LONG BEACH TEAM GETS 21 POINTS FOR STATE TITLE

Los Angeles High Pulls In Second; Glendale Is Third

BY FRANK IRWIN

SELMA, Fresno Co., May 3.—Frank Lombardi, dark-haired athlete from the Los Angeles high school, is the latest track sensation to arise from the ranks of California high schools. The little southern sprinter ran 100 yards in 10.4 seconds, the recognized world's century record, here this afternoon in the fourteenth annual California Intercholistic track and field meet which saw six records pass by the board before the afternoon of thrilling performance came to an end.

Lombardi placed himself in pace with Charles Horah, Russell Scott, Charles Paddock and a few other of the nation's greatest sprinters much his senior. His performance overshadowed those of other athletes which in themselves were brilliant. The southern sprint flash actually ran 101 yards. For jumping the gun he was set back one yard at the start and it was only his wonderful finish which brought him in barely ahead of Frank Wyckoff, his greatest rival from Glendale high. He slipped six-tenths of a second off the forever jump mark, established by Wehrner of Brawley in 1932.

Seven Clocks

Seven clocks were on the first place man, and six of these snapped Lombardi in 5.6 and the seventh clocked toward 5.5. Had it not been for the penalty, it is probable that the runner would have another man to place alongside Charles Paddock, who has an unofficial mark of 5.3 seconds.

Los Angeles' stellar Juliana sprint performer, not more than 19 years of age, later in the afternoon finished second in the 220-yard dash in 25.1 seconds behind Paul, sharing another state record with the Glendale star. Lombardi ended a day that completely.subsumed a similar performance of Wyckoff in season at Modesto, when he advanced to the preliminaries of prep cinder ranks by racing home in his quarter of the relay, giving his school five points in that event and clipping off a fraction of a second from the 880-yard relay mark.

Other marks which were eclipsed during the afternoon were the high jump, javelin throw and broad jump.

Win Team Honors

Long Beach, with four first place and one fourth in the relay, is the champion of the 1934 Intercholistic track and field championship with 21 points. Los Angeles high pulled in second with 16 markers, and Glendale was third with 10. Point scores of other teams placing were: Redlands, 4; Los Angeles Poly, 4; Huntington Park, 4; Visalia, 6; Jefferson, 5; Oxnard, 3; San Diego, 2; Woodland, 2; Compton, 4; Pajaro, 4; College City, 3; Fairfield, 3; Hanford, 2; Inglewood, 2; Kingsburg, 2; Lee, 2; Redondo, 2; Santa Ana, 3; Stockton, 2; Tall, 2; Piedmont, 2; Centerville, 2; Fresno Tech, 2; Hollywood, 2; Monta Vista, 2; Parlier, 2; Pomona, 2; Van Nuys College, 2; Monrovia, 1; Turlock, 1; Santa Cruz, 1; Santa Barbara, 1; San Jose, 1.

Long Beach's victory came largely by the efforts of IIBS, who received the field in both hurdle events. Los Angeles high, conceding the strongest chance to win, saw all its hopes collapse when Flower, his maleficiary in the 220-yard run, withered under the load and was not able to complete the final lap. With the IIBS, after taking an early lead only to lose it, had the stamina to stage a final spurt for a first place, closely followed by Moran of Piedmont. The time was comparatively close, 2 minutes 15 seconds.
