Philadelphia, Pa., March 1 (from Jim Dunaway)--A career that could have ended ~~somehow~~ bitterly for George Young had he quit four months ago, closed triumphantly tonight. George decided after the Olympics that rather than squander his fine form, he'd carry on with racing another ^{his} few months, possibly wiping away some of ~~the~~ disappointment over a Games race he thought he should have won.

Just as he'd done in his last two-mile race a week ago, ~~George's~~ young dropped his characteristic run-just-to-win patience and boldly went for a record. No record tie this time. He blasted ~~x~~ 3.8 seconds off Ron Clarke's still-fresh three-mile mark with 13:09.8 at the AAU championships. In his last race--he insisted it was "unless someone pays me to race again"--he got his first outright world record. And he retired with his 17-race hoard of indoor victories intact, two years without a loss.

Undoubtedly, George's splendid last effort proved to be the highlight of the 81st national championships ~~x~~ view by ~~730~~ 7031 at the half-filled Spectrum. Another of the east's series of snowstorms cut the ~~crowd~~ turnout for the meet that had all the men's and women's events crowded into a single 12-hour day of competition. For the meet's one-year return to the east coast (it'll be in Salt Lake City in ~~1969~~ 1970) ~~x~~ and the first meet in the ~~new~~ sparkling two-year-old Spectrum, Baltimore's 11-lap track was imported.

As much was at stake in this AAU meet as any in the past--notably places on the 30-member US team that will face the USSR and West Germany later this month, plus three other smaller ~~xxx~~ foreign tours. Yet overall the field here was rather small and underrepresented by the nation's top trackmen. ~~xxxxxx~~ Part of the blame goes to the date. Three major college conference meets (Southeastern, Big Eight and Big Ten) drew away talent. The outdoor season already has begun in the southwest and west, and that combined with the distance factor kept away nearly all westerners but those with the powerful club teams--winner Pacific Coast, second-place

2222222

~~Striders~~ Southern California Striders and fifth-place Houston Striders. Then, too, all visiting Europeans and Australians except mile winner Henryk Szordykowski had gone home.

Most every event, ~~the~~ however, retained competitive qualities worthy of the national championships. Streaks ~~xxxxxxxxxxxx~~ There~~is~~ was Young's, of course. And Willie Davenport won his 15th straight indoor high hurdle race. Martin McGrady, who's year hadn't been the greatest, took his fourth straight title~~xxxxxxx~~ in the 600. But Bill Gaines, who was trying for his fourth, didn't get it. That title went~~t~~, for the first time, to ~~xxxxxxx~~ Charlie Greene. mention Tate - double

~~60~~ 60: Greene had never won it (second twice?)... Gaines 3 straight (?) ... Pender said it would be his last race... undistinguished field on depth basis.

600: virtual dead heat... unnecessarily ran three races within four hours. 11 runners. scheduled for only heats and final ~~xxxxxx~~ on time basis but runners petitioned for three-race setup. .. three of top four last year with Evans missing... fastest races in semis. Tague's 1:10.8 didn't make it...

1000: Germann pr... only a six-man field... Germann's long kick won it. All even with 2 laps left... Patrick 54.5, Ger. 1:52.5.

Mile: Crawford's first loss. Liquori not very excited about it... Szo. moved with 2 laps left and Marty couldn't go... only five entrants. qualifying standard 4:06.0 which was winning time last year.

3Mile : "Going for record all the way. ~~There~~ You can't run a record without the crowd's help, and the crowd helped a lot." Oleson led first mile: 65.6 (66.5), 2:10.8 (2:11.4), 3:17.3 (3:18.0), 4:24.5 (4:25.2), then young took over and shook Finlay at 2-miles: 6:38.2, 8:50.6, 11:01.4, 12:07.0, 13:09.8. Where~~t~~ did he catch Clarke's pace? ... Young's first three-mile of year... Finlay, Dulong both PRs, Smith's best race

3333333

this year, Clark approached PR, Brown got his, Wiebe?... Quite similar tactics to Clarke's... looked quite tired... "I hate to quit. You always hate to quit when you're winning, but ~~it would~~ it would be awfully hard to quit as a loser also."

HH: Davenport, Hall, Coleman, just like the Olympics...

HJ: nothing spectacular with Jourdan and Fosbury absent... four men at 6'10" with the title decided on misses.

PV: Peter Chen's upset of Seagren... Has bob ever won the indoor AAU?... three men at 16'6".

LJ: Tate pushes the board--first half of double. Fouled one of 27 feet. Poining all year for a double. Beamon still hurt. Mays 2 fouls and took off behind board (20'6")... Toomey allowed in final though he shouldn't have bddn.

TJ: Tate's PR, had a foul of 53'7". Smith's indoor best?

SP: Wood's last meet... Second victory over Matson... Oldfield's PR... Hearn smallest, PR.

35Wt: Hall's PR on last try, dramatic. "It makes me feel young again."
... Frenn's troubles... confusion and anger over location and circle...
