COVER PHOTO

Undoubtedly a number of athletes could be considered for the title of the greatest high school performer of all-time, and certainly JIM RYUN would be rated as a top nominee. Our cover photo shows him winning his greatest race as a prepster, the 1965 AAU mile when he defeated world-record holder PETER SNELL (left) and American-record holder JIM GRELLE (middle) in a new American-record time of 3:55.3. Only three high school athletes (including Ryun) have ever bettered 4:06, and his time is 6.2 seconds faster than the second best prep! At the time, only three milers had run faster in history (Snell, Michel Jazy and Herb Elliott)... and he was only 18 years, 59 days old. (Photo courtesy San Diego Tribune)

BOB MATHIAS, who was T&FN's high school athlete of the year for 1948, won the '48 Olympic decathlon title by 165 points and was ranked second in the world as a Tulare, Calif. senior.

Middle-distance runner Dennis Carr of Lowell (Whittier, Calif) was the second prep to crack 4:10 (4:08.7 in 1962) and clocked 1:49.2n for top position among the nation's half-milers.

After seven years, DALLAS LONG still leads by a sizeable margin in the 12lb and 16lb shot put events. As a senior at North, Phoenix, Arizona, Dallas put the balls 69'3" and 61'½", respectively.

HAROLD BUSBY (left) led the nation's preps in 1965 with 9.5 and 20.5 clockings, while JIM HINES tied the school-boy 100-yard mark of 9.4 in '64. (Photo by Steve Murdock)

Still ranking number one in the highly competitive 880-yard relay is Jefferson of Los Angeles, Calif. The four-some of (from left) JOE BATTEN, TERRY RANDALL, WILLIE WHITE and HENRY PHILLIPS ran and passed to a 1:25.9 timing during the 1956 season. At that time, their accumulation was 0.9 seconds faster than the nation's second place time. (Photo by M. Brice)

National High School Records

The pace of high school record-setting has increased sizeably during the past two seasons over previous years. In 1964 and '65 alone, 27 marks have fallen in the 48 divisions.

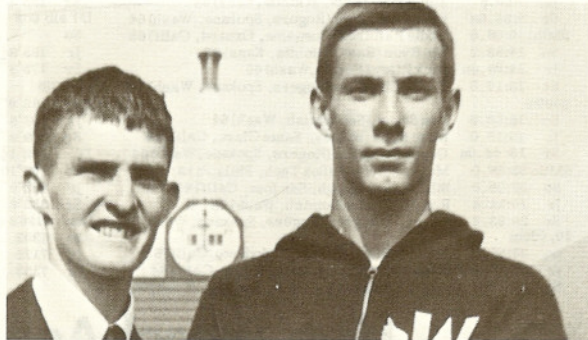

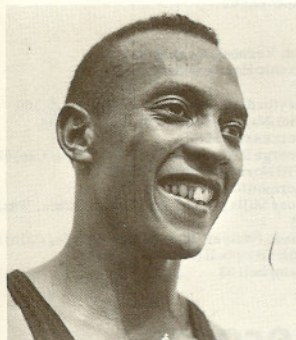

The area showing greatest improvement is the distance events, where records have been totally wiped out in the past two seasons. Only one relay mark has not gone under, that being Jefferson's (Los Angeles, Calif) 880 time. Hurdle times also have but one pre-

1964 mark still standing.

The following marks are accepted as US National High School records by Track and Field News. Marks are accepted as records by T&FN when made in high school or open competition.

^o=over-age when performance occurred (i.e., a senior is over age if 19 at time of performance), ^c=mark made enroute to longer distance, x=42" high hurdles, z=16lb hammer, athlete's birthdate follows school.

The longest standing record is JESSE OWEN'S 9.4 100-yard dash time in 1933. Jesse held the 220-yard dash and broad jump records, and still ranks highly in both events 33 years later.

Emerging as brilliant world-class athletes in 1964 were GERRY LINDGREN (left) and PAUL WILSON. Gerry holds all senior class records from two-miles through 10,000-meters, and represented the US at the Tokyo Olympics. Paul became the first prep to clear 16-feet and continued his improvement in 1965 to clear 16'6³/₄" to lead the world for several months. (Murdock)

High School Class Records

High schoolers are classified by grade beginning with September 1 and ending with August 31 of the following year (i.e., seniors may compete as such through

the summer of their senior year). All frosh records are on same line as event head. Symbols used in class and age records sections are defined under High School Records.

CORRECTIONS TO 1966 HS All-Time Lists (by HG as of 1/20/66)

Page 13 says National Records are limited to those under 19. This is wrong. We always count anybody under 20th birthday. If cutting 19s, we lose Owens 100y, Bleniron 100m, Ullis Williams 440, and maybe the 2 Puerto Ricans at 100m, & Campbell Decathlon.

Class Records: We list the actual record (which never has involved a flunked boy on his second time around), but obviously includes boys who started school late, transferred (sometimes set back in the process), dropped out for a year or so because of working or thru illness.

However, we felt obliged to honor a second mark in many cases. A Fresh may be 16, a Soph 17, a Jr. 18, a Sr. 19. No seniors beyond 19 are considered, but underclassmen are...sub-19. Several boys are listed who were beyond the limits, but a second name & mark provided. The only error was that Caffey (as Jr) was over-age for his Class, no symbol was used.

Jr. 2-mile record should read Art Dulong (Randolph, Mass) at 9:00.8 and not Iyun. Randolph is not an Ac., but a HS.

3 Miles for Fresh was nonwinning, by Ramirez. The 6-miler by Sr Lindgren should read 8/10ths with the enroute symbol (0).

120 Highs (39") frosh mark by McCaskill should show school same as 180 lows Huntington, Newport News, Va). Over the 42" highs, frosh mark done twice by Carty, second time in defeat...Jr. mark should show Campbell tied by Herm Johnson (Plainfield, N. J.) 59.

180 lows...Carty frosh record should show 4 times, and Soph 18.7 Burns was nonwinning.

High Jump...McClellon as Jr did 7' twice (once at age record & again post birthdate).

Long Jump: Poor old Tate (Junior Tate, of Case Grande, Ariz) has been on & off these listings since 5/22/53!!!! Every time he's rechecked, the stuff is goofed again! Nash, Errota, Bank, & also Hugh Gardner, has it wrong again and again. Special checkup again showed (& I'm sure I listed it correctly) Tate did 23-10 1/4 at Phoenix 5/22/53, was born ~~the~~ 6/10/36, and Johnson (another flub it took a long time to correct) did exactly the same - 23-10 1/4 at Pittsburgh 5/25/63! ..~~he did not do~~ "!!!!!!

AGE RECORDS:

Age-14 for 2 miles should be 9:50.9 Bob Mahon (Homestead, Sunnyvale, Calif) 64.

Age-14 for 3 miles should be ~~15:29~~ 15:29.0n Mahon 64.

10-km should read 2/10ths for Age-15, 8/10ths for Valotta, ..forgot to switch to "5ths".
