Land Owned	114 Acres
Colors	Red and White

Dickinson College is committed to an athletic program wide in scope and of demonstrated value to the student body and to the Dickinson community as a whole.

It gives me great pleasure, therefore, to continue this commitment further and to welcome to our campus athletes and coaches from 32 colleges and universities for an exciting time of competition in the NCAA Regional Track Championships.

Our all-weather Tartan track, part of an extensive project to renew Biddle Athletic Field, should produce fast times for the athletes in this meet. It remains only for me to wish that the athletes are lively and appropriately spirited and that they may be inspired both by our facilities and by our genuine enthusiasm to support their program.

Howard L. Rubendall
President
