THE RACE GOES TO THE RELAXED...

By BOB OATES, L.A. Times Staff

Excerpted from an article in the LOS ANGELES TIMES, May 21, 1974

Would you like to run faster? You can, you know. All you have to do is relax.

"Well," says L.C. (Bud) Winter, "that's maybe not quite all. But relaxing is the main thing. The way to run faster is with a four-fifths effort. Just take it nice and easy. Remember George Allen's demands for a 110 per cent effort? He's wrong about that. Going all-out is counter-productive. Our greatest athletes have been the sleepy-looking guys".

Fair enough, but who says so? Who is Bud Winter?

He is a track coach, a specialist in sprinting. For many years, Winter has rated as the most consistently successful coach of sprinters on the planet.

During his three decades at San Jose State, Winter's sprinter's broke or tied the world record at all distances, from the 50 yards and meters to the 440 yards and 400 meters. For a period in the late 60's they held all 10 records at the same time.

"Everybody can learn to run faster, and most people can improve a lot. Your inherent speed is just part of it. The trained sprinter is faster, and the key is learning to relax under the pressure of combat. An athlete who wants to die for dear old Rutgers or San Jose State misses the point. He's no good dead.

"In an all-out try, your antagonistic muscles mess up your performing muscles. A clinched fist is the mark of a loser. So is a set jaw.

"Antagonistic muscles are the reverse of the performing muscles. For instance, it takes one set of muscles to extend the arm and another set to draw it in. Under conditions of tension, antagonistic muscles drag you back. Relaxation leads to full efficiency of performing muscles. The thing you want is leg speed, and relaxation achieves this. Therefore, to run at top speed you run with a four-fifth effort.

"This theory applies to other things too. Have you ever stood next to a shot putter who, after coming close to a record, says: 'That seemed easy. I'm going to gun it this time'. The guy wants to set a shot put record, but when he guns it the second time, it falls three feet short of the first one.

"Another example. At San Jose, to get a man's inherent speed, we measure him at 30 yards with a running start. If he is any kind of athlete, he'll do it the first time in 3 seconds. Then we talk it over and I tell him to have two things in mind when he runs it again—keeping his hands loose and his jaw loose. At that time, invariably, he takes from 1/10 to 2/10ths off his speed

"I was chairman of relaxation research in Navy Pre-Flight during the war, working with all kinds of people. We took guys who failed in gunnery, who froze at the controls, and made them into some of the best shooters in the navy. We had 100 per cent results. After six weeks in our relaxation program they could fall asleep, if they wanted to, in two minutes.

"To be a great sprinter, it takes perfect form. You've got to have that to reach your full potential. Some sprinters don't have good form. Bob Hayes still runs like he is pounding grapes into wine.

"There are quite a few essentials to acquire perfect form, starting with high knees. A man doesn't walk with his knees up, so first you have to develop the muscles for it. The second and most important essential is foreleg reach. The knees have to be pumped high but they can't be pumped straight down unless what you want is to run in place. A long stride is obligatory. If your stride is only one-quarter inch longer than the next guy you'll beat him by eight inches at 100 yards, other things being equal.

"But a long stride is hard to learn. The tendency is to bring the knees down like a drum majorette; they make lousy sprinters.

"Other essentials are good arm action, lean forward, run tall, and dig a hole in the track with each foot as it comes down. Run as high on your toes as you can, and bound forward, not up. One foot should always be on the ground and working.

"Very often the difference between winning and losing is the ability to reaffirm the fundamentals near the end of the race. A loser's form deteriorates in the last 15 or 20 yards. The champion is able to emphasize his form there; because we have drilled him on it every day.

"It is not how long you work but what you do. And the key is the right kind of exercises. Two or three hours of aimless running accomplishes very little. A sprinter can sustain his form with an hour and a half of exercises, five or six days a week. The only other thing they would need is the ability to relax"

THANKS, BUT NO THANKS...

An open letter from DAVE SANCHEZ, Coach of the Duke City Dashers, of Albuquerque, New Mexico.

We would like to thank the Blue Angels Track Club for their generous hospitality during our recent visit to Los Angeles, for the Southern Pacific Association AAU Age Group Championship.

We hope to return the favor when they come to the Duke City some day.

We were quite disappointed in the meet however. We realize that little things happen once in a while that can't be helped, but so many things happened during this meet that it seemed that this was the first meet these people have ever put on. For instance:

1) No wind gauge was used (luckily the athletes were going into the wind).

2) During the 10-11 440 Relay, we were put in lane five for the starting man, our second man was placed in lane six (even after protesting to the exchange judge), our third and anchor men were placed in lane seven (even after they had protested also).

3) The 9-Under 440 yd Dash was not staggered. All ten runners were placed

on the same line and told to break at a certain point. This race should have been staggered and with ten runners, there should have been two flights.

4) At the start of this race two of my boys were tripped and hit the track.

No recall gun was started! After protesting bitterly, I was told by the starter, "We can run them over". After being told that he couldn't do that, he stated "It doesn't matter since both runners were from the same club".

I couldn't believe this guy. Regardless of who is involved, a fall within 10 yards of the starting line means that the race is to be recalled. The starter's decision brought no satisfaction to me or my runners.

I was most disappointed that the meet director didn't step in and help settle the issue.

5) In the 440 Dash of the 10-11 division, there was one more runner than lanes, so instead of running two flights they doubled two of my boys in one lane!

I protested this and was told to "get lost". I asked the starter why he staggered this race and not the 9-Under 440, and he answered, "We learn from our mistakes". I am sure he must have learned a lot at this particular meet.

6) It was an extremely hot day, but that was no reason to allow people to just sit on the track.

7) During the 880 Medley Relay, my boys were not permitted to place their marks, while other teams were.

These and other minor mistakes were quite demoralizing for a group of kids who had looked forward to a good meet and a good time.

They were ready to head home by 11:30 and it was difficult to keep them up to finish the meet. I had a hard time staying myself.

This meet was supposed to be put on by many clubs, yet many events were held up (starting with event #1), due to a lack of officials.

It was good to see that Albuquerque, only a fraction the size of L.A., can put on the good meets it does.

We cordially invite the people who will be putting on the Boys National Meet in August, to come to Albuquerque and see how it's done!

Most regretfully, we will be scratching that meet from our schedule in August,

Sincerely,
Dave Sanchez, Coach

1) This photo dramatizes the excellent style of JEFF LAWSON. Jeff, a 14 year-old freshman from So. California, has been just sensational this year, topping the bar at 6-4, second best jump ever recorded by a boy his age.

We'll see him at the Age Group Boys Nationals in August.

2) SHEILA THOMSON, of Oxnard, CA, is fast becoming one of the nation's top female Race Walking performer.

There has been a great deal of renewed interest in the Sport of Race Walking, and Sheila exemplifies the crop of new faces in this event.

3) Three '73 Junior Internationalists battled it out in the half-mile at the recent Mt. San Antonio Relays.

From left to right: LYNN HOLLINS, 16, of Riverside, CA, 15 year-old ROBIN CAMPBELL, from Washington, D.C., and KATHY WESTON, 16, of Reno, Nevada.

From the Editors

The coming issue (July) is traditionally one of our best issue of the year.

Everything is happening around this time, and we have made sure to cover all the big events with some of our very special people.

At the Boys and Girls Junior National, in Gainesville, we have MIKE KENNEDY on the spot, doing the event-by-event analysis, with New York's STEVE SUTTON shooting away. They are no amateur by any standard and enjoy their work.

At the Girls Nationals, in Bakersfield, "Starting Line's" BILL PECK will be representing us, with Junior Internationalist in the javelin KARIN SMITH providing with the photographic coverage.

Karin will also be at Long Beach, for the Age Group Classic, with Mr. Age Group CALVIN BROWN doing the write-up.

At the Age Group Boys National, in Pasadena, CA, our own MAX ZUCKER will make one of his rare appearance on the scene, concentrating heavily on complete photographic coverage and interviews. DON CHADEZ, a top sport's photographer will also be there, adding a touch of class. This meet will be covered in the August issue of STARTING LINE.

Of course, the National Postal Mile will be covered through all the regional results and a National combined standing article.

The 1974 List of Best Performers will continue with the 14-17 Girls, and the introduction of the boys lists, starting with the 12- 13 and 14-15 Divisions.

STARTING LINE is published monthly, except in February, May, September and November.

The 1974 Best Performers Lists appearing on these pages show the best outdoor marks known to the compiler. Marks reported in fragmentary form are shown with the "questionable" or invalid marks at the end of the tabulated list of valid marks.

Only marks taken from detailed summaries of complete meets are considered for the regular list, though additional information on "questionable" marks would be appreciated. Please submit additional results and/or corrections to the compiler in care of: **STARTING LINE**, PO Box 878, Reseda, Ca 91335

To be considered valid, marks must meet these requirements:

1. Marks must be made on standard outdoor facilities (surveyed track with curb, reasonably legal jumping pits, throwing rings, toe boards, etc...).

2. There must be at least three timed or measured competitors in the event, which is part of a regularly scheduled meet (hastily improvised record attempts are not acceptable).

3. In the sprints, hurdles, long & triple jumps, wind assistance should be reported (wind gauge readings are best; wind estimate helps).

4. The weight of the shot, discus, hammer and javelin must be reported (some indication) that implements have been properly checked for weight and dimensions will help determine the validity of the mark).

5. In hurdle races, note height of hurdles as well as distance of race.

Data in the following lists include (left to right): (1) Time or distance, (2) Name of athlete, (3) Birth year, if known, (4) Home state, (5) Date of best mark

1974 Girls Best Performers List Compiled by Bill Peck

Girls have been grouped in their age groups according to the normal international method of grouping according to birthyear. In other words, a girl is assumed to remain in the same age group throughout the entire calendar year (according to the year in which she was born).

In cases where the girl's birthdate is known, her birth-year follows her name in parentheses. In some events, names of younger girls of the age group have been added at the end of the regular list...if her birthdate was known.

COMPILED FROM RESULTS RECEIVED AS OF JUNE 1, 1974

GIRLS DIVISION III

GIRLS BORN IN 1960 or LATER

DIVISION III includes the following Age Groupings:
AAU 12-13 Division
J.O. JUNIOR Division
and equivalent Divisions
in other Organizations.

EASTERN STATES

REGION TWO AAU BOYS & GIRLS AGE GROUP CHAMPIONSHIPS

WASHINGTON, Pa - May 19 - from JOHN HARWICK

BRIAN PHARR and GINA PIATT were voted the top stars in a constellation of stellar performers from 26 eastern track teams. Brian, from Philadelphia's Morris Estate Track Club, was chosen on the basis of a brilliant 12-13 880/mile double which led a whole host of many terrific middle distance performances. There were four 9-under half-milers faster than 2:37.1 (!) and four 10-11 milers better than 5:26.

DAVID SAUNDERS, the first U.S. 11 year-old under 60 seconds, ran a marvelous 54.9 here as a 12 year-old (this surpasses all previous times reported for the age by a big margin). David led three other 12-13,s under 57 seconds.

Gina Piatt's superior 12-13 weight triple, in which she exceeded 100 feet in both the javelin and discus while missing 40 feet in the 6 pound shot by less than five inches, inspired two of her Mt. Lebanon 10-11 teammates to better 32 feet in the shot. Other super 12-13,ers were the D.C. Travelers duo of MELISSA HILL (58.7) and LAROYA HUFF (25.6) in the long sprints. /Site - Washington HS/ Results:

GOLDEN SHOE AGE GROUP MILE CHAMPIONSHIPS
YONKERS, NY - May 28 - from ED QUINLAN

Honored guest, Ben Jipcho, looked on the second Golden Shoe meet at Yonkers (half-mile) raceway. The Kenya Olympian was presented with gifts for his four children. In the days' races, 12 year-old RICHARD MOORE edged BARON GOFF in a tight mile dual to win the Joe Kleiner award for the outstanding miler. /Runners - 548/ Results:

REGION TWO AAU GIRLS CHAMPIONSHIPS
WILMINGTON, Del - May 26 - from BILL THOMSON

Weight events and hurdles furnished the most excitement for the region which encompasses Pennsylvania, Delaware, Maryland and the District of Columbia. In national calibre hurdling, SUSAN WHITE turned in one of the best times ever for the 400 meter barriers, but her 14.3 could take only third in the 100 meter "highs", where CHERYL POIRIER edged DEL CRUMP.

KIM TRAVERS, last year's national 14-15 discus champ, was outdistanced by the Sports International tandem of JACKIE GORDON and KIM PYLES. But Miss Travers returned to shove the 8 pound shot 43-5 1/2, with three putters over 40-0.

Back on the track, DEBBIE PASTEL had an excellent double in the long sprints and newcomer JULIE WISE ran a solid 880. /Site - Baynard Stadium (all-weather track); Weather - clear, cool and windless; Sponsor - Delaware Sports Club; Teams - 20/ Results:

TEXAS STATE GIRLS HIGH SCHOOL CHAMPIONSHIPS AUSTIN, Tex - May 11 - from MIRZA AMIRKHAN & HERMAN GOLDBERG

Though strong gusty winds inhibited the straightaway races, there were plenty of top marks in the best girls high school meet in the land, depthwise. Jumpers, led by RETHA SWINDELL and LOUISE RITTER were especially impressive. Retha triple jumped over 39 feet (it's a regular event for Texas gals), bettering her 1973 record leap on five jumps. Louise scaled a brilliant 5-8 1/2 in the high jump.

On the track, quarter-milers ESSIE KELLEY and LINDA CORNELIUS were tough. Essie ran 55.0 for A Schools title and Linda ran "only" 56.1 for the AA win, but had fine long and high jump marks as well. Three schools averaged better than 60.0 for the four quarter-mile legs of the mile relay and one small school, Sundown, had two girls run 58.5 or better in the open 440.

While there were no Linda Montgomery's or Suzie Snider's in the weights this year, the small schools division produced JACQUE SOEHNGEN and GLENDA O'BRYANT, who bettered their own previous state records for their group in the shot and discus. New Braunfels' CAROL SHEFFIELD led a fine half-mile field in the AA division. /Site - Austin Memorial Stadium (all-weather track); Weather - sunny, 5-16mph gusty winds (against straightaway races)/. HIALEAH OPTIMIST BOYS AGE GROUP MEET

MIAMI, Fla - May 18 & 19 - from ELI GAGICH

Richmond-Perrine Track Club and Central Boys Club sprinters were as hot as the weather. STANLEY THOMPCKINS (RP) out-leaned JOE MCCALL (CBC) in the year's fastest pair of 10-11 division dashes, but Joe returned in a speedy winning 440.

RP's JERRY HENRY and ALLAN HART ran swift solo efforts in the 12-13 and 14-15 sprints, respectively. But it was Central's KRAIG LYNCH who tore up the 9 & unders with a brilliant triple in the short races.

Other excellent marks were turned in by BILL BALANAG and JOHN SZYMULA in the senior division (16-17) vertical jumps. /Site - Miami Dade CC; Weather - wind nil to 1.0 mph; Teams - 8/ Leading results:

ROTARY RELAYS

MANCHESTER, Tenn - Apr 27 - from WINSTON WALLACE

Only two meet records survived the fourth annual girls invitational for senior and junior high schools. Defending champions won the only two events in which the previous meet record was not shattered. Tennessee gals showed they are ready to move into the national spotlight, with astounding improving in all events, especially on the track.

MARGARET GROOS, 14, furnished one highlight by dipping below 60 seconds (twice) and 2:20 in the middle distances. In the 880 she bested VALERIE WATERS, who had earlier run a 5:11.6 mile to edge CATHY COCKE, also 14, by a mere tenth of a second.

PATSY PARKER of Athens, Alabama (the lone non-Tennessee performer) was possibly the meet's outstanding athlete. She eked out a super-close 100 yard dash victory, had the fastest hurdle time (in a heat) and was a good third in the long jump.

A special team decathlon (in which one designated girl in each event is scored) and both relays were won by the host Manchester lasses. The junior high school section was dominated by girls from New Providence, with all events closely contested. /Site - Coffee County Stadium (all - weather track)/ Results:

SOUTHERN CALIFORNIA CHEETAHS GIRLS "INVITATIONAL" WALNUT, Calif - May 11 & 12

One good reason for coming to this annual meet is the care and accuracy with which the official results are recorded for all the competitors. Among the incredible detail reported in easy-to-read tabulated style was: (1) the wind reading on every race and every long jumper in every division plus the best legal mark if the best jump was wind-assisted, (2) details on the way in which ties were broken in the high jump, (3) the fate of non-finishing hurdlers, (4) the name of each runner on every relay team, (5) notation of every meet, district and national record bettered, and (6) indication of the events in which two or more age divisions were combined into one race.

Without doubt, meet director BILL PETERSON and compiler RICH EDE leave no stone unturned in getting accurate, speedy and complete meet results to all interested parties. Even hometowns of unattached athletes were listed.

Though variable winds held some performances in check, TERRI SABOL made use of the zephyrs to top 150 feet in the discus and EMILY DOLE shoved the 4 kg. shot over 44 feet. The depth of good times, especially in the half-mile, was not surprising in this "hot-bed" of track. /Site - Mt. PORTLAND TRACK CLUB AGE GROUP MEET
PORTLAND, Ore - May 11

Half a mile is better than none, especially on this Saturday. Boys in the 10-11 class put on a stirring battle and a trio, led by Woodland, Washington's TED CAMPBELL, bettered 2:29 for two laps. Not far back, 10 year-old TOM RAY of Portland, finished in 2:36.5.

Not to be upstaged, mile phenom ERYN FORBES dropped down to better Shauna Baxter's four year-old Oregon half-mile record in the girls 12-13 division, leaving the four-lap race to teammate JAMIE MITCHELL, who responded with a 5:14.2 run. /Site - Tuality Junior HS (all-weather track); Weather - chilly, 50°, wind, rainy periods; Teams - 6/ Best results:

MIDWESTERN STATES

MIAMI VALLEY "INVITATIONAL" VERSAILLES, Ohio - May 18 - from STEVE PRICE

As usual this competitive "annual" drew athletes from Missouri to New York. This year it was the nine and unders who startled the onlookers. RACHEL DANDURAN (440 in 67.9) and LAURA CRAVEN (880 in 2:32.3), both of the newly formed Scioto Track Club of the Columbus, Ohio area, led the way over strong fields.

For the 10-11 speedsters, SHEILA TAYLOR of Detroit got a nice sprint triple. In the 12-13 class, double victories were managed by SHANNON CLINE, RENE CASON and SHERRYLYNN BROWN of the Columbus environs and JACKIE BURTON of Detroit.

DEBBIE VETTER (one of four sisters who placed in the meet) looked good in running 61.3 for 400 meter hurdles and the Syracuse (NY) Chargers had four girls average faster than 2:20 in a 4 x 880 yard relay (total time 9:19.5). Top marks from the host Kettering Striders was by discus thrower DEBBIE STEPHENS, who missed 120 feet by an inch. /Site - Versailles HS; Weather - overcast, some rain, 60°; Meet Manager - Max Henry; Teams - 29/ Top results included:

LORI VULTAGGIO

LORI VULTAGGIO, a third grader at Colony Elementary School, in St.Clair Shores, is a member of the Detroit Lipke Track Club and was one of the leading 8 year-old in the country this past cross country season.

Lori started running with the club in the spring of last year and has a list of fine performances.

During the cross country season, Miss Vultaggio not only held her own as an 8 yr-old, but outran many others who were close to 10 years of age. In some of her top performances she showed great promise, finishing third in the State meet, which earned her a spot on the All State X-Country team. She is also an excellent jumper.

Coach JOE SMETANKA is seeking girls 8 years of age and over who like to run, jump and throw.

Girls willing to sacrifice a little time a week, with a 4 day training schedule, can have a lot of fun and enjoy a very successful track and cross country season with the team.

In 6 years of competition, the club has had many city, state and national champions. The team has also competed in 58 cities in 14 states and Canada, and traveled 71,000 miles.

Coach Smetanka says: "Travel is an important part of our program; it provides an opportunity to meet new people as well as see America".

Girls who wish further information on the team, contact Joe at WA-58605

OZARK AAU SPECIAL AGE GROUP EVENTS

POPLAR BLUFF, Mo - May 25 - from SAM GIAMBELLUCA

In age group events held in conjunction with the district men and women's championships, a pair of quarter-milers from the Royal Knights Track Club showed their stuff. CARL BELL ran 62.1 in the 10-11 class and got off a good long jump and 100 besides, while 9 & under GREG RUSSELL won hot battles in the one lapper and 50 yard dash too.

Many of the 10-11 events were solid, none more so than the 6 pound shot, in which ALAN URSERY cleared 35 feet after a hot battle with SEMO Track Club teammate WILLIE HARRIS. Kirkwood TC's JEWEL CARUTHERS (10-11) was the outstanding girl athlete. Results:

GULF AAU AGE GROUP EVENTS

HOUSTON, Tex - May 18 - from HERMAN GOLDBERG

Some mighty fast sprint times were helped by strong Texas breezes, but SUSAN HACKETT and NEDRA SIMPSON didn't need much help. New Orleans Sue leaped 5-10 to move into the uppermost echelons of the nations' female high jumpers, at age 15. Nedra, Houston's hyper-swift 12 year-old, took only 59.6 seconds to complete a lap in one of several special age group events at the district championship meet.

As for the sprinters (and the aiding zephyrs), 11.1 was good for only third in the girls 12-13 100 (won by SHELIA LaBOME) and 25.4 took the same place in the boys 12-13 220. /Site - San Jacinto JC (tartan track)/ Results:

ALL AROUND STAR JONI HUNTLEY

OREGON STATE GIRLS HIGH SCHOOL CHAMPIONSHIPS

SPRINGFIELD, Ore - May 17 & 18 - from CAROLYN RAYBORN

News item; JONI HUNTLEY was held to a tie in her state high school meet. She had some excuses though; her legs were sore and besides she was the only representative of Sheridan High School in the AA section of the state finals. Sheridan (Joni that is) won three events and a second place to tie Madras High for the state AA title. All Joni did was clear six feet in the high (after claiming she "didn't have it today") then won the hurdles and 100, but fell 3/4 inch short of taking the long jump.

Javelin throwers were impressive too. JOY MOORE (Bandon) won three AA titles in the weights, including 136 feet with the spear. VICKIE EMMONS (Wallowa) also tossed 136 and took a first place and two seconds in other A Schools events. Altogether, there were 14 throwers over 120 feet in the three meets, which are divided according to size of school. Ashland High dominated the AAA (large school) meet. /Site - Silke Field; Competitors - 437/ Results;
