

Cougars grab 14 qualifying spots

Cubberley leads SPAL track trials

By JOHN RATNER

Cubberley High School placed at least one man in each of every 13 events during the South Peninsula Athletic League track and field trials held at Woodside Tuesday afternoon to gain a good chance of winning the team title in the SPAL finals at Angell Field on Friday.

The Cougars will have one qualifier in each event except the high hurdles, where they will have two, for a total of 14 entrants. In this category, they trail Carlmont, which placed 15, and are just ahead of Palo Alto, which had 13.

But neither the Scots nor the Vikes will compete in more than eight events. Carlmont failed to qualify anyone in the high hurdles, mile, relay, shot put, or broad jump, while Paly will lack

competitors in both hurdle races, 880, high jump, and 440.

No outstanding time was recorded in any varsity events during the trials, but this may not have entirely been the fault of the athletes. A bitter cold wind and 15 false starts (in 69 heats) was partially responsible.

The top varsity mark of the day was turned in almost at the end of the 4-hour, 45-minute marathon. Miler Jim McNutt of San Carlos used a brilliant kick in the final lap to post a fine 4:26.3 clocking. In this heat, second-place finisher Doug Hileman of Palo Alto bettered his previous best time by more than eight seconds by finishing in 4:33.4.

Five athletes, three from the city of Palo Alto, made the finals without competing at all. They were all sick Tuesday but were

seeded into the finals by consent of all eight SPAL coaches. The five are: half-miler Jack Sandin (Carlmont), "C" sprinter and broad jumper Dan (Quick Draw) McGraw (M-A), miler Don Hoyt (Cubberley), 1320 runner Dennis Bates (Palo Alto), and discus thrower Steve Walker Wilbur Junior High, who will be competing in the varsity division.

Friday's finals will begin at 3:15. Meet director Joe Groggans of Woodside has tentatively set the admission prices at \$1 for adults and \$.50 for students. Student body card-holders from SPAL schools will be admitted free of charge.

The qualifiers:

Scot Tracksters Face Tough Test

Carlmont High school led the qualifiers, but will face the sternest test in its track history Friday afternoon when the Scots seek the South Peninsula Athletic league championship at Stanford's Angell Field.

In yesterday's qualifying trials for Friday's title meet, the Carlmont varsity ranks were thinned when some Scots elected to run in the class B division.

Because of that choice, the Highlanders were shut out of the relay entirely, and will have to depend on strong performances in the field events to repeat as the league track champion again this season.

Carlmont qualified in 15 positions for the finals, hardly a comfortable margin over Palo Alto or Cubberley, who had 13 each, or Sequoia (12) and Ravenswood (11).

Four Carlmont pole vaulters made the qualifying height of 11-0 and coach Loren Lansberry had three of his thinclads make the high jump. Half-miler Jack Sandin, who ran a great competitive race with Woodside's Teal Messer in last week's Sequoia District Meet, was seeded into the finals when illness kept him out of yesterday's competition. Messer ran a relatively slow 2:00.7 to pace the 880 entrants.

Few marks posted in yesterday's trials at Woodside High school were exceptional, but several league records may fall in the battle for the league laurels Friday.

TIMES HAVE CHANGED

The weight coach for the Fremont High School track team is Hank Norberg. He is partly responsible for the remarkable success of Bruce Wilhelm in the shot put and discus.

Wilhelm has thrown 64-2 this season with the 12-pound shot.

About 25 years ago a young fellow set a Peninsula record in the 12-pound shot. His name was Hank Norberg of Palo Alto High School.

He threw a little better than 48 feet.

SPAL track finals tomorrow at Stanford

By DICK O'CONNOR

If everything goes according to form, Cubberley High School's Cougars should be wearing the South Peninsula Athletic League track crown at dinner Friday night.

The Cougars are favored to win the SPAL championship at Stanford's Angell Field. The meet starts at 3 p.m.

Coach Ron Skillicorn's team hopes to win the first event — the 120-yard high hurdles — and the last — the 880-yard relay.

And quite a few in between. Carlmont is the defending cham-

pion but will be hurt by the lack of a relay team. If the meet comes down to the final event for a decision, there isn't anything Scot coach Loren Lansberry can do but root against Cubberley.

Cubberley figures to win five events — the relays, the high hurdles, the pole vault, high jump and broad jump. Steve Schneider and Russ Smith could go one-two in the high hurdles.

Bruce Kentera battles Ravenswood's Len Wiley for the blue ribbon in the high jump. Jackie Gray, bothered by a pulled muscle, faces formidable opposition

from Ravenswood's Irvin Eley and Palo Alto's Tim Barnes in the broad jump.

Any of the three is capable of reaching 23 feet.

Jim Eshelman, the most consistent pole vaulter in the SPAL, gives Cubberley its best chance for a first place. Jumpin' Jim always clears 13 feet and that might be enough to win.

It wouldn't satisfy Eshelman, however. He wants to clear 15 feet this season and is running out of time.

Dick Barkley of Palo Alto, with a new fiberglass pole, may push

Eshelman toward that height. He has cleared 13-5.

The other Cubberley points will have to come in less predictable events. John Coffron goes against Andy Sears of Carlmont and John Alexander of Palo Alto in the sprints.

Sears, the powerful junior, looms as a double winner. No one will catch him in the 100. The 220 will be a better race.

The two closest races of the day should be the 440 and 880.

Bill Johnson of Sequoia goes against Frank Varriale of San

Carlos in the quarter. Johnson has beaten the Don runner twice in a row.

One or the other could be around 49 flat on the fast Stanford track.

Jack Sandin of Carlmont and Teal Messer of Woodside renew their feud in the half mile. Messer has beaten Sandin in their only head-to-head meeting. That was in the Sequoia district meet last Friday.

Messer, only a junior, ran 1:56.4 that night.

Several fine varsity performers were dropped to Class B in the

SPAL so they will have a better chance in the bigger meets that follow.

Among those are broad jumper Bobby Washington of Ravenswood, 660-man Broan Hea of Woodside, pole vaulter Ron Weckiewicz and 330-man Nat Handy of Cubberley, sprinter Jules Revere of Carlmont and 1320-man Paul Bates of Palo Alto.

Those future meets are the North Coast Section II meet next week at King City High School, the NCS finals the following week at Pittsburgh High School, and finally the California State

championship meet at Berkeley May 31 and June 1.

Ravenswood would have to be considered a longshot threat for the title. The Trojans could take as many as three first places—Irvin Eley or Otis Harrison in the broad jump, Len Wiley in the high jump, and Harrison or Wilbert Webster in the low hurdles.

If the meet goes down to the relay, Ravenswood also would have a chance. Their four stick carriers can fly.

Admission to the meet is \$1 for adults and 50 cent for student without cards.

TRACK AND FIELD MEET

1966

Coaches:

Just a few million words about some advance information etc. regarding the meet. Enclosed is an entry form to be filled out and returned to me by May 4th. No boy will be given consideration for seeding unless your entries, complete with accurate times and distances, are in by that date.

We will have a coaches meeting in the Gunn Cafeteria starting promptly at 7:00 p.m. on Thursday, May 5th for the purpose of seeding and finalizing all rules and regulations. If you cannot come, you are expected to provide a substitute.

Each school is allowed four entries in each event, no more. I have enclosed a suggested set of standards as guide lines; based upon the top 16 published or recorded performances this year. If you will stick to these standards we can possibly reduce the number of entries in the trials and speed it up considerably.

The top 8 performances in the 880 Mile, and Two Mile will be seeded into the finals with 9 more qualifying for the finals in the trials. In all other events 9 men will qualify for the finals. Preliminaries will be held Tuesday, May 10 starting at 1:00 p.m. sharp.

We have two pole vault pits, shot pits, and high jump pits, one discus and broad jump areas. In the broad jump please do not enter boys that do not meet the standards because there will be just too many contestants around the finish line as it is. In the shot, discus, and broad jump boys will be placed in flights according to their ability. Starting heights in the high jump will be "C" 4'10", "B" 5'0", "A" 5'2". Bar will be moved up 2" at a time until 9 contestants are left in each classification. In case of ties the rule book procedure will be followed. Starting heights in "A" pole vault 10'6", "B" 9'0".

We plan to have either a television or a Polaroid Sequence Camera available for final decisions in all trials and finals in the hurdles, 100-220, 440 yard and both hurdle races.

All discus and shots must be weighed in by the County Weights and Measure truck which will be located on the baseball field. All underweight equipment will be confiscated and returned to coaches after the meet. All standard equipment will be marked and none other allowed in the areas.

In the trials we are only going to time first place. Seeding in finals will be set up by a committee of Jim Luttrell, Clay Henry and James Yelton based upon trial times, places and dual meet times.

In the field events 9 contestants will qualify for the finals. In the high jump and pole vault we jump until 9 men are left. In the shot, discus, and broad jump each contestant will receive four trials with three in the finals unless at the coaches meeting we want to go 4 and 3 for the top six.

All ties for medals in the finals will be decided by a flip of the coin by the Meet referee.
