7 MARKS FALL AT MT. SAC; FT. MCARTHUR TEAM 'FAILS'

Fourteen hours of competition in 105 events Friday produced seven meet records and set the stage for today's world-class portion of the 11th annual Mt. San Antonio Relays.

The setting was perfect Friday with barely a breath of air to stir the summer-like conditions.

Four milers from Valley JC set a national junior college record of 17:00.4 in

Today's Schedule

Mt. San Antonio Relays, Walnut, 11 a.m. USC at Washington State UCLA at California Caltech at Whittier Drake Relays at Des Moines Stanford at Oregon Oregon State at Washington

the seldom-run four-mile relay. Three of them, Mark Covert (4:17.1), Bob King (4:20.1) and Mike Wagenbach (4:11.1) ran their lifetime bests, while Jim Estes anchored with a 4:12.1.

Second place Pasadena ran 17:07.2, also well un-der the old national mark of 17:10.6, set last year by Golden West. Cal Western set a college

distance medley relay re-cord but the U.S. Army team from Ft. MacArthur failed in its quest to regain the American record it lost last week to Kansas in the same event.

Slow early legs by Dave Adkins (48.6) and Jim Kemp (1:52.3) killed off any chance the soldiers had to threaten Kansas' 9:33.0, run last Saturday in the Kansas Relays. Tom Von Ruden, who was on the Ft. McArthur team which ran 9:33.4 to set the U.S. record at Mt. San Antonio last year, went the 1,320 in 2:57.1 and Bob Day followed with a solo 4:04.4 mile. They finished in 9:42.4.

Kenth Andersson, an exchange student from Sweden, ran the mile in 4:05.6 to anchor Cal West-ern's record-breaking unit, which was timed in 9:57.0. Andersson, who hopes to earn a spot on the Swedish national team, came back later to run a 1:51.9 half mile in the two-mile relay.

Breaks Own Mark

San Jose's John Powell broke his own year-old college discus mark with a spin of 179-11. It was exactly one foot better than his 1968 effort.

Fresno Pacific's team of Larry Salles, Jim Farmer, Reggie Davis and John Veal set a college 440 relay

record of 41.1. Two high school youngsters, two miler Fred Ritcherson of Salesian and. Bill Sims of Whittier, outshone many of their el-

Today the Olympic cali ber athletes take over in the tidy little stadium on the Mt. San Antonio College campus in Walnut. Fifteen world records have been set in past meets here and today's cast may pro-

Ritcherson, with a withering stretch kick, won the two mile in 9:05.8, the best prep time in the country this year. Defending State champion Ruben Chappins of Excelsior was far back in fourth at 9:19.0. Dave White of El Modena finished second at 9:06.8.

Sims set the only high school meet record when he sped the 220 in 21.4 to beat Centennial's Vince Buford by four yards. Sims was even more impressive, however, when he made up 10 yards on the leaders in the mile relay. He was clocked in 46.5 for the one lap.

Two junior college re-cords fell, one to LACC's 880-yard relay quarter of Ernest London, Harvey Martin, Willie Deckard and Eugene Jones, and the

other to San Diego Mesa intermediate hurdler

James King. The Cubs ran away from their opposition in 1:25.5, while King ran 52.2 to break the record set by his former teammate, Wes Williams.

PRESS INTERVIEWS

RON WHITNER, INTERMEDIATE HURDLES

Considering this was my first all-out effort of the outdoor season, I'm quite happy with the time today. Actually, I was experimenting. I'm resigned to the fact that if I stick to 15 strides between hurdles I will never cut my time down very much. So today I alternated, left foot and right, 13 and 14 strides, for the first 220. I admit I got a bit tired then so I cut down to 15 strides with a right foot lead the rest of the way.

I hope to compete in x all the big meets on the west coast again this year and if everything goes well maybe I'll establish a personal goal, which is obviously the world record of 48.2. I wouldn't be competing any more if I didn't aim that high.

####

CHI CHENG--100 meter hurdles

I like this distance much better than the 80 meter distance us girls have always been running. It gives me a better chance to hit my stride and if I make one mistake there is still a chance to make it up. My time of 13.9 is OK for this time of year but I honestly think I can get close to the record of 13.4 before the year is over. I have competed in quite a few ***************** pentathlons the last few years but my favorite single event is still the hurdles.

KATHY HAMMOND--Women's 440

This was a big race for me. The time of 54 flat isn't especially impressive, I know, but I haven't had many opportunities to compete this year. The thing is that last year I lost out in the Olympic Trials because I had a leg injury. My 1968 time of 52.6 I think would have qualified me for the team. I am a senior at Mira Loma High in Sacramento, 17 years old. My career goal is to make the Olympic team in 1972 and set a record.

#######

WADE BELL 880--

I'm starting to feel more like me old time self--before I got sick at the Olympics. I'm now in graduate school at Oregon and I'll continue to compete indefinitely, I hope at least as the 1972 Olympics. I've been doing a lot of overdistance training and I'll enter the mile at the Fresno Relays, and I think eventually my event will be the 1500.

INTERVIEWS

Page 3

SAN JOSE STATE SPEEDSTERS

Sam Davis' injury is a 'slight' hamstring pull of his right leg. He got a shot in it immediately after the race and said it didn't feel too bad. He went into the race knowing it wasn't up to par.

LEE EVANS--I know we could have had the record today if Da vis had been up to par. But under the conditions I think we did satisfactorily. I had instructions to get that baton as soon as possible and we just barely made it. Beleive me, we will get the record before the season ends.

RONNIE RAY SMITH--Considering that we really didn't get any good passes in either relay today, our times were fine. Before the season is over we are capable of setting at least one world record. If Clayton gets back in top shape we will be a definite factor in the 440 relay--if we can get our passes down.

JOHN CARLOS-You gotta ** admit, we didn't quit. I guess people expected us to stop after Bavis pulled up. This is a real good team, with no weaknessed. All we need now is more work and get everybody in top shape for the remainder of the season. Watch for us at Modesto. That should be the big one now. As for myself, I've never felt better. Can't get much faster than 99.2, can you?

####

INTERVIEWS

Page 4

BILL TOOMEY--Decathlon

I'm not feeling too hot right now. My left thigh has been hurting all week but I thought it could hold up through this competition. But when you go all out you can't be sure.

(The leg was heavily taped in the training quarters after the 440).

It didn't feel too bad until I came off that final turn, then it definitely tied up. I'll give it a good try tomorrow, though. The first event, the high hurdles, will be the big test. If I don't think it will hold up I think the best idea is to take a good long rest and try again late in the season. No, I have no thoughts of quitting for good—yet.

######

AL OERTER--Discus

I'm not unhappy with my performance today. That's about as good as I've ever done in my opening matrix meet—almost. But I have just about decided this will be my last season of competition. It's not the work involved to get into shape, just finding the time. After this year I think if I can ever find a few days, I'll just go fishing.

####

LEE EVANS --MILE RELAY

Man, I felt real confident when I got the baton because I felt strong. But in those last 50 yards I had my doubts. I really had to dig. Actually, I'm not at my peak. This is about as good a quarter as I've ever run when you consider it's still early season. I think, though, that I have been timed in 44.1 for a relay leg.

I don't think I'ver been as tired after a race, but it was worth it.
