Standing out like St. Patrick in Irish history, Eddie Leahy, as Irish as they make 'em, piloted the Polytechnic High School track-and-field team to the California State championship at the Coliseum yesterday afternoon. When Patterson, scrapping for every inch, and all but out on his feet, staggered across the finish line a scant inch behind Breeding of Santa Ana to place third in the mile, Poly had taken 17 points, the meet, and the big silver cup that signifies State track supremacy. Leahy, practically an unknown three months ago, is now the little Napoleon of California prep mentors. He led Poly to City and Southern California championships, then added yesterday's victory as the crowning event of a scintillating season.

MONTOYA AND SALAS BATTLE AT WHITTIER

A sell-house is predicted by the management of the American Legion Club at Whittier next Thursday night, when Toby Montoya, pride of the Mexican fans, will cross gloves with Joe Salas, former L.A.A.C. champion featherweight star, in a scheduled eight-round main event.

In the semifinal of six rounds Young Papke, who will try out his round-house punches on Joe Garcia, is expected to be one of the biggest treats of the night. The special event with Joe Guerrero and Toney Cruz, lightweights, for six rounds should be a regular slugfest before it is over. In the four-rounders, Albert Alvarado will mix with Tony Archer, while Arthur Molino and Enrico Acosta furnish the curtain raiser.

NOORDWIJK (Holland) May 8
Holland today defeated Belgium in the doubles play of their Davis Cup competition. The Dutch team composed of Van Lennep and Diemer Koel defeated the Belgian team of Washer and Francois, 0-6, 8-10, 6-3, 6-2, 7-5. Holland now is leading in the series, two matches to one.

Treading on Poly's heels at times, but never heading the Blue and Gold, Hollywood came in strong to finish in second place with fifteen points. San Diego was a poor third, mainly through the efforts of Eddie Moeller, who took eight points in the shotput and discus to swell his team's total to 11 3-4 digits. Lincoln surprised to win fourth place, a quarter point behind the Hilltoppers. Compton placed fifth with ten points. As the result of a first place in the javelin, San Francisco Poly topped the northern institutions of learning with a meager five points.

Hollywood may not be much on winning meets, but when it comes to breaking world prep records, Coach Bill Paige's boys take the cake. Five State records, two of them world's records and one a tie, were established. To the Foothillers go the honor of breaking both world marks.

BREAKS RECORD

Jimmy Meeks, without doubt the greatest competitive hurdler of today, shaved 1-10 of a second off the world's prep high hurdles mark to set a new mark of 15.1s. Meeks tied the record of 15.2s. last week and reached the apex of his career yesterday, the last time he will wear spikes for his alma mater.

The four-man 880 mark set by Hollywood last week, also went by the boards. With Glendale's great team fighting for every inch, Ritchie, Talbot, Bryan and Johnson stepped out to a new mark of 1m. 29.9s. The old mark was 1m. 30s. flat, and the previous record made by Manual Arts in 1925, was 1m. 30.5s.

As Braven Dyer, Times sport

(Continued on Page 2, Column 3)

expert, exclusively announced last week after the Southern California meet, Dick Webner of Brawley tied the world's 100-yard record of 9.8s., running against the wind. Dyer was the only sport writer to broadcast the fact last week that three watches had caught Webner at better than 9.9s. Webner ran a beautiful race after being set back a yard for jumping the gun in his heat. He finished strongly well in advance of Cecil Howard, Compton star, who finished second. Clifford Gantt of Poly ran the century in 9.9s. to win his heat, but finished fifth in the finals.

Jimmy Payne of San Bernardino broke Morton Kaer's 220-yard low hurdle mark of 24.9s., when he clipped the barriers in 23.9s. The Gate City star stayed out of the high sticks in order that he might run the lows in 23.5s., the goal he has set for himself. A stiff uncertain wind may have had something to do with his failure.

The other record went to Lauterwasser of San Francisco Poly in the javelin. When his best heave was measured it beat Olsen of Concord's mark, set last year, by a bare 1-4in. The new State record is 172ft. even.

A slight error in the program gave many the impression that Rehwald of Lincoln holds the broad jump record at 22ft. 5in., but such is not the case. Instead of Elliott holding the mark at 22ft. 3 1-2in., Morton Kaer of Red Bluff holds the record at 23ft. 2 3-4in., which he set in 1923. It will be a long time before Kaer's record bows to some better mark.

That practically finishes the chronicling of the meet. Several records, but particularly the 440 and 880 marks, were expected to be broken, but were not. Running against a strong wind Gantt was only able to run the quarter-mile in 59s., flat, which leaves George Schiller's old record of 49 6-10s. set back in 1918, still on the books. McGeagh was a big disappointment in the half-mile. Knowles of Bakersfield, won in 2m. 1m. 2-10s.—terrible time for the State meet.

Polytechnic won because it came through where points counted. Maury Lauterman's winning the shot put and Gantt the 440 gave the Blue and Gold ten points in a lump. Patterson and Powers captured two points apiece in the mile and high hurdles, respectively, while McGeagh added three in the half-mile.

Hollywood lost because Chapman failed to come through in the 440 and Johnson in the 220. Chapman ran around the field in the quarter when he failed to catch Williams of Compton on the straightaway, he tossed back his head all in, and allowed Shove of Pasadena to pass him at the tape. Johnson was beaten out of third place by Schelle of Fremont by inches.

So, one of the greatest prep meets passed into history, before 10,000 odd fans who literally raised the roof. Credit must be given to Burdette Henney, Trojan yell leader, who so comably took Charley Kepner's place at the announcer's chair. "Frenchy" was a big help in putting the meet over in great shape. The summary:

IT'S A WORLD RECORD

Just a bit of action from the State prep track meet yesterday afternoon, which tumbled with close finishes such as this. Bryan, anchor man on the Hollywood High School four-man 880 relay team is seen breaking the tape for a new world's record of 1m. 29 9-10s. The Glendale anchor man, who is light on his heels, failed by fractions of a second to beat Bryan out. But a few feet separated Glendale from Hollywood from the start to the finish.

Track

Track and field activities at Palo Alto High reached a new peak of success during the spring of 1926 when championships in the unlimited divisions of the Peninsula Athletic League and the North Coast Section of the California Interscholastic Federation were brought home to Palo Alto by Captain Warner Wilson and his very able teammates.

Under the coaching of George Stewart, Paly's track team rose like a Phoenix out of the ashes of a colorless and unimpressive preliminary season to take championship pennants on two different occasions.

Shin splints, charley horses, and pulled tendons first came to light early in February when the call of the cinderpath issued to trackmen all over the country.

A powerful looking troupe of candidates for positions on Palo Alto's track squadron turned out for the first work-out, and those who found it not too difficult to run kept their spiked shoes for the remainder of the season.

Power in veteran and "greenhorn" material soon became evident and dopesters began to recognize in Palo Alto a threatening factor in the determination of any championships which might be at stake. Captain Wilson soon got back into his 1925 form in the sprints and showed himself to be one of the fastest 100- and 220-yard dash men north of Tehachapi. The big skipper kicked over the traces in the P.A.L. meet, where he hung up a new record in the 100-yard dash of 10.1 seconds. Wilson again negotiated the century in this time to make him a winner and record-breaker in the N.C.S. meet.

Although Wilson seemed to be by himself in the sprints, Palo Alto was represented by some crack middle-distance men. Clarence Borden as an 880 man was hard to beat. Chilli Smith also tried his hand at the half-mile run and, in company with Ed Granucci, ran the 440.

While much of Paly's strength was on the track, Coach Stewart also groomed a high-powered field event outfit. Leading the list of field event men was Carsten Sonnichsen, giant shot putter and discus thrower. McGilvray and Weller were able seconds to Sonnichsen where the strong shoulder acts came in. Harry Baker rarely failed to win the pole vault, his performances of nearly twelve feet serving to bring him laurels in every meet.

While Paly could boast of no honest-to-goodness hurdlers, what barrier men Stewart retained were represented in Stanton and Pos. Pos also wore the colors of Palo Alto in the rôle of a high jumper, Eddie Granucci taking care of the broad jump.

Perhaps Palo Alto's strongest point was the four-man relay team, composed of Ernie Coublucq, Jim Brett, Ed Granucci, and Captain Wilson, winners of fourth place at the state meet.

Running mates of Captain Wilson got off on the wrong foot early in the season when Santa Cruz and Oakland served to put over victories on Coach Stewart's proteges. By April 17, the date of the Peninsula Athletic League championship meet, the Palo Alto tracksters had made themselves into first-class cinderpath artists ready to take first honors in the peninsula title scrap. Running true to form when the big day came around, the Paly crew ran wild to take four first places, tie for another, win three thirds and three fourths, scoring in all $47\frac{1}{2}$ points. Menlo School was second with 39, Santa Clara third with $24\frac{1}{2}$, San Mateo fourth with $18\frac{1}{2}$, San Jose fifth with 17, and Sequoia last with $8\frac{1}{2}$ counters.

The summary of the P.A.L. meet showed marked strength within the Red and Green ranks. Paly's star sprinter, Captain Warner Wilson, ran to a win in the 100-yard dash, hanging up a new record of 10.1 seconds, but was bested by Kingsbury of Menlo in the furlong. Palo Alto's star weight men, Sonnichsen, McGilvray, and Weller, placed one-two-three in the shot put. Points were scored in other field events when Pos tied for third in the high jump and Granucci took a second in the broad jump; McGilvray again came to the fore when he placed second in the javelin, and Harry Baker tied for first place in the pole vault. To round out Palo Alto's $47\frac{1}{2}$ points Paul Stanton took a fourth in the low hurdles and broad jump; Joe Borden breasted the finish in second place in the 880; Granucci won a third in the 440; Vin Rogers battled his way to a fourth in the mile, and Paly's relay team won the half-mile relay in record time.

Point winners at some time or other during the season included Joe Borden, Chilli Smith, Warner Wilson, Ernie Coublucq, Bob Clunie, Swede Sonnichsen, Harry Baker, Dick Clunie, Joe Bush, Jack Dudfield, and Alexander McGilvray. With the exception of the last two named, all of these boys are Seniors and their graduation will be a severe blow to Coach Stewart's track squadron.
