Save energy now.

Our energy resources are not as abundant as we once believed. And we waste a shameful amount of it... in our homes, on the road, at our jobs. Unless we start using our energy wisely, right now, our children and their children may have to pay a heavy price for our thoughtlessness. So let's work together to make the most of our energy supply. Join other concerned Americans in the Alliance to Save Energy. Send for a free booklet called "How to Save Money by Saving Energy." The listing of team personnel as regards home staters, out of staters and foreigners in the last two issues brought about much interest and talk. Therefore, we have dug into a few more institutions and have emerged with the following chart on some of the 1981 college teams. Listed in the chart are the institution, the state in which the school is located, the size of the squad, the number of athletes from the home state, the number of athletes from other states and the number of other states, the number of foreign athletes and the number of foreign countries from which these athletes come and last the names of the countries which have supplied performers for the institution.

So who are the good guys and who are the bad guys? Using statistics, it is possible to prove almost anything, but 'tis easy to see California gets the gold star with all 31 squad members coming from the sunny clime. And Georgetown, with no members from its home state, therefore must be the bad guy. But it's a little difficult to secure too many recruits from Washington, DC! The team with the most out of state recruits? That's the Air Force with 36 people from 21 different states. Of course they don't have any foreign athletes! Others with a majority of out-of staters: Arizona State and surprisingly Idaho State, both with 23 from out of state - and BYU with 21. Who has athletes from the most foreign

countries and who has the most foreign athletes? Surprise, it's that nice smiling coach from Oregon, Tom Heinonen with eight foreigners from seven foreign countries. Washington State has five foreigners, but they all come from just over the border in Canada. We do not have information from UCLA, Kentucky, Oklahoma or Nebraska, but perhaps they would like to forward that information to us. Whatever you might want to prove, you probably can do it from the above chart. Look at the difference in personnel at the two Kansas institutions. And Utah State only has TWO people from Utah, and on and on. Interesting.

Peg Neppel, former distancer, is suffering from cancer and has undergone a couple of operations. Typically, however, she is back on the track running . . . Debbie Vetter has a new home in Arizona and will resume her running under Chris Murray . . . Big scoop of two months ago was the marriage of Keri Goswiller. Now we understand that is being undone by the courts . . . When Prince Charles marries Lady Diane and becomes King, will they be known as "The King and Di"? . . . Julie Gallop runs for Montana State and Kathy Trotter goes for George Mason University . . . Who is the best "complete" weight person this year?

That honor goes to Kentucky's Cindy Crapper who totals 373'6 with marks of 49'6 (shot), 164'10 (discus) and 159'2 (javelin). Other good ones are Stanford's Mary Osborne at 360'103/4 (42'93/4-159'7-135'5) and Western Kentucky's Victoria Gay at 340'111/4 (42'91/4-165'5-132'9). Houston's Dana Olson has a total of 339'10 with only TWO events (disc and javelin). All she needs to move to the top is a put of 33'9 in the shot . . . We shudder when we receive results from the south for they have no mercy on writers as their meets are held in Williamsburg, Charlottesville, Gainesville, Louisville, Fayetteville - names that take time to write. Too

bad all meets aren't in LA or SF or NY.

The three top 1981 prep distancers have made their collegiate decisions. The Welch twins, Lisa and Lesley, will go to Virginia, suh, while Ceci Hopp travels to Stanford for the next school year . . . Kelly Cathie runs for Oklahoma and Kathy Kelly does the same for St. Cloud . . . Can anyone match the power of the

Ashford Best at Pepsi

Los Angeles, California, May 10 -Suppose you were in charge of a big international meet and you advertised that Alice Brown and Sherri Howard and Brenda Calhoun and Deby LaPlante and Florence Griffith and Denean Howard and Oralee Fowler and Deann Gutowski would be on hand to take part. And a big 4x400 relay race to climax the meet featuring UCLA, Tennessee and the Los Angeles Mercurettes. And then none of them showed up. That would ruin your track meet. Right? Wrong! It didn't bother Al Franken, major-domo of the UCLA/Pepsi Invitational one bit. The worst thing that happened during the 90° spring day in southern California was the failure of the 30 foot Pepsi balloon to stay

As has been the case in this meet for the past years, every event was packed with top flight, first class competitors and every event provided the ten thousand fans with thrills. It's actually impossible to list any event or any athlete as THE top performer although Evelyn Ashford did manage two victories and two world best performances, but even swift Evelyn didn't have everything going her way all the time, and so we shall simply discuss the events as they appeared before the public:

JAVELIN:

America's top spear throwers over the past half-decade led the entries and they finished 1-2-3. Karin Smith opened with a foul, then threw 208'9, 211'5, foul, 204'10 and pass. Smith's mark was a new Collegiate record breaking the old mark set by Kate Schmidt. Schmidt opened at 189'11, fouled, then produced her two best throws of the year at 60.98 and 61.00 meters, both of which translate to 200'1. Sherry Calvert picked up the bronze medal with a toss of 166'11 and is evidently on her way back after a bit of surgery. Meanwhile, three more of the entries were battling for the next spots and all three are top ranked collegians. Fourth place ended up in the possession of the 1980 AIAW champ, Jacque Nelson of UCLA, who edged 1980 Olympic team member Mary Osborne of Stanford by five inches. Sixth was UCLA's multiweight person Susie Ray, less than two feet behind.

RESULTS: 1—Karin Smith (CP/SLO) 211'5 (Collegiate record). 2—Kate Schmidt (PCC) 200'1, 3—Sherry Calvert (Un) 166'11,4—Jacque Nelson (UCLA) 160'8,5—Mary Osborne (Stanford) 160'3,6—Susie Ray (UCLA) 158'4, 7—Debbie Dibb (Vit.Plus) 150'0.

200 Winner Taylor

100m HURDLES:

They gathered three top performers for this confrontation: Candy Young, Stephanie Hightower and Benita Fitzgerald. Then they threw in Shaklee's Jackie Washington running her first race of the year, Maureen McGee who had won the Southern California Invitational the night before with a lifetime best of 13.69, and filled out the field with Renee Felton, best junior college hurdler in southern California, Lori Smith, a fine heptathlete prospect from Cal State Long Beach, Missy Jerald of UCLA and Oregon's undefeated Lexie Miller. Miller is no longer undefeated. Young, Hightower and Fitzgerald were in front over the first four barriers and then Fitzgerald began to slowly pull away and Hightower began to fall back. Washington came on strong over the last three hurdles but couldn't catch the former Ohio State ace as Fitzgerald broke the tape in 13.22, fastest time in the US to

date. It was reported Fitzgerald hit seven hurdles during the course of the race.

RESULTS: (0.5) 1—Benita Fitzgerald (Tennessee) 13.22, 2—Candy Young (Farleigh Dickinson) 13.32, 3—Stephanie Hightower (Ohio State TC) 13.50, 4—Jackie Washington (STC) 13.58, 5—Maureen McGee (LAM) 13.93, 6—Lori Smith (LAM) 14.01, 7—Renee Felton (SMCC) 14.07, 8—Lexie Miller (Oregon) 14.08, 9—Missy Gerald (UCLA) 14.0ht.

100 METERS:

A field of world class sprinters toed the mark in the 100 meters. Evelyn Ashford was out for her first run of the outdoor season, Canada's Angella Taylor was a top surprise in Europe last summer and is running better than ever, Jackie Pusey of Jamaica and Jennifer Innis, also of Jamaica, both attending Cal State LA, have been in the top echelons for several seasons, Jodi Anderson was a member of the 1980 sprint relay team for the (un)Olympic team and Jeanette Bolden set an American record over 60 meters during the indoor season. For once the California starter was holding the runners a bit and Innis zoomed to a false start. Second time around, they were off well and Bolden shot to the front. At about the 30 meter mark Ashford caught Bolden and they ran stride for stride for 50 meters where Ashford pulled away to win in the fastest time in the world to date, 10.99. Bolden improved her own best time to 11.18, both leaving Taylor a good distance to the rear in spite of her 11.31 clocking. Pusey, Innis and Anderson were next in line and the wind gauge read 0.0.

RESULTS: Evelyn Ashford (Med. TC) 10.99 (7th best performance of all time), 2—Jeanette Bolden (UCLA) 11.18, 3—Angella Taylor (Canada) 11.31, 4—Jackie Pusey (LATC) 11.48, 5—Jennifer Innis (LATC) 11.87, 6—Jodi Anderson (LATC) 11.87, 7—Pam Marshall (Coast Ath) 11.88, 8—Ada Hay (SMCC) 11.97, 9—Kjm Robinson (USC) nt.

HIGH JUMP:

Nine competitors began the competition and six were still jumping with the bar at six feet. Coleen Reinstra, TAC and AIAW champion last year, tangled with veteran Louise Ritter and ended up worse for wear. Ritter won it with a fine jump of 6'3½ with Reinstra ending up in a tie for fifth with Nebraska's Sharon Burrill. Pam Spencer and Paula Girven were both over 6'2½ and Sue McNeal looked very good at six feet but not so hot at 6'1

RESULTS: 1—Louise Ritter (TWU) 6'3½, 2—Pam Spencer (LATC) 6'2½, 3—Paula Girven (Un) 6'2½, 4— Sue McNeal (CP/SLO) 6'0, 5—(tie) Coleen Rienstra (Arizona State) and Sharon Burrill (Nebraska) 5'10¾, 7—Tonya Alston (UCLA) 5'9¾, 8—Kari Gosswiller (Shaklee TC) 5'9¾, 9—Patsy Walker (Houston) 5'8½.

200 METERS:

Probably the weakest field of any event in the competition, the 200 nevertheless brought together two of the world's best in Angella Taylor and Jackie Pusey. Taylor ran the curve well and led as the field entered the straight. Pusey made a move over the next 70 meters and closed the gap but that was all she wrote and Taylor moved away to win handily. The time was not sensational, but 22.93 was good enough for a new meet record, breaking Evelyn Ashford's old mark.

RESULTS: (0.9), 1—Angella Taylor (Canada) 22.93, 2— Jackie Pusey (LATC) 22.86, 3—Pam Marshall (Coast Ath) 23.97, 4—LaTanya Dawkins (LAM) 24.04*, 5— Jennifer Innis (LATC) 24.14*, 6—Michelle Glover (Willingboro TC) 24.34*, 7—Kim Robinson (USC) 24.44*, 8—Gwen Loud (LAM) nt.

SHOT PUT

Weakest of the field events, the shot, nevertheless, produced a fine throw by heptathlete Jane Frederick who won at 51'8'4, her best of the year. Big interest centered on Natalie Kaaiawahia, the high school sophomore who had recently set a new prep mark at 50'10. This was Natalie's first competition with the "big girls" and she held up quite well, thank you, finishing fourth with a toss of 48'9.

RESULTS: 1—Jane Frederick (Ath.West) 51'8¹/₄, 2—Lorna Griffin (Holiday Spa TC) 50'4¹/₄, 3—Suzie Ray (UCLA) 48'10¹/₄, 4—Natalie Kaaiawahia (Fullerton HS) 48'9, 5—Ramona Pagel (CSLB) 48'8¹/₅, 6—Heidi Kauti (UCLA) 48'0, 7—Annie McElroy (CSLB) 47'0.

400 METERS:

The two Howards, Oralee Fowler and Deann Gutowski were scheduled to run the 400 against Ashford, but all opted to pass. Tennessee's Cathy Rattray gave chase for about half of the race, then gave up the ghost as Ashford was on her own to win in 51.80, yet another meet record and US best for 1981. Arlise Emerson almost caught Rattray at the tape and both were clocked in 53.42.

RESULTS: 1—Evelyn Ashford (Medalist TC) 51.80, 2— Cathy Rattray (Tennessee) 53.42, 3—Arlise Emerson (UCLA) 53.42, 4—Kelia Bolton (Stanford TC) 53.92, 5— Lorna Forde (Atoms TC) 53.95, 6—Cindy Cumbess (UCLA) 54.68.

800 METERS:

Nine good runners in this two lap run and all but one produced a season best. The one who didn't was winner Robin Campbell who bided her time over the first 400, moved into position during the third 200 and calmly pulled away over the final 100 to win comfortably over Delisa Walton. Walton led the pack through a 28.5 first 200 with Campbell back in fifth. Walton led at the 400 in 61.3 — Campbell now fourth. At the 600 it was still Walton in 1:32.9 with high schooler Kim Gallagher a half step back — and Campbell third. Lee Ballenger, running

one of her smartest races, closed fast for fourth just one-one/hundredth in front of Brenda Peterson. The first seven finishers were under 2:06.4.

RESULTS: 1—Robin Campbell (Stanford TC) 2:03.02, 2—Delissa Walton (Tennessee) 2:03.61, 3—Kim Gallagher (Penn.HS) 2:04.41, 4—Lee Ballenger (Ath.West) 2:05.45, 5—Brenda Peterson (LAM) 2:05.46, 6—Joetta Clark (Tennessee) 2:05.85, 7—Essie Kelly (Ath.West) 2:06.34, 8—Regina Jacobs (LATC) nt, 9—Michelle Bonds (CSLB) nt.

ONE MILE:

Before the race began we remarked "EVERYONE is here". About true. Almost anyone who is anyone in miling in the USA was at the starting line. Larrieu, Webb, Goen, Merrill, Warren, Bremser, Keyes, Hansen, Bush, Monica Joyce and high schooler Vicki Cook. Laurel Miller, a very poor rabbit, led a closely bunched pack at 200 meters in 32 seconds but Larrieu was in front at the 400 in 66.6 followed by Miller and Joyce (66.8), Bush (66.9) and Merrill. Larrieu and Joyce were in front at the end of lap two in 2:15.4 but Larrieu lasted only another half lap and dropped out of contention. Coming on strong was Maggie Keyes who took over at the end of the third lap in 3:24.9 with Joyce on her shoulder and Merrill and Webb just a step behind. Warren was in fifth but began to move over the next 200 and soon took over the lead. Warren had 15 yards as they entered the home straight and maintained her lead through the finish. Warren's time of 4:30.36 was a new collegiate record. Moving very fast over the last lap was Arizona's Joan Hansen who also finished under the old mark in fourth position, just behind Brenda Webb who also sped a swift final 400. Monica Joyce, fifth, also was under the old college mark set by Larrieu some eons past. Warren's winning time puts her #5 on the US All-Time List and #14 on the World List, Vicki Cook, back in 11th managed to clock 4:43.0, second fastest ever by a high schooler. Warren continues to show not only great conditioning and ability, but apparently has picked up sound knowledge of tactics and strategy. She will be a threat whenever and whatever she runs and as a college sophomore that's quite a few more years.

RESULTS: 1—Leann Warren (Oregon) 4:40.36 (#5US/#14W), 2—Jan Merrill (AGAA) 4:31.69, 3—Brenda Webb (Ath. West) 4:32.27 (#8US/#20W), 4—Joan Hansen (Arizona) 4:32.61 (#9US/#21W), 5—Monica Joyce (SDS) 4:32.82 (#22W), 6—Maggie Keyes (Ath.West) 4:33.12 (#10US/#24W), 7—Cindy Bremser (Wis Un) 4:35.47, 8—Michele Bush (UCLA) 4:36.7, 9—Francie Larrieu (PCC) 4:40.5, 10—Linda Goen (UCLA) 4:41.8, 11—Vicki Cook (CAHS) 4:43.0 (#23US), 12—Sheila Ralston (UCLA) 4:45.6.

Walnut, California, April 23/26 - Meg Ritchie stole the thunder at the 22nd Annual Mt. San Antonio College Relays when she lofted the discus 221'5, best throw ever by a non-communist athlete. Ritchie's mark moves her to #10 on the All-Time World List. The next best throw by a non-communist athlete is the 213'1 mark made by West Germany's Lisel Westermann back in 1972. Westermann is #29 on the World List. Arizona State's Ria Stalman set a new Dutch record in second place as she threw 204'6. The discus, unfortunately staged after all running events had finished and before a crowd of about only 200, was probably the top event of the competition. A mark of 170 feet netted you zilch — good for only sixth place.

Other good results were turned in by the UCLA 4x200 team, Canada's sprinter Angela Taylor and by Coleen Reinstra and Karin Smith in the high jump and shot. Taylor won both sprints over average fields, Reinstra cleared 6'23/4 and had a couple of good tries at 6'5 just knocking the bar off with her heels on her final attempt, and Smith had a great javelin series with five throws over 200 feet and a new collegiate mark of 210'10. The wind, which swirled throughout the three days, gave problems as it aided runners in one race and was against them in the next race. Long jumpers hopped into the breezes both days although using different pits which faced opposite direc-

Jane Frederick won a good heptathlon and scored 6166 in her first-ever try at the new event. Some questions have arisen as to if this mark will be accepted as an American record. Frederick's shot was weighed before the competition but not after the event and this is regarded by some as a reason for non-validating the performance although the rules do not require the implement to be weighed twice. The real hangup came in the 800 meters when the accutrack official disappeared and all 800 marks were handtimed, thus making the event a "hybred". Regardless, the score was excellent and surely Ms Frederick will improve on it before the year is finished. The mark

MEG RITCHIE

betters the previous world best of 6144 set by Russia's Yekaterina Gordiyenko earlier this year. There were other good heptathlon marks also. UCLA's Jackie Joyner, finally getting the basketball kinks out of her system, scored 5470 and five others were over 5000 — a total of three from UCLA included. 100th Annual Drake Relays

Des Moines, Iowa, April 24/25 — The Centennial edition of the Annual Drake

Relays was spiced by some outstanding performances from the women competitors. Once again it was Nebraska's Merlene Ottey who stole the limelight with a wind-aided 11.18 win in the 100 and a speedy anchor on the winning 4x100 relay. Ottey also ran on the sprint medley team which ran 1:40.78 in winning its heat, but was disqualified for a bad pass in the final. Kentucky's Cindy Crapper was a double winner in the discus and javelin and also picked up a bronze in the shot. Wisconsin turned in the best time in the US to date when they won the 4x800 in 8:35.67, a 2:08.92 average. And Nebraska was not far behind in 8:36.61, third best to date.

Prairie View won a fast 4x400 in 3:36.55 over the LA Mercurettes (3:39.40). The Los Angeles team ran 3:37.48 in the prelims, but dropped off in the final. UCLA Wins

San Diego, California, May 2/3 — Although they were given some difficult moments, UCLA saw their "Impossible Team" come through to win the West

RESULTS - RESULTS - RESULTS (continued)

Coast Athletic Association title over a stubborn University of Arizona team in a meet replete with fine performances. The Uclans won it with 176 points to 137 for Arizona, 119 for Arizona State, 103 for a surprising San Diego State squad, 51 for USC, 27 for Cal State Long Beach and 3 for Cal State Fullerton.

The Bruins won nine events, including three of the four relays and rolled up points as they went 1-2 in the 100 and 400 and 1-3-5 in the 200. The meet marked the debut for 1981 of Sherri Howard, the TAC and OT 400 champ last year. Howard confined her activities to two relay legs.

There were surprises, biggest of which was the victory by San Diego's Patty Stafford in the high jump over AIAW and TAC champ Coleen Reinstra. Stafford won the title with a jump of 5'11, a height which is usually reserved for practice by Reinstra. Other upsets included the win in the 1500 by San Diego's Monica Joyce over UCLA's Linda Goen and Arizona's Joan Hansen and Susie Ray's win in the javelin over AIAW champ and teammate Jacque Nelson. Nelson wound up in third spot finishing behind Arizona's Linda Mayhew in addition to Ray.

Arizona came up with five victories, two, of course, by Meg Ritchie in the shot and discus. The Tucson crew came through with the biggest display of power of the meet when their 400m hurdlers swept the first three places, all three being under 60 seconds and winner Robin Marks recording the year's best at 57.24.

Tonya Alston (UCLA) had a good heptathlon win with 5595 including a 45'734 toss of the shot, 5'11 in the high jump and 14.26 for the hurdles.

The Bruins, in spite of winning three of five events on the first day found themselves trailing Arizona 40-37, but the depth of the LA crew made the difference on day two.

Oregon Shows No Mercy

Eugene, Oregon, April 25 — The University of Oregon added California to its list of dual meet victims as it crushed the visiting Bears 93-27. California won

the two sprints with Kim White and the high jump — everything else went to the home team. Cal could have won the 4x100 but they failed to enter a team. Oregon ran a solo 47.3 but was disqualified.

Lexie Miller scored another triple for Oregon as she won her favorite events and set new school marks in the long jump (19'9½) and 400 hurdles (59.9). Miller also won the 100 hurdles in a swift 13.7 but the race was wind-aided. Other good marks were turned in by Eryn Forbes in the 5000 and Leann Warren in the 1500.

Hayward Keeps Rolling

Arcata, California, April 25 — Cal State Hayward, host for the AIAW Division III Championships, easily trounced Southern Oregon, San Francisco State and Humboldt State in a four-way affair on the Lumberjack track. Hayward, one of the favorites for the National title, scored 218 points in spite of shifting people around to strange events.

RESULTS: 5000, Robinson (CSH) 17:49.0; 4x100, San Francisco State 48.0; 1500, Moran (CSH) 4:41.7; 400, Banks (CSH) 56.0; DT, Ford (CSH) 144'9; 100/200, Bell (SF) 12.1/24.7; 3000, Hester (CSH) 10:02.3. Scores, CSH 218. S.Ore. 116, SF St. 103, Humboldt 73.

Hayward, California, May 2 — Cal State Hayward wound up their pre-championship schedule with a win over Chico State, San Francisco State and Cal State Sonoma. Best mark of the meet was the 47'734 by Chico's Cathy Lisle in the shot. Scores: CS Hayward 85, Chico State 59, San Francisco State 38, Cal State Sonoma

Kansas State Invitational

Manhattan, Kansas, May 2 — Kansas State University hosted and won the K-State Invitational. Eight schools took part in the meet which saw some fine performances. Best mark was turned in by Nebraska's Nancy Kindig who amassed 5566 points to win a tough heptathlon. Oklahoma's Renee Nichols gave Kindig a real battle for top honors,

but fell off badly in the javelin with a throw of only 97'1 to 130'6 by Kindig. Nichols ended with 5233 points.

Other good marks were turned in in the sprints, hurdles and long jump, but unfotunately all were wind-aided. Halcyon McKnight, Kansas, jumped a windy 20'11³/₄ in the long jump and New Mexico's Amanda Fields and Michelle Matthias had fine sprint times of 11.3 and 23.4 which were negated by the breezes. Pam Page, competing unattached, had a swift 13.5 for the 100 hurdles and that mark, too, was washed aside by wind.

Best results came in the sprints and long jump with the top mark reserved for Phyllis Blunston who was over 6'0 to win the high jump.

Florida State Sharp

Gainesville, Florida, May 1 — Florida State flexed its muscles in preparation for the AIAW National Championships as it overpowered Florida University in a non-scoring affair. Brightest light in the Florida State stable went to freshman Margaret Coomber who indicated she is back in running shape after an injury layoff. Coomber won the 1500 in a good 4:23.0 to finally make the qualifying time. Another plus for the Lady Seminoles was Esmeralda Garcia's 11.5 win in the century. Garcia still has difficulties in the long jump, an event which she leads the

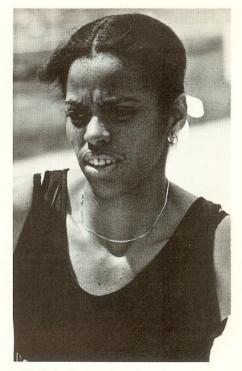

nation at 21'6, as she jumped only $19'1\frac{1}{2}$ for second place.

Ralph Higgins Invitational

Stillwater, Oklahoma, May 2 — Not much excitement at the First Annual Ralph Higgins Invitational. For the most part, results were mediocre at best, providing excellent opportunities to set new meet records at the Second Annual Ralph Higgins Invitational in 1982.

Utah State Wins

Logan, Utah, May 2 — Utah State University trounced a field of three to win a quadrangular affair in chilly weather. The Aggies tallied 174 points to 118 for Brigham Young, 92 for Montana State and 57 for Weber State.

Top mark of the competition was turned in by former BYU hurdler Linda Bourne, competing unattached. Bourne took advantage of a 4.2mph aiding wind, just under the allowable, to cop the 100m hurdles in a hand timed 13.4. Bourne also won the 100 in 11.8 with no wind.

Texas AIAW

Houston, Texas, May 1/2 — The University of Texas and Texas Women's University each won six events at the Lone Star State's AIAW Championships, but the Longhorn depth paid off handsomely and they won the team title with 173 points. TWU didn't even grab

second as host Houston came up with 132 points in spite of winning only three events to $123\frac{1}{2}$ for the Denton crew.

Three double winners caused eyebrows to lift. Lamar's Midde Hamrin showed she is ready to challenge the distance power of North Carolina State as she whizzed through the 5000 in 16:28.3 and the 10k in 33:37.6. Ileana Hocking, North Texas State, took the 800 in 2:10.66 and the 1500 in 4:28.25. The big breakthrough came from TWU's Dorothy Scott who moved into the national picture with a win in the long jump at 21'6 and another victory in the 200 in 23.47.

There were many other good performances including a 6'3 victory by Louise Ritter (TWU) in the high jump and teammate Karen Holmes win in the hurdles in 13.4. To strengthen their bid for a high place at the nationals, TWU ran the 4x100 in a very fast 44.95.

Arizona State 68

Tuscon, Arizon, May 9 — Using the international dual meet scoring system, the University of Arizona defeated Arizona State 87-68 in their annual duel in desert land. The victors came up with three double winners. Meg Ritchie won the shot and discus as expected, Joan Hansen annexed the 800 and 3000 and hurdler Robin Marks surprised with wins in the 200 and 400 dashes. There were some outstanding marks. Imagine throwing the shot 52′5¼ and the discus 195′10 and getting beat in a dual meet! that was the fate of ASU's Ria Stalman.

Southern California Invitational

Irvine, California, May 9 - The Los Angeles Track Club edged the newly formed Vitamin-Plus Track Club of San Diego as UC Irvine staged its annual invitational. The meet, originally planned several years ago as the southern California collegiate championship, saw only a few of the local colleges taking part. Some fine marks were recorded including the 58.82 flight of 400m hurdles by Marlene Harmon and a 180'0 discus toss by South Africa's Mariette VanHeerden. Two "old timers" also returned to action. Veteran 400m hurdler Michelle Hopper emerged as a 1500 meter threat as she won that event in 4:33.4, and four-time Olympian Martha Watson hopped 18'3 in the long jump for fifth place.

4x440 RELAY:

This was supposed to be a great race with Tennessee, UCLA, Oregon and the LA Mercurettes along with the Stanford Track Club, but everyone pulled out except Oregon and the Stanford TC. The LATC picked up a team and proceeded to walk away with the race in the good time of 3:35.12, some four seconds in front of the Palo Alto Club. Oregon, which has the same personnel as last year but which is not running the same, finished third.

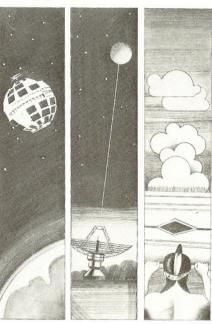

RESULTS: 1—LATC (Myers 53.8-Bryant 54.2-Rich 54.4-Pusey 52.8) 3:35.12, 2—Stanford TC 3:39.36, 3—Oregon 3:39.44, 4—San Diego State 3:49.96.

We can't afford to run out of ideas.

Our colleges and universities—our most vital source of new ideas—are in deep financial trouble. If they can't get the money they need to do their job right, we may all be back to smoke signals again before we realize it.

Make America smarter.

IS EXERCISE DOING YOUR HEART ANY GOOD? PROBABLY NOT.

Most people don't know how to exercise. Many doctors believe accurate monitoring of pulse and recovery time is the best way to measure your efforts.

But if you've ever tried to use a pulse meter, you know this is easier said than done. No pulse meter on the market has been able to give you accurate readings conveniently while you exercise.

The crystal breakthrough

The trouble with most pulse meters is that they use an older, tempermental monitoring process. They read blood density through your skin with a projection of infrared light. The slightest movement, light, or pressure can throw them off completely.

The Genesis Exercise Computer overcomes this problem for the first time. It uses a patented crystal which picks up the actual sound waves of your pulse. Much more precise, and movement or light don't interfere.

It's the first truly accurate pulse meter you can conveniently wear while you exercise.

Readings on the run

Strap the compact, 3-ounce Genesis Exercise Computer to your wrist. Program it easily with your minimum, maximum, and resting pulse rates. And go.

Not only will Genesis give you an on-the-mark pulse reading at any second. It'll tell you if you're over or under your preset maximum or minimum.

90% of other pulse monitors force you to stop while taking readings, because movement upsets the computation. Genesis is unique in that it works while you move.

Why is this important? Two reasons. The first has to do with exercise. To strengthen your heart, doctors recommend 20-30 minutes of continuous exercise at 70% to 85% of

your maximum heart rate. This is your "training zone." The Genesis computer tells you how many minutes you've exercised at the right pulse rate and warns you if you're not working hard enough.

The other reason has to do with life itself. The Genesis computer will give an audible warning if you're pushing your heart dangerously. While you exercise—or during a stressful day at the office. If your doctor has warned you about your heart rate, you know right away if things are getting out of hand.

Medical chip

A medically designed microprocessor chip inside the Genesis Exercise Computer makes it smarter

Exercise Compute than any other pulse meter. This is why it does much more than units costing 2-3 times as much. Genesis takes your pulse; lets you program your exercise zone simply and quickly; measures

quickly; measures picks up every beartbeat vour cardiac re-

covery time, another key to fitness; paces you with a built-in metronome, if you like; and even tells time, in hours and seconds.

Reading your pulse properly isn't as simple as it might seem, because everyone's pulse is erratic. Your heart might have 5 fast beats, followed by 2 slow ones, 1 fast one, 4 slow ones, and so on.

The medical chip and patented Genesis sensor take this into account. Other less expensive devices "hold" an average of beats over a period of time (such as 20 seconds), which often gives distortedly high or low readings. Who wants to know what their pulse was 20

seconds ago? Instead, Genesis picks up every single beat of your heart and makes the computations instantly.

Program your pulse

Imagine having a direct line to your heart. That's exactly what the Genesis Exercise Computer gives you. It's an important tool for the serious exerciser, the cardiac patient, or anyone who wants to monitor the key indicator of health, fitness, and longevity.

Just program the Genesis Computer to tell you exactly what you need to know about your pulse rate. It's as simple as a digital watch, if not simpler.

Want an idea of how exact it is? In a recent comparison with clinical EKG equipment, it was rated at 94% accuracy that even amazes doctors. Pretty incredible for a device you wear on your wrist.

Only \$159.95, 30 days free.

Units on the market costing \$350 to \$800 don't do nearly as much as the Genesis Exercise Computer. Plus they're awkward to use, and less accurate.

Which makes the low price of Genesis even more amazing. It's only \$159.95. Plus \$2.50 postage and handling.

Better yet, you can try it for 30 days absolutely free. If you're not satisfied, mail it back for a refund, no questions asked. Genesis is factory warranteed for one year.

BEFORE INTRODUCING THE ZOOM, WE RAN A FEW TESTS.

They looked good on paper. And even better in the lab. These new spikes were definitely the lightest prototypes we'd ever put together—by about 90 grams.

What made that important was the old physiologist's rule-of-foot: for every 100 grams you knock off a pair of shoes, you also cut energy costs by about one percent.

It appeared we'd come up with the fastest Nikes ever.

But that wasn't the only good news. For all the weight loss, these prototypes showed no loss in cushioning. None.

That really got us going. Because our own studies showed that comfort can also save runners energy.

So we went even further. Introduced the Variable Width Lacing SystemTM, for a nice, snug fit, especially through the arch. And redesigned the spike plate. So during the weight-bearing phase, the spikes would bite the dirt. Not the foot. We developed models for sprints, distance and indoor.

Then the heavy research began. We put them on international tour. And from the Pan American Games, to the Olympic Trials, to Moscow itself, these spikes began rewriting the record books. Taking more

than their share of victory laps.

That started a lot of people talking.
But nobody, nowhere used their

proper name: Prototype #45711 TF. All they could say

All they could say was Zoom.
Sounded good to us.
