

Miller Runs 440 in 48.2

By Don Selby

Sherman Miller, Napa High jet, equalled the State prep quarter-mile record of 48.2 seconds yesterday as he spearheaded a savage, four-pronged assault on the record books in the North Coast Section (CIF) track and field meet at Edwards Stadium, Berkeley.

Miller, outstanding prep spike-man in northern California, blasted the NCS 440 record of :50.4 to smithereens as he finished 15 yards ahead of Terrell Moss of Pacific Grove.

Vern Wilson, San Jose High basketball ace, accounted for one of the other three meet marks when he high jumped 6 feet 5¼ inches to crack Les Steers' standard by one-quarter of an inch.

220 MARK FALLS TWICE.

Herbie Turner, Alameda's sensational 16 year old sophomore, twice lowered the 220 record, turning in a :21.6 in the morning trials and coming back to win the finals in :21.5. The old mark was :21.9.

Record breaking feats were almost a matter of course, then, when Norman Green of Piedmont came along late in the afternoon to eclipse the mile standard of 4:32.5 with a sweet 4:31.6 performance.

Acalanes won the team championship with 25 points to 21 points for Miller's Napa team. And Miller, all by his lonesome, almost made it even closer as he took the baton for the anchor 220 lap of the relay in sixth place, 20 yards behind leading El Cerrito, and made up 15 yards to take second. You may be sure that had the spectators gasping as they filed through the exits.

Miller's :48.2 won't go into the State record books. He must

equal or better it in the State meet itself, which will be run next Saturday at Sacramento and for which the first three place winners of yesterday's trackfest qualified.

Miller also took second to Turner in the 100 but gave up his place in that event in the State meet in order to concentrate on a quarter mile record.

The national interscholastic mark is 48 feet.

Fleet Sherman complained that he "tied up" in the stretch of his 440. It's no wonder. That was his fourth race of the day, counting trials but discounting some work in the broad jump, from which he scratched himself after fouling twice.

Steers' Mark Broken By S.J.'s Wilson In NCS Track Meet

Al Lynch, Palo Alto's only entrant in the NCS track finals held last Saturday at Edwards Field, Berkeley, came home with a tie for fourth place in the pole vault. His effort produced the only point for the Viking school.

STEERS' MARK SMASHED

Vern Wilson of San Jose broke the NCS high jump record of Les Steers, former Paly great and holder of the world's high jump mark. Wilson leaped 6-5 $\frac{1}{4}$. Steers' previous high was an even 6-5.

Larry Broeren of Sequoia, ran a fast 2.00.7 880 yarder to take first in the event. Fremont's John Mesa took fourth in the 220 and fifth in the 100 yard sprints.

Herb Turner, a sophomore from Alameda High, broke his own 220 mark established in the trials to take the event in the time of 21.5. The previous NCS record was 21.9

Sherman Miller, speed demon from Napa High, unofficially tied the state record in the 440, running a swift 48.2. This eclipses by two seconds the previous record of 50.4.

ACALANES WINS

In team standings, Acalanes of Oakland landed the first position in the varsity division. Sequoia placed eighth in both the varsity and lightweight divisions.

RULE BOOK OUSTS VIKES

By a strange quirk of the rule books, Holsti and Sorensen were declared out of the NCS lightweight division. Don Malinoff (discus), Brick Armstrong (220) and Al Lynch (pole vault) all qualified in the varsity division at the NCS trials at Hollister, Lynch went on to tie for fourth in the pole vault at the finals in Berkeley.
