I'm greatly encouraged by some of the developments occurring on the United States track and field scene. Improvements are needed and have been called for, and even though there are many more things which can be done, it is a start in the right direction.

The club programs appear to be gaining momentum with many many strong clubs now available to post graduate athletes in all parts of the country. It wasn't too long ago that the New York A.C., Los Angeles A.A. (Southern California Striders), and the San Francisco Olympic Club pretty much dominated extra-collegiate track and cross country in the U.S.

But, now you add Florida T.C., Colorado T.C., West Valley T.C., Pacific Coast Club, Maccabi Union, Philadelphia Pioneers (actually been around longer), D.C. Striders, Jamul Toads, Hurricane T.C., All-American T.C., San Jose Stars, Chicago T.C., Bay Area Striders, Club Northwest, Knoxville T.C., Oregon T.C., Atlanta T.C., Athletes in Action, Santa Monica T.C., etc., etc. — all with many national class athletes.

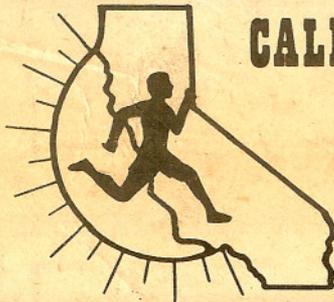

The USOC Job Opportunities Program is finally doing something for athletes who need jobs compatible with training and travel. The U.S. Olympic Committee, in collaboration with Howard Miller, President of the Canteen Corp., Chicago, is implementing a nationwide "Job Opportunities Program" for U.S. athletes.

The program seeks to find permanent employment opportunities in industry for athletes with potential ability to participate in international competitions, including the 1979 Pan-American Games and the 1980 Olympics.

The job opportunities program is designed to allow athletes to continue their training and competition while pursuing their vocational endeavors. Schedules for training and work will be determined by the employer and the athlete. To implement this program, those athletes that indicate an interest must complete an application and submit it to the USOC, Olympic House, 57 Park Ave., New York, N.Y. 10016.

The women's program in the United States is growing so fast it's hard to keep up. 149 institutions participated in the recent AIAW women's collegiate track and field championships. Most high schools now have girls track teams and the junior colleges are coming around, too.

More businesses are getting involved with track in the U.S. Tobias Striders track team is being sponsored by a

**BILL WATERS:** Pt. Loma College, San Diego Senior. Also competed for Pleasant Valley High School in Chico. Coached by Jim Crakes.

Best Marks : Decathlon— 7365; 100 meters— 11.2; long jump— 22-7; shot put 43-1; high jump— 6-7; 400 meters— 50.9; 110 high hurdles— 15.1; discus— 138-11; pole vault— 13-9; javelin— 203-2; 1500 meters— 4:36.1.

The "snip-snip" and "scratch-scratch" sound of the scissors and razor

clearly stated that Pt. Loma College decathlete, Bill Waters, had earned another All American title. It was just a year ago(1976) that Bill vowed to shave the hairy growth protruding from his face and chin if he were to earn All American status at the 1976 NAIA Track Nationals in Arkadelphia, Arkansas. He bagged third that year with a 6999 score and off came the hair.

It's been a year since that first All American honor and here Bill is shaving,

clothing firm, Los Angeles Naturite Track Club by a health food company, and the Florida Athletic Attic Track Club by a sporting Goods outfit. The Holiday Inn is sponsoring the AAU programs this year, and Sears is funding the Junior Olympic activities. Companies are also putting on major events: banks, insurance companies, oil companies, newspapers, shoe companies, restaurants and realty companies.

We are experiencing more and more participation and less spectatoritis. Look at the Bay-to-Breakers, Mission Bay Marathon, Boston, and the masters program.

Yes, it seems quite a bit of positive things are happening which can only benefit American track and field. But, much more can and must be done, yet; and sometimes the wheels of progress turn so slow.

More opportunities for international competition is needed for outstanding athletes. More funded training clinics and camps are needed where the top coaches and athletes can get together and where promising athletes can be helped. We need more scientific research into track training and technique and application of scientific principles at the grass roots levels of track. Much more involvement from business and industry is necessary. Better organization of the administration and governance of all areas of track in the U.S. is called for.

Here are the answers to the track teaser puzzle appearing in the last issue (May/June-1977, No. 17) We admit it was tough. Only one person submitted all 19 correct answers circled in the scrambled letter square — PAUL BREWER of Los Gatos, California. He wins a one year free renewal to California Track News. Now that you have the answers, how many of the names can you locate in the scrambled letter square (pull out the last issue)? We will have a drawing of all the correct puzzles to determine the winner of the free subscription renewal, so send your completed puzzle in to California Track News.

again. This time he returns from Arkansas not only All American and clean shaven but a National Champion. His life time best of 7365 was plenty good enough to best first day leader Jim Wooding of Indiana University.

Waters tried his first decathlon in 1975 at the NAIA District 3 Championship held at Cal State Los Angeles. He placed third with a promising 5901 and went on to finish 13th. in Arkansas with a 6125 — nothing, yet, worth shaving about — but it got him hooked. He caught decathlon fever after that first year and set his sights first on All American, then the National win. So, what's left to do with his senior year at PLC? Bill says, "That's easy! Jeff Bennett's national record of 7551. I've got one more year and want to shoot for it next time." There's a can of Foamy and a double edge razor hidden in the pole vault pit in Arkansas, with enough left for one more go around.

Bill's track beginning was modest. His first attempt was a 5-0 high jump in street clothes in the 8th. grade in 1969. As a freshman at Pleasant Valley High School in Chico he jumped 5-8 and pole vaulted 10-6. His next three years at PVHS he went out for baseball and only jumped in an occasional track meet when there wasn't a ball game. His high school best was 6-5.

At Pt. Loma College he first tried basketball but got tired of watching so switched to track as soon as he could. He didn't do much better in track that freshman year; starting at 6-2 and working down to 5-8 by the end of the season in the high jump. But then the biggest thing that's happened in Bill's athletic career occurred. Pt. Loma hired a full time track coach: Dr. Jim Crakes

who had been serving as head track mentor at fellow San Diego institution, United States International University. Dr. Crakes, who is nationally known, takes a scientific approach to coaching and soon had Bill Waters on a rigorous training program. Bill is quick to give Crakes much of the credit for his success so far, "Coach Crakes gave me my first real workouts — it was the first time I actually trained in an organized manner. Coach Crakes is very knowledgeable in all areas of track: technique, training, strategy, diet, and attitude."

Having a super coach is only one key helping unlock the door to success in track. Much of the rest of the battle must come from the athlete himself and Dr. Crakes feels this is one of Bill's greatest assets, "I will never be surprised at anything Bill accomplishes," says Crakes, "He is very task oriented and this enables him to produce maximum performance when the 'chips are down.'"

A bio-chemistry major, Bill couldn't be happier at Pt. Loma College, a Church of the Nazarene institution. He says, "I wanted a small Christian college. I'm really pleased with Pt. Loma. There's a lot of personal attention and help from fellow athletes, too." He is looking toward a career in the medical field.

As for workouts: He trains about 2½ hours in the morning and another 3½ in the afternoon. He's big on weight training and emphasizes high reps in the off season with high weight and explosion in the season. He works on hurdles as his warm-up every day. Mondays and Wednesdays are fast intervals like 220s and 330s. One of his favorites is 5x440 @70 with a 70 second rest between each. Tuesdays and Thurs-

# Book Review

**HOW THE CHAMPIONS TRAIN**, edited by Tom Jordan, published by Tafnews Press. Paperbound, 64 pages, 25 photos. \$3.50 from Track & Field News, Box 296, Los Altos, CA 94022.

How does John Walker build the strength and speed that earned him the 1976 Olympic 1500m. championship? What kind of workouts does Mac Wilkins do? How did Bruce Jenner prepare himself so well for the 10-event ordeal at Montreal? Learn the "secrets" of the stars in this new book from Track & Field News.

Actually the training profiles in **HOW THE CHAMPIONS TRAIN** are hardly secrets. They were all previously published in Track Technique, the sport's technical quarterly. TT has been published since 1960 and training profiles like these have been one of the journal's most popular features. These are the best of those profiles, the training schedules of the most successful athletes, selected by Track & Field News staffer Tom Jordan.

The book does not advocate that you go out and try to duplicate John Walker's workouts. (That's a quick road to frustration and exhaustion.) What it does offer to the coach and athlete are lots of suggestions, provocative ideas, and workout organization plans. As Jordan says in his Introduction, here are "programs which have been used with success, and which may provide valuable tips to incorporate into one's own training regimen."

Among the other champions covered are Houston McTear, Herman Frazier, John Akii-Bua, Mark Belger, Rich Wohluter, Mike Boit, Dave Wottle, Steve Prefontaine, Brendan Foster, Rudy Chapa, Bill Rodgers, Dwight Stones, Dave Roberts, Earl Bell, Joao Oliveira, Al Feuerbach, and Kate Schmidt. Even some of the stars from the past crop up: Bobby Morrow, Jim Ryun, Bob Beamon, Lee Calhoun. Each of the 55 entries contains the athlete's vital statistics (birthdate, height, weight), best marks, annual progressions, and general background. This is an immensely valuable sourcebook that will even be of interest to the average fan. \*

**ASSOCIATION OF TRACK AND FIELD STATISTICIANS ANNUAL 1977**, edited by D.H. Potts, published by Tafnews Press. Paperbound, 128 pages, 15 photographs. \$3.50 from Track & Field News, Box 296, Los Altos, CA 94022

This is the eagerly-awaited statistical annual for track and field nuts. The ATFS (Association of Track and Field Statisticians) is an international body of track and field stat collectors, and the ATFS Annual is their authoritative wrap-up of the entire previous year in men's track. And considering that 1976 was the year of the Montreal Olympics, and one of the greatest years ever in the sport, this annual is a "must" for all in track and field.

The heart of the annual is the 50-deep all-time world performers list and the 100-deep 1976 world list. It's an amazing record of the progress in track and field. If you thought 1975 was something, look at these figures: 99 vaulters cleared 17 feet in '76 (only 80 in '75), 69 hammer throwers exceeded 230 feet (55 in '75), 28 intermediate hurdles bettered 50 seconds in 1976, as opposed to only 15 in 1975.

Other features in the '77 Annual are an index of all performers in the book (with birthdates, height, weight, best marks, age, etc. -- of tremendous value to fans and writers) and a records section which gives IAAF, Olympic, Junior, Commonwealth, and all continental ards. \*

**FOX RUNNING**, by R.R. Knudson, published by Avon Books. \$1.25 from Avon Books, 959 Eighth Ave., New York, N.Y. 10019.

**FOX RUNNING** is the story of two women athletes who come to respect and defend each other in the course of track training for the Olympics. Kathy Hart, a Unita University student and former winner of an Olympic gold medal must coach Fox Running, a Mescalero Apache, for Olympic competition. Fox has many obstacles to overcome: she must adjust both to the white world, and to the even more specialized world of competitive sports. Slowly Fox Running begins to confide in Kathy about her Mescalero background and about her grandfather, Old Leggings, the tribe's best runner who had taught her all she knew about the sport. The women form a symbiotic relationship which eventually leads Fox Running to break the four-minute mile, and helps Kathy make her Olympic comeback.

# “bay to breakers”

By J. Lance Gilmer

“It just so happened that I didn't have a track race this weekend, so everything seemed to fit in perfectly.” So said Paul Geis after he completed the 68th annual Examiner Bay to Breakers race, Sunday, May 15.

As for everything fitting in place, it indeed did for the University of Oregon graduate, now a Stanford graduate student, as he ran off with first place honors, a black and white portable television and a trophy for being the 1977 champion.

Geis covered the 7.6-mile course, which began at the foot of Howard St. and ended at the Great Highway, in 37 minutes and three seconds. That was four seconds quicker than the previous mark for the 7.6-mile layout set by Gary Tuttle in 1974.

The Pacific Association of the Amateur Athletic Union announced that there were 8,800 official entries. With an estimated 3,500 others unofficially competing, it was the largest turnout ever.

The fastest time ever posted in the Breakers was by Ken Moore a few years ago when he stepped to a 36:37. But it was on the old course, which turned to the right coming out of the park and headed towards the Cliff House.

When asked if he thought he had a good time, Geis, who ran in the 5,000 meters at the 1976 Olymp

The first official woman entry to cross the line was Ann Thrupp from Stanford in a time slightly under 46 minutes. Second in that division went to Judy Gum Leydig, who was clocked in 46:35.

The oldest runner was Dr. Paul Spangler, 78, who ran the distance in a shade over 60 minutes. The first in the 14-and-under category was Peter Hurley of Hillsborough, with a time of 46:00.

“A lot of people thought I was just out here for the fun of it,” said 14-year-old Hurley, who attends Crocker Junior High in Hillsborough, “but I was very serious about this race. I've improved by time my over three minutes since last year.”

Nine-year-old Dan Green was one of the youngest finishers and he said he plans to participate in the Breakers again next year.

“I loved it,” he said. “I've been practicing hard for this race for some time. I've been running about five miles a day, so it wasn't too much of a difference going seven and a half.”

“I did have a few problems out there because of my size (4-8, 70 pounds). I got pushed around a lot at the start, but I pushed right back. But the part I liked the most was when I got loose and passed a bunch of people. That was fun.”

As for the start, it was brutal.

When asked if he thought he had a good time, Geis, who ran in the 5,000 meters at the 1976 Olympics in Montreal, said he doubted it.

"I have no idea how fast I ran it," he said before being informed of his record-breaking time. "It was probably slow because I didn't push it once I got to the top of the (Hayes) hill.

"I was in the lead by about 300 yards at the top of the hill so it was just a matter of maintaining and being sure that I didn't overdo it."

When Geis was told he had established the record, he seemed shocked.

"It's amazing," he said. "I didn't have anyone pushing me. If I had had someone closer, I think I would have run perhaps a minute faster."

Second place went to Nino Nuccio of the West Valley Track Club with a time of 37:50. John Sutherland of Club Northridge took third in 38:37 and former record holder Tuttle was fourth in 38:47.

"I loved it," he said. "I've been practicing hard for this race for some time. I've been running about five miles a day, so it wasn't too much of a difference going seven and a half."

"I did have a few problems out there because of my size (4-8, 70 pounds). I got pushed around a lot at the start, but I pushed right back. But the part I liked the most was when I got loose and passed a bunch of people. That was fun."

As for the start, it was brutal.

For the last few years one of the main problems has been runners jumping the gun. It was no different this time.

Geis, who runs for the Tobias Track Club in Southern California, said he was walking away from the starting line when he suddenly saw a mass of runners coming towards him. He did the only thing he could — he turned around and began the race.

"You know where the freeway overpass is?" asked the former University of Oregon ace. "Well, I was halfway between that and the starting line. Suddenly I saw a bunch of people coming at me so I turned around and took off. I didn't get the lead like some of the other people. I know the guy who finished second was way out in front.

"My start was really terrible, so I had to struggle to get up near the

front. I must have run the first mile in 4:20. I was winded at that point because I have a cold and I had to remind myself not to overdo it, and leave my race in the first mile."

Geis, who is studying business administration at Stanford, had a few suggestions on how to improve the start.

"One thing they could do is have people who have run a certain time or who have serious intentions of winning the race, start at one line. You could really start them on another street and have them come over to meet the other group.

"Another thing they could do is put the runners at the head of the line so they'd have a better chance to go. I don't think they would jump the gun as the others do."

Geis had one more suggestion. "You could get a big truck and drive it across the starting line so it's fully blocking the streets. Then when the starter sees that the street is clear he could order the truck to pull out of the way and the race could start."

But that was the only criticism Geis had about the affair.

"That's the only thing I can find wrong with this race," he said. "I love it. It's a great race. I think it's really exciting that so many people participate. That's the important thing to remember.

"Sure you have a couple of people trying really hard, but the fact that there are so many people just taking part in this makes it something special."

# NCAA II CHAMPS

## Cal State Hayward

Cal State Hayward outscored defending champion UC Irvine 66-58, to win the 15th annual National Collegiate Athletic Association Division II track and field team championships Saturday, May 28, in Fargo, North Dakota.

UC Irvine, trailing by eight points, needed a victory in the final 1600-meter relay to win the title outright, or a second-place finish to tie, but finished last in a field of eight teams and went scoreless.

Cal State Los Angeles finished third in the three-day meet with 51 points, followed by Adelphi with 46 and Eastern Illinois with 24.

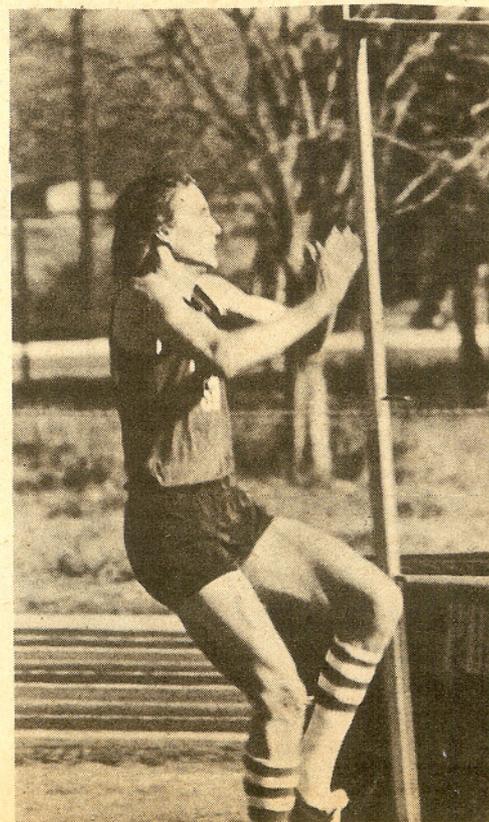

UC Irvine's top distance runner, Steve Scott, was the only double winner. He won the 1,500-meter run in 3:47.5, about 1.2 seconds slower than his division record a year ago. He also took the 800-meter run in 1:51.2 — almost three seconds off the division record.

Scott's performances tied him with three others for the most career victories

(four), tied him with six others for the most repeat titles in one event (three at 1,500 meters) and tied him with 18 individuals for the most championships in one year (two).

Hayward, relying heavily on field event strength, had national championships in John LeGrand(triple jump) and Dave Haber(high jump); with second place performances from Marvin Wamble (long jump), Darryl Robinson(Pole Vault) and Mark Sawyer(hammer). The running events did pick up a pair of third place points with Ray Clark(100 meters) and the 400 meter relay.

It was an impressive meet for California schools. The top three teams were from the Golden State and Cal Poly SLO would have been up in the money, too, had key performer Xonie Lloyd not torn a cartilage in his knee cooling down after recording the fastest 400 heat time. Xonie was also the be important on 400 and 1600 relay quartets which managed 5th places without him.

UC Irvine's top distance runner, Steve Scott, was the only double winner. He won the 1,500-meter run in 3:47.5, about 1.2 seconds slower than his division record a year ago. He also took the 800-meter run in 1:51.2 — almost three seconds off the division record.

Scott's performances tied him with three others for the most career victories

It was an impressive meet for California schools. The top three teams were from the Golden State and Cal Poly SLO would have been up in the money, too, had key performer Xonie Lloyd not torn a cartilage in his knee cooling down after recording the fastest 400 heat time. Xonie was also the be important on 400 and 1600 relay quartets which managed 5th places without him.

Houston McTear of Santa Monica College ran 10.18 seconds equaling the fastest time in the world this year in winning the 100-meter dash Saturday, May 27, in the State Junior College track and field championships at Bakerfield College.

McTear's time equals that of USC's Clancy Edwards. There was no aiding wind. It also broke the State record of 10.4 set by San Jose's Millard Hampton last year.

Palomar won the team title with 48 points, followed by San Jose and Grossmont with 42.

San Jose equaled it's own national junior college record in the 400-meter relay with a clocking of 39.81.

**100 METERS**—1. McTear (Santa Monica), 10.18 (meet record, old mark, 10.4, Hampton, San Jose, 1976); 2. Mullins (West LA), 10.41; 3. Carr (Compton), 10.51; 4. Berry (San Jose), 10.56; 5. Jones (San Jose), 10.58; 6. McRae (Chabot), 10.60.

**200**—1. Mullins (West LA), 20.80; 2. Walker (Laney), 21.28; 3. Ware (Cosumnes River), 21.36; 4. Rochee (San Jose), 21.46; 5. Wright (Pasadena), 21.54; 6. Jackson (Alameda), 21.66.

**400**—1. Chepkwony (Foothill), 46.76; 2. Mayweather (Alameda), 46.97; 3. Mickens (Alameda), 47.05; 4. Harris (Ventura), 47.09; 5. Riggins (Grossmont), 47.3; 6. Harvey (San Jose), 47.3.

**800**—1. Costa (Fullerton), 1:48.2; 2. Tyler (Mt. San Antonio), 1:49.3; 3. Short (Palomar), 1:49.9; 4. Bisbee (Cuesta), 1:49.9; 5. Martin (Antelope Valley), 1:50.2; 6. Aldridge (Santa Rosa), 1:51.0.

**1,500**—1. Aldridge (Santa Rosa), 3:50.2; 2. Hattersley (Gross), 3:50.6; 3. Albrecht (Fullerton), 3:51.8; 4. Kleinsasser (Citrus), 3:52.5; 5. Brown (American River), 3:52.5; 6. Blackburn (Moorpark), 3:53.3.

**5,000**—1. Ramirez (Oxnard), 14:21.0; 2. Hernandez (SD Mesa), 14:28.8; 3. Kingery (San Mateo), 14:38.4; 4. Lara (Fresno), 14:43.0; 5. Laird (Palomar), 14:48.8; 6. Baudendistel (American River), 14:55.4.

**10,000**—1. Best (Gross), 30:59.4; 2. Bray (Bakersfield), 31:04.2; 3. Mello (San Mateo), 31:12.0; 4. Hughes (Gross), 31:45.2; 5. Zinger (Moorpark), 31:56.2; 6. Montenegro (San Jose), 31:56.4.

**3,000 STEEPLECHASE**—1. Laird (Palomar), 8:53.2; 2. Weed (American River), 9:04.4; 3. Brennamen (Canyons), 9:06.4; 4. Lebold (Gross), 9:13.4; 5. Watkins (Monterey Peninsula), 9:14.2; 6. Leano (Porterville), 9:14.6.

**110MH**—1. Saia Saia (Palomar), 14.18; 2. Turner (Full), 14.29; 3. Smith (Skyline), 14.40; 4. Glen (East LA), 14.42; 5. Jones (Cosumnes River), 14.54; 6. Kaberline (Mt. San Antonio), 14.58.

**400IH**—1. Strong (Pas), 51.3; 2. Pratt (Bak), 51.5; 3. Young (Compton), 51.7;

Other meet records included 25-9/4 in the long jump by Marcus Jennings of Chaffey, 266-8 in the javelin by Luc Laperriere of Palomar and 16-11/4 in the pole vault by Charles Brown of El Camino and Steve Oravetz of West Valley. Brown was the winner on fewer misses.

Palomar jumped to an early lead which proved too much to overcome. The steeplechase and javelin were two of the first events — Palomar won both and also picked up second in the javelin. Then the win in the high hurdles, also early on the program, kept the tide rolling. San Jose had won the team title the two previous years.

**MILE RELAY**—1. Grossmont (Wilson, Gillett, Evins, Riggins), 3:11.8; 2. Skyline, 3:12.1; 3. Foothill, 3:12.5; 4. San Jose, 3:12.7; 5. Valley, 3:14.1; 6. Bakersfield, 3:17.4. Note: Alameda won in 3:11.4 but disqualified for interference.

**LONG JUMP**—1. Jennings (Chaffey), 25-9/4 (meet record, old mark, 25-6/4, Hewitt, Merced, 1971); 2. Jones (East LA), 25-5/4; 3. Armour (SD Mesa), 25-5/2; 4. Peterson (San Mateo), 24-11; 5. McRae (Chabot), 24-11 (placings on second best mark, Peterson 24-9; McRae 23-10/4); 6. Mitchell (Pas), 24-7/4.

**JAVELIN**—1. Laperriere (Palomar), 266-8 (meet record, old mark, 236-8, Laperriere, 1976); 2. Peiranoff (Palomar), 236-8; 3. Booth (Mt. Sac), 212-4; 4. Johnson (Mt. Sac), 208-5; 5. Hart (San Jose), 201-7; 6. Finke (Modesto), 200-7.

**SHOTPUT**—1. Laut (San Jose), 60-10/4 (meet record, old mark, 59-8/4, Adams, SD Mesa, 1974); 2. Summers (Pas), 59-5/4; 3. D. Fuller (LBCC), 59-1; 4. Logsdon (Fullerton), 54-9; 5. Taffralis (San Mateo), 52-11/4; 6. Stuart (De Anza), 52-3.

**POLE VAULT**—1. Brown (El Camino), 16-11/4 (meet record, old mark, 16-8, Knaub, El Camino, 1975); 2. Oravetz (West Valley), 16-11/4; 3. Warner (El Camino), 16-6; 4. tie among Black (San Mateo), Reyes (Fresno) and Foster (Saddleback), 15-6.

# Debbie Heald

**DEBBIE HEALD:** San Fernando Valley Track Club. Age 21, 5 feet, 6 inches tall; 115 pounds. Born August 20, 1955 in Huntington Park, California. Also competed for La Mirada Meteors.

**Best Marks:** 800 meters- 2:09.4 (77); 1500 meters- 4:20.8(77); one mile- 4:38.5(72); two mile- 10:07.2 (77). Coached by Laszlo Tabori.

If Aladin were to grant Debbie Heald three wishes from his magic lamp the first might be — a tank. "I would like to own a Sherman Tank to use when I drive to workouts at L.A. Valley College. I live 40 miles away and the freeway at 4:00 pm is terrible," says the slender college senior.

Debbie might have trouble getting through the freeway crowds, but when it comes to track she doesn't have any problem maneuvering through the traffic and leading the way to her destination — the finish tape.

In 1968 she was the 12 & 13 National cross country champion and girl's track champion in the mile(outdoors). She also held the world record for the indoor mile in 1972 and won the 1973 U.S. indoor mile championship. Being on two international teams has proven her ability in the heavy traffic.

Her second wish? "To stay injury free for one full season. To stay healthy for one year would enable me to really reach my potential in running. Or, if I could run for even just six months

"I am looking forward to having a good indoor season and I hope to lower my times in the mile and the two mile."

**WORKOUTS:** (during the middle of a season). **MONDAY**— either an easy hour run or an hour of speed play with shake-ups at the end. **Tuesday**—interval, the repetitions and distances vary from day to day depending upon how I feel and if there is a race coming up. During the middle of the season, Laszlo will have me run anything from 150's to miles at all different speeds. **WEDNESDAY**—an easy hour of running with stretching. **THURSDAY**— same as Tuesday, but if there is a race on weekend the distances and reps will be cut down and we will just try to sharpen up. **FRIDAY**— easy jogging and stretching or some fast intervals. **SATURDAY**— race. **SUNDAY**—hour run. During the hour I will cover 8-9 miles depending upon how I feel. Ideally, I would like to run interval twice a week and race once a week.

Her second wish? "To stay injury free for one full season. To stay healthy for one year would enable me to really reach my potential in running. Or, if I could run for even just six months without being injured, my times would improve greatly. Injuries have been my greatest competition (so to speak) and have kept me from reaching my potential in track. If I can stay away from injuries, I feel my running will take care of itself."

Third wish? "I'm only one semester away from getting my BS degree in physical education. I would like to finish that, get my credential and a job teaching at the primary level," states the Cal State Fullerton student.

Debbie loves being a part of track, "I thoroughly enjoy competing in races and the good feeling one gets after completing a good race or workout.

"One of the aspects I have enjoyed most about my track career is the fantastic people I have met and the friendships that have been made through running. I would like to thank my family, friends and teammates for all their help and encouragement which they have given to me when times were good and when times were not so good."

San Fernando Valley Track Club coach Laszlo Tabori, has taken over her training and she couldn't be more excited "This last season has been my best since 1973, as I have bests in the 800, 1500 and 2 mile. Laszlo has been of great help changing my running form,(It's not good yet, but it's much better than it has ever been) and this change has enabled me to run much smoother and use less energy.

# HIGH SCHOOL STATE MEET

## Sanford Leads Pasadena; Girls Set Nine Records

**BY EARL GUSTKEY**  
Times Staff Writer

The girls stole the show at the state prep track meet at UCLA Saturday afternoon by breaking nine state and national records before a capacity crowd of 14,800.

James Sanford, as expected, led Pasadena to the boys' State team championship by winning three of the four races he ran. Pasadena got 26 points and Sanford tied the state 440 record when he clocked 46.6 seconds.

But Sanford's most impressive performance was his anchor leg for Pasadena's winning 440-yard relay team.

The boys' 880 and mile finals produced exceptional marks. In the 880, Jim Walters of Estancia played a waiting game on Dave Kingsland of El Modena until the mid-straightway. He passed him and won, in 1:49.44; the fastest state meet 880 since 1965 and the second fastest ever.

Mark Stillman of San Jose won the mile in 4:06.9, also second fastest in the history of the meet.

Two Los Angeles girls broke state sprint marks. Centennial's Jeanette Bolden in the 100 (10.48) and Westchester's Kim Robinson in the 220 (23.97).

Locke won the girls' championship largely on the strength of Valerie Brisco's state record 55.2 win in the 440 and another state record in the mile relay, 3:52.1.

The Assuma brothers, sophomore identical twins from Eisenhower High in Rialto, have taken turns beating each other all year in the two-mile. Saturday, it was Frank's turn. He won in 8:52.9. Chuck was sixth in 9:01.6.

**Meet Notes**

Sanford had only 20 minutes rest between his 440 win and the 220. In fact, the 440 results were being announced when he settled into his 220 blocks. "My legs were dead in the 220," he said. "I was just holding on for second because I couldn't accelerate on Russell. But my anchor leg on the 440—that was probably the fastest I've ever run..."

Goen, a sophomore, blamed fatigue for her 880 defeat. "I was so tired after three races Friday. But after the 880 I felt pretty loose in the mile. My 880 loss was my only loss in about 60 races this year. I could have run a 4:40 mile this year if I could have just concentrated on that event. My goal is to make the U.S. Olympic team in 1980, at 1,500 meters..."

2766	Lezli Peterson(Harbor, Santa Cruz)

The girls stole the show at the state prep track meet at UCLA Saturday afternoon by breaking nine state and national records before a capacity crowd of 14,800.

James Sanford, as expected, led Pasadena to the boys' State team championship by winning three of the four races he ran. Pasadena got 26 points and Sanford tied the state 440 record when he clocked 46.6 seconds.

But Sanford's most impressive performance was his anchor leg for Pasadena's winning 440-yard relay team. Sizzling may not be the word for it. He was the eighth anchorman to get the baton, then blew everyone off the track except Gardena's Vic Stelley, whom he nipped at the tape.

Sanford, who says he's headed for USC, did much the same in the mile relay. A hard-charging type of runner, he finished with a 46.3 anchor for a Pasadena win. On Friday, he ran one of the fastest legs ever by a high school athlete—an unofficial 45.5.

Sanford didn't get a double, but David Russell of Patrick Henry of San Diego did. He won the 100 in 9.61, then beat Sanford by three yards in the 220 in a windy 20.97.

Locke of Los Angeles won the girls' title with 14 points.

Linda Goen of Bakersfield also was denied a double Saturday. She was upset in the 880 by Ann Regan of San Jose, who clocked a national record 2:08.0.

But Goen bounced back in the mile. And how. The little girl (5-2, 87) with the long stride ran 4:47.8, breaking the listed national record but not a pending 4:43.1 by a North Carolina girl this year.

Santa Monica's Dennis Smith, who is on his way to USC to play football, knocked Dwight Stones out of the record book with a 7-2 high jump, his best by two inches. Another boys' field event mark fell when Ocean-side's Dokie Williams, a junior, triple jumped 51-1/2.

480—1. Russell (Patrick Henry, San Diego), 9.61 (4.4 m.p.h. wind); 2. Cleveland (Pasadena), 9.74; 3. Jackson (Franklin, Stockton), 9.74; 4. Dailey (Kennedy, Sacramento), 9.78; 5. Hill (Kennedy, Barstow), 9.79. Others included: 7. Slaton (LA University), 9.88; 9. Williams (Chatsworth), 9.92.

Goen, a sophomore, blamed fatigue for her 880 defeat. "I was so tired after three races Friday. But after the 880 I felt pretty loose in the mile. My 880 loss was my only loss in about 60 races this year. I could have run a 4:40 mile this year if I could have just concentrated on that event. My goal is to make the U.S. Olympic team in 1980, at 1,500 meters. . . ."

## World Record for MOSES

BY MAL FLORENCE  
Times Staff Writer

### Clocks 47.45 in 400-Meter Hurdles Event

Edwin Moses pleased the crowd and himself with his world record 47.45 — 400 meter timber topping at the National AAU Track & Field Meet held at UCLA's Drake Stadium. Moses had mildly complained that he and his event, the 400 meter intermediate hurdles, do not get the recognition they deserve. Well, he's center stage now with one of the most outstanding performances in track and field history that Saturday afternoon in the Los Angeles Times sponsored meet.

Moses, the lean, bespectacled Olympic champion, broke his won world record in convincing fashion, clocking 47.45 seconds and running

Late in the afternoon, Dwight Stones, the world record holder in the high jump (7-7¼), looked as if he might share meet honors with Moses.

Stones cleared 7-6¼ on his first try, then missed three times at a new record height of 7-7¾. He came close on his third attempt.

Stones had some competition as ex-Bruin Rory Kotinek and Franklin Jacobs, the small (5-8) jumper from the small school (Fairleigh Dickinson of Teaneck, N.J.) each cleared 7-5¼ before missing at 7-6¼. Jacobs finished second based on fewer misses.

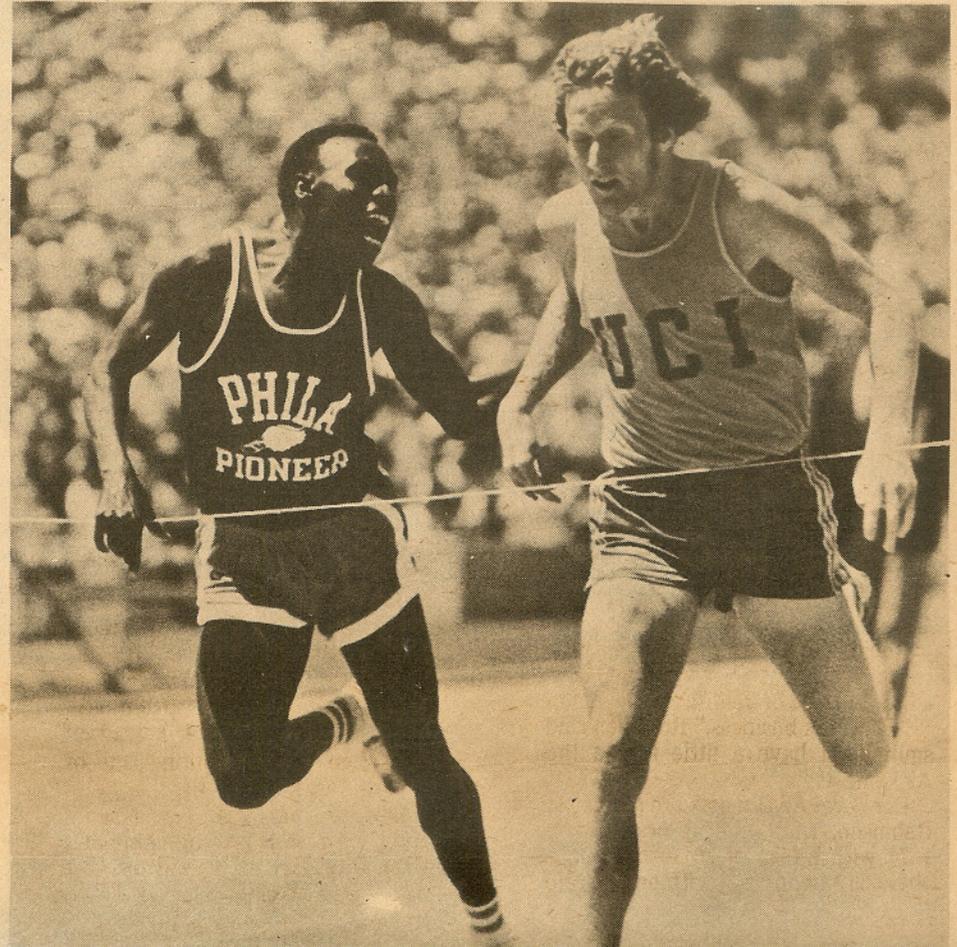

It was a lifetime best for Kotinek. Jacobs, who jumped 7-5 in the NCAA, improved an amazing record. He now has jumped 21¼ inches over his head.

These were just a few of the highlights on a warm, clear day in which one world, three American and six AAU meet records were broken.

On any other day Don Quarrie, the former USC sprinter and Olympic 200-meter gold medalist, might have been the athlete of the meet.

Quarrie, passing the 200, concentrated on the 100 and won with a world's 1977 best of 10.12. D.Q., as he's known, got off to a fast start, put daylight between himself and Steve Williams at 50 meters and won by a meter.

Meet held at UCLA's Drake Stadium. Moses had mildly complained that he and his event, the 400 meter intermediate hurdles, do not get the recognition they deserve. Well, he's center stage now with one of the most outstanding performances in track and field history that Saturday afternoon in the Los Angeles Times sponsored meet.

Moses, the lean, bespectacled Olympic champion, broke his won world record in convincing fashion, clocking 47.45 seconds and running away from the field. Then he ran some more — a victory lap — and, if the 10,692 fans in attendance were still unacquainted with him, he reintroduced himself by throwing buttons into the crowd.

A picture of Moses dominated the button and it was inscribed: "Edwin Moses, 1976 USA gold medalist 400-meter intermediate hurdle (not hurdles), Morehouse College."

Naturally, Moses was voted male athlete of the meet and, like other AAU winners, he'll be eligible to compete in the first ever World Cup Games Sept. 24 in Dusseldorf, Germany.

**Moses, who ran a then world record 47.64 at Montreal, said he was not in top condition and hadn't worked out the past two weeks. But he looked superb as he started slowly, was in command midway with his smooth 13-step stride, then poured it on down the stretch.**

Tom Andrews of USC, the defending AAU and NCAA champion, was a badly beaten second, about 14 meters behind the world record holder.

Moses' feat upstaged a stirring 1,500-meter victory by UC Irvine's Steve Scott, who held off a surging Wilson Waigwa of UTEP to win by a foot. It was Scott's first win over the Kenyan in seven attempts and clearly established the blond-haired Californian as America's premiere miler.

Mike Slack of Chicago Track Club was in the race to the tape, too. He was a close third. Scott was timed in 3:37.3—one tenth of a second off this year's world best by John Walker, the Olympic 1,500-meter champion.

These were just a few of the highlights on a warm, clear day in which one world, three American and six AAU meet records were broken.

On any other day Don Quarrie, the former USC sprinter and Olympic 200-meter gold medalist, might have been the athlete of the meet.

Quarrie, passing the 200, concentrated on the 100 and won with a world's 1977 best of 10.12. D.Q., as he's known, got off to a fast start, put daylight between himself and Steve Williams at 50 meters and won by a meter.

Williams' however, gets the World Cup berth on the U.S. team because Quarrie is a Jamaican.

Other notable performances:

—Evelyn Ashford of UCLA, the women's athlete of the meet, pulled away in the last 10 meters to win the 100 in 11.58. She won the 200 Friday.

—Mark Belger of the Philadelphia Pioneers led a bunched, five-man charge in the stretch to win the 800 in 1:45.8—his first outdoor victory since 1975.

—Milan Tiff of the Tobias Striders triple jumped 57-0 $\frac{1}{4}$ , best ever by an American. His performance was wind-aided, though.

—James Munyala of UTEP and Kenya put away the field on the back straightaway of the 3,000-meter steeplechase and won in 8:21.6. George Malley of Penn State set an American record of 8:22.5 in finishing second. The old mark was 8:23.2 by Doug Brown of Tennessee in 1974. Ron Addison of the Knoxville TC was third in 8:22.8, also under the old U.S. mark.

—Francie Larrieu-Lutz had too much sprint for Jan Merrill and won the women's 1,500 in a meet record 4:08.2.

—Mary Ayers of Prairie View A&M TC set an American record of 56.61 in the women's 400 hurdles in beating the previous record holder, Debbie Esser of Iowa State.

—UCLA's Mike Tully, a disappointing second (for him) in the NCAA, won the pole vault at 18-2 for another meet mark.

The 1,500 was one of the most crowd-pleasing races of the program.

Waigwa lagged in last place

**STEVE SCOTT barely nips WILSON WAIGWA in exciting 1500 meters**

through the first lap while Scott was in the middle of the pack. Then, with 600 meters left, Kenya's Mike Boit, a Stanford graduate student and a world class half miler, made a bid to steal the race.

But it didn't work and Scott and Slack, who was fifth in the 1,500 Olympic trials last year, surged past Boit on the last turn.

Waigwa started to move, too, and it was a three-way race in the stretch with the Kenyan struggling to catch Scott, who held him off in a tortuous, final 50 meters.

"My goal was to be the top American," said Scott, who was a half miler at Upland High School. "So, when Boit went out I didn't feel I had to go after him right away. I wanted to stick close to the Americans, (Paul) Cummings and Slack. I kept looking for Waigwa but I didn't see him until the last point of the race."

Not only was it Scott's first victory over Waigwa, but also the first time that the Kenyan's kick didn't run him down.

As for Moses, one wonders what the straight A physics major from Morehouse might do if he concentrated on an open 400.

He says he might be able to lower his 400-hurdles record into the 46s—and that's flying even without obstacles.

Friday's events were just as exciting especially the 110 meter high hurdles. James Owens didn't believe he won. Charles Foster thought he did. The Accutrack photo of the finish of the race could be viewed as a dead heat — which it was.

But his ruling at the Times-sponsored National AAU track and field championships wasn't made until most of the 4,000 fans had left Drake Stadium early Friday evening.

Earlier, it was announced that UCLA's Owens was the winner. Foster protested and a six-person AAU jury of appeals reversed the original decision.

Both were timed in 13.49—best in the world this year and a stadium

record—and everyone had an opinion as to who won. There were arguments that Owens' torso extended farther than Foster's . . . that Foster's head and neck were clearly in front at the tape . . . and so on.

You can't win by a neck in track—only the torso counts—and Foster contended that his torso (along with his neck and head) were in front of Owens.

It's academic, anyway, even though only the winner is eligible to represent the U.S. in the first-ever World Cup Games Sept. 2-4 in Duesseldorf, Germany.

Owens said it's very doubtful he'll compete because the World Cup Games conflict with fall football practice and the UCLA hurdler is a leading candidate for a starting halfback position. So Foster, an Olympian like Owens, probably will represent the U.S.

Finishes were the theme of the second day of the meet as Arnie Robinson, the Olympic Games long jump champion, who usually saves the best for last, did it again.

Robinson had to surpass a mark of 26-8½ by Anthony Carter of the U.S. Army to win a World Cup birth. So the 29-year-old veteran of international competition did what came naturally, soaring 27 feet, ½ inch on his last jump to win his fifth AAU championship.

"I've won the AAU long jump on my last attempt three times," Robinson said, "and for my career I'd say I'm in double figures winning on my last jump."

Robinson was reminded that he won at Montreal on his first jump for a lifetime best of 27-4¾.

"That was business," Robinson said smiling. "I have a little fun in the AAU meets."

For sure, AAU meets are old hat to Robinson, who won his first title in 1971 with a leap of 26-10¾. So he's obviously improving with age and he

finish — especially Foster. While awaiting the results, Owens said, "I think Foster beat me. I took the last hurdle too high and I may have hit one earlier. I saw him duck his head at the tap at the last split second."

Then when it was announced Owens had won, he was embraced by UCLA coach Jim Bush. Well, he sort of won. Owens doesn't believe that UCLA football coach Terry Donahue will allow him to compete in the World Cup Games. Practice begins Aug. 22 and UCLA's first game, against Houston, is Sept. 12.

In other Friday finals, Mac Wilkins, Olympic champion and world record holder, retained his discus title with a throw of 227-0; Derald Harris of Los Medanos Junior College won the 200 meters in 20.6 and UCLA's Evelyn Ashford set an American record of 22.62 in the women's 200. The old mark was 22.77 by Chandra Cheeseborough of Ribault High, Jacksonville, Fla., in 1975 in Mexico City.

Wilkins evened his season's competition with long-time rival John Powell at two victories each. Powell was third at 215-6 behind Wilkins and Ken Stadel (217-11). Al Oerter, four-time Olympic gold medalist making a comeback at 40, didn't compete.

Harris, only 19, spurred in the inside lane in the last 50 meters and held off former USC sprinter James Gilkes, who was on the young sprinter's shoulder. Steve Riddick, the indoor sprint sensation last winter, had a lead of about two meters coming out of the turn, but faded to fifth.

# A.I.A.W. Championships

by: MAL FLORENCE

Only thirty miles separates Cal State Northridge and UCLA, and less than half that many points shoved UCLA ahead of Northridge for the AIAW team championship. The next closest team was more than 30 points back.

Julie Brown, Northridge's tireless distance runner, scored 28 points in addition to running legs on the 2 mile and mile relay teams in the three-day national track & field championships at UCLA's Drake Stadium.

But, as versatile as she was, she couldn't beat UCLA by herself. Pat Connolly's Bruins won the collegiate women's championship with an impressive show of overall strength. UCLA had 86 points to 73 for runnerup Northridge.

Sprinter Evelyn Ashford had as much to do with UCLA's victory as anyone. She won the 100 and 200 meters and ran legs on the 440-yard and mile relay teams.

A crowd of 3,256 was present the final day to watch the track carnival in which 149 schools participated. And, there was a meet record for almost every event (16 of 19).

Brown, a former UCLA student who transferred to Northridge last year, won the 3,000 meters and placed fourth in the 1,500 Saturday. She won the 800 and was fourth in the 5,000 Friday. "I just tried to score as high as I could in every race," Brown said of her iron-woman stint. "It was more fatiguing mentally than physically. I took each race one at a time. I didn't want to think about the

at the meet. She won the event at 6-1½ to become the fourth American woman to clear six feet. "I usually choke in big meets," said the 5-11 Ritter, a native of Red Oak, Tex. "I hadn't jumped higher than 5-10 this year and I had never made six feet. Also, I changed my style from a straddle to the flop only six weeks ago because I had surgery on my left foot and couldn't plant it as hard as I wanted."

Only two American women have ever jumped higher — Joni Huntley (6-2¾) and Paula Girven (6-1¾). Ritter came close to breaking Huntley's American

record when she barely missed 6-3 on her last attempt.

Debbie Vesser of Iowa State broke the only American record when she won the 400-meter hurdles in 57.07. The old mark was 57.24 set by Arthurene Gainer of Prairie View A & M in 1976. Vesser might have threatened the world mark of 56.51 by Krystyna Kscprezyk if she hadn't chopped her stride between hurdles.

Other highlights:

\*Rosalyn Bryant of Cal State Los Angeles, a Montreal Olympian, was a comfortable winner in the 400 meters

(51.79). She also made up gobs of ground for her team in the 440-yard relay and mile relay.

\*Doreen Ennis of Montclair State who won the 1,500 in 4:15.56 and Kathy Devine of Emporia St. (Kan.) who defended her shot put title with a throw of 51-2½.

But the most amazing statistic of the meet was the ground covered by Brown. The Northridge runner ran almost nine miles competitively for the three day meet — and her 2:02.88 in the 800 was the best in the world this year.

SHOTPUT

15 Qualify For Final

A crowd of 3,256 was present the final day to watch the track carnival in which 149 schools participated. And, there was a meet record for almost every event (16 of 19).

Brown, a former UCLA student who transferred to Northridge last year, won the 3,000 meters and placed fourth in the 1,500 Saturday. She won the 800 and was fourth in the 5,000 Friday. "I just tried to score as high as I could in every race," Brown said of her iron-woman stint. "It was more fatiguing mentally than physically. I took each race one at a time. I didn't want to think about the other races I had to run. "Actually, it wasn't too bad. I had 10 races but they were spread out over three days. The 1,500 should be my best race but I didn't run as well as I would have like to."

Brown, 21, 5-6, 107, has a peculiar problem. she's proficient at so many events that it's difficult to decide on which one she wants to concentrate. "I'm not sure what I'll do in the National AAU meet," she said. "It will be either the 1,500 or 3,000 . . . or, maybe the 10,000."

Brown, a native of Billings, Mont., said she left UCLA because her coach at the time, Chuck Debus, was fired amid much controversy. Debus is now the unofficial coach at Northridge. Dr. Barbara Swerkes is the coach of record.

Despite Brown's concerted effort, it was UCLA's day and Connolly was elated. "The key to our victory was that every one of our girls had personal bests in their events," she said.

Some of the come-through Bruins:

\*Ashford, the smooth sprinter, who caught Long Beach State's Andrea Lynch after a poor start and won the 100 meters in 11.32. She came back to win the 200 in 23 flat, taking charge of the race coming off the turn.

\*Karen Smith, who won the javelin at 197-9, her best throw of the season.

\*Kathy Weston, who anchored UCLA's winning 2-mile relay team, finished third in the 400 and then ran anchor on the mile relay unit that finished second.

\*Chris Remmling, who finished a surprising fourth in the high jump.

But the high jump winner, Louise Ritter of Texas Women's University, probably was the most surprised athlete

Red Oak, Tex. "I hadn't jumped higher than 5-10 this year and I had never made six feet. Also, I changed my style from a straddle to the flop only six weeks ago because I had surgery on my left foot and couldn't plant it as hard as I wanted."

## FLEXIBILITY TRAINING II

by VERN GAMBETTA

by GORD STEWART

*This is the second of a two part series. See California Track News No. 17 (May/June — 1977) for part I.*

### EXERCISE PROGRESSION

The exercises outlined below are in no way meant to be all inclusive. The bibliography outlines three excellent sources of additional routines. Variety keeps things interesting so look around for new exercise possibilities. The exercises outlined below are designed to improve *extent flexibility* (i.e. the amount or range of movement in joint regions). Exercises for *dynamic flexibility* (i.e. speed of movement through a given range) are described elsewhere. Extent flexibility exercises are a part of the warmup procedure. Dynamic flexibility training would be carried out during the main body of the workout.

For simplicity the exercises are listed in three categories: A— arms, shoulders and upper body, B— low back, hips and stomach, C— legs. There is no magic order but you may find going in the A—B—C order provides a comfortable sequence. Standing exercises are

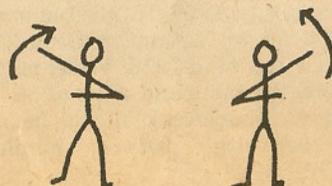

2. **SIDE STRETCH:** Reach right arm down outside of right leg. Repeat to left side. Alternate.

3. **OVERHEAD SIDE STRETCH:** Left arm overhead, reach down outside of right leg. Repeat to left side. Alternate.

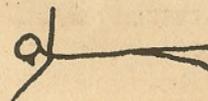

4. **TRUNK TWISTING:** Arms straight at shoulder level, twist trunk to right, right arm straight behind, left arm bent across chest. Repeat to left. Alternate.

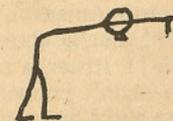

5. **TRUNK ROTATION:** Lower trunk sideways to right. Continue to forward position, left and back to upright position.

8. **SHOULDER ROCK:** Lie on front, arms outstretched at shoulder level. Rock to right side, lifting straight left arm to perpendicular with floor. Repeat to left. Alternate.

9. **SHOULDER STRETCH:** Bend forward at waist, back straight, grasp hurdle with both hands (and arms straight). Gentle movement of head/neck down between shoulders.

10. **SHOULDER CIRCLES:** Grasp javelin (or broomstick, etc.) palms facing in, hands more than shoulder width apart. Slowly draw arms up and back behind shoulders. Return to forward position and repeat. (Decrease distance between hands as flexibility improves.)

*GROUP B: Low Back, Hips and Stomach*

1. **BACK ROCK:** From sitting position with legs extended rock back first pulling knees (legs bent) to chest then extending over head. Hold. Return to sitting position. Relax and repeat.

2. **BACK EXTENSION:** Prone position with palms under shoulders. Keeping hips on floor, straighten arms to lift upper body from floor.

3. **MAD CAT:** On all fours in kneeling position, arms straight hands under shoulders. Arch back, tucking chin into your neck, sag back and look up. Relax. Repeat.

improve *extent flexibility* (i.e. the amount or range of movement in joint regions). Exercises for *dynamic flexibility* (i.e. speed of movement through a given range) are described elsewhere. Extent flexibility exercises are a part of the warmup procedure. Dynamic flexibility training would be carried out during the main body of the workout.

For simplicity the exercises are listed in three categories: A— arms, shoulders and upper body, B— low back, hips and stomach, C— legs. There is no magic order but you may find going in the A—B—C order provides a comfortable sequence. Standing exercises are followed by exercises lying down or on all fours. Standing exercises for the important muscle groups in the legs complete the routine.

The workload of static exercises can be increased by lengthening the amount of time the end position is "held". Stretch and relax exercises (gentle movement) can be increased by doing more repetitions. A comfortable fifteen minute routine can be done by picking a few exercises from each of the three groups.

*GROUP A: Arms, Shoulders and Upper Body*

Note: Side bending exercises (i.e. A2, A3, A4) should precede forward flexion exercises for the trunk (i.e. A5, A9, C1, C7, C11, C12).

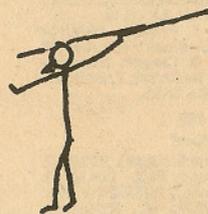

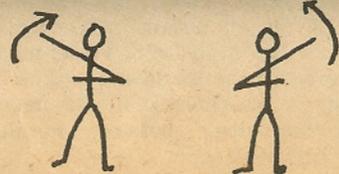

**1. ARM CIRCLING:** Arms straight. Full sweeping circles with both arms. Frontwards and backwards.

**6. ARM CROSSOVERS:** Arms straight at shoulder level. Swing them forward crossing in front, cross behind and repeat.

**5. TRUNK ROTATION:** Lower trunk sideways to right. Continue to forward position, left and back to upright position. Repeat. Reverse direction.

**11. JAVELIN STRETCH:** Grasp javelin; raise hand to shoulder height, pull javelin back to full extension behind. Stretch, curb palm in hold. Relax and repeat. Same with other arm.

**10. SHOULDER CIRCLES:** Grasp javelin (or broomstick, etc.) palms facing in, hands more than shoulder width apart. Slowly draw arms up and back behind shoulders. Return to forward position and repeat. (Decrease distance between hands as flexibility improves.)

**5. BRIDGE:** On back with feet near seat. Lift hips off floor using feet and shoulders for support, leaving neck, head and shoulders on floor. Hold. Relax. Repeat.

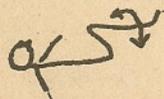

**4. CURL AND STRETCH:** On all fours in kneeling position, tuck right knee in toward nose, swing leg rearward toward horizontal position with leg straight. Return to starting position. Relax. Repeat with other leg. Alternate.

**3. MAD CAT:** On all fours in kneeling position, arms straight hands under shoulders. Arch back, tucking chin into your neck, sag back and look up. Relax. Repeat.

6. HIP TWISTERS: On back, arms straight at shoulder level. Draw knees to chest, feet off the floor. Roll legs to one side to touch floor. Alternate to other side.

2. THIGH STRETCHER: Standing; bend right knee, grasp right foot behind and pull it towards seat. Repeat with left leg. Alternate.

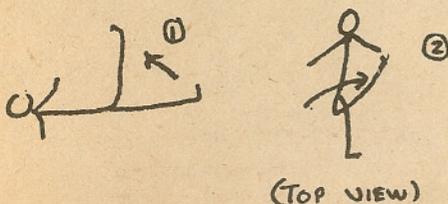

6. ANKLE ROCKER: Standing, slowly rock around on outside borders of feet. Knees should make a circular motion.

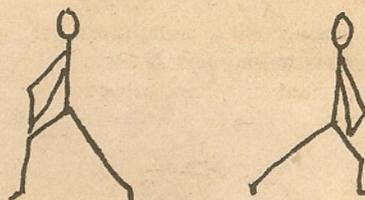

11. SEATED HURDLE STRETCH: Hurdle position on the floor. Move chin towards knee of the extended leg. Hold. Relax. Repeat.

7. WRINGER: Lie on back with arms outstretched at shoulder level. Lift right leg to vertical then swing it toward left hand. Return to starting position. Relax. Repeat to left side. Alternate.

3. SPLIT STRETCH: Standing; legs wide apart, back erect, hands on hips, shift weight over left leg with right leg straight and both feet flat on the floor. Repeat to right. Alternate.

7. STANDING HAMSTRING STRETCH: Let trunk and arms bend forward and hang in a loose, position. Hold, don't bounce. Stand up. Relax. Repeat.

12. LEAD LEG HURDLE STRETCH: Standing, one leg out in front, heel supported on hurdle. Bend forward at the waist stretching hamstring of supported leg. Hold. Relax. Repeat. Same with other leg.

8. LYING SIDE LEG RAISE: Lying on right side with head resting on forearm. Raise left leg slowly keeping it straight. Repeat. Same with right leg.

8. GROIN STRETCH: Sitting with knees bent, soles of feet together, hands on ankles and elbows inside knees. Bend forward with a curved back reaching chin toward feet.

13. TRAIL LEG HURDLE STRETCH: Standing, inside of calf supported by the hurdle. Bend at waist dropping upper body towards the ground. Hold. Return to upright, relax, then repeat. Same with other leg.

9. LEG SPLIT FORWARD BENDING: Sitting, legs spread

4. CALF STRETCH: Place one foot in front of the other with front leg flexed and rear leg straight. With upper body erect rock forward over front leg to stretch rear calf. Change leg positions and repeat.

9. QUADRICEP STRETCH: Kneeling, lean back with one arm over head, support body weight with

resting on forearm. Raise left leg slowly keeping it straight. Repeat. Same with right leg.

**9. LEG SPLIT FORWARD BENDING:** Sitting, legs spread, bend forward at waist reaching forehead towards floor.

(TOP VIEW)

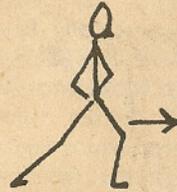

**GROUP C: Legs**

**1. SIT REACH:** With one leg bent, reach down the other leg toward the foot. Hold. Relax. Repeat. (Can also be done with both legs extended.)

**4. CALF STRETCH:** Place one foot in front of the other with front leg flexed and rear leg straight. With upper body erect rock forward over front leg to stretch rear calf. Change leg positions and repeat.

**5. TENDON STRETCH:** Same position as for calf stretch but bend both legs, going into a semi squatting position, stretching lower calf and achilles tendon.

**9. QUADRICEP STRETCH:** Kneeling, lean back with one arm over head, support body weight with other arm on the floor behind. Bend at the hips and sit when thighs get tight. Return to upright position. Repeat.

**10. ABDUCTOR STRETCH:** Standing with side to the wall, feet flat on floor about two feet from wall. With hands on the wall lean hips in towards the wall keeping upper body straight.

back reaching chin toward feet.

**13. TRAIL LEG HURDLE STRETCH:** Standing, inside of calf supported by the hurdle. Bend at waist dropping upper body towards the ground. Hold. Return to upright, relax, then repeat. Same with other leg.
