A WEST VALLEY TC PUBLICATION
603 SO. ELDORADO, SAN MATEO, CALIF. - 94402
PH. (415)-342-3181

SECOND YEAR * * * NUMBER 9 * * * JULY 1971 * * * 25¢ PER ISSUE * * * SUBSCRIPTION RATE: \$3.50/YR.

The Northern California Running Review is published on a monthly basis by the West Valley Track Club of San Jose, California. It is a communication medium for all Northern California track & field athletes, including age group, high school, collegiate, AAU, women, and senior runners. The NCR is available at many road races and track meets throughout Northern California for 25¢ an issue, or for \$3.50 per year by subscription (12 issues, first class mail). All West Valley TC athletes receive their copies free if their dues are paid up for the year.

This paper's success depends on you, the readers, so please send us any pertinent information on the NorCal running scene that you would like to have printed. We can always use good photos for our publication, preferably black & white, and good contrast. Please send all information to the editor, Jack Leydig (see address in title block). Be sure and give photo credits, those competing, and event being run. Any size print is ok since we can photographically reduce or enlarge them.

Our publication is printed by Frank Cunningham; photographer is John Marconi (Terri Mejia is now in Colombia), and others from time to time. Our cartoonist is Marin AC's Lee Holley (we need some cartoons Lee!!). Some of our contributors this month include Harry Young, Greg Chapman, Ross Smith, Peter Mattei, Ernie Marinoni, Jim Hunt, Don Pickett, Dave Stevenson, Bill Ranney, Ron Jones, and Harry Hill (also Mike Ackley).

A reminder for our subscribers: our mailing list now exceeds 250 per month, and in the near future we are planning on applying for a first class permit. If your ZIPCODE does not appear on your address label (WVTC members too!), please send it to me immediately. ZIPCODE's must be on bulk mail. Also, you can tell when your subscription runs out by looking at the numbers (month/year) following your name on the address label. This number represents the last issue you will receive (a renewal form will automatically be included with that issue).

WANTED: The editor is looking for an inexpensive typewriter (electric) with elite type (12 characters/inch) and at least a 12 inch roller. If you know of anyone who has one for sale, have them contact Jack Leydig at the address (or phone) in the title block above. I do not want an IBM Executive, however.

CLUB NEWS

This section of our publication is devoted to various club news. If your club has any announcements or news that you would like to have printed, please send it to us. As long as the news is pertinent to track and field and kept to a reasonable length, we will print it, possibly in edited form. We have to keep our issues limited to 6 sheets or less in order to keep our rates at \$3.50 a year. Any material aimed at selling goods should be put in our classified section. The response to this column has been zilch, except from our own club, ...let's hear from you!!

Brad Mills (17) is a prospective race walker but has no times as yet. He lives at 1465 Cortez Ave. in Burlingame (94010) (Ph. 344-2619). Two pole vaulters joined us in Mark Nadler (18) 725 Serra Dr., S. San Francisco, 94080 (761-2396) who has gone 13-2 this past track season,

and Brad Lundy (15) 280 Woodridge Rd., Hillsborough, 94010 (347-1534) whose best is an even 10 feet. Brad also likes cross country, but just to stay in shape. In addition to these seven high school athletes, WVTC also added three other top runners. Mike Ryan is 24 years old and is currently living at 514 Rickenbacker Dr., Tullahoma, Tenn. 37388 (Ph. 615/455-8639). He is a 2nd Lt. in the Air Force and hopes to be transferred to the Bay Area in the near future. Mike won the 1968 NCAA Cross Country Championships and finished two seconds behind Lindgren in 1969. His best track times are 4:07 for the mile and 8:56 for two miles. He has run 23:58 for five miles cross country, and 29:01 for six. Jaime Baldovinos (22) has bests of 4:15 in the mile and 9:20 for two miles and is currently living at 2525 Durant Ave., #307, Berkeley (848-2872). He has also done 19:25 for four miles in cross country. Jim Holl (26) is a good middle distance runner and has just started road running after a fairly extensive lay-off. His track times are 220: 22.9, 440: 50.7, 880: 1:57.0, Mi: 4:23.2, and 2 Mi: 9:36.6. He has also run the marathon in 3:15:27 (1971) over the Golden Gate Course. He lives at 1574 Elka Ave., San Jose, 95129 (257-6815).

Some address & phone changes: Herb Ashton's new phone is 342-1669. Willie Cronin's phone is 796-0152. The Greer's (Bob and Richard) have moved to 38561 Royal Ann Common in Fremont (Ph. 792-9881).

Marcel Hetu is getting married to Linda McCain on August 14 (day of Tahoe Relay)!!

Corrections and additions to last issue: Harvey Sandoval finished 139th in the Bay to Breakers Race, not 141th as reported (his younger brother Gerald finished here). Barb Ashton ran 1839th in the Bay to Breakers (not reported last time). Robin Nowinski ran 3:30:13 for 11th in the Golden Gate Marathon to hang up his best time.

For those who are waiting for their jerseys to come in: we had our order shipped in, but found out that the price was about \$7.50 per jersey (without the letters sewed on!!). We immediately cancelled the order and now Ellen Clark (Bill's wife) has volunteered to make them from scratch (material will cost about \$60 for 30 jerseys, plus \$.25/letter). They should be ready for those running at Lake Tahoe. Cost is \$4.00 for those who don't have theirs or haven't paid yet.

The club made approximately \$105 at the Holy City Race and had a record number of entries (about 280).

Report from Colombia: Alvaro Mejia got into high altitude shape in time to nose our Victor Mora in the 10,000 meter Pan American Games Trials in Cali. His official time at 10,000 meters was 29:43, but the officials miscounted laps and the competitors had to run another lap (30:50 total). Mora was about 10 seconds back. Mejia was seeded into the marathon as well without having to run the trials.

Report from Albuquerque: Charlie & Vivian Harris are both acclimatizing to the altitude. On June 29 Charlie ran and won a five miler in 27:09 (27:28 was second). Vivian won the women's ½ mile race in 3:19 (3:19.2 was second). Race was a bit longer than advertised. On July 4, Charlie finished fourth in the New Mexico AAU One Hour Run (10 miles, 1107 yds). The winner was over 11 miles.

Herb Ashton is our new club record keeper, so if you think you may have run a club record (while a club member), send the mark (including date, wind info, etc.) to Herb at 1240 Capuchino in Burlingame (342-1669). He is currently compiling a list for open, high school, and seniors. Even if you are not now a club member but once were, send in your marks for verification.

Bob Crow qualified for the USOC Training Camp in Missoula, Montana between July 11 and August 1. The Olympic Club's Byron Lowry was the only other PA-AAU representative at the camp. Bob will be back to compete on the second leg of the Tahoe Relay.

As yet, we have not received the complete U.S. Masters results from San Diego (only the distance events), so we will not print any results this time. All NorCal finishers will appear in the August issue. West Valley TC had one competitor at the meet in race walker Phil Mooers who did splendidly in the 50-59 age group. In the mile walk he did 8:41.1 for 3rd and then came back for a 4th in the 20 km. event with 2:06:50.2. Max Gould of Canada won both events in 7:36.8 and 1:50:23.2.

Those WVTC runners not finishing high enough to be mentioned in the road race results at the rear of this issue are listed here. Golden Gate Park 8 Miler: 56 - Frank Cortez (49:44). Statuto: 60 - Frank Donahue (52:36), 68 - Vernon Rose (53:18), 91 - David Causey (54:56), and Bob Greer (130th, 58:40). THIS AND THAT.... Nine Year Old Mike Boitano joined his sister Maryetta as a world record holder in the Golden Gate Marathon when he ran 3:28:18 for an age 9 record, breaking Dave Hargus' old record of 3:41:29 set in 1969....Some trophy collector picked up Bill Scobey's fourth place trophy from the Ft. Baker Run and would like to have it returned, either directly or through a team mate or friend....The First Annual Resurrection Pass Marathon will be held on August 7 at 10 am. Those wishing more information should contact the editor immediately. A group of ten or more can realize a savings of about \$60 from San Francisco. Running Camp!! - Spend seven days running and relaxing in the Sierras. There will be no required runs for anyone. You will run when you want to and as often as you want. BEARDALL & DEINES TO RUN IN LONDON-BRIGHTON RACE: Darryl Beardall, who because of injuries last year was unable to make the trip to the London-Brighton 52 Miler, is planning on making it this year and is building up the mileage. The fund now stands at \$697, and the cost to send Darryl is about \$730. I have contacted Bob Deines, the 1970 National 50 Mile Champion, and he has indicated he would like to join Darryl. The cost of his roundtrip would be only \$332 (Pan-American under 25 fare). That means we need to gather about \$365 more in order to send both to this famous race. We built up the fund so far through the unbelievable generosity of many, many Northern California runners and the AAU (Pacific Ass'n). I have just recently contacted the National AAU in order to try and get some funds from them. But the bulk of the remaining money necessary will have to come from you, the runners. All donations should be sent to Jack Leydig, 603 S. Eldorado St., San Mateo, 94402 (342-3181) and checks should be payable to either Jack Leydig or West Valley Track Club. Time is running out. Why not donate \$1.00 today? There will be a collection box passed around at most road races between now and the end of September, with a strong effort made at the Dipsea Race where we collected \$125 last year for the fund. There have also been rumors spreading around that John Pagliano (the Jr. Natl. winner) might go. With a team like this, the U.S. could very well challenge for the team title. Every bit helps. Put your contribution in the mail today!!

NEW POINT TOTALS IN 1971 TEAM RACE: We didn't run our normal point totals in last issue for lack of space. Below are listed the top 15 open and top 9 seniors through the Felton race. Complete results for Ft. Baker and Tiburon have not been received by press time and will be included in next issue along with other results. We are missing results for the following races and they have not been included in the totals below: Lake Merritt 5 km. (seniors count here), Monterey 17 miler, and Monterey 7.5 miler (seniors only). If you have the top runners in either of these races, please send results to the editor at once. *** Basically, for the uninitiated, this is how our system works. Each year at the Lake Merritt Columbus Day Races, a hypothetical all NorCal Cross Country Team (AAU) is selected by means of voting by the runners. They use the following point totals as a guideline, but the top point getters don't necessarily always get voted in. Six open runners and one senior are voted on the team. In getting our totals, we consider all PA-AAU road and cross country races with the exception that if two races are run at one location on the same day, only the longer race counts for open competition, but both count for senior competition. Out of Association runs are not considered in the actual totaling. To figure a runner's ranking, take his average placing and divide it by the number of races he has run in, with the following stipulations: open runners must have finished in the top 10 places to have that race count (top six for seniors, with all other competitors excluded for tally purposes). This way, a good runner is not penalized for having a bad day. Actually, all runners can use this system (with the modification that all races should be counted) to figure their average. Please check the totals below if you're listed, and see if you check with us. If not, send us your results for the year. We do make mistakes. *** In the open competition, West Valley TC's Rich Delgado edged ahead of Marin AC's Darryl Beardall to take the lead in an attempt to hold the title he won last year. Alvaro Mejia dropped a notch to third as Rich moved up from that place. Bill Mackey of the West Valley Joggers & Striders maintained his strong lead and became the first ever PA runner to dip under 0.100. Congratulations!!!

NORTHERN CALIFORNIA PORTRAIT

Meet Bill Ranney: Fairfax, CA (Athens AC). 6'0", 160 lbs., 36 years old, born July 6, 1935 (Quincy, Mass.), married, no children. Began running in 1948 and race walking in 1966. Self-coached, with sharing of ideas with other Athens walkers plus two or three European walkers. Occupation: teacher.

TRAINING: I train 13 out of 14 days and rest only when the body demands it. Training is quite the same all year around with perhaps a bit more mileage during November to February. I average 80-85 miles a week throughout the year. Longest ever workout was 50 miles. I have raced 32 miles and several 50 kms. (31 miles).

BEST TIMES: (All walking) - Miles; 1 - 6:42, 2 - 14:12, 5 - 36:21, 10 - 1:15:04, 20 - 2:38:30. Kms; 5 - 22:21, 10 - 45:03, 20 - 1:34:45, 25 - 1:59:12, 35 - 2:59:01, 50 - 4:32:12. Favorite frequency of competition: easy competition (no pressure) as often as every other week, serious competition only once a month. Favorite distances: 25 kilometers to 25 miles.

DESCRIPTION OF TRAINING & RACING: After a full, and moderately successful career as a runner (440 - 50.0, 880 - 1:56, 10 Mile - 52:12, Marathon - 2:38, and several Dipsea's at around 50 minutes), I started walking as I enjoyed it, and it was a new challenge. It has taken me years to "learn to race". My best times and places in National Championships have come during the past year. The past six Nationals I have averaged fourth. Serious training in hopes of 1972 is well under way. I enjoy racing in large fields (100 or more). In the summer of 1970 I raced 14 times in Germany and Switzerland and won the Swiss 15 km. championships at Zurich in 1:08:50. Most races in Europe have 100 to 300 entrants. The emphasis is great on walking and acceptance is wide.

WEST VALLEY PORTRAIT

Richard Clark is 14 years old and will be a freshman at Prospect High School in San Jose next fall. His present address is 2060 Arrowood Lane in San Jose (Ph. 378-5302). Richard has been a member of West Valley for about 1½ years now and ran for the San Jose Yearlings previously. He recently graduated from Castro Jr. High. He moved to the U.S. from England in 1964.

Richard's best marks show that he has ability in quite a few events. He has pole-vaulted 9'6" and high jumped 4'11", as well as running the 880 in 2:21 and mile in 4:59. Clark also has an 11:00 two mile clocking to his credit. On the roads, Richard has also done very well with his best clockings coming at Holy City (66:05), Daly City (60:15), Bay to Breakers (49:02), Dipsea

(64:36), and Petaluma Marathon (3:35:40). His training in the summer is geared for getting him into good shape for cross country.

Clark feels that the most exciting moment in his competitive career came with the feeling of accomplishment he got after finishing his first marathon at the age of eleven. In the future, Richard hopes to become a top cross country and track athlete in high school and prove tough competition for his competitors in his later career. He has already accomplished a great deal. Already this summer he is looking forward to participating on one of West Valley's Tahoe Relay teams. His freshman year lies ahead, and great things await him.

NYAC Edges Athens for Natl. Sr. 50 Kilo Title: (June 12, Cedar Grove, NJ) - Missouri's Larry Young won the individual title in the Senior 50 today, but of more importance to PA walkers was the close second place finish of the Athens AC team composed of Goetz Klopfer, Bob Kitchen, and Bill Ranney. New York AC barely took the title (2-5-8) to Athens' (4-6-7). Young's winning time was an excellent 4:18:29.2. Then came John Knifton (NYAC) in 4:19:23, Gary Westerfield (SC Striders) 4:21:05, and Goetz Klopfer (4:22:32) who led the NorCal group. Kitchen's time was 4:30:17 with Ranney a notch back in 4:42:10. Other Californians who we know about were Todd Scully (10th, 4:50:12), and John Kelly (41 years old) who got 11th with a fine 4:53:40. Temp: low 90's.

USSR-USA-All Star Race: (July 3, Golden Gate Park): The walkers started at 9 am sharp, to the watchful eyes of several of the best judges in the U.S.: Bill Chisholm, Murray Rosenstein, Frank Hagerty, Tom Carroll, Art Smith. The first two being members of the International panel of walking judges. The field moved out at a rather slow (for them) pace--and came by the first 5 km. lap in 22:45. During this first lap Bob Gardiner of Australia drew the first caution of the race (for lifting). On the first part of the second loop, Nihill (England) and Smaga and Shaloshyk (Russia) pulled ahead slightly--but Dooley and Klopfer pulled back up even during the later part of the lap and all five passed 10 km. at 45:48. During the second lap all but Gardiner and Klopfer drew cautions for lifting. During the third 5 kilometers Nihill and Smaga stepped the pace up considerably and left the field. At about 12 kms. Shaloshyk was disqualified from the race. I saw this second caution given by Bill Chisholm--and immediately told the Russian coach. He questioned as to how his walker was DQ'ed. I had my wife stop the car, and ran to ask Mr. Chisholm. I was informed that it was for lifting. When informed of the reason, Mr. Fruktov said he was, also a member of the International panel of judges and did not agree with the call. Mr. Chisholm tried to stop the walker--and even stood in front of him with his arms extended in attempt to have Shaloshyk halt. The Russian coach asked me to advise the officials--and other competitors that his walker was going to continue the race--and then after the protest was filed, at least the placing of the competitor would be known if he was allowed to score. After a discussion with the Soviet Head Coach--the Soviet Walking Coach--and the Chief Judge, Mr. Chisholm, the Russians were advised that their walker was DQed by the officials and that he should stop. However, he didn't do so. Dooley was just a few yards behind Shaloshyk at this point and so the Russian's presence could do nothing but help Tom at this point. Smaga and Nihill passed the 15 km. mark in 68:02, both looking quite easy and relaxed. (We later found out that they had decided to walk together for the last 8 kms, as they were not scored against each other, but both against the USA). The last five kms. saw Klopfer fade and Dooley also fall back with a slow lap. Gardiner moved quickly through the last lap and almost caught Dooley after passing Klopfer. Shaloshyk maintained about the same spot and passed the finish in third. After the race we learned that Dooley had eaten some food the evening before that had upset his stomach to a great degree. This obviously altered his otherwise steady performances. A brief discussion between the Head Judge and Mr. Fruktov came about, but cooler heads prevailed until our return to the stadium. The protest was presented to the Panel, and then to Mr. Dan Ferris. It does appear that there was no member of the All-Star team present on this Panel. However, Mr. Ferris reached the decision that Shaloshyk should be allowed third place. His reasoning did not make much sense: First he said that the Russians did not know about the DQ. Second, he said the walker's number should have been removed. This could not have been done without tearing the jersey from his chest. Thirdly, because there were no red flags. These were at the race, but not used as there were only two sets at the start. Final Results: (1) Paul Nihill - 90:08, (2) N. Smaga - 90:08.1, (3) V. Shaloshyk - 93:27, (4) Dooley - 93:59, (5) Gardiner - 94:15, (6) Goetz Klopfer - 96:26. *** Submitted by Bill Ranney.

Results of Club-Only Track Meet: (Cal-State, Hayward; July 10) - The Alameda Track Club and Mike Ackley put on a semi-successful, very informal track and field meet at Cal-State Hayward which was supposed to be for only Club athletes. Unattached runners were not allowed to compete. This was supposed to be a scored meet, but only three teams showed up with any kind of team effort at all, and West Valley TC won five events and took the top score of 31 points. Mt. Eden TC was second with 17 and Alameda TC had 15 in third. Many events were not held due to lack of interest and a flooded infield that made the jumps impossible (except the pole vault which was won by Mark Nadler, the only competitor). The best race of the day was between three milers John Boggis of England and Bill Clark of West Valley TC. Both ran together throughout the race, but the Englishman outkicked his rival in the final 200 yards to win in 13:56.4. Clark was timed in 13:57.0. Ray Darwin (Culver City AC) was third in 14:31.5 and Bob Darling (RC Striders) ran 14:43. Other results were: 440R: (Unofficial team of John Estrada, Mike Ackley, John Bolano, and Derek Ligons) 45.8, West Valley TC (Mark Nadler, Jack Leydig, Ted McRice, Herb Ashton) 46.5; Mile: Art Reade (WVTC) 4:20.2, Mark Byers (Mad River) 4:21.9, Ron Elijah (Mad River) 4:21.9, Gus Cano (RC Striders) 4:35.2, Frank Donahue (WVTC) 5:13.8; 120HH: Derek Ligons (Mt. DELGADO WINS 51ST ANNUAL STATUTO RACE

(June 6): Running over a new course, West Valley TC's Rich Delgado continued to dominate the early summer road racing scene by easily defeating Valley TC's Dan Anderson. In the process, he piloted his team to a defense of their 1970 title. West Valley had a low of 30 points, followed by Valley TC with 86 and a surprisingly strong NorCal Senior TC with 138. Peter Wood led his third place senior team by finishing in 26th as first senior. He was followed closely by newcomer Richard Hart. Then came Jim O'Neil, Don Pickett, James Nicholson and Donald Coghlan. High schooler Wolfgang Schmulewicz, who the day before had run 6th in the State High School two mile (9:03), took top honors in that division with a fine sixth place overall finish. WOODMINSTER HANDICAP: CLARK HAS FAST TIME, DELGADO WINS

(June 13): West Valley's Bill Clark finished only fourth overall because of the handicap, but still recorded the fastest time of the day with a 50:39. This was far off Bob Waldon's stellar course record of 48:54, set last year. Meanwhile, Rich Delgado, making good use of his 4 minute head start (30 years and above got handicaps), won by over 2½ minutes. Maranon's Bernie Lahde showed good form in taking the second fastest time, with Delgado third. The next seven in order of fast times were Duwayne Ray, Dan Anderson, Greg Chapman, Evencio Hurtado, Wes Hildreth, Darryl Beardall and Tom Laris & Bill Solomon tied timewise. Bill Mackey was an easy winner over Dave Stevenson for senior honors. They were followed by Don Pickett, Peter Mattei, Jim Nicholson, and Bill Kirchmier. Maryetta Boitano outlegged all the other women and came in 97th with the aid of a 12 minute headstart. Her time was 76:31 (actual). Skip Swannack & Elaine Pedersen were next in line (107th and 122nd). A total of 201 runners came across the finish line in a beautifully run race in pleasant wooded areas in the Oakland hills. The course itself was run up some very rugged terrain, as all those who ran it will attest. Norman Bright came all the way down from Seattle to make one of his unscheduled Bay Area appearances. It was worth it as he turned in his 12 minute handicap into an eighth place finish overall and a fine time of 63:35, good enough for 8th fastest senior as well. Below are listed the top 45 finishers and their actual running time. Handicaps (if any) are indicated by a number in parentheses following the name or affiliation (in minutes).

DELGADO DEFENDS NOVATO TITLE

(June 19): Under warm sunny skies, Rich Delgado successfully defended his Novato Ridge Run title, although somewhat off his time of 36:37 last year. He beat runnerup Ron Elijah of Mad River by some 40 seconds. Ron led his team to the team title as teammate Don Makela was close behind in third spot. Ross Smith came down from Reno to take the senior title in 32nd place (42:29). He was followed by Dave Stevenson (38th, 43:01) and Don Pickett (47th, 43:52). Special awards were given to Wolfgang Schmulewicz for being the first high school finisher (13th, 39:54) and to Ed Preston for being the first to come in over age 45 (75th, 47:06). Ed is in his 50's. SCOBEY LEADS MAD RIVER TO SAC'TO RIVER RUN TITLE

(June 26, Redding): Successfully defending his River Run title, although off his 38:14 clocking of last year, Mad River's Bill Scobey easily outlegged Solano TC's Greg Chapman by nearly two minutes. Half of the race was on very rocky roads and it poured rain during the entire race, somewhat unusual for the Northern Sacramento Valley in late June (it was cool and overcast last year too). All 38 starters (listed below) finished the race. The official distance was 7.62 miles. Hans Templeman of Carlmont was the first high school finisher, followed closely by Pat Finn, one place behind. Mad River easily took the team title with no other team fielding the necessary five runners. Bob Malain of Redding and the NorCal Seniors was tops in the over 40 division, but he was closely followed by Jim Dawson of the Oregon Seniors (Ashland). The finishers:

1 - Bill Scobey (Mad River)	38:41	14 - Rick Emick (unatt.)	46:35	27 - Glen Williams (unatt.)	54:30

TOM HALE LEADS HIGH SCHOOL SWEEP OF HOLY CITY SUMMIT RUN

(June 27): Tom Hale, just recently graduated from Campolindo High School in Moraga, was a full two minutes off of Bob Waldon's course record of 47:38 set in last year's race. Surprisingly, the top four runners were high school athletes, with second through fourth being juniors. A record number of entrants finished the race (257). West Valley, second last year, was led by Willie Cronin in sixth to take team honors with 63 points. Alameda TC was next with 168 and the newly formed Running Deer TC (led by Hale and Solomon in first and second) took the third team trophy, with 201. Next came NCSTC (267), Alum Rock Running Ass'n (273), and West Valley Joggers & Striders (352). The seniors were led by remarkable Peter Wood in 20th place (54:11), Bill Mackey (34th), Dave Stevenson (40th), Paul Reese (43rd) (Paul is 54!!), Carl Martin (52nd, 57:08), and Don Pickett (57th, 57:30). Francie Larriue of the San Jose Cindergals took home the women's trophy by finishing 67th!! Her time was a good 58:24. Jackie Dixon (SJCG) was close behind in 81st (59:35). Merchandise awards were given to the top 100 or more finishers in amounts down to \$1.00 in value. The weather was warm and sunny (75-80°), but the shady areas kept down the agony somewhat, especially over the last few miles.

ED HAVER SETS NEW RECORD IN HANGTOWN ROAD RACE

(July 4): Running in his first ever road race besides the Bay to Breakers (or so he tells me), UC Davis steeplechase ace Ed Haver (who finished 12th in the AAU meet with an 8:48.8) nipped Bill Scobey's 1970 course record of 27:42 by running 27:34.8. In fact, all division records set in 1970 were broken this year. Pete Flores of Woodland High School finished a very strong fourth place overall and broke the old record by a minute and a half (30:29 to 28:57). Paul Reese lowered the senior division record from 36:13 to 31:59; Gary Nephew of the Pleasant Hill TC took three minutes off the junior mark (35:10 to 32:06); and Deidre Eddy of United San Juan clobbered the women's division record of 49:44 by streaking to a 40:40 clocking. Pleasant Hill TC nipped Solano TC and the Travis Road Runners (216-272-276) for team honors. A total of 143 started and 135 finished the 5 1/4 mile race, held in Placerville for the second time. 30 TEAMS FINISH RUNNER'S WORLD MAGAZINE 24-HOUR RELAY!!!

(July 9-10, Los Altos): The first "official" 24-hour relay was held June 19th and 20th, 1970 at Foothill College in Los Altos Hills, Calif. Seven teams started the race and five were still going at the finish one day later. Later that year 35 other teams ran the event including the Olympic Training Camp Red team that went 295 miles, 269 yards. Gerry Lindgren, Bill Scobey, Jerry Job-ski, and Bob Bertelson were among their field. The Blue team in the same relay went 289 miles, 1512 yds., and so far these are the top two teams of all time. Later the Atomic City TC ran 272 miles 632 yards at 7,330 feet, an over 40 team (Senior TC) went 232 miles, 55 yards, and an all-girls team (Oregon TC) recorded 206 miles, 1434 yards for a girls record. But this was behind. Results were slow in coming in for the 1971 postal competition, but things started picking up as the summer approached. By July 8th (one day before the relay), 43 teams had entered the competition with Furman University (S.C.) leading the way with 277 miles, 896 yards. Dos Pueblos High in Goleta, Calif. ran 270 miles, 1217 yards for a high school record. Everything was set after changing tracks three times for Los Altos High School, and from the nearly 100 phone calls it appeared that there would be about 20 teams ready to run. By 7 pm about 4 teams had already set up their tents, sleeping bags, camp stoves, dogs, kids, and beer. By 8 pm the number was up around 20, and by the time it all got started at 9:15 pm, 30 teams had registered. A total of 287 runners was the official starting number, and 230 of these were still running when their turn came around one day later. In fact, 28 teams had members running their four laps with the master clock reading 1440 minutes at the finish. The winning team was the Redwood City Striders "A" Team who went a total of 269 miles, 101 yards with a team composed of Randy Lawson, George Kirk, Pat Purcell, Ken White, Jose Cortez, Stuart Thompson (only 11 miles), Matt Yeo, Mitch Kingery, Dave Robertson, and Dan Best. No average mile times are available. The Veterans Track Club, formed specifically for the duration of the 24 Hour Relay, set a new world record for Seniors by completing 248 miles, 1063 yards. They finished an amazing sixth place overall with a team consisting of: (average times in parenthesis) Bill Mackey (5:48), Frank Harrison (5:57), Keith Campbell (5:53), Don Pickett (5:48), Harry Hill (5:53), Dave Stevenson (5:40), Bob Mackey (5:52), Ross Smith (5:23!!), Jim Mackey (5:56), and Peter Wood (5:44). They averaged 5:47 per mile among them. The seniors in the Northern California area are going to be trying to break this record next year, so if you're interested, contact Harry Hill, 116 Twin Oaks Dr., Los Gatos, 95030. The 30 teams and their distances (miles, yards): 1. Redwood City Striders "A" Team (269,101), 2. Aggie Track Club (262,666), 3. Road Runner's Red (259,630), 4. Pleasant Hill TFC (255,587), 5. SCOBEY WINS FIRST ANNUAL REDWOOD EMPIRE MARATHON

(July 10): Mad River's Bill Scobey simply walked away from the field and won handily in 2:24:59.5 over the beautiful rolling and mostly flat course in Arcata. A total of 26 ambitious runners started, but only 17 managed to finish, all under four hours. Mad River, taking advantage of its home course, took the first three places and won easily. A surprise 4th place finisher was Paul Reese of the Northern California Seniors who broke his own 54 year old world age record by dipping under 2:50 for the first time and coming home in 2:49:46!! Peter Mattei, another senior in his late 40's, managed a PR with his sixth place 2:51:13. Gary Tuttle finished second in his first ever attempt at the marathon. Mike Hulburt, a seventeen year old, finished his first ever marathon in just under 3 hours with 2:59:04. The 10th through 17th place finishers were all running their first marathons too!! Bob Dickerson (16th) is 50 years old. From all the reports I have heard, this was a superbly organized race with a perfect course and perfect weather. Moreover, a lot of us marathon freaks should patronize this one next year. *** The finishers & their times:

LATE NEWS: (July 18) - Paul Reese won the Ft. Baker Handicap Race, but West Valley's Peter Duffy led a mass assault on the old course record as the first three dipped under the old mark of 1:26:13 set by Rich Delgado last year. Duffy's time was a fantastic 1:22:23, but he was followed closely by Bernie Lahde (1:22:38) and Bill Scobey (1:23:59). Delgado was only a second off his old mark this year. Tom Hale ran 1:26:35 to finish as first high schooler. Complete results in next issue. *** (July 24) - Bill Clark led his West Valley teammates to a close victory over Mad River at the Annual Tiburon 8½ miler, setting a course record in the process (41:20 compared to Bob Waldon's 1969 record of 41:30). Bill Scobey (41:54) was a distant second and Bob Darling of the Redwood City Striders was third in 42:31. Complete results next time. *** Misc. - Forgot to mention WVT's Bill Babcock in the club section. He finished 87th in the Statuto with a time of 54:33. If I missed anyone else, let me know.
