Dear Mr. Schreiber,

Please pardon our delay in replying to your letter of May 2. The reason for the delay was to determine the availability of the Longines Cine-Timer for photographing the finish such as was used at the Pan American Games. We regret that this instrument will not be available for the International Track Meet. However, we will be very happy to furnish eighteen Longines 1/10th second, split second timers such as we used at the Pan American Games track events.

We would appreciate it if you would let us know to whom the watches are to be sent.

We regret that we are not able to give you the full service you requested.

Cordially yours,

Dear Mr. Cowan:

We are very pleased that Longines will be able to furnish the eighteen watches requested for the United States-Polish Dual Track Meet June 30 and July 1. We are disappointed that the Cine-Timer will not be available for these dates, but we understand as our request was rather late. Should any change in plans make the Cine-Timer available, it would be a most welcome asset to our Meet.

We plan to give Longines full credit for timing on the Program Title Page.

Should Longines desire taking an ad the rates are \$80.00 per page. I believe at this writing the back cover is still available and the price is \$1,500.00.

I plan to conduct a timers clinic prior to the Meet and any instructional material that you could furnish, even on a loan basis, would be appreciated.

The watches should be sent to:
