles Coliseum, the Southern California Committee for the Olympic Games, the University of California at Los Angeles, the Helms Athletic Foundation and all the other organizations and people who did such a fine job and showed such excellent cooperation.

BROTHER ACTS IN NCAA MEETS

Martin and Bob Biles of California and Bob and Ross Hume of Michigan are the only brothers to have won NCAA titles. The Cochran brothers came close to duplicating this feat. C. S. "Racerhorse" Cochran of Mississippi A&M won the 440 in 1922 and 1923 and brother Roy was a close second in the 1941 low hurdles for Indiana.

THIRD TIME WAS THE CHARM for Fred Johnson of Michigan State, left, and Horace Ashenfelter of Penn State, right. Both tried for NCAA titles in 1947 and 1948 and failed, before winning their events in the 1949 meet. Johnson paced the broad jumpers with a 25-foot 2½-inch leap, while Ashenfelter won the two-mile run in 9 minutes 3.9 seconds, a clocking that has been bettered only once in NCAA competition.

1949 All-America College Track and Field Team

This team was selected by the Track and Field Rules Committee meeting in special session at Los Angeles, California, June 18, 1949, after the NCAA Championship Meet. It was voted to list the men alphabetically in each event.

1949 Collegiate Honor Roll

The Collegiate Honor Roll is based on the 1949 performances of eligible varsity men attending four-year colleges. Performance in the NCAA Championship meet, best mark for the season, consistency of marks, major meet won and number of defeats were considered in selecting ten outstanding athletes for each event on the NCAA program. In the track events, times made at equivalent metric distances are listed and indicated with an "m". Times which were made with the aid of a following wind are indicated with a "w"

SEVEN DEFENDING CHAMPS AT MINNEAPOLIS

At least seven defending champions are expected to be on hand at the 1950 NCAA meet in Minneapolis, June 16 and 17. Don Gehrmann of Wisconsin, two-time winner in the mile, and Bud Held of Stanford, javelin champ in 1948 and 1949, both will attempt to make it three in a row. Jim Fuchs, Yale's world record holder in the shot; Fred Johnson of Michigan State, broad jump champ; Dick Phillips of Brown, the high jump winner; Bob Smith of San Diego State in the pole vault; and Charlie Moore of Cornell in the 440 are other 1949 winners who will probably be entered in the 1950 meet.

THE LONG AND SHORT OF IT

In the shot put at the 1949 NCAA meet the shortest and longest throws were both made by the same man—Jim Fuchs of Yale, the eventual winner. Fuchs' first throw slipped off the side of his hand, but was a fair throw measuring 43 feet 7 inches. His last throw went for 56 feet 1 $\frac{1}{2}$ inches, a new record.

FASTEST SEVENTH PLACE ON RECORD

The first seven finishers in the 880 in last year's NCAA meet were timed
 in 31.5 seconds or faster, making it the fastest mass half-mile in
 history. The seventh finisher, Bill Parnell of Washington State,
 was only 8 yards behind the winner, Mal Whitfield, and ran fast enough
 to finish the event in 20 of the previous 27 NCAA meets, but in the 1949
 meet his performance didn't even win him a point or a bronze medal.

1949 Junior College Honor Roll

Compiled by HILMER G. LODGE

The following outstanding 1949 junior college performances should be included in the 1950 Junior College Honor Roll, compiled by Hilmer G. Lodge, Track Coach, Mt. San Antonio College, Redlands, California, by June 1, to be included on the 1950 Junior College Honor Roll. Each report should include full details as to first and last name of the performer; the event; the meet in which the mark was made; weather conditions; and the date. In track events, first place times will be the basis for Honor Roll recognition. In 1949 Honor Roll below, only those performers from the junior college is in California, unless otherwise noted.

DEFENDING CHAMPS BOW OUT

Hard luck hit Warren Bateman of the University of Colorado in the NCAA meet at Los Angeles last spring when he was unable to negotiate the opening height in the pole vault competition. His failure to clear the 13 foot vault was particularly embarrassing since he was the defending champion, having tied with George Rasmussen of Oregon for first in the 1948 NCAA meet at Minneapolis with a 14-foot leap.

Rasmussen didn't fare much better in the 1949 championships. He was able to vault only 13 feet 8 inches and therefore had to settle for a fourth place tie and watch San Diego's Bob Smith go on to win the title that he had shared in 1947 as well as 1948.

Through the years NCAA pole vault champs have had difficulty retaining their laurels. Harold Hunt of Nebraska, 1941 co-champ, Loring Day of Southern California, 1938 winner, and Earle Meadows of SC, 1935 and 1936 co-champ, also had to settle for a lower place in the succeeding years. Smith was an 18-year-old sophomore when he vaulted 14 feet 3 inches to take the championship last spring and now has two years to fight-off the jinx.
