Conditions were really bad and temperature was in low 40's both afternoon. Rain and sleet fell throughout meet.

I was head finish judge and really had a bunch of dummies to contend with.

Elliott looked great in the six mile. No exact wind reading but was probably about 15-20 miles per hour during that race. That will ~~probably~~ most likely be his event for NCAA, unless he gets a good qualifying mark in 3-mile while fresh.

You'd probably better send me some report forms for the Big Eight meet. I assume that you folks will contact the REGISTER AND TRIBUNE concerning B8 pics. I'll check with Vince Coyle at the AMES TRIBUNE on pictures if you'd like.

Mike *Mike*

P.S. sorry about the typing but I can't get used to this damn electric toy.
