

## RESULTS OF TRACK MEET

VIET NAM , SAIGON 2-26-69

WEATHER HOT &amp; HUMID

TIME: 5 PM

TRACK:.. Soft sand, with  $1\frac{1}{2}$ " rock thrown about, enough to be troublesome, though we built a drag, used one of our means of transportation and tried to clear it up. This Cong Hoa Stadium was a battle field just one year ago and still suffers the traces of same. Troops are still housed herein and the military use it for training and landing the General's helio copter.

The starting pistol was improper, but better than the boards they normally use! There were no wind gauges and too few officials.
