1969

New York, March 8, 1968 -- Sensational performances by Frank Murphy and Larry James led Villanova to a decisive team victory in the 48th IC4A indoor championships at Madison Square Garden and set people to wondering if the new Garden track is really so slow after all.

Murphy, who would rather run the mile, tackled the 1000 to help Villanova's team chances. In the afternoon heats, he qualified in 2:09.5 behind Byron Dyce's 2:09.3, marks that would have won all previous IC4A titles but one. In the final, Murphy stayed sixth and last behind Juris Luzins' brisk 54.4 quarter, then tucked into fourth behind Luzins, Phil Tobin and Dyce as the other starters faded. With two laps (320 yards) to go, Tobin took the lead and Dyce went after him. This was all Murphy needed. In a move reminiscent of Wade Bell, the Irishman swept by all three men in less than 30 yards. He kept right on moving, too, until he hit the tape, some ten yards up on Dyce.

Murphy's time, 2:07.1, is a European indoor record, a fact which made him almost as happy as the victory itself. (He cheerfully supplied reporters with data on the former record "It was Kemper of West Germany...2:08.4 in the Knights of Columbus here in 1967.") About the race, he said, "The way it was run was perfect for me. I wanted a fast pace because I felt I was the strongest one in the field. If nobody had set it, I was prepared to move out myself. I don't care much for sitting around."

In the 600, James had dawdled a bit in the heat, and his 1:12.6 was only fifth fastest qualifying time. So he had to run in the "slow" section of the final. Well, it wasn't slow for long. In fact, it was a typical Jamesian indoor race -- the long, deceptively easy-looking stride, the amazing ability to stay close to the curb while taking the tight turns at nearly top speed, and the fast time -- 49.3 at the quarter and 1:09.2 at the finish. That was 0.1 faster than Wendell Mottley's best-ever for an 11-lap track, (which was also the meet record), and of course equal to Dave Creek's 12-lap mark. James came back to anchor the Wildcat mile relay team to a 3:18.7 win with a 48.0 leg.

Erv Hall and Martin Liquori also contributed Villanova victories. Hall won the highs easily in 7.2, and just missed catching defender Bill Hurd at the tape in the dash. Hall ran a total of eight races in 6½ hours. He is the first hurdler ever to win three indoor IC4A 60 titles. Liquori won the mile in 4:05.3, a meet record, with only Maryland's John Baker able to stay close at the end. Liquori took the lead at the ¾ mark and ran his final 440 in 57.3. Brian Kivlan fell two laps from the finish while he was challenging Liquori. "That was the race," said Liquori. "Kivlan was the only one I was worried about." My only strategy for the race was to stay in front of him, because he's got a good kick. When I heard the crowd react, I looked back and saw it was Kivlan, and then I knew all I had to do was run to the tape."

Art Dulong of Holy Cross set the only other meet record as he took the two-mile in 8:45.0. Dulong took the lead after Ben Wilson of MIT and Dick Buerkle of Villanova had run a 4:24.2 opening mile, and then proceeded to run his race. Liquori describes it as follows, "He gets in front of you and gains a yard or two every lap, just rolling along, and pretty soon he's gone." Thanks, Marty, that's exactly what happened.

Maryland's field events men amassed 20½ points to Villanova's none, but the meet was won on the track by Villanova's four Olympians. The final score showed Villanova with 46, Maryland 32 and Harvard 21.
