The races included so far in the 1974 Long Distance Point Totals are: Pacific Seven Miler, Reedley King's River Run, Big Dipper Handicap, Big Creek Ten Miler, Ivanhoe Road Race, Roeding Park Space Race.

Remember participation is almost as important as placings; as ones average place is divided by the number of races he has competed in to obtain his Long Distance Points.

The top seven in each division at the end of the year will be selected to the "All Valley" Distance Running Team and will be awarded All Valley certificates commemerating their selection.

MIKE GIBONIX: Fresno State University, Junior. 5'7", 235 pounds. Born January 28, 1953 in Manhattan Beach. 21 years old.

BEST MARKS: Hammer throw 202-0; Shot put 56-7; Discus 156-8.

TRAINING: Two to five hours a day, seven days a week, twelve months a year. Actual hammer throwing seven days a week with only an occasional day off. Weight training three to four times a week. Shot putting twice a week. Coached by Gene "Red" Estes and Keith Tice.

From the description of his training above it is obvious that Mike is a very hard worker. This dedication to hard work has certainly paid off as Mike has exploded into a national class track and field athlete at the start of the 1974 outdoor season. In a period of three weeks he was twice selected as "Athlete of the Week" by the San Joaquin Valley Sports writers; and has already qualified for the NCAA Nationals in the hammer throw. His school record toss of 202-0 is the farthest throw ever by a California collegian. Mike holds, as well, the school shot put standard with 56-7 and the freshman mark at 55-0. He is the defending PCAA shot put champion winning it at 56-5 1/2.

Mike came from Mira Costa High School to Fresno State University with primarely a weight lifting background; which he has found has provided the strength necessary to excell in the track and field weight events. He says he competes in track because, "I enjoy the individualism of track and enjoy the intense training which is necessary. I plan to throw two or three more years before concentrating solely on competitive weight lifting."

With the great amount of energy expelled in training he feels ten hours of sleep a night and sound nutrition are very important. His competition strategy consists of using the first throw to just get a mark and then going all out on the remainder of them. In training he generally tries to stay in top shape all year rather than peaking for just a few meets. Goals this year are to place in the NCAA Championships and throw 210'.

FSU coach, Red Estes says of Mike, "Mike is an extremely intelligent athlete. He can establish long range goals, set-up a regimen of training then carry it out with dedication. I don't know if there is a world record for the shortest hammer thrower but Mike has to be close if he doesn't have it already: 5-7 and 202-0!"

MEET VALLEY COACH

CHARLES CRAIG: of California State College at Bakersfield. Coach Craig has started track at the ground floor level at CS Bakersfield; when he came three years ago there was no program and now the school fields a full team which has continued to grow and improve every year. It won't be long before CSB is a reckoning power.

Charlie was born in Mannings, Arkansas. He preped at Fresno's Central High School. While at Central he made "All League" in Football, Basketball, baseball and track. In broke school records in the long jump, 440, 440 relay, and mile relay. He stuck close to home for college; attending Fresno City College and Fresno State. At Fresno State he held school standards in the triple jump, 440, 440 relay, 880 relay, and mile relay; as well as the NCAA record, which he set in the triple jump in 1964.

Some of Charlie's other athletic achievements include: National AAU Indoor and Outdoor triple jump champion in 1967 & 1968; Pan American triple jump champion in 1968; Member of 1966 and 1967 U.S. National Track Team; Rated tenth on world triple jump list in 1967; Rated fourth on U.S. all time triple jump list.

His first coaching position was at Fowler High where his team won the league championship all three years he was there(65-66-67). In 1970 He served as the assistant track coach at Cal Berkeley. Berkeley won the NCAA National Champs that year, only to have the title taken away. Coach Craig worked with Eddie Hart(100/220), Isaac Curtis(100/220) and Jim Fraser(TJ), and credits winning the NCAA as his greatest thrill as a coach.

There are two, exceptionally, outstanding performers on this year's Cal State: Bakersfield squad: Randy Cockerel a 48.3 quarter miler, and Gary Broom a 6-8 high jumper. As for coaching philosophy Charlie admits, "At present I'm really just developing a philosophy of training and coaching. Patience has become very useful to me in developing athletes and teams."

Where is track headed at CSB? According to Coach Craig, "Track is a means to an end. The sport should be fun as everyone competes hard. If an athlete can tell me after he competes that he honestly did the best he could on that day, then I am happy."

"I have learned to appreciate a persons performance no matter what the time, distance or height. A 13-0 foot vault can be just as exciting as a 17-0 foot vault, if the 13-0 was the best effort of the individual.

"Track is important, but there are also other things just as important or even more important.

"Patience has taught me to enjoy the accomplishments of my athletes and enjoy my own time as well. I know I will be successful, but I also have to wait, work hard, and it will come."

Keep your eye on Cal State, Bakersfield.

BIG CREEK 10 MILER

March 2: The weather was wet, however the rain obligingly let up long enough to run the race. A good turn out of senior competitors, but the field was lacking in younger runners. Meet director, Rich Petersen commented, "I think everyone enjoyed the course."
