Gerry Swan, editor of B.C. Track Monthly of Canada, has an editorial in the April/May issue of his magazine which could be read and digested by many of us in the United States. In part, here is Swan's comment:

"To be a successful coach usually means that a number of things must be present. There must be talented athletes to coach. There must be facilities and competition available. And there must be a willingness by the coach to keep himself abreast of what is happening in the sport. Beyond this, the successful coach is usually one who is willing to take guidance from others in areas in which he may be somewhat lacking....."

"It still amazes me that there are coaches - who for one reason or another have under their charge fairly talented athletes - who feel they can afford not only to work in isolation with an athlete, but in so doing teach inferior technique. Why they do not seek out a better way of doing things is probably due to their own insecurity or to a complete lack of common sense. Our sport is not overly rich in young athletes that have talent, and when a coach is lucky enough to have some of these youngsters under his guidance he should do all in his power to make sure they are receiving the best advice possible. In the end, if this is not done, not only is the athlete less successful than she should be - and most

likely lost to the sport through discouragement - but the coach himself is a loser as well as he has failed to be honest with himself, his athlete, or his sport."

But Gerry Swan had more words of wisdom in yet another portion of the same issue:

"On thumbing through the latest issue of Track & Field News, I was struck with the tremendous improvement of US women in track and field. A lot of it has to do with their revamped high school and collegiate athletic programs where women now compete on an equal footing running-wise with the men. For whatever reason, the improvement is there, and not only are our southern neighbors rich in sprinters, but I counted approximately 20 names of girls who had run the 1500 meters under 4:28 - and this was only on April 30.

"Doug Clement has always been worried about the time when US women will get organized in track and field. Their superior collegiate sports program and their better facilities and large population are surging them far ahead of us."

These words and thoughts by our neighbors in Canada came to my mind as I watched the USA-USSR meet at Berkeley and especially so during the running of the 4x400 relay where our women came through with outstanding performances. My God, what raw, natural talent we do have here in the United States! There is no doubt we have the greatest collection of raw talent of any nation in the world. Why do we seemingly miss the boat? We are finally getting our women to remain in the sport longer - only one American was a teenager on our team against the Soviets. Seemingly, girls are "afraid" of the weights - you could visibly see the muscle definitions when the Russians removed their warmups. Too many female athletes who have talent manage to "get by" on the talent alone and do not work on technique. We have jumpers who appear to be having a spastic attack as soon as they leave the ground, hurdlers who do not pull through with their trail legs and runners who seemingly specialize in overstriding. Arm action on some of our runners at Berkeley was so atrocious it bordered on the pathetic. Our weight events suffer from our social pressures which keep big girls from wanting to become strong. And yet, in spite of our lack of technique, we manage to be among the world's best. So many bad habits are formed as the young athlete begins to compete and the TV announcers who seemingly always manage to get in the statement, "Look at that long stride" haven't helped any. Our coaches are eager and willing, but misinformed in so many instances. And so Canadian Doug Clement has reason to be worried about the time when US women will get organized in track and field. If and when we do, no one will top us. Let's get some good old fashioned patriotism back into the picture and stop being so concerned about how well the club teams do. Our country comes first. We have the talent here to be the best. Now let's BE the best.

The magazine has undergone some small revisions which you may have noticed. Editor Steve Wennerstrom has departed for the greener shores of Knoxville, Tennessee, where he will take over as Sports Information Director for their women's program. His departure has necessitated my assuming the editorship until a capable replacement can be found. In the meantime, we intend to get an issue of WTW to you with such regularity, you will be amazed.

SOVIETS EGDE YANKS 75-71

Berkeley, California, July 7/8:-In the closest competition in the history of the USSR-USA track and field meetings, the Soviet women defeated the USA by seven-tenths of a second here in beautiful Berkeley before some 34000 enthusiastic spectators. The win by the Russian women by seven-tenths of a second in the 4x100 relay was the difference which gave them a 75-71 victory over a fighting bunch of American feminists who refused to be submerged. A win for the Yanks in the 400m relay would have reversed the final places - but it wasn't to be as the USSR group produced some fine performances to just edge the Americans.

Evelyn Ashford started things off with a win in the first event, the 100 meters and the Americans were ahead 6-5, but that was the last time the USA led although they came within one point on two occasions - after the third event, the high jump, at 17-16 and after the eleventh event, the long jump, 59-58. Here's how it went:

100m Dash:-Ashford was off well but Lyudmila Kondratyeva stumbled at the start, an act which cost her second spot to teammate Maslakova but had no bearing on the race. Ashford was a clear winner in a fine 11.22. The presence of one more good sprinter in this and the 200 could have given the

Americans the team win - plus help in the 4x100 relay. The most interesting item of the results of the men's and women's 100's were the statements made to the press by the two winners, Riddick and Ashford. Said Ashford, "The track was really good, really fast". Said Riddick, "The track was too bouncy, I could have run faster but the track was loose". So who do you believe?

1-(0.0), Ashford (USA) 11.22, 2-Lyudmila Maslakova (SU) 11.48, 3-Lyudmila Kondratyeva (SU) 11.49, 4-Karen Hawkins (USA) 11.83. Score, USA 6, USSR 5.

100m Hurdles:-Montreal silver medalist, Tatyana Anisimova, was the heavy favorite, but for a few seconds, it was touch and go as this, the top event of the competition brought together four fine barrier artists. The field was off together, but 25-year old Deby LaPlante, full of fire and brimstone, took the lead and held it for the first few hurdles. The four were tightly bunched all the way, and only toward the end of the race did they visibly separate. Anisimova won with a new American All-Comers record of 12.96, but the win was only two-one-hundredths ahead of teammate Natalya Lebedeva. LaPlante was not far behind as she set a new American citizens record of 13.13 in picking off third place. This is the third time in 1978 the American record has been broken - twice by Van Wolvelaere and once by LaPlante.

1-(+0.3) Tatyana Anisimova (SU) 12.96, 2-Natalya Lebedeva (SU) 12.98, 3-Deby LaPlante (USA) 13.13, 4-Patty Van Wolvelare (USA) 13.19. Score, USSR 13, USA 9.

High Jump:-Consistent Louise Ritter, who has been doing the flop for only a couple of seasons, had little trouble winning her pet event, missing only once until the bar had been placed at a new American Record 6'3/4". The Soviets lost points here as their best jumper, Nadyezhda Marinenko with a mark of 6'2 3/4", was replaced by Nina Zyuskova, a 400 meter runner, who managed only 5'3, (and almost didn't make that height).

1-Louise Ritter (USA) 6'1 3/4", 2-Tatyana Gerasimenko-Astachova (USSR) 6'0 1/2", 3-Pam Spencer (USA) 5'11, 4-Nina Zyuskova (USSR) 5'3. Score, USSR 17, USA 16.

Discus Throw:-The Russians expected eight points in the discus and after the first round, they were assured of them as Gorbacheva threw 207'3 and Veleva 212'8 to ice the digits. Both of the Russians had three fouls, but with the exception of a 198'4 toss by Gorbacheva, all the other throws were beyond the 200 foot mark. Lorna Griffin picked up the third spot with a fairly good American throw of 172 feet.

AMERICAN AND RUSSIAN ATHLETES OF THE MEET - EVELYN ASHFORD (USA) AND TATANYA ANISIMOVA (USSR)

1-Faina Myelnik-Veleva (USSR) 212'8, 2-Natalya Gorbacheva (USSR) 207'3, 3-Lorna Griffin (USA) 172'0, 4-Lynne Winbigler (USA) 166'2 3/4. Score after 4 events: USSR 25, USA 19.

400m Dash:-Russia's Maria Kulchinova was off fast and led the two Americans, Patricia Jackson and Sharon Dabney, by a small margin at the halfway mark in about 25 seconds. By the 300m mark, Jackson had pulled slightly ahead and continued to move away into the tape, winning in 51.15. Dabney labored somewhat over the final 100, but held on for third.

1-Patricia Jackson (USA) 51.15 (300=37.5), 2-Maria Kulchinova (USSR) 51.59, 3-Sharon Dabney (USA) 52.25, 4-Nina Zyuskova (USSR) 52.6 (hand). Score after five events: USSR 29, USA 26.

1500m Run:-Starter Tom Moore, who did a creditable job, committed the first of his distance starting errors in this event as he gave the wrong commands - only the Americans were confused, however, as the Russians didn't know what he was saying anyway. But as is their custom, the Soviet runners took off with definition of purpose and were 1-2 at the 400m mark, Dvirna leading in 63.7. By the 800 mark, Zaitseva had taken command and passed the 'half' mark in a speedy 2:09.5 with Merrill in hot pursuit. Down the back stretch of the third lap, Merrill moved into the lead and held in through the 1000m mark. Merrill's time at 1200m was 3:17.3. Merrill and Zaitseva were even with 200m to go, but the Soviet ace was too strong and pulled away for a five yard win. Debbie Heald stayed with the field the first 800, but dropped back quickly after that.

1-Zamira Zaitseva (USSR) 4:04.8, 2-Jan Merrill (USA) 4:05.4, 3-Olga Dvirna (USSR) 4:10.7, 4-Debbie Heald (USA) 4:18.6. Score after six events: USSR 36, USA 30.

Javelin Throw:-And suddenly, it's Calvert. The USC coach, after cracking the 200 foot barrier at the AAU Championships, did it again today with a mighty heave of 207'11 on the 5th round to score an upset win. Calvert didn't look particularly good during the first four rounds starting with a foul and then throwing 172'11, 179'8 and 177'7. She was trailing Russian Emilia Priyma as she prepared for her fifth effort, but after the wand sunk into the ground 207'11 feet away, she had the lead and kept it. Her last throw was also beyond the 200 foot mark at 202'6 and she is now the number Two javelinist in US history.

The Soviets did suffer a bad break in this event as their best spearwoman, Nadyezhda Yakubovitch with a best of 207'7, reinjured an Achilles while warming up and took only a standing throw of 109'4 for fourth.

1-Sherry Calvert (USA) 207'11, 2-Emilia Priyma (USSR) 186'10 3/4, 3-Lynn Cannon (USA) 173'11, 4-Nadyezhda Yakubovitch (USSR) 109'4. Score after 7 events: USSR 40, USA 37.

4x100m Relay:-Superior handoffs, not superior speed, won the 4x100m relay for the Russians. The Americans had the advantage of the inside lane, but could not get it together losing by seven yards in 43.27.

1-USSR (Vera Anisimova-Lyudmila Maslakova-Lyudmila Kondratyeva, Lyudmila Storozhkova) 43.27, 2-USA (Gail Douglas-Stephanie Brown-Karen Hawkins-Evelyn Ashford) 43.97. Score after eight events and the end of the first day of competition, USSR 45, USA 39.

3000m Run:-Merrill and the two Soviet athletes ran together for the first four laps, passing the mark in 66.5, 2:15.9, 3:26 and 4:39. Ulmasova took over with Merrill on her shoulder in 5:52.5, 7:03 and 8:10. Jan made a move with a lap to go, but Ulmasova wouldn't yield and went on to win in a new personal best of 8:42.6. Cindy Bremser, overstriding all the way, was never in contention.

1-Svetlana Ulmasova (USSR) 8:42.6 (Last 400 in 64.6), 2-Jan Merrill (USA) 8:44.0, 3-Raisa Satretidinova (USSR) 8:55.2, 4-Cindy Bremser (USA) 9:04.8. Score after nine events: USSR 52, USA 43.

200m Dash:-For winning the 100 and this 200, Evelyn Ashford was voted by the press as the outstanding American woman in the meet. Ashford was off fast, had the lead by the end of the bend and never looked back, winning with a fine 22.69. The other places were sorted out by the 150 mark although Elizabeth Young gave the Americans a little shiver midway down the final straight as she made a run at Kondratyeva, and then fell back.

1-Evelyn Ashford (USA) 22.69, 2-Lyudmilla Kondratyeva (USSR) 23.31, 3-Elizabeth Young (USA) 23.69, 4-Vera Anisimova (USSR) 23.86. Score after 10 events: USSR 56, USA 50.

Long Jump:-Jodi Anderson hadn't exactly been setting the long jumping world on fire during her two weeks in Europe, losing, losing and losing and jumping very poorly. Kathy McMillan is known to have step trouble and so this event was a big question mark for the Americans. But the question mark was gone after the first round in spite of a foul by McMillan. The two Russians jumped poorly in their first attempts and Anderson socked it to them with a leap of 21'4" to open the afternoon's festivities. McMillan came back on her second jump with 21'3½" and Soviet record-holder Bardauskens had 21'0" in the third round. The Yanks picked up eight points here to move within one digit of the Russians with only three events remaining.

1-Jodi Anderson (USA) 21'9½", 2-Kathy McMillan (USA) 21'3½", 3-Vilma Bardauskena (USSR) 21'0", 4-Lyudmila Maslakova (USSR) 20'8". Score after 11 events: USSR 59, USA 58.

800m Run:-This was a beautiful race and the Russians, expecting to sweep the shot 1-2 and this race 1-2, had their plans spoiled. As usual, the two Soviets went out hard and passed the 200 marker in 28 seconds, Providokhina took the lead at the 300 mark and led at 58 seconds at 400 and 1:27.5 at 600m with teammate Kovyline not far behind. AAU champ Ruth Caldwell, fell back after the first 400 and was never in contention while Essie Kelly seemed to be satisfied to be in third place, but with a little over 250m to go, someone lit a fire inside the young Kelly and she began to move on Kovyline, catching the Russian and passing her with 120m to go. The Russian answered the challenge and inched ahead of Kelly as they battled down the home straight. In spite of overstriding and in spite of apparently stopping too soon, Kelly turned in a sensational performance to nip the Soviet and take two full seconds off her lifetime best in 2:01.0. Kovyline also was timed in 2:01.0 and also took two seconds off her lifetime best in the most exciting finish of the meet.

1-Tatyana Providokhina (USSR) 1:59.0, 2-Essie Kelly (USA) 2:01.0, 3-Nina Kovyline (USSR) 2:01.0, 4-Ruth Caldwell (USA) 2:05.3. Score after 12 events: USSR 66, USA 62.

Shot Put:-Ho, hum, another eight points for USSR. But not so fast - in 1978, it is not to be. Maren Seidler broke up the Russian 1-2 shot punch which has held in every meeting since the start of competition between the two countries except in 1959 when Earlene Brown slipped in for a second at

51'6½" behind Tamara Press' 55'6½". Although the seven points scored by the Soviets clinched the team victory, Seidler's performance was a real joy and reward for her hard work as she trained in Europe last year.

1-Svetlana Melnikova (USSR) 61'0", 2-Maren Seidler (USA) 59'9", 3-Faina Myelnik-Velleva (USSR) 59'3", 4-Ann Turbyne (USA) 51'10". Score after 13 events: USSR 73, USA 66.

4x400m Relay:-Sharon Dabney, 400m winner in this meet in 1977, was our lead runner, but the expected lead in the relay was not forthcoming as Nina Zyuskova zipped to a 52.7 to Dabney's 53.3 leg and the Soviets were off to a five yard lead after one lap. Kim Thomas lost another four yards to Ingrida Barkane, 53.2 to 52.9 and 800m winner Prorochenko took off with nine yards on 400m winner Patricia Jackson. Jackson gradually made up the space and with a 50.1 leg, gave Essie Kelly a three yard margin over Maria Kulchinova. Slowly Kulchinova ate up the margin and with 200m to go, passed Kelly and entered the straight with a three yard margin. Now it was Kelly's turn and she slowly ate up the space down the home straight and inched by the Soviet to win with a 51.7 lap in 3:28.2, a meet record. It was a great win for the American women and a fitting climax to a gutty two days of competition.

1-USA (Dabney 53.3-Thomas 53.2-Jackson 50.1-Kelly 51.7) 3:28.2, 2-USSR (Zyuskova 52.7-Barkena 52.9-Prorochenko 51.7-Kulchinova 51.6) 3:28.9. Final score: USSR 75, USA 71.

Kaleidoscope:-Tatyana Anisimova was voted the outstanding Russian competitor of the meet for her win in the 100m hurdles, plus a leg on the 4x100 relay and a fourth in the 200 as a last minute substitute.....Interesting personal side-light: Anisimova broke the field record which was set by my wife, Chi Cheng. I also held an Edwards Field record in the hurdles, zipping the 220 lows in 23.2 back in 1934.....Last 400 in the 1500 was run in 64.1.....Shot winner Svetlana Melnikova uses the spin technique - seems better suited for the women athletes as they do not take up as much of the ring as do the men.....Calvert's win in the javelin was the first ever for an American.....The US also has never won the discus or the 1500 or the 3000. How about the shot, you say? We won that event in the first meet in 1958 with Earlene Brown throwing 54'3".....The US competed against the Soviets in the past with very young teams. This year, we give the indication we are keeping our women in the sport longer. Only one member of the team was under 20 - Kim Thomas at 18. Although we are still younger than the Russians, we had 9 team members who were 20, 5 were 21, 3 were 22, 3 were 25, 3 were 27 and 1 was 28. What about the USSR? They had 3 who were 20, one was 22, one was 24, seven were 25, 3 were 26, two were 27, three were 28, and one each at 29, 30 and 33.....Anisimova lost the gold medal at Montreal by one one-hundredth of a second.....

LOOKING OVER YOUR SHOULDER, GENTLEMEN

Women are creeping closer and closer to the men's world records as the years pass. In 1926, the women's world mark for 800 meters was 32.4 seconds back of the men's mark. Now the gap has been closed to only 11.4 seconds in spite of Alberto Juantoreno's 1:43.5 performance. In the 1500, the 1st women's world mark of 4:47.2 back in 1936 was nearly 60 seconds behind the men. Now Kazankina has brought the females within 23.8 seconds of the men even though the men's mark has improved by more than 15 seconds.

FOREIGNERS DOMINATE NATIONAL AAU PENTATHLON

Tempe, Arizona, June 4/5:-Nigerian Modupe Oshikoya from UCLA and Brazilian Themis Zambryzcki from Brigham Young University, took the two top spots at the Annual National AAU Pentathlon Championships, Oshikoya winning it by a mere 27 points at 4379. First American to finish was Cal State Northridge's Jodi Anderson with 4197. Kerry Zwart, LA Naturite, took the Junior title with 3912.

Oshikoya and Zambryzcki staged a ding-dong battle all the way. The two tied in the 100m hurdles at 14 flat, best mark of the competition, but the Brazilian took the lead with her winning toss in the shot at 44'0". Oshikoya was just a bit back at 38'2". They were close once again as the first day ended with Oshikoya hopping over 5'9 in the high jump to 5'7" by the BYU ace.

Modupe won the title with the first event of the second day as she topped all long jumpers with a nifty leap of 21' 4". Jodi Anderson had a good 21'1" while Zambryzcki could only muster 19'5". The 800 was merely academic although both competitors made a good run, Zambryzcki clocking 2:16.4 and Oshikoya 2:17.9.

Zwart won three of the five events in the Junior Division, her 5'5" in the high jump being a personal best. Bothered by an injured ankle practically all season, the high schooler managed a good 43'8" in the shot and leaped 18'3" to top the field in the long jump.

Selected to represent the USA in Donyetsk, USSR, and in Spala Poland, were Judy Fontaine, Denise Cornell, Dana Collins, Patsy Walker and Zwart.

SCHMIDT, FREDERICK & LARRIEU SUSPENDED BY AAU

Los Angeles, California, July 1:-Three of America's top female track and field athletes, along with male high jumper Dwight Stones, were suspended from all competition by the AAU here today. Pentathlon record holder Jane Frederick, distance ace Francie Larrieu and world record holder in the javelin, Kate Schmidt, have been stopped from all further competition.

The dispute was centered on the acceptance of prize money by the athletes from TV's "Superstars". Appeals will be made by the athletes, but the situation has been simmering for a long time, especially with Stones. Stones has been in difficulty with the Southern Pacific Association of the AAU for many moons. The women have not been neglected, however, and several times one or more of the three have been called upon to explain items to the SPAAU's Registration Committee. Evidently the "Superstars" brought the situation to a head and action was finally taken.

The loss of the three women, if permanent, will be a blow to the USA's International competition. The Pan Am Games are coming up next year and the Moscow Olympics are not that far away either.

FREDERICK WINS INTERNATIONAL PENTATHLON; NEW AR 4651

Gotzis, Austria, May 28:-With 5000 spectators cheering them on, a field of outstanding all-arounders made this the best open multi-event meet in the world. American ace Jane Frederick used world class performances in the hurdles and long jump to set a new American record of 4651 as ten performers were over the 4200 mark. Frederick's mark moves her to the number three spot on the all-time world list (with 800).

Frederick powered to the lead at the first hurdle on her way to a 13.36 with Jekaterina Smirnova (USSR) closing fast at the finish for a 13.41 clocking. Liesel Albert (GFR) and Angela Weiss (Switzerland) were also under 14 seconds with times of 13.78 and 13.96 respectively.

As is so often true, the shot put was the undoing of several pentathletes. Annette Tannander (Sweden) with 34'7½ and Weiss with 36'3 never recovered from the sub 660 point score here. Margit Papp (Hungary), who had turned in a 14.00 mark for the hurdles, threw 51'6½ to move into second as Frederick came through on the last round with a toss of 51'1¾.

Nine athletes were over 1.77/5'9¼ or higher and hence scored over 1000 points in the high jump. Frederick was not jumping well, seemingly unable to convert her power to lift and settled for 1.74/5'8¾. Christine Tannander (Sweden) led a group over 1.77, but it was Margit Papp who closed to within 20 points of Frederick with a leap of 5'11. Tannander went on to clear 6'0 as did Diane Jones-Konihowski of Canada.

Frederick hit the board well on her second try in the LJ and gave a popular demonstration of joy with a 6.56/21'6¼ personal best. On the final round, Frederick threw caution to the winds and rode a 2.2mps wind to 6.58/23'7. Immediately after, Ramona Neubert (GDR) sailed 21'6¼ for a personal best.

Frederick had now put the pentathlon out of reach as she was now 215 points ahead of Papp who retained second in spite of never being closer than ½ meter to the board and jumping only 18'7¼. Smirnova, Konihowski and Neubert were all within 30 points of Papp with only one event to go.

Neubert went out very fast, passing 200m under 29 seconds. Neubert held her form well to clock 2:12.9 with Konihowski at 2:17.3 outkicking Albert (2:17.6) with Smirnova (2:20.4), Frederick (2:21.7) and Papp (2:23.6) finishing in that order.

Frederick's time could have been much faster with better pace judgement. Her score of 4651 still adds 26 points to her American record and moves her to third on the all-time list with only Wilms and Tkatchenko ahead of her. Frederick is very powerful and should improve on this score. Neubert moved from 5th to second with her fine 800.

1-Frederick (USA) 4651, 2-Neubert-Gohler (DDR) 4520, 3-Konihowski-Jones (Can) 4480, 4-Smirnova (USSR) 4449, 5-Papp (Hungary) 4413, 6-Albert (GFR) 4363.

KOCH GETS 200 RECORD - 22.06

Erfurth, Germany, May 27/28:-East Germany's Marita Koch took home the world record for 200 meters today with a speedy 22.06 clocking for the eighth of a mile. The aiding wind was 1.22mps and the closest competitor was more than seven-tenths of a second to the rear. As is usually the case, Koch's mark dimmed some other fine performances which included three discus tossers beyond the 200 foot mark, a fine 800 field and a great 1500 in 4:02.55 by East Germany's Bruns.

KOCH DOES IT AGAIN - 22.06

Karl-Marx Stadium, June 3:-In a "one in a million" long shot, Marita Koch, who set a world record for 200m on May 28, equalled the mark exactly at 22.06 here today as she defeated two great sprinters. World record holder for 100m, Gohr-Oelsner was second in 22.79 and Chris Brehmer third in 23.00. Gohr took the 100 in 11.11 over Koch who clocked 11.16. One shudders to think of Koch's 400 time as the season progresses in Europe.

WORLD RECORD FOR RABSZTYN - 12.48

Furth, West Germany, June 10:-Poland's Grazyna Rabsztyn took the world record for 100m hurdles away from East Germany's retired Annelie Ehrhardt in an International meet here today with a sparkling 12.48 performance. Rabsztyn received the assistance of the maximum aiding wind, 1.9mps, as she won by more than five yards over Germany's Kempin. Ehrhardt had held the record at 12.59 since winning the 1972 Olympic title. She was forced into retirement by nagging leg injuries.

Rabsztyn's mark overshadowed some other fine performances. Helena Fibingeronva tossed the shot 71'9 and Irena Szewinska and Austria's Kafer split the 100 and 200 dashes, Szewinska winning the longer sprint. Karin Smith, now training in Europe, was second in the javelin with a throw of 193'3.

DDR DOWNS SOVIETS AND POLES

Berlin, East Germany, June 21/22:-The powerful East Germans, minus some of their stars, still had too much for the visiting Soviets and Poles and took both dual meets 100-57 over the Russians and 106-51 over Poland. The Soviets downed Poland 105-52.

As might be expected, outstanding marks were commonplace as these three powers got together. Of special note was Rabsztyń's win over East Germany's Klier in the 100m hurdles 12.68 to 12.95, Bruns' 4:02.9 in the 1500, Weiss' 1:58.8 in the 800, Akerman's 6'4 1/4 high jump and the discus where 213'6 was only good for fourth.

YANKS SHUT OUT AT "OLYMPIC DAY"

East Berlin, DDR, June 14/15:-The East Germans staged their annual "Olympic Day Festival" in the Sportpark and the result was a zip for USA performers and a super list of performances in every event on the schedule. For the USA, Brenda Morehead had the best showing as she grabbed second behind world-record holder Oelsner-Gohr in the 100. Kathy Weston wound up 9th in a very fast 800, Patty VanWolvelaere likewise was 7th in the 100m hurdles, Jodi Anderson (4th) and Kathy McMillan (7th) were the other Americans in the competition.

Upsets were not uncommon as East Germany's Klier edged new world-record-holder Rabsztyń of Poland in the 100m hurdles and Hommola took the measure of Olympic javelin champion Ruth Fuchs. The 800 was the most competitive race with the "B" section being won in 2:00.47 while the first six in the "A" race were under two minutes.

PREP PROFILE — KAY STORMO

BY J.T. FEY

Maybe it was the change of seasons.

Through the spring of this year, Kay Stormo had been her usual invincible self while leading the Watertown(S.D.) High School girls track team to victory after victory. In the season's climax, the State Class AA Meet in late May, Watertown captured the team championship as Stormo won the mile, anchored three winning relays, and was named the meet's outstanding performer.

At AAU competition the following Saturday, the calm, cool evening of June 3, Kay was clocked in 2:08.6 in the 880. Since she seldom enters the halfmile(her favorite race) during the high school season, it was her career's most promising showing. As usual, she wasn't challenged, winning the race by more than five seconds.

Her success streak continued at the International Prep, outside of Chicago on June 17. Kay captured first in the 800 meters, although doing so in the unspectacular time of 2:09.0.

The first weekend of summer, June 24-25, brought with it the AAU Junior Women's Championships in Bloomington, Indiana--a big test for any aspiring 17 year old female runner. To finish first or second meant a trip to the USSR and West Germany with the U.S. National Junior Women's Team. It turned out to be a disappointment for Kay, however, as she finished fourth in her heat with a time of 2:11.9.

"I was right up with the leaders with about a 220 left," she told. "But with 60 or 70 meters to go they pulled away. The competition was a lot stronger than I thought it would be.

"There were several girls there from the West Coast, and it's definitely different competing against them. I thought I could just go out and run my normal race. I think part of the problem is that I have to train by myself, which makes it tough to pace yourself when you get into competition of this nature."

There's no question she's been setting the pace in South Dakota the past three years, never losing an individual race and rarely having her relay teams beaten. Besides all-time state prep records in the mile, 880, 800 meters, and 400 meter hurdles, she anchored WHS relay teams to all-time record clockings in the 880 medley, mile medley, and two-mile relays.

Kay, however, realizes past accomplishments don't win races.

"I'm in good enough physical shape to run well. It's a matter of successfully competing against girls who are stronger opponents than I'm used to. I should've been able to beat some of those girls at Bloomington. I should've been able to make the finals. I just didn't run my race. The psychological portion of it(the race) was horrible."

Marv Sherrill, Kay's high school coach, believes his star performer the past four years has tremendous potential. "She has that unbeatable combination of intelligence, ability, and motivation. She's been the heart of our team the last four years. The rest of the squad knew Kay could pull us through no matter what the odds."

Kay first showed promise as a seventh grader in 1973, and has continued to improve ever since. Her sophomore season was a banner one since only once did she taste defeat. That was in the prelims of the state meet's mile relay, a race Watertown won in the finals.

She took part in six straight state track meets starting back in 1973, winning a total of 18 medals including 10 golds. In both her sophomore and senior seasons she brought home four golds. In her junior year she took a pair of golds and silvers with both second-place finishes coming in relays.

Since her sophomore season, she has continuously lowered the state's all-time records in the mile and 880 runs. The slender, quick-striding athlete, nicknamed the "Bionic Woman" or "Normal"

by her teammates, possesses both speed and endurance. Her name is written nine times in WHS record books, including the 220 dash(26.1) and 440 dash (58.6), both of which she runs in only once or twice during the track season. Her best mile time is 5:03.6.

Despite all the attention, Kay's ego hasn't grown as fast as her trophy case. An opposition coach probably summed it up best when he said, "She's the type of gal you admire even though she's usually leaving your kids far behind. She keeps winning and winning without telling everyone about it."

Kay excels in the classroom and other extra-curriculars, too. She ranked second scholastically in her graduating class of 296. Her participation in athletics, music, speech, and student leadership brought her many honors from the local, state, and national levels. She was named the winner of the Davis Award, the most prestigious honor her high school can give a graduating senior. She was also the recipient of a \$1,500 William Randolph Hearst Scholarship.

On the basketball court, Kay was three times voted Class A All-State by the S.D. Sportswriters Association, including being selected to the eight-player first team this season. Twice she was voted to the state's all-tournament team. She led WHS in scoring and rebounding in each of her four varsity seasons, including her junior year when the Arrows won the State "A" Championship.

The S.D. Sportswriters also voted her as the Prep Female Athlete of the Year in 1976, and if that's not enough, she was picked to the state softball tournament's all-star team the last summer she played, 1976.

Despite the Bloomington setback, she'll continue to compete this summer. Her college career opens this fall at the University of Iowa where she plans on competing on the cross country team as well as the indoor and outdoor track squads.

"My philosophy is to keep looking ahead. If you look back too much, you run the risk of getting down because of your mistakes or getting a big head because of your accomplishments. Track

teaches you discipline. It's also a form of self-satisfaction because you must set goals and then try to reach them."

With that kind of attitude and knowing her ability, the future appears bright for Kay. After all, isn't that where she's looking?

TRACK AND FIELD OMNIBOOK

Ken Doherty

"Indispensable to coaches and athletes..."

From the reviews

"Timelier than ever. Doherty covers every event in complete detail and illustrates everything with sequence drawings based on the skill of champions... a must for every student of the sport—coach, athlete or class instructor," *Scholastic Coach*.

"This edition is even larger and more complete [than the first]... an authentic, in-depth analysis of the entire spectrum of the sport... indispensable to coaches and athletes... If you own only one book on track and field, this should be it... Omnibook cannot possibly be recommended too highly," Fred Wilt, in *Track Technique*.

"Doherty... is probably the world's most widely read author of track and field texts... Blending of science and utilitarian verbal dynamism characterizes the whole book," *Journal of Physical Education and Recreation*.

HIGH SCHOOL TRACK BY RICH EDE

As we promised, we have the Texas state meet along with Oregon and Mass. this month, and the results are spectacular:

TEXAS (Austin, May 5,6): Easter Gabriel (Sterling/Houston) claims her favorite event is the 440, and indeed she has clocked 54.91m this year in her regional prelims (before being disqualified in the final and failing to advance). The national record books might have a bit of an argument for the sophomore who attempted the triple jump for the first time in mid-March. She claimed the Texas state title with a leap of 40'0 $\frac{1}{4}$ ", following her regional jump of 40'4 $\frac{1}{2}$ " two weeks previous. Those two marks stand as the only two over 40' jumps ever by a prep girl in this little-contested event.

Triple jumping wasn't the only field event to give a strong showing. Vickilee Cobern (Paint Rock) set a state record in the Class B discus at 150'10", only to see it fall in the 3A competition to Dana Olson (Westlake/Austin) who threw 151'0". Then, in the 4A, five throwers were over 130'.

Since the meet was held on a metric track, almost all running events were in meters. Of course, since nobody forced a change to meters in the 100, it was run imperially. It didn't matter much to Robbin Coleman (Charlton-Pollard/Beaumont) who took the yard race in 10.5, and the metric 400 in 53.4, the fastest 400/440 in the nation.

The 800 was an excellent example of a match-race waiting to happen if all five divisions could somehow get together. Until recently, this was the longest race run in Texas, but the addition of the mile to the program has helped the 800. Robyn Wiley (Lakeview Centennial/Garland) led all finishers in the 3A in 2:14.0, followed by Katherine Stewart (Brenham) in 2:14.1. Sandra Brown (Cotulla) won the 2A by herself in 2:14.1, and Disa Lewis (Memorial/Houston) soloed a 2:14.8 in the 4A.

Other outstanding track marks included a 10.2 80yH by Kathy Bargoon (Hastings/Alief) and a 23.8 200m by Jeanine Brown (Bellville).
Other results: 100y: 2A-Carolyn Amos (Marble Falls) 10.9, 2-Jackie Mays (Stamford) 10.9; 3A-Donna Sherfield (Southwest/San Antonio) 10.8; 4A-2.Cassandra Graham (Johnson/Austin) 10.7, 3.Janean Livingston (Eastern Hills/Ft. MASSACHUSETTS (June 3, Tauton): Peggy Stewart (Danvers) doubled in the HJ/100mLH (5'6"/15.01) in the two closest competitions of the meet, as every other event had the earmarks of runaways. The three throws provided most of the class of the competition. Gail Koziara (Chicopee Comp) took the shot (46'6"), Pia Iacovo (Brockton) won the discus by over 20 feet (149'10"), and Heidi Ericson (Clinton) annexed the javelin (143'8"). All three were meet records.
Other results: 100y: Corleen Mason (Leominster) 11.66; 220: Barbara Ennis (Groton-Dun) 25.2; 440: Stacey Franklin (Dorchester) 56.87; 880: Jackie Richards (Danvers) 2:12.1; Mile: Patty Murnane (Swampscott) 4:54.7; Two Mile: Jan Oehm (Winchester) 10:43.3; 100mH: 2.Terry Rush (Falmouth) 15.03; 440R: Lexington, 50.02; MileR: Billerica, 4:01.0; LJ: Denise DeShields (Peabody) 17'6"; HJ: Joan Clarkin (Ipswich) 5'6". All races electronically timed except 220.

OREGON (May 26-27, 3A-Springfield, 2A Gresham): Oregon has taken the giant step of running all events in meters, then a step backwards by adding the old, 10-hurdle 200 meter hurdle race to the program. Nevertheless, results are deep as usual. Eryn Forbes (Sunset/Beaverton) doubled 1500/3000 in 4:33.1/9:57.6 to highlight the 3A meet. Teammate Teri Wierson claimed the 800 (2:07.6) and the 200 hurdles (28.32) as well as the 1600 relay (3:55.2) to wrap up the team title. Shelly Ransford (Lebanon) annexed the 100 meter hurdles (33"!!!!) in 14.64 over Betty Rounds (North Salem) in the same time. In the 2A meet, sophomore Lori Willard (Rogue River) took the distance double (4:49.8/10:29.1) and Karen Beckler (Central Linn) won the sprints (12.4/25.6). Top mark was in the high jump as Tammy Collman (Henley) went 5'8".

NEW JERSEY (Princeton) Joetta Clark (Columbia) won the 880 in this meet from which we have only partial results (this is probably the all-group meet, combining north and south and large and small schools). Clark's 2:07.3 was the best of those results we have.
Other results: 220: Lewis (Woodbury) 24.0, 2.Dunlap (Camden) 24.3; 440: Dembek (Hawthorne) 56.0; Mile: Zollo (Wayne Hills) 5:01.2; 2Mi: Bank (Raritan) 10:53.0; HJ: Krawlec (Boonton) 5'6"; LJ: Lewis 18'9 $\frac{1}{2}$ ";

CASEY'S CORNER

I've had an interesting season renewing old acquaintances and making new ones at the National pentathlon in Tempe, the Senior AAU's at UCLA and the Junior AAU's at Bloomington, Indiana. I have weathered heat, humidity, a dirt storm, rainfall and tornado warnings, many hikes (slow) up hills and an elevator that went out of order at the wrong time....Most of my time at these meets was spent promoting the magazine and I was amazed at the number of coaches, athletes and parents who had never heard of us but expressed avid interest....Next I'm off to the Commonwealth Games in Canada and, space permitting, I'll give an account of that adventure in a future issue....Incidentally, I have taken over the task of compiling all the "Lists" for the magazine, and if you don't find your best mark included, blame the meet director who didn't send us the results of his meet. If your name is not spelled correctly, write and let me know how it should be spelled. I find the same person's name spelled differently at different meets - sometimes it is spelled differently when reported several times at the same meet! And if your marks are not correct, let us know as we trust the newspapers for many of them and printers' errors are common in newspapers. So correct us - and keep sending me your marks. My address: Casey Ide, Women's Track World, 8641-C Westminster, Garden Grove, California 92644.

KOCH — 49.19 WORLD RECORD

Leipzig, East Germany, June 30-July 2:-After sprinting to 11.16 for 100m and twice zipping 22.06 for 200m, East Germany's Marita Koch finally ran her first 400m of the year and as predicted, smashed the world record by a full tenth with 49.19 seconds. The former record was set by Poland's Irena Szewinska in winning the 1976 Olympic title in 49.29.

There were other outstanding marks at the DDR Championships, but the 800, as seems to be the usual case, was the class event with the first five all under the two minutes mark. Marlies Olesner-Gahr had a good double with an 11.10 century and a 22.61 furlong.

WAITZ — 8:32.1 WORLD RECORD

Oslo, Norway, June 27:-Running against a strong field, Norwegian Grete Waitz broke the world record for 3000 meters with a time of 8:32.1. The USA's Jan Merrill led for the first 800, passing the 400 in 66.4 and the 800 in 2:16.1. Waitz took over after that except when Merrill briefly regained the lead at the 1200 mark. Waitz passed the 1000m in 2:50.8 and the 2000 in 5:43.4 en route to her record win. Merrill set a new American record in finishing third at 8:42.6 while Denmark's Olafsson also got a National mark finishing second in 8:42.3.

HS TRACK (CONTINUED)

IOWA: As usual, the final results in Iowa are not particularly spectacular, with many best marks coming in the interminable prelims. Toni Mohr (Manilla) claimed the class "A" 800 in 2:17.9, a time just fast enough to win since she also anchored the winning 4x800 team (9:35.3) and the Mile Medley (4:08.4). That combination of events gave her five 800 meter runs during the prelims, on the Friday evening portion of the meet. Despite the rigors of qualifying rounds, multiple winners were the rule in this meet. Bonnie DeBoer (Western Christian/Hull) annexed the 100/200/LJ in the 2A meet (12.12/24.70/18'5½") while Indianola's Christy Dickerson took the 100/200 in the 3A (12.11/24.77). Julie Williams (Spencer) won the 800/1500 (2:13.8/4:47.0) and, we assume, had a hand in probably the closest win of the day as Spencer edged Waverly-Shellrock in the 3200R by .02, both converted to 9:29.5. In the 2A class, Melanie Heitman (Williamsburg) took the shot and discus, 40'5" and 139'1". As with almost all events, the shot in Iowa is standard (i.e. 4K). One of the best marks of the program came in the 3A 400, by Linda Perry with her "only" win of the meet as the Roosevelt (Des Moines) speedster ran 55.87.

Other results: 1500m: (AA) Ann Mueksch (Missouri Valley) 4:48.5; 100mLH: (3A) Yvette Greer (Sioux City West) 14.42, (2A) Patty McCarthy (West Sioux) 14.53, (1A) Jane McGinnis (Bondurant-Farrar) 14.50; 200mH (10 hurdles, 20 yard spacing): (3A) Greer-28.50; HJ: (2A) Mary Mol (Sioux Center) 5'7"; SP (4K): (3A) Karen Maxon (West Sioux City-soph) 42'2"; DT (3A) Shawn Richey (Ft. Dodge) 136'4"; 400R: (3A) Kennedy/Cedar Rapids, 49.30; 800R: (3A) Kennedy, 1:44.0, (2A) Garner-Hayfield, 1:44.9; 1600R: (3A) Indianola, 3:59.4; 3200R: (2A) Missouri Valley 9:36.7; 800MedR: (3A) Indianola, 1:48.8, (2A) Central Elkader, 1:48.5, (1A) English Valley 1:48.3 (Kim Gorsh-55.3); SHR (41.4m): (3A) Burlington 63.26, (2A) Eddyville, 64.76, (1A) Lincoln, 65.09.

MINNESOTA (June 10-Macalester College): The only top mark to come out of the class A Minnesota meet was a 2:14.9 880 by Lori Bearson (Lanesboro). The rest of the meet was dominated by the AA athletes. The Watts sisters (St. Paul Central) dominated the sprints as Kim took the 100/220 (10.8w/24.9) and Dana annexed the 440 (56.6). The they joined their teammates to set a state record in the 440 relay in 49.0. Kathy Borgworth (Brainerd) won both the 110 and 180 yard hurdles (13.9w/22.6) both over Dawn Peterson (Burnsville) (14.0/23.1). In the A meet, Kathy Hunt (Kimball) repeated the hurdle double in 14.1w and 23.0.

Other Results: 880 (AA) Tammy McGrane (Park Rapids) 2:15.3; Mile: (AA) Leslie Seymour (Regina) 5:05.0; 110yH: (AA) 3. Terri Raske (Apple Valley) 14.4, (A) 2. Beth Sorenson (Bagley) 14.5; SP: Jody Hagins (Chaska) 45'11¾"; DT (AA results missing) Brenda Johnson (Rushford) 126'11"; HJ (AA results missing): Sandy Ball (Askov) 5'8"; LJ: (A results missing) Robbyn Smaller (North St. Paul) 18'6¾"; 880R: Lindbergh, 1:43.8, 2. Apollo/St. Cloud, 1:44.6; MileR: Anoka, 3:59.8.

LATE NEWS

Walnut, Ca.--July 15: New Zealander Kim Robertson, now training with the national team in Santa Barbara, established a national record in the 200 as a guest competitor in the SPAAAU Junior Olympic meet. Her time of 23.13 demolished the old record of 23.44. Earlier in the day, she ran a hand-timed 10.6.

Medellin, Columbia--July 15: Partial results of the Central American Games: Disc: Romero (Cuba) 198-7; Heats: 100: Chivas 11.17, Taylor (Cuba) 11.35.

MICHIGAN (Lower Peninsula) (June 3): Delisa Walton (Mackenzie/Detroit) dominated the news from this four-division meet as she led her team to the Class A title by winning the 440 (54.5), 880 (2:07.7), and running on the mile relay (3:55.5). As good as her performances were, they did not constitute all the news. Kaye Leighton (Northport) won the Class D high jump with a state record 5'8¾", and Annette Bohach (North Muskegon) claimed the Class C shot put with another state record 46'0¾". In addition to Walton's two state marks, records were also set in the discus (130'3" by Josephine Mask, Sexton/Lansing) and two mile (10:36.8 by Miriam Boyd, Port Huron). Boyd's win was by 38 seconds.

Other results: 100y: Elaine Jones (Chadsey/Detroit) 10.8, 2. Carman Rivers (Mackenzie/Det.) 10.8, 3. Sheila Harris (Northwestern/Flint) 10.9; 220: Rivers, 24.6; 440: 2. Janise Dale (Northern/Det.) 56.1, 3. Allison Ware (Cooley/Det.) 56.2, 4. Molly Brennan (Mott/Waterford) 56.6, (B) Rochelle Collins (Immaculata/Det.) 56.2, 2. Yvonne Matthysen (Holt) 56.5; 880: 2. Sue Frederick (Huron/Ann Arbor) 2:14.1, (B) Collins, 2:11.7; Mile: Boyd, 5:04.4; 440R: Ottawa Hills/Grand Rapids, 48.8; 880R: Kettering/Det. 1:42.7, 2. Union/Grand Rapids, 1:42.8, 3. Cass Tech/Det. 1:43.1, 4. Northern/Det. 1:44.8, (C) Muskegon Catholic, 1:44.8; LJ: Chris Jones (Benton Harbor) 18'10"; MileR: (B) Hoit, 3:56.5; 110yH: Kim Turner (Mumford/Det.) 13.9, 2. Renee Turner (Central/Flint) 14.1, 3. Cynthia Tett (Ottawa Hills/Grand Rapids) 14.3, 4. Ozimkowski (West Bloomfield) 14.4.

KALEIDOSCOPE--Iowa's program of 19 events, all of which are contested in dual competition, has to be the best development program in the country. The "10 flight shuttle hurdle" race is symmetrical so that the total distance is 414 meters. Iowa also has converted to meters, plans to add the 400mH next year, and is considering the 3000. Now if they can just quit running all those prelims.... It is still galling to get state meets with hand times. Back to Iowa, all times were reported to hundredths (rather than rounding to tenths).... August 17 is the date of the Japan Junior team vs the "Southern California All Stars" at Mt. SAC in Walnut. After last year's meet at UCLA, the plan was to send a second junior USA team to Japan this year but the AAU backed out, pleading lack of funds. The Japanese are funding this meet, including providing the uniforms to the USA team and their own travel.... There are still at least eleven different hurdle races contested at the high school level for girls. That includes eight distances and various spacings. That's almost as ridiculous as running 1600 and 3200 meter races instead of 1500/3000.... California will have its first international-style cross-country meet at Hollywood Park racetrack on the turf course, October 14, if details can be worked out. The plan is to have two low barriers per lap (hay bales etc) and to have spectators in the grandstands able to see everything in comfort.

Send all results, features, photos, etc. to Rich Ede, 1424 Lyoak Dr., Claremont, Calif. 91711.

NATIONAL AGE-GROUP CHAMPIONSHIPS

As we go to press, we have received the results of the Age Group National Championships held July 8, 9, in Miami. Twenty-three national records were broken, led by a 14/15 high jump by Yvonne Heinrich of Klub Keystone of 5'10". More details will follow in our next issue.

Winning Teams: 14/15: Los Angeles Naturite T.C.; 12/13: Pittsburg New Image T.C.; 10/11: Gresham T.C. (Gresham, Colo); 9/under: Atoms T.C. (New York).

MEMO TO MEET DIRECTORS — from Casey

First, thank you for the fine response to our plea for 1977 results and your good work in reporting 1978 meets. Do I hear, "So what? You don't print them!" Let me explain. The phenomenal growth of women's T&F in high schools and colleges would necessitate a magazine the size of the Manhattan telephone directory to print all the results in full. (Take your choice of Manhattans.) But rest assured that your results are recorded on index cards for possible inclusion in our end-of-the-year lists which will probably be 50-deep or more, space permitting. Since there was no Women's magazine in most of 1976 and all of 1977, with statisticians all over the world crying for USA results for those years, we have had a lot of catching up to do. We have therefore placed a lot of emphasis on things that happened during that period to bring you all up-to-date. From now on there will be more room for current events.

Second, there are a few suggestions which will make my recording job easier. Please be sure that somewhere at the top of the results you mention the name of the city where the meet took place. We are not always familiar with the location of John Doe Stadium and may guess wrong when reporting your meet. Please, if possible, include a key to abbreviations. Depending on the site of the meet, I can usually guess whether OTC means Ohio TC, Oregon TC or Orinda TC, but I had to include some abbreviations in the '77 which were meaningless to me. I only hope they had meaning in some part of the country. And please, if possible give me first names! Cheeseborough and Van Wolvelaere are fairly self-explanatory, but not Brown, Jones or Johnson. Sometimes the event or the club affiliation helps me fill in the blanks, but not always. Anyway, keep up the good work!

TRACK CHAT

If you are an international class athlete (not necessarily an American citizen) interested in competing in Taiwan in September, contact Vince Reel at this magazine. They will pay your way and there is still room for both men and women. Ask any athlete who has been there about the hospitality in Taiwan.... Tiny Lee Shu Mei, the Taiwanese 16-year-old now running with the Southern Cal Roadrunners, had her tonsils out in early July. Watch out for her in Cross Country!

The Los Angeles Naturite Club sent 9 girls in the 14/15 age division to the Age Group national meet in Miami and garnered the team trophy. Heat and humidity were high in Miami as in Tempe, Bloomington and Mt San Antonio College, site of the SPAAAU Junior Olympic meet. The heat there must have been especially oppressive to the women's national team from New Zealand. En route to the Commonwealth Games in Edmonton, they were guest competitors at the Mt SAC meet. Sprinter Kim Robertson didn't seem to mind. Having just left New Zealand in the middle of winter - and their "off-season" in track - she set a National Record 23.13 in the 200m and ran the 100m in a hand-timed 16.6.

Vince and Chi are off to Europe on a very important mission, trying to cover 22 cities in 16 days. 30 minutes before leaving for the airport, Vince called me and said this issue was at the printer with two blank pages which Rich Ege and I must fill by Tuesday if it meant using pictures of ourselves! I am sure much more important material is in the magazine mailbox by now, but I am 70 miles from there and this is Tuesday. Vince said he will put together another issue as soon as he gets back, so there may be another at the printer when you are reading this. How the postal service can justify delivering the

magazine to two subscribers in the same block 8 days apart is a mystery. What's that prayer about accepting the things I cannot change? It ain't easy! And it now costs us from 53¢ to 66¢ to send a single copy by 3rd Class Mail!

Having cast my brickbat at the postal service, I would like to throw a few bouquets. Orchids to the intrepid and unpaid officials who stand in the blazing sun or the icy wind for hours at a time so our women and girls can have competition. The are accused of bad decisions by irate athletes, coaches and parents. They try to run three field events simultaneously so meets won't run late. Have you ever said "Thank you" or "Good job!" to an official? I've noticed that the spectators who complain the loudest are those who have never volunteered their own services to help make a meet run more smoothly. And bouquets of your favorite flowers to those of you who have written letters of encouragement during our struggles to get this magazine off the launching pad. There are many of you, but this excerpt from a letter from South Dakota seems to sum up the contents: "...So far I have received only 2 copies and I am eagerly awaiting more....Keep up the good fight for RTW. Don't give it up - we need it!"

THERE'S NOTHING MORE POWERFUL THAN A SHOE WHOSE TIME HAS COME.

A few years ago there weren't very many women running enthusiasts.

Today that's ancient history. Today women are running all over the country. Day in and day out.

The idea of the woman athlete has come.

That's why we're now building a whole new line of athletic shoes especially designed for women.

The shoe up there in the picture is our new Lady Waffle Trainer. It's inspired by our world famous men's waffle trainer, but we've built it on a new narrow last, especially suited to the bone structure in most women's feet.

It has the same great waffle sole design that's made our other training shoe famous for traction. The same tough, lightweight, long-wearing nylon uppers. Same tapered heel and flared sole.

The lady waffle trainer. One of a long line of powerful new ideas whose time has come at Nike.

It's about time, right ladies?
