THE YEAR FOR RECORDS!

Tonight's meet will bring together some of the top competitors in the State. Many records should fall, if the times are any indication of the outcome. The rumors going around the league are that this year's teams have the best balance of any teams in the District's history.

The first race, the 120 yard high hurdles shows the closeness and the keenness of the competition. Leslie of Woodside, Cooke of Menlo-Atherton and Miller of Carlmont have comparable times but Lane and Christoff of Sequoia should push these men to new District records.

The 880 has always been one of the top races in the District Meet, and this year is no exception. Carlmont's Pat Carey has one of the best times in the state but he will be closely pushed by Gene Curry and Don Willis of Sequoia and Hampton from Ravenswood.

In the two feature races of the evening there will be a battle between Sequoia's Tim O'Conner and Menlo-Atherton's dynamic duel of Bill Hatcher and Ernie Reese. Hatcher has the best times of the three but fans could see some upsets.

The 440 yard dash feature Darrell White of Sequoia, who has a best time of 50.3, being challenged Phillipi of San Carlos.

Carlmont's Jim Penrose, one of the top individual stars in the meet, should give the fans some real thrills with his doubling in the weight events.

Ron Sledge, of Ravenswood should easily win the long jump and shouldn't have too much trouble taking the high jump. But there are a few leapers who have a great shot in besting Sledge.

New this year will be two new relays - the 440 and the mile relay. Sequoia and Menlo Atherton should provide close competition in the 440 and the Cherokee mile relay team has one of the top times in the State.

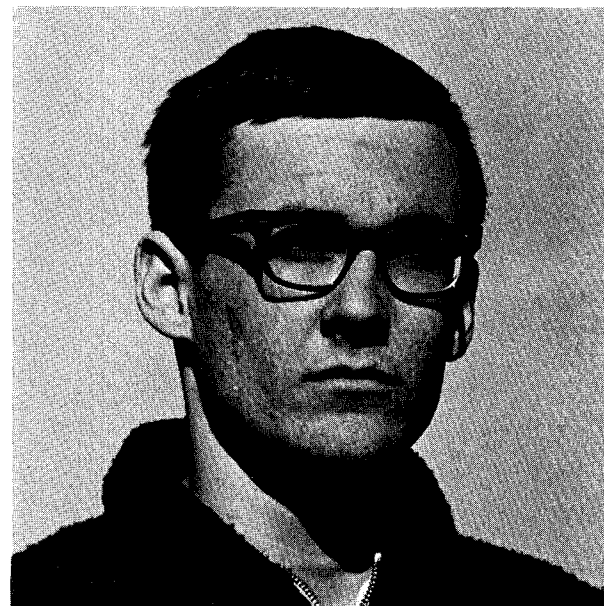

The top performer of the meet should be Carlmont's Chris Carey. Whichever race he chooses in the distants, he will be very hard to best. His times are some of the best in the State.

PAST SAN CARLOS STAR-JOHN RADETICH

Spectators usually come to watch the excitement of sprinting and close races. Last year all eyes were on San Carlos' great high jump artist John Radetich. The thrill of watching any record being broken is one long remembered. The high jump is even more exciting. It is the athlete against an unchanging challenger, rather than against another athlete, which leaves room for human error. A poor start, a slip or a bad night might hand the second best, first. The high jump is different. John proved he was the best by smashing the previous record of 6'5" by soaring 6'8". Now the experts say he has a good chance of being the seventh man in the U.S. to hit seven feet; at the University of Oregon.
