SUMMER IN THE CITY

The following material is an abridged and edited version of an article originally written by Carl Nesfield for <u>Black Sports</u> <u>Magazine</u>; and submitted by Steve Sutton.

Each summer, when federal, state and city governments begin to feel threatened by the thousands of young people who need a constructive outlet for their boundless energies, we are hit with a barrage of government sponsored recreational programs designed to keep the "summer cool".

One of the better summer programs that has emerged is the United States Youth Games, a recreational program that brings young people together through sports. Another successful program is the NCAA Summer Youth Sports Program conducted in conjunction with the President's Council on Physical Fitness.

The participants in the NCAA program are taken daily to local colleges and receive instructions and compete in a variety of sports. Hot meals, complete examinations, medication, treatment, insurance benefits and suplies are also part of the program. The six week schedule is conducted 5 days a week, $4\frac{1}{2}$ hours a day by high school and college coaches.

Now in its third year of operation, the 3 million dollar program is sponsored by the Department of Health, Education and Welfare through the office of Economic Opportunity; private industries also contribute funds.

Three million dollars sounds like a lot of money, but when you consider the number of people the program has to reach, it is practically nothing. Last year, 65 colleges were turned down because of lack of funds.

On a smaller scale but more intensive level, are the community-based organizations struggling to realize potential in their own community, the year around. Unlike the summer programs, they don't forget the kids once the summer is over.

Larry Hawkins, director of the NCAA program in Chicago, finds himself in a bind. He sees the tremendous benefits of a boy or girl participating in the sports programs but sees the services performed as inadequate. "I don't run a summer program," Hawkins said, "the young people here are part of an on-going program of education and athletics. What could I accomplish just having them six weeks out of a year. An athletic program should be an educational program using athletics as a tool.

"You have to first meet with these youngsters in an atmosphere they like, and nothing tops sports. If a kid comes to me to play ball or run, and I can impart to him something that's good for him and he accepts it, a meaningful relationship has been established. I have the ball and he wants to play. Right here we have created a relationship thats puts me in a position to be of full service to this boy or girl. It's now my job to take him a step further than the playing field, to let him know what he has to do to make his life fruitful and successful."

This "only a game" philosophy has been the bane of recreation and athletic personnel. While those who instruct or coach in sports attempt to use the influence they hold over their charges to guide the youngsters to higher goals, they are constantly told that what they are involved in is "just an athletic tournament" with not much substance beyond the ballfield or the track.

Federal programs paradoxically declare youth sports activities as "low priority". This is the face of their teachings and preachings about "a healthy body makes a healthy mind", and then in the next breath declare youth activities "low priority". Hopefully, the 18 year-old vote will influence the thinking of the politicians.

A story by Jack Gaither of Florida A&M illustrates the farce it is to term sports as low priority. Gaither had just run his football team through several hours of strenuous drilling under an 80 degree sun. When they had completed the last play, he told them that was it for the day. A majority of the players begged the coach for "just one more play". Jack kidded his wife about it. She is an English teacher and he asked her when the bell rang to end class did any of her students beg for "just one more sentence!"

It is this kind of interest and dedication on the athletic field that has to be transferred to the classroom. An important function of sports is making a boy want to do better. It makes him want to improve himself. This self-improvement motive in sports asserts itself in his other activities like education, employment, citizenship.

Legislation has been introduced in Congress to establish a sports program with a 5 million dollar annual budget. Which, again when you consider all they plan to accomplish turns out to be a nominal sum. Says James H. Wilkinson, co-author of the aforementioned legislation, "this program has been a breakthrough for athletics and physical fitness; both integral parts of the education of our young people.

"We need to now establish a sports program with educational components that will serve our many youngsters in a sustained effort lasting longer than just a short period, as it does now."

The government, in anticipating the "long hot summers" is practicing a very dangerously inadequate type of "preventative vs. therapeutic" medicine. As for our country as a whole, trying to bridge the generation gap with a frayed tightrope definitely has its disadvantages.

From the Editors

Our first year of operation is soon coming to an end, and for us it means that it is time to appraise and re-evaluate what we have been doing and what our purposes are to be.

Throughout the year we have added (and deleted) sections whenever the need arose, keeping in mind the various interests of our readers. Our greatest concern has been to achieve a balance in the information we report to you. Each issue was planned to this effect. Throughout we have attempted to maintain balance on a variety of levels: AGE - the variance of reading interests between a youngster and an adult; GEOGRAPHICAL - the unbiased reporting of regional activities from all areas of the country; SEASONAL - the fluctuation of the volume of material received during the off-season and its peak; STATISTICAL/FEATURE - the matching and complementing of results and lists with reports and profiles; and, of course, the indiscriminate balance of proper distribution of Boys and Girls articles and Photo layout.

With a year of experience behind us, we are able to reach some conclustions. Two factors are apparent: 1) we do not have enough space; we need more pages, 2) there is too great a disparity of material between the peak of the track season and the off-season.

The question is; how can we solve this problem without creating a financial burden to ourselves and at the same time satisfy those existing deficiencies.

We believe that the answer lies in <u>increasing the size of the</u> magazine to at least 20 pages, and publishing it 8 time a year, keeping in step with the seasonal patterns of track activities.

In other words, <u>beginning in January 1972</u>, our readers will receive more in-depth coverage of news and more feature material all in all a better magazine. The total number of pages per year will be the same, probably more, and the issues will appear when they are most timely and pertinent.

For our part, it will give us a little more time to prepare each issue, and in the process be able to provide our readers a publication which they will consider very worthwhile to subscribe.

(1) Three 4:56 milers from the midwest: BRENDA WEBB, from Kettering, Ohio (in only her second year of competition) leads ROBIN EVANS Manilla, Iowa's tiny crowd pleaser and LYN LOVAT (left), 14 year-older of Wolverines TC, Michigan - the nation's best cross country team. (2) 13 year-old JON SLAUGHTER, from Nashville, Tennessee, who has been one of the top runners in the U.S. this year, in his first year of competitive track. He has to his credit a 2:16 880, a remarkable 4:48.3 mile and has been timed in an age best 2-mile of 10:11. (3) JAMES BENTLEY, a potential Olympic team race walker at age 15 & and individual winner of SL's postal mile walk (see profile page 15) (4) National AAU Women's champion at 1500 meters, KATHY GIBBONS. The Phoenix, Arizonan, who just turned 17, spent the summer challenging the best of four continents both in the U.S. and on a European tour. Kathy has been winning national championships since the age of 13. (5) High school sophomore WILLIAM DABNEY of Brooklyn, N.Y. leads a top notch field in the Eastern States 880. From left, Dabney (best of 1:54), RAY NAUDAIN (1:52.2) from New York City, GARY PROTO of Scotch Plains, New Jersey (1:52.9) and BRIAN GUASCHINO (1:51.7) the Golden West High School champ out of North Bergen, New Jersey.

BULLETIN BOARD

Remember what happened last Cross Country season? The 1st (January) issue or STARTING LINE has extensive results of major 1970 X - Country meets - nearly 100 deep in some cases. Back copies of this issue, as well as April, May and August issues are still available at 50¢ a piece. Due to a limited supply, the March & June issues are 75¢. Minimum Order-\$1.00

GIRLS and BOYS Age Group

Cross country season is upon us and for many of the top notch young girls the year will climax with the national meets in November. The RRCA Championship in New York on the 7th, the AAU Junior Nationals in Portland on the 13th and, especially, the NAAU meet in Cleveland on the 27th figure to draw the top individuals and teams in the land. In the latter meet team competition is of great importance to the girls, so let's take a look at the team prospects in each age group.

In the 14-17 Division, the Wolverines of Lincoln Park, Michigan and Will's Spikettes of Sacramento, Calif. continue to have tremendous depth. The latter team, which won 5 Women's titles with Jr. & Sr. High schoolers, now is in the position of defending their 1970 Girls Division crown. Eileen Claugus (who may elect to try for an International Cross-Country berth) is backed by a very strong contingent including Sandy Langan, Ronalee Slosson and Tina Anex - all capable of sub-5:00 miles.

The Wolverines, whose home state is considered the cen of U.S. cross country running, have their entire team hurdlers to high jumpers - running in the fall, and well. Sue Parks, Lyn Lovat and a dozen other juniors provide enough depth to both a strong Women's and Girl's team.

Other strong squads: Rialto (Calif.) Road Runners, which graduated most of Championship 12-13 teams into this class including Debra Johnson, Ruth Kleinsasser and Esther Marquez; San Jose Cindergals with Linda Wooten, Kim Miller and Jackie Dixon; Long Beach Comets with no stand-outs but a well balanced crew; Kettering (Ohio) Striders led by Brenda Webb, last year's third placer.

Three teams who have the depth of a Mongol army tend to overwhelm the opposition in the sub-14 divisions: the Duke City Dashers of Albuquerque and the previously mentioned Rialto and Long Beach groups.

In the 12-13 class, the latter may have the first place edge with barely believable Mary Decker, but Rialto (led by Doreen Assumma) and Duke City (with last year's runnerup Sally Balderston) may make up for it in depth. Right in contention also are two eastern rivals; Sports International (D.C) with multi-national champ Robin Campbell and Susan White and Ambler Olympic Club (Philadelphia) led by 5:06 miler Robin Perry and Lisa Vernon.

DCD and the Comets along with the So. California Cheetahs may be the best in the 10-11 group. The latter two have been trading victories in early season action. Mt. Lebanon (Penna) TC looks like the best balanced team in the east.

Duke City may have the best team ever assembled in the 9-Under Division with at least five sub-2:00 minute 660 runners, but Rialto has the tigerish Sanchez sisters and the Comets have all everything Janette Windle plus other good ones.

The editors of STARTING LINE are in the process of assembling the first annual JUNIOR AGE-GROUP HAND-BOOK. This booklet will present in great details:

- * the Major meets of the 1971 season
- * Boys and Girls 1971 year list
- * Boys and Girls All-time list
- * Directory of clubs and Associations
- * Photos....Profiles.... More....

The Handbook will be available in early 1972. It will be priced at \$1.50 + 25¢ postage & handling

PRE-PUBLICATION OFFER -

If you mail in your order before <u>December 15,1971</u>, your cost will only be \$1.00 & we pay the postage. Last year, the Road Runners of America sponsored a National Age-Group Cross Country Championship. It was aptly named, as 833 youngsters from all over the country participated in that meet, one of the largest gathering of age-group athletes ever assembled.

On November the 7th, at Van Courtland Park, in N.Y., the second annual Championship will be staged, and Mr. Barry Geisler, the meet director, is anticipating an avalanche of over 2,000 young boys and girls to show up for the competition.

In 1970, the overwhelming Champion in the 6-7 Division, Mike McKinney (Woodbridge, Va.), will be the obvious favorite in the 8-9 Boys, having just established a new National Best in the mile (age8) in a breath taking 5:29.8!

If Californian teams are going East, watch out for the Assumma twins in the 10-11 Divsion; they were last year's sensation and are itching to repeat. Of course, if Kevin Knox (Wasco, Cal) of Sports Illustrated fame (two pages spread, no less), decides to join them, they might have to wait another year.

The big battle, however, seems to be shaping up in the 14-15 group. Last year's winner Mark Zmuda will have tough going against Richard Buckstad (4:35 mile - age 14) and this year's 12-13 National Mile winner Jon Slaughter from Tennessee.

If you want to participate, get your entries early. For Information, write: Barry Geisler, 1134 Findley Ave, Bronx, New York 10456.

CE WALKING

Editor: JIM HANLEY

In an attempt to build interest in age-group Race Walking, STARTING LINE has conducted a National Age-Group One Mile Postal Race Walking Championship.

The results showed that the good performances come from area with established walking programs and nothing at all comes from the other areas. For example, coach Neil Gmeiner has been holding race walks in the Spokane, Wash. area for some time. As a result his N.W. Spokane Kiwanis TC won the Elementary School division in excellent time and his Jr. High team took a second place.

12 year-old Phil Ragland, from the same team was the only Elementary boy to crack the tough 9 minute barrier with an outstanding 8:55.6. Phil still holds the National Jr. Olympic record at 9:59.5 and has submitted a 4:00.7 in the 880 RW while in the Midget Division.

The San Jose (Calif.) Yearlings is the fastest improving team in the country. In fact, the Yearlings' Danny Martinez, Dave Fuschak and Chris Johnson actually submitted faster times than Spokane. The problem: Johnson's time was made on May 20 while his teammates walked on June 28. The rules stated that a team's 3 members must walk together.

The toughest division was undoubtedly the Junior H.S. where five teams had better times than the winning and lone High School team entry. The Stockton Race Walkers team clocked a fantastic 23:33.0 (a 7:40 Mile per man average!). All three are national class race walkers (see our profile of James Bentley Jr. on page 15). The Stockton Club coached by James Bentley Sr., professor at Delta College, has sponsored major races which have attracted the top walkers in the United States. In my opinion, the Stockton Race Walkers have the most legal walking style of any team, which is a real credit to Bentley's coaching.

One of the main reasons for this column is to tell all coaches a little about race walking so they will promote the sport. Hopefully, next year coaches from all areas will enter our postal competition and the entries won't all come from areas which already have established walking programs.

Jerry Lansing, the top high school race walker in the nation, unfortunately couldn't get a team together for our contest. The San Rafael (Calif.) student is a fantastic prospect. He walked a 7:16.9 mile in the Athens Invitational against Ron Laird and other top U.S. walkers and at age 17 was a member of the U.S. Olympic training camp this past summer. He has the advantage of being coached by Internationalist Bill Ranney and two Olympians, Tom Dooley and Goetz Klopfer, who teach and train at his school!

A center of girls walking activity is the Bumble Bee A.C. of Sepulveda, California. Under the guidance of Dick Ortiz, a national class walker himself, the girls entered four teams in our contest. Many of these junior high and elementary school girls are fine prospects in track and cross country as well.

At the National AAU Women's Championship in Bakersfield, Calif. on July 10, a One Mile Race Walk was held for the first time in this meet. Junior Girls dominated the event, despite the presence of older and more experienced women walkers.

Teenager Lynn Olson, from the Wolverines AC of Lincoln Park, Michigan was the winner in an American record time of 7:53.8 (two-tenths better than the old mark). Lynn forced experienced Katie McIntyre into a disqualification during the finishing kick, while Lynn herself maintained her cool.

Other top placers included: 2-Esther Marquez (Rialto, Calif.) 8:22.2, 3-Laurie Tucholski (Toledo, Ohio) 8:22.3 5-Debbi Pellkofer (Long Beach, Cal.) 8:36.7, 6-Stella Palamarchuk, 14, (Ambler OC, Philadelphia) 8:42.2. All youngsters and all good distance runners.

RTING LINE CAL

On this page STARTING LINE presents the Calendar of forthcoming track & field, long distance running, race walking and other related events of any organzation catering to athletes 17 years and younger. While this is by no means a complete listing, it is intended to provide data for coaches, parents and schedule planners.

STARTING LINE is not responsible for late changes, of which the editors have not been notified. Send additional information and corrections to STARTING LINE, P. O. Box 878, Reseda, California 91335. Include name and address of meet director or other source of info.

This Calendar is a good way to publicize the activities sponsored by your group. When submitting in-formation, please include complete details, along the lines of the material presented on this page.

Groups wishing more space may inquire about special low rates for advertising track meets or other activities in STARTING LINE.

 In the sprints, hurdles, long jump and triple jump wind as-sistance should be reported (wind guage readings remove all doubt; wind <u>estimate</u> may help prevent disqualifying mark). 4. The weight of shot, discus, hammer and javelin must be reported (some indication that implements have been properly checked for weight and dimensions will remove doubts).

5. In the hurdles; number of hurdles, hurdle height and distance between hurdles should be noted as well as distance of race.

NOTE: Performances listed below dotted line indicate that marks were made under unacceptable or very questionable conditions. In all cases, more details would be greatly appreciated.

ACROSS the USA

Regional News & Highlights

Virginia

SALEM - As Director of Activities at the Virginia Baptist Children's Home, Darr Graham has tried to introduce to the area a junior track program since 1966. Until this year he could not find enough competition. Then his team joined the local Roanoke Valley Track Club and was now able to attend a number of meets, even though some of the younger members often had to run against older kids. Most of the youngsters are interested in distance running, anywhere from the mile to long cross country runs. During the summer, the club has been sponsoring all-comers track meets, which have been quite successful.

"If we are going to have good track programs", said Mr. Graham "it's going to have to start with the young ones. Track meets such as we have, which are open to people of all ages, should really help improve our track and field program".

Some very fine runners are already emerging from the Children's Home. Their star, no doubt, is 11 year-old Doug Graham, who was named 'the outstanding performer' in the Virginia Junior Champ Meet, where he won the long jump, the 220 and the 440. Remarkable performance if you consider that his favorite event might be the two-mile, which he had run in 11:55.5! His six year-old sister is already a triple winner at the state Jr. Olympic meet (50/440/LJ in 9.1/93.1/9-6). There is also 13 year-old Mike Huffman, an up and coming 6th grader, who has to his credit a 5:08/11:12.6 - Mile/2-Mile. And many more..

Darr Graham's formula over the years seems to have been, "try and try again 'til you succeed". Success is apparently at hand.

READING - The Region II Junior Olympics Cross Country Championships will be held in Reading, Saturday, Nov. 21st. The top three in each age-group will receive AAU championship medals. You must be invited to this meet. For particulars call Gabe Mirkin (Rockville, Md.) 929-9698 or Ron McKinney (Woodbridge, Va.) 670-3025.

Maryland - from Gabe Mirkin

OXON HILL - September 19 - 7 year-old Mike McKinney stole the show in a local track & field development meet at Central HS. Although the meet was held in a constant rain and drizzle, Mike, placing fourth in the mile in a field of twelve - boys 12 and under, realized the most outstanding time ever for a boy his age, covering the distance in an incredible 5:29.8 (!) bettering by a wide margin Mike Assumma's 5:42.1. Three timers were on him, as he led at the quarter in 77, was second at the half, to eventual winner Billy McClay, in 2:41 and the Noel brothers passed him with 30 yards to go. Results:

1-Billy McClay (11) 5:21; 2-Tom Noel (10) 5:29; 3-John Noel (12) 5:29; 4-Mike McKinney 5:29.8; 5-Gene Mirkin (9) 5:41; 6-Chris Sherwin (8) 5:46; 7-Rick Schuette (12) 5:49; 8-Joe Interlandi (9) 6:13; 9-Benji Israel (9) 6:23

THE MIDWEST

Nebraska

OMAHA - June 12 - One of the biggest and best organized Junior Olympics programs takes place in the Midwestern Association. Following are the highlights of the 1971 Midwestern finals held at University of Nebraska track:

Boys 9-Under: In the 100, Gene Turner (Omaha) and J. Jones (Beatrice) tied for first in 13.1, a new meet record. Stan David, from Alma, bettered the Midwestern Record with a fine jump of 14-1. Boys 10-11: Tim McCashlund (Lincoln) won the 100 in 12.2 and Scott Basche (Worthington) enters in the national list with a 15-6 L.J. The Omaha Boys Club set a local record with a 55.0 in the 440 relay. Boys 12-13: Stephen Hoger from Seward won both sprint events with 11.0 and 24.9; Mike Dando (Beatrice) tossed the 8 lb. shot 51-9 and Kirk Larson (Gothenberg) vaulted 11 feet, one of the best performances of the year. Boys 14-15: Mike Thompson and Don Rossback traded wins in the sprints, with Mike winning the 100 in 10.1 and Don taking the 220 in 23.0; meet records fell in the Shot (12 1b) where Gary Buttermore (Rep. City) won with a heave of 51-6 and in the 120 High Hurdles with Carey Washington running 15 flat. Another good performance was the 4:38.7 mile by M. Thompson (Omaha).

Girls 9-Under: Ann Clark from Beatrice won 2 events by long jumping $12-5\frac{1}{2}$ and clocking 13.8 in the 100. Girls 10-11: Trudy Marchman (Lincoln) was first in the 100 in 12.7 and Patty Gleason from Hastings took the H.J. by clearing 4-1. Girls 12-13: Sondra Obermeier of Aurora tied the local record in winning the 100 in 11.9; Darcy Williams (Arapahoe) had a field day by warming up with a winning 27.7 220 and then bettering the National JO record in the 6 lb. shot by throwing the ball 38 feet 6 inches. Nancy Steiner (Omaha) after placing second in the Long Jump, took home the gold in the high jump by clearing 4-11 (a Midwestern record). Girls 14-15: Debbie Quillen from Dix was victorious in the 100 and 220 in record setting pace (11.5/26.2). Other noteworthy winners: Gwen Gould (Shelton) $17-l_2^1$ in the Long Jump and Donna Short (McCook) $38-8\frac{1}{2}$ with the 8 lb. Shot, which bettered the existing Midwestern record. Girls 16-17: Toni Churchill of Lincoln leaped a national ranking 5-4 High Jump.

THE WEST

California

UPLAND - September 4 - Winding up a very successful season, Joanna Gorner, So. Pacific AAU Boys Age-Group Chairman, held the last of her summer long series of boys meets at Upland High School. Meet highlights:

9-Under: 0.J. Waddell dominated his division, winning 3 of the 5 events on the program. His best performance came in the long jump where he leaped $15-l\frac{1}{4}$, asserting his mastery in that event, where he is tops on the national list. His other victories were in the 100 (13.1) and 220 (31.5, but short by about 15 yards). 10-11: 10 year-old Brian Edrington (West Valley Pacers) continues to improve and should be a real threat next year, winning the 100 in 12.9. Roger Phillips form the Valley Vikings, who just moved into this division, did not waste any time taking the half mile in 2:42.0 and placing second in the high jump (3-6). Mike Aguilar (VV) an outstanding shot putter (see profile in Sept. issue), decided to try his hand, or is it his leg, at the mile and won it with ease in 5:46.3. He failed, however, in his favorite event, being upset by Desmond Quon, who flipped the 6 lb. Shot $39-3\frac{3}{4}$, one of the best of the year. 12-13: Michael Young was a double winner, taking the 440 and the 880 in 65.2 and 2:30.8. 12 year-old Steve Phillips (VV) was first in the mile at 5:47.1; his teammate Dave Farley had a winning put (8 lb.) of $35-4\frac{1}{2}$. Robert Spitswarner easily took the sprints in 11.6 and 24.6. 14-15: Rick Martin (VV) and Lelvin Crowe from the West Covina TC fought it out in the 100 with Rick on top in 10.4 vs. 10.6; Lelvin (age 14) came back to take the 220 (25.1). Good race in the 880 with Jon Miller edging out Craig Hampton 2:23.6 to 2:23.8. Other marks: Long Jump. John Fess 20-101; Shot Put (8 1b), Robert Bushman 56-21. 16-17: Walter Jordan won a tight 100 in 10.1 and had no competition in the 120 Highs (15.1). Gordon Innes jogged a mile in 4:44.6. For those not acuqainted with high school track, we should mention that Gordon is the HS junior who placed second in the California State HS Meet 2-Mile in 8:54.4! One of the best in the nation.

Southern California - The Long Distance schedule of the So. Pacific Association is quite intensive. Every weekend, there is a race somewhere. A sampling of Results:

TECHNIQUE & TRAINING BEDITORS: FRANK LAGOTIC / BILL PECK

TURN ON ... by MAL ANDREWS

There's two kinds of fire in you. One we call a Gas Company fire - a fire that you can turn on, turn off, regulate, turn it down, turn it up, fast. Somebody else also can regulate it because it has knobs. It can be regulated. What I try to perpetuate is a forest fire. This forest fire is hard to control. It goes anywhere. A forest fire could even destroy you. A forest fire is so deep it can destroy anything. To put it out is awful hard. You have to go through more changes to put out a forest fire than you have to do to put out a Gas Company fire. Anybody can put out a Gas Company fire, including a coach. Boyfriend, girlfriend, parents - they can turn you off.

The fire that I'm talking about is in the centralness of us where we're at from - the soul. And that's what I always come from - Truth and Soul. Once you can face the truth and once you have this Soul I'm talking about, you're goin' on forever.

Once you're turned on, that's all you need. You can get tired of anything and rest. You know inside that you're turned on and will keep working, even though the coach might think you're turned off. You can get tired of eating and fast for a day or two but that doesn't mean you're not going to eat anymore. Deep down you know that you're coming back and when you come you know the food's going to be go-o-o-o-od. It's gonna have soul and that's called soul food no matter where you're from if you fast for three days. Any kind of food is soul food then. And that's what I work for. If you love, you're not gonna go on a four month vacation. When it really gets down to soulful things, the things that you love to do, there's no vacation, there's no turn-off.

We lose a lot of our Truth and Soul just because we are products of some environments. We have a lot of forces going. You're the body; you're the mind. Your force wants to go this way. You deep-downess, the quiet you, the sensualness of where you're at from, wants to go. But there's a counterforce pulling people so they really can't <u>be</u>, so they isolate themselves.

Unless you get to the level where you can communicate with yourself, your body, and your events, you will never, in my mind, make it. You will get washed out in competition, because competition has a fantastic way of eliminating people who do not have the Truth and Soul.

What I'm trying to get you to see is that track activities are not just going through the motions. There's something deeper. It's like intrasonic; it's so deep that a person that's not turned on might not even hear what we're saying.

It's in the action that's the most beautiful thing. If you enjoy the action - not <u>from</u> the action - you can't worry about results. We temper our bodies with pain. Our mind regulates our body. We learn how to move. We become aware of our bodies and we dig on our bodies.

Your life out on the track is exactly like your life in <u>life</u>, because track and field is merely living. You' re just in your dance movement and you happen to be a high jumper. And since you frantically have discovered lots of things and have a forest fire, you want to learn everything so that you can just SKY.

So please don't light my fire if you can't handle my flame!

That there is more to success in track than mere physical preparation is seldom denied. MAL ANDREWS, a highly successful coach of all ages and both sexes (now at California State, Hayward) reveals here the "method" he uses to mentally and physically "turn on" individual athletes and teams.

"IT" all lies in the conception.

Once a majority of our Truth and Soul people conceives of the things that can be done with mind and body,

thinks they are possible, then they can be achieved. Our team personalities will demonstrate to all the scope of human possibility - which is unlimited, because, just because we have that inner meaning that makes us aware of the Body. We temper the body with pain and work, and all will see our flame of human aspiration lit by a strong spirit, and flared up by a will to move the body so pretty that it will shock the world of speed, heights, and distances.

Our "THING" is the action. Yea, we like action. We want to be where the action is. And we know we gots to be ready so we can get down with the action and do it good!! Un' huh.

We "ACT" in Track not "Result".

We can't know the results.

We give our actions their only possible meaning, responding to this and that part of me. We don't live in a Lab. We have no way of knowing what results our actions will have. To live our physical and mental life for results would be to sentence ourselves to continuous frustration and to hang over our heads the threat that failure may at any moment make our having moved a waste. Our only sure reward is <u>IN</u> our actions and not <u>FROM</u> them.

But we gotta be turned on to what's happening with ourselves. The quality of our reward is in the depth of our response, the centralness of the part of us that we act from, the mental love frame of the activity.

Because the results are unpredictable, no effort is doomed to failure! And even a failure, will not take the form of repression we imagine.

IF WE WORK TOWARD AND END, THEN DIG, WE ARE IN SOME RESPECTS CONFINED TO SOME PROCESSES. BUT, THE PROCESS SHOULD NOT BE CONFUSED WITH THE TURN ON:

In Track and Field there is a part of us that wants to technique, theorize, a part that wants to "Style", and a part that wants to just "BE" and get down, deep, to the action.

To Force Ourselves Into a Single Pattern, To decide To Be Just One Thing In Life, Would Kill Off The Development of Our Whole Behavior in Movement ----

The energy within us is seeking more than the victory or the profession, or the religion, more even than pleasure or power or meaning. It is seeking out more of the individual, the "ME" and then relating to the "US".

The moment our Track and Field Forces start to "+ACT+" our feeling will become clear to the nation and they will see the satisfying of immediate passions in movement.

AND,

"I Can't Hold You," "Can't Nobody Hold You".

JAMES BENTLEY

In age group competition, race walking is certainly not the most popular event on the program. In fact, in the United States, this sport has been sadly lacking in encouragement, support and enthusiasm. Few and rare are the track heroes that come from the ranks of the race walkers. But according to reports from Stockton, Calif. some might be in the making.

Under the banner of the Stockton Race Walkers and under the guidance of their father, a college professor and R.W. enthusiast, the BENTLEY brothers own just about every walking record in the book.

In this issue, lets have a look at JAMES BENTLEY.

Fifteen year-old James W. Bentley was born in San Jose, California on October 31st, 1955. Well developed for his age, he stands 6-1 and weighs 160 pounds. He is an "A" student at Stagg High School, where he is a member of the school cross country team, as well as the school band in which he plays the French Horn.

He is also an active Boy Scout and is currently working toward his Life Scout Badge. He is hopeful of earning his Eagle Scout in 1972. James is a member of the Methodist Church, attends Sunday School and Church each week that he does not compete in a race walk.

James has been race walking since he was nine year-old, and has been nationally ranked in all walking events of the Junior Olympics, in his age division, for the past three years. An avid student of race walking techniques, he studies the sport religiously, diets rigorously and trains 6 to 10 miles daily, six days a week, year around.

Last year, as a member of his Jr. High School track team, his best times were 55.0 in the 440, 2:11 in the 880 and he ran the mile under 5:00.

Very versatile, James enjoys track, competitive soccer and swimming (he qualified for the Nevada State Swimming Championships for two years and the Mississippi State another year), he plays football and runs cross country.... but he is more devoted to race walking and says "Race Walking is a much tougher sport to get in shape and stay in shape...than any other sport".

In 1971, James participated in four National Junior AAU Championship race walks and received National Champ medals in all four. He qualified to race in the Indoor 1-mile at San Francisco and Oakland as well as the Kennedy Games and California Relays outdoors. At the Calif. state age group championship, in June, he won all three walking events, breaking three records in the process. He was the youngest ever to qualify and participate in the U.S. Olympic Training Camps that are held each year. His best competitive times to date are:

1-Mile, 7:35.0; 2-Mile, 15:55; 5-Km, 25:34.2; 15-Km, 1h21:30; and 20-Km, 1h55:18 (Race walking, of course).

For 1972, James has set his sights on earning his Eagle Scout honor...break 15:30 in the 2-Mile...qualify for the indoor meets this winter...and most important, win the U.S. Junior Championships at either 30km or 35km.

The youngest person ever to win a National Junior title was Steve Tyrer (at age 18), an outstanding race walker today (at age 24). James ambition is to win the Junior title as a sixteen year-old in 1972...the year of the Olympics.

In view of this boy's talent and dedication, race walking might very well have found in James Bentley, the catalyst to propel this event to new heights and give this sport the impetus it sorely needs.

MITZI McMILLIN

When 14 year old Mitzi McMillin of the Seattle Dynamics high jumped $5-6\frac{1}{4}$ last January 10, she immediately moved from the ranks of "good prospects" to a bona fide contender for national honors. With the sad state of high jumping in the United States presently, Mitzi has a chance to lead this country out of the dark ages in this event.

Mitzi, who trains under the guidance of Modris Petersens, Al Swegle and Norm Stoneback, has made steady progress since beginning as a 12 year old in 1968. That year she leaped 4-8. The next year she improved to $5-1\frac{1}{2}$. In 1970 she stole the show at the Phoenix Invitational by setting a national 12-13 record of 5-4.

This year was right in the thick of surprisingly deep competition in her state. Washington can lay claim to five teen-agers who cleared 5-4 or better during the year; Julie Stewart, Katie Hale, Judy Durham, national women's champ Linda Iddings and Mitzi. The latter defeated all of them at one time or another.

At the national level Mitzi jumped the same height as the winner (5-4) in the AAU Girls Championship, though she placed fourth on the basis of misses at the winning height. It was an oddity that <u>nine</u> girls cleared this height despite being handicapped somewhat by insufficient lighting, but no one went higher. Earlier the slim (5-8 and 120 pound) Washingtonian had achieved her all-time outdoor best of 5-5 (she was 15 by this time).

High jumping is not her only track talent - far from it. She is a proficient pentathlete, being one of the few 14 year-olds in history to score more than 4000 points (old table). Mitzi scored 4087 in April. What is more she is one of only two 13 year-olds to better 4000. Her 4010 score is second best to Judy Rejebian.

Her progress in other events:

year age 100 220	Hurdles	Long Jump
1968 12 11.9 28.5		$14 - 6\frac{1}{2}$
1969 12-13 11.7 27.5	7.6 (50y)	15- 5
1970 13-14 11.5 26.5	7.2 (50y)	$17-4\frac{1}{2}$
1971 14-15 11.1 25.8m	10.6(80y)	17-11

RICK BUCKSTAD

The Scotch Plains (New Jersey) Invitational is often the site where young runners have an opportunity to demonstrate their talent and make a name for themselves.

Last year, Mark Zmuda made the headlines as he went on to become one of the best 13 year-olds of all time. This years' revelation is RICK BUCKSTAD, a 14 year-old with a very promising future.

Rick was born on January 3, 1957 and in the spring of '71 was an 8th grader at Herbert Hoover Jr High in Edison, N.J. Running mainly against 9th graders he was undefeated in the mile. He breezed through a 4:35 mile in the Scotch Plains meet, remarkable time for that grade.

Rick already has quite a reputation in the East. Last November, he was the 12-13 RRCA National age-group champ. Also the fact that has beaten Zmuda twice did not pass unnoticed. Rick amply demonstrated his talent when he entered a 3000m Steeplechase for the first time, in a Novice/Senior race, and came out first in the great time of 10:45.0. This time betters the listed national best of 10:48.6 by John Weston, the young California ace.

Art Rostel, Rick's coach and advisor, believes that his potential has hardly been touched and that much will be heard of his young protege. One can be sure of that

CLOSE-UP Profiles

Barrie Williams

A top potential runner could be identified as an athlete who possesses speed, stamina, absolute desire and dedication to the sport, the willingness to sacrifice and the mental attitude to match.

Those are traits seldom achieved by an adult and rarely attempted by a teenager, but BARRIE WILLIAMS from Torrance, California is one youngster who has. Barrie was

born Nov. 9, 1955, in Swansea, so. Wales (Great Britain). There he had been one of the outstanding age-group runners. It didn't take him long to be noticed in this country, especially when he started beating John Weston, who was then one of the finest junior high schoolers in California, if not the nation.

1970 was a satisfying and yet disappointing year for Barrie. Starting with a victory in a Junior H.S. Invitational run against the best in Calif., he con-

tinued with a fantastic 4:27 mile. The world's age 14 best ever was (and still is) 4:24.1 by England's Andy Barnett; and the pressure was on. Trying too hard, pushing against the elusive record every time he entered a race, the strain began to tell and as a freshman at North Torrance H.S. he could not go beyond his sectional semifinals, although much was expected of him that year. He made up for it this year, as he brought home the sectional class "C" 1320 yard crown as everyone expected.

The person most responsible for Barrie's success is undoubtedly his father, a warm and friendly gentleman, who has been his advisor and mentor from the day he began. Bill Pendleton (coach at Morningside HS, Inglewood, Calif) has also been of help. Barrie trains quite intensively 6 days a week, TWICE A DAY, 12 months of the year. His best times at 15 are: 440, 51.0; 880, 2:00.9; Mile, 4:20.8 and one of the best in long distance running.

As a student, he can do no less than he does in athletics - all the way. His favorite and best subject is Math and he intends to pursue a career in Engineering.

His goals are clearly laid out: a sub-4 minute mile and a gold medal in the 1500m in the 1976 Olympics; a cliche you will say. Not for this young man. For Barrie Williams Track is no idle endeavor - its a way of life.

Kathie Lawson

Probably the fastest of an extraordinarily fast group of U.S. girl sprinters this year is a young lady who defies most of the usual notions experts have about sprinters. In contrast to the majority of her competitors who come from large metropolitan areas or warm climates (or both), Kathie Lawson hails from the snows of smallish Keene, New Hampshire.

Being from such a remote and northerly area has its disadvantages for a dash hopeful. For example, the speedy 5-11, 156 pound New Englander was almost unbeatable in the 200 meters during the summer. But she failed to make the U.S. Pan-American Games team, largely because the trials were held in late April when the winter still held its grip on her Keene H.S. track, preventing her from

getting in her usual quota of repeat 330's and 110's.

But during the three years she has been in track competition the gal with the mature, outgoing personality has learned to adjust. Each year she has reached the finals of the National AAU Girls and/or Women's 100 or 220, creating quite a stir each year.

This year Kathie really showed her cool at the Strawberry Festival in late May. Not realizing she was an entrant in the 100 yard dash, Kathie was leisurely limbering up when she was temporarily shocked to hear the announcer call her name. Quickly removing her sweats, she stepped into the starting blocks and proceeded to thrash a field composed of the best sprinters in the U.S.

Later she really got hot. Hot enough to equal the tenth best time <u>ever</u> recorded at 200 meters, by any female of any age. Kathie, who celebrated her 18th birthday on October 4, sped to a 23.1 in a semi-final heat of the National AAU Women's meet on July 9 at Bakersfield. In the final she lost only to Olympic medallist, Australian Raelene Boyle and might have done better except for drawing the treacherous inside lane.

Consider her three year record of improvement. In 1969, starting for her high school team, she ran 24.6 & long jumped $18-6\frac{1}{2}$. Last year she improved the 220 to 23.9 and added a 10.9 100 yards. This year, in addition to her blazing 200, she ran a 10.5 in winning the AAU Girls 100. She credits her rapid improvement to her Liberty A.C. coach Jeff Johnson, as well as her school coach Jack Mays, her parents and friends.

Kathie, who likes any sport and hopes to become a gym teacher, trains 9 months of the year - 6 days per week. She prefers the 100 and dislikes the mental preparation necessary for races. But traveling and meeting people help make up for the disadvantages. If her past record is any indication, she promises to get in a lot of traveling and meeting in the next few years.
