VALLEY TRACK AND FIELD is published monthly, 12 issues a year. \$3.50 per year. Each issue is generally mailed the latter part of the first week of each month.

VALLEY TRACK AND FIELD is a monthly publication. It is devoted to the promotion of all areas of track and field in the San Joaquin Valley. It is about and for Valley track people. VALLEY TRACK AND FIELD will do several things: (1) provide in-depth track news coverage, (2) give recognition to outstanding Valley performances, (3) present an opportunity to become better acquainted with other Valley track people, (4) be a source of educational and informative track and field articles.

As a track enthusiast, VALLEY TRACK AND FIELD will be a valuable tool to you, as well as an asset to track and field, in general, in the Valley.

The success of VALLEY TRACK AND FIELD depends, to a great extent, on the support from you, the readers. You can help by always sending in all news and results (pictures too) about your team, yourself, others, or any track news you have. Send to VALLEY TRACK AND FIELD 1717 South Chestnut Avenue, Fresno, Ca. 93702. All pictures will be returned. Don't assume we will have your results or news already, if you have pertinent information, please, send it. In a sense, this is your publication; it is for you. Help make it a success.

VALLEY TRACK AND FIELD is dedicated to serving all Valley track people, athlete, coach, and fan, alike. We welcome any comments and suggestions. We would be very happy to hear from you.

MEET VALLEY COACH

Jerry Dorn of McLane High School in Fresno: In this, just his fourth year at McLane Coach Dorn has accumulated a dual meet record of 18 wins, 3 losses (69-72) not bad for his first job as a head track coach.

Jerry Dorn is a native Californian and attended Fresno High School where he participated in basketball and track. He went on to the University of the Pacific for his BA and Colorado State for an MA. After college he served as an assistant coach in Southern California for 2 years, then an assistant at Fresno High, and now head track and cross country coach at McLane High School. He is single and enjoys traveling and athletics as hobbies.

In his short time at McLane "Dorn" teams have won the North Yosemite League track championships twice (69&71) as well as the Fresno City Meet in 1969. Last year the "Scotts" captured the Fresno City Cross Country Meet. Coach Dorn feels that the NYL Championships have given him the greatest thrill while at McLane, "because of the caliber of the opposition and the team dedication of the McLane athletes to the winning of these championships.

Coach Dorn is quick to give credit to others in the development of the McLane success. "Assistant coaches make possible the total team picture. At McLane the caliber of the assistant coaches has helped in the development of our athletes and program." He is also quick to mention that he's had the privilege of working with some outstanding athletes, including; Alvin Bunn (24'3 3/4 long jump, 18.9 lows, 14.2 highs), Greg Hall (4:18.8 mile, 9:16 two mile), and Clyde Lansing (9.5 at Fresno High), and Jeff Baker (14'9 1/2" pole vault).

Just a few of the members on this year's outstanding team include: John Baker (14' vaulter); Bill Hibner (22'4" & 45'3" in the horizontal jumps and 20.5 lows); Randy and David Wright, non-related sophomore milers 4:29.3 and 4:35.8 respectively); Mark McNaughton sophomore weight man (51'2" & 171'10"); Sprinters Larry Mucker (9.9), Lawrence Jackson (9.8), and Stephen Nunley (10.0); Ken Wright (2:01.7 880); and Ron Vogt (9:31 two mile).

Central Valley YMCA Olympic Trials Caravan

Nothing could be greater than going to the Olympics. But, if you can't make it to Europe this year, we have an alternative. Go to the Olympic Trials in Eugene, Oregon.

You say you would love to, but don't have the time or money to be gone that long. We have another alternative for you. Seeing half of the Olympic Trials in person is better than not going at all.

The Central Valley YMCA is sponsoring a trip to the Olympic Trials from June 30th thru July 5th. You will see the finals of the pole vault, discus, triple jump, 20 kilo walk, 50 kilo walk, javelin, 400 m hurdles, 3,000 m steeplechase, 10,000 m run, 800 m run, 100 meter dash and the decathlon with Fresno's own John Warkentin competing.

Not only does this caravan offer the joy of witnessing part of the trials in person but it offers the fun of camping in order to keep the expenses down. The cost is \$108.30 for non-Y members and \$93.30 for Y members, including tickets.

You can be there in person. Call the YMCA at 233-5737 or 233-0751 for further information.

In their striving for excellence the McLane Coaches "try to help the individual develop himself to the limits of his natural ability, in accordance with his level of maturity -- in return the individual has success in track and field as well as the team. The end result is brought together with the other members of the team for a TOTAL TEAM RESULT -- Champions.

CLUB NEWS

Each month VALLEY TRACK AND FIELD prints news from the various clubs in the Valley. Send news of your club to VALLEY TRACK AND FIELD, 1717 South Chestnut Avenue, Fresno, Ca. 93702.

FRESNO ELANS T. C.

Iva Wright popped the shot put 43-11 to lead the Elans to a first place in the shot put relay at the Wills Relays in Sacramento March 18. Combining with Iva for the winning performance were: Yvette Brownlee (39-9), and Debra Haynes (36-3). The Elans placed second in the long jump relay with a 43-4½. Rita Carter leaped 15-1¼, Carolyn Dunbar 14-3½, and Cloteal Jones 13-11¼. Fresno was sixth in the 440 relay and seventh in the 880 medley relay. In the novice shot put Toni Landucci won for the Elans with a 29-11½ heave and Martha Quinn was third with 25-9½.

The following week the Fresno Contingent split, with the 13 and under age group going to Roseville and the women's division competing in the Claremont Relays. At Claremont Iva Wright continued to improve with two second place finishes: 44-6 in the shot, and 153-6 in the discuss. Picking up both thirds in the same events was Yvette Brownlee (41-3½ and 131-7). In the 100 yd. dash Cloteal Jones placed fifth in 11.5. The 440 relay team took fifth with 52.0.

In Roseville the 10&11 girls won the 440 relay. Aleathia Brewer, Kim Edmunds, Kim Wooten and Jean Yates combined for the 57.5 winning effort. Also in the 10&11 division Kim Dawson placed third in the long jump (12-6½) and Kim Wooten finished third in the 100 yd. dash with 12.9.

In the 12&13 age division Joanne Burns, Anita Carter, Hether Haskell and Debbie Leal teamed to 56.4 and second place in the 440 relay. Terea Brewer won the discuss with a life time best 89-9. Anita Carter placed fourth in the 880 with 2:46.6.

Sunday, March 12, was the opening track meet of the year for the Wasco Wildkats. The team traveled to Crenshaw High School in Los Angeles to compete in the LA Jets Relay Carnival. Coaches Brad Tomasini and Dale Knox put their charges through their paces to determine their basic conditioning for the up coming track season and were pleased with the results.

Individual winners include Eddie Lujan in the 10&11 660 yard run with a new national record of 1:40.8. Kevin Knox opened up the season in a new age group and responded with a 4:54.4 win in the 12&13 mile. Other winners for the Wildkats were Patty Dillingham in the 10&11 660, Gwen Dillingham in the 12&13 660, Mike Mosby 10&11 mile, and Patsy Cervantes in the 12&13 mile.

The Wasco Wildkats boy's relay teams were first place winners in all four relays they ran. The 10&11 boys were sparked by good runs from Eddie Lujan, Robert Nunez, Robin Messick, Todd Knox, and Dan Byrum. The 12&13 boys relays were highlighted by a fine early season 440 leg by Bill Hill of 58.8. Also running excellent legs were Randy White, Shawn Shambaugh, and Kevin Knox.

On March 20, the 12&13 boys team came away from the Salinas Valley Track Club Invitational with almost all the blue ribbons in the events they entered. Six boys represented the Wildkats well as they won the 100, 220, 880, mile, and high jump, as well as a second in the 440.

Lewis Richardson easily won the 100 yd. dash with 11.1, and then came back to also win the 220. Bill Hill ran a good 58.6 in picking up his second place in the 440. The best race of the day was staged by Wildkat teammates Eddie Lujan and Randy White in the 12&13 880 yd. run. Running stride for stride the entire distance, White held off a strong bid by Lujan to win in the good early season time of 2:18.6, with Lujan one tenth back. Kevin Knox just missed the American 12 year old record for the mile run, but established himself as the early season national leader with his 4:51.6 run in a stiff wind. Dennis Stowe capped off the day for his team with the high jump win of 5-2.

Dan Byrum, Robin Messick, Todd Knox, Mike Mosby, Kim Crawford, and Jackie Kent ran well for the younger teams at Salinas. Kim Crawford ran his all time best mile with 5:33 in the 10&11 division, and Todd Knox ran a very strong 2:31 880 in the same division. (Club News Cont. next page)

HIGH SIERRA T.C.

Yes, the High Sierra Track Club really is a Track Club. There are now several sprinters, jumpers, and weight men to go along with the traditional distance runners. Members have been competing in scattered meets through-out the Valley but a 14-15 man team will be traveling together to the Sacramento Relays. Some good performances have already been turned in by Bill Deeter in the shot put (54-8), Rufus Morris in the long jump (22-11) and decathlon, Jess Gonzales in the 440 (50.0), and Luis Amps in the 100 (9.9). Steve Hardison has also been looking very good in practise and will vault for the first time this year at Sacramento.

The High Sierra seniors are also into track full swing and the High Sierra senior meets (see schedule last issue) are reportedly coming along very nicely - no results yet, however. For information on these seniors meets contact Sid Toabe, 4566 N. Del Mar, Fresno, Cal. 93704.

If you are interested in more information about High Sierra Track Club contact Dave Bronzan (P.O. Box 728, Three Rivers, Ca. 93271) or Bill Cookerham (519 South 11th St., Fresno, Ca. 93702).

Goals, Aims, and Purposes of the club are listed as:

1. To promote all forms of track and field (age-group through senior citizens, male and female) in the Central Valley.
2. To provide a basis of organization and support for Central Valley track athletes to enable them to compete and train after the completion of their school years.
3. To conduct a summer track program for Central Valley youth; to provide them with a source of summer recreation and fun as well as enhancing excellence of performance in track and field.
4. To encourage jogging as a means to physical fitness and to provide a source of organized jogging activities for Central Valley citizens.
5. To serve as a service organization to Central Valley communities; helping and serving in what ever way they can.

MEET VALLEY ATHLETE

DENNIS ANDERSON: Junior, Fresno Pacific College. 6'1", 275 lbs., born March 30, 1951, at Sacramento, California.
BEST MARKS: Indoor shot- 56'7", Outdoor shot put--56'4", Squat 580, Dead lift 560, Bench press 355, Power clean 265, Military press 260.

TRAINING: Once a day, four days a week, twelve months a year. Average time spent in training about seven hours a week. Weight training upper body two days a week, and lower body two days plus 1½ hours of throwing the shot three times a week. Now in a transition period switching from strenuous weight training over to emphasis on speed and form.

This winter Dennis became the first Fresno Pacific College athlete to win a National Championship with his first place in the NAIA Indoor Championships at Kansas City. Besides his outstanding performances on the athletic field he is also a B plus student majoring in Literature; as well as editor of the school newspaper.

Dennis was introduced to the shot put at Stagg High School in Stockton and has continued to improve every year since. As a sophomore at Fresno Pacific he attained "All-American" status by placing in the NAIA out door championships at Billings, Montana, and has twice been voted San Joaquin Valley Sports Writers "Athlete of the Week." He likes to "peak" for the important meets, and his only strategy is to "Throw farther than the other competitors." Important to training are proper rest and a good diet, the later aided by frequent visits to Bill McDonalds health food store.

As for goals, Dennis is pointing toward the NAIA Outdoor Championships as well as throwing over 60 feet this year. Long range plans are aiming at five National Championships while in school. He likes track because, "it gives me a chance to accomplish something as an individual that reflects on the quality of my coaching and training. I also enjoy the company of other people with similar interests."

Dennis hopes to be a college instructor after school and plans on continuing competition in track as long as he keeps enjoying it.

The YMCA and Clovis summer track meets will be combining forces this summer to provide a better quality program all the way around. They will be night meets at Kastner Field in Clovis. Meet dates are: June 15, June 29, July 13, July 27, and August 10. Both field events and running events will be on the same night, but the event schedule will vary a little each time. The final night medals will be awarded. More info. on these summer meets as they get closer.

Wayne VanDellen will again be holding his distance runners summer camps in the Sierras. Camp dates are: Junior High-August 20 to August 26; High School-August 27 to September 2. These camps are always very enjoyable of of much benefit to the participants. Write Wayne VanDellen, 37149 Road 192, Woodlake, Ca. 93286

The YMCA has been sponsoring several jogging events in the Fresno Area. The last one was combined with an easter egg hunt for the kids. Write the Central Valley YMCA, 1408 "N" Street, Fresno, 93721 for information on the next one.... Speaking of the YMCA, be sure to see the add in this issue about the Caravan to the Olympic Trials....Speaking of the Olympic Trials, High Sierra Track Club and Pacific College are planning a joint sponsored run to the Trials, for info. on this trip contact Valley Track & FieldBe sure to note that the April 28 Visalia 10 Mile Race has been cancelled.

Valley Track & Field will not be printing dual meet results. We feel it takes up too much room at this time and that most of them are covered in the newspapers anyway. We will still try to cover the bigger meets such as invitationals and relay meets but will try to stick to giving you material already covered in the news papers in favor of presenting features not found in the papers - or anywhere else, for that matter. Let us know if this is acceptable with you the readers. If enough people want the results we will print as many as we can. Important: Please continue to send in all meet results, as that is an important source of keeping the best marks lists up to date and also gives us insight on potential feature matter.

An interesting note from Ron Blackwood, "Mark McNaughton became the 3rd member of his family to hit over 170' in the platter toss and the 4th McLane thrower over the 170' mark. Steve McNaughton 178'8" in 68, Austin McNaughton 175'7½" in 62, and Dave Farley 174'10" in 1967. The Central Section and Calif. Soph class discuss record is 172'2" by Leo Glass of Delano." Has anyone noticed there is another McNaughton throwing the discus at Sierra Junior High School?

This year Coca Cola is sponsoring the first International High School Track and Field Championships at Mount Prospect, Ill. Doug Rudolf, Asst. Track Coach at Mt. Whitne High School is the California representative for the meet. It is his job to keep the meet directors informed of potential participants. Minimum standards set are: 100-9.6, 220-21.7, 440-49.0, 880-1:53.3, mile-4:15, 2 mile-9:15, HH-14.0, 330 IH-39.0, HJ-6-8, LJ-23-6, TJ-46-0, PV-15-0, Jav-210, SP-61-0, Disc-180-0. Coaches with potential athletes should contact Coach Rudolf.

LOW BUDGET TRACK

by
Donna Cockerham

Track and field at the junior high school level is experiencing tremendous growth and popularity. It is such a diversified sport that almost any student can find an event in which he can experience a certain degree of success and can consequently thoroughly enjoy.

Because of the many events offered by track and field a variety of facilities and equipment are necessary. Many junior high schools are not in a position where they have access to or can afford extensive track and field facilities. But this factor alone need not be a deterrent in the development of a track and field program for the students.

General Grant Junior High School in Reedley is fortunate in having a 440 dirt track already in existence. But it was not in the best possible shape at the start of the season. Lack of a curb meant that in several places the track was quickly becoming overtaken by weeds and grass. In many areas there were deep ruts and chuckholes. And the laying of drainage pipe at the periphery of the school property by construction workers with heavy machinery all but obliterated the far turn.

But at Grant they are fortunate in having as Boys Physical Education Instructor a man who sees potential rather than only problems. Dave Duerksen began working, organizing, and enlisting the aid of others in the school to improve the existing facilities and then contacted several merchants in the area asking for donations of supplies that would add new features to the track and field program.

The school custodians were the first to get in the act - with school vehicles and heavy pallets attached behind they began dragging and smoothing the track. Several of the boy students were put to work clearing the weeds at the inner edge to restore the shape of the track. They also began clearing at the outer edge of one straightaway in order to widen the track for the sprint races. Even the girls pitched in clearing rocks and weeds from the track during p.e. classes. Repeated sprinkling and dragging finally rendered the track fit for running.

Lumber was donated by Reedley Lumber Company and Coach Duerksen and his "crew" began installing starting and finish posts to serve as permanent distance markers. Reedley Lumber also supplied new take-off boards for a new long jump pit which the boys dug. It was made long enough to be used simultaneously from both ends. The sand was supplied by one of the school's teachers.

Sanger Rock and Sand provided concrete for shot put and discuss rings which were also constructed by the students. Grower's Supply furnished the heavy duty twine for marking and lining the track and infield. Wooden hurdles came from a wood shop class at the high school as well as some metal cast off hurdles from the Reedley High track team. An old unused foam high jump pit was also donated by the high school team.

So, with a little bit of organization and imagination, and a lot of desire and work General Grant Junior High School is providing a well rounded track and field program for the students as well as fielding an after school team. Lack of facilities and equipment should not prevent any school from offering it's students the one sport that has something for everyone.

When constructing do-it-yourself track and field facilities and equipment it is most important to do a good job and do it right. A sloppy job isn't better than nothing. It's important to know the rules governing the event the piece of equipment will be used for. It's also a good idea to talk to an expert - one who has done that type of work before as well as other coaches.

Most important of all is safety - shoddy equipment is dangerous. Do it right, do it well and think of safety first.

Two books which are recommended: (1) How to Build a Track by Tom Jones, and (2) How to Build Your Own Track and Field Equipment by Payton Jordan. Both of these books are available from Track & Field News (Box 296, Los Altos, Calif. 94022).
