BY BRAVEN DYER

Coach Ashel Cunningham's Riverside High School team won the Southern California interscholastic track-and-field meet at the Coliseum yesterday afternoon in a struggle that was featured by many brilliant performances. The boys from the home of the Mission Inn gathered a grand total of 163½ markers and had the meet salted away before the pulse-quickenng relay was run off. Riverside's victory was their first in more than ten years.

San Diego, by winning the relay, finished in second place with 15 7-8 points. Manual Arts annexed 14 1-4 digits to take third place, Hollywood following in fourth position with a total of 13 1-2. Nine points gave Inglewood fifth place. Mr. Jack Williams, a rising young man from Inglewood, turned in the best exhibition of the afternoon when he cleared 13ft. 1 5-8in. in the pole vault. This mark is likely to go down in the books as a new world's high-school record. Harry Smith of San Diego held the old mark of 12ft. 11 7-8in., making it in 1923. Last spring in the Olympic tryouts, Lee Barnes, still a student at Hollywood, cleared 13ft. 2 1-2in. However, it is thought that Williams' feat will be recognized as the new world's record for prep athletes.

SMASH OLD MARK

The San Diego relay team smashed Hollywood's world mark of 1m. 31s. in the four-man half-mile relay, doing the distance in 1m. 30.6s. Coach G. A. Oliver's men all turned in remarkable performances, the athletes averaging approximately 22.2s. for their respective spurts. "Doc" Kemp, off to a five-yard lead against Junior Hanford of Manual on the final lap, managed to beat the Toller star to the tape by something less than the width of a whisket.

Chesley Unruh, the bespectacled El Monte phenom, after taking second in the half-mile, took the track in the mile and proceeded to trim the pants off Carnahan, last year's victor and yesterday's favorite. Unruh snorted around the oval in the sensational time of 4m. 29.6s., thus looting a flock of seconds from Carnahan's former Southern California mark of 4m. 34.3s. Carnahan had taken the lead at the end of the first lap, running at a terrific pace. Unruh held well back until the last lap when he forged into second place and then passed the Riverside star on the final curve, flashing down the track to win easily. Carnahan having spent too much of his juice in those speedy early laps.

The opening event of the day provided a bunch of thrills. It was the half-mile run and Ed Graze, the stout-chested athlete from Covina, breezed through to

victory, duplicating his triumph of a year ago. His time was 1m 55.4s., three-tenths of a second slower than his own Southern California record established last season.

HICKS TAKES LEAD

Hicks of Jefferson, a 116c, dusky runner, took the lead at the first turn of the race, but was forced into second position after half a lap. Cummings of Lincoln being in front at the close of the first time around the track. Gloege ran third, with Unruh of El Monte, one of the favorites, well back. Going around the second turn of the second lap Gloege took the pole. McKinnon of Poly sliding into second place with Unruh pulling up to third. These three athletes battled stride for stride down the back stretch. Unruh dropped back suddenly and the race seemed to be between Gloege and McKinnon, but the El Monte boy showed a lot of steam on the final curve, passing the Poly runner to take a good second to Gloege, who won practically as he pleased.

Akers, a well-built runner from Riverside, left the favorites behind in the 100-yard dash, breasting the tape a foot in advance of Junior Hanford of Manual, who got second. The winner equaled the record of 10s. flat. Floyd of Lincoln, who had been doped to cop the race, was third, a poor start putting him out of the running for first-place honors. Wilcox of Chaffee, who was also something of a favorite, got only a tie for fourth, Maurer of Manual finishing in a dead heat with him. All five men were well bunched at the tape.

Hollywood supporters got a chance to cheer lustily when Les Eade, rambling over the sticks in 15.8s. to win the high hurdles. This was a surprise as Walker of Hemet had been given the edge. Eade ran a desperate race, finishing flat on his face at the tape. Ritchey of San Diego was third, Meeks of Hollywood fourth and Newton of Lincoln fifth. The judges found three hurdles down in Walker's lane, but ruled that Woods of Lincoln had knocked one of 'em over. The lanes resembled a scene from the Illinois tornado district, hurdles being down all along the route.

BATTLE ROYAL

The quarter-mile was nothing more or less than a battle royal. Hanford won the race in 51.2s. The Manual athlete was in lane eight at the start, but got away to a flying start and grabbed the pole before reaching the first turn. He kept out in front all of the way and was five yards ahead of Dale, L. A. High runner, at the tape. Stock, another Roman flyer, surprised everybody by taking third. Williams of Compton and Petty of Fullerton each took a terrible spill at the mix-up on the first curve, the former tripping and falling with Petty in turn stumbling all over him.

Floyd, the dusky Lincoln sprint star, came back to win the 220-yard dash in 22.2s., defeating Dwyer of Long Beach by the space of a worm's hips. The latter held the lead at the half-way mark but was unable to cope with Floyd's powerful finish. Howard of Compton, touted as a fine sprinter, redeemed his failure to place in the century by taking third in the furlong.

Hollywood's chances of victory soared again when Eade tied for first place with Payne of San Bernardino in the low hurdles. Payne was leading at the half-way mark, with Eade inches behind. The latter picked up as they went along but stumbled over the last hurdle but by a great effort got to the tape in a dead heat with Payne. Norris of Santa Maria, the favorite, got only third, his participation in the 220-yard dash having told on him. The time for the hurdles was 24.8s.

VICTORY WELL EARNED

Riverside's victory was well earned. Fans were pulling for the Mission City boys, especially as Patton, their star three-event athlete was forced to drop out of the broad jump by officials. They made a new ruling which gave a man permission to enter in only two field events. Last year Barnes of Hollywood placed in three, the discus, pole vault and broad jump. So when Riverside won even without Patton in the broad jump, supporters of the team were jubilant.

Hollywood had some hard luck, too. Eade, who had been counted on for points in the high jump, being ruled out along with some other athletes when officials changed a former decision and decided that only eight men should take part in the event. Eade is generally good for at least 5ft. 10in., yesterday's winning height, and had he been in there the footballers might have walked off with honors.

A young man by the name of Akers is considerable of a hero in Riverside today. Practically unheard of in this city he dashed across the line a winner in the 100-yard dash, to bring his team five points. Patton's first in the shot and second in the discus meant a lot to the Riverside cause, as did Carnahan's second in the mile.

The State meet comes next Saturday at Palo Alto.
