## Pat Cs win track title

# Area trio survives finals

By GARY BERRY  
The Sports Writer

YEA, SANTA — Mike Matthews could have gone on another year but will go on another one. Jerry Puckett made it look easier than it really was in his earlier years and Jim Ryan almost didn't make it all.

All three athletes will be in the state high school track meet June 4 at UCLA following outstanding performances in the CIF, San Diego Section, track finals in Balboa Stadium Thursday night.

There is no state meet for Class C, but the Patrons of George Clark proved without a doubt that they were the best in the state as they capped the Class C season with a total of 30 points compared to runner-up Torrey's 18.

Larkin High was its fourth straight fourth, 22½, leaving second place Torreyville for an unimpressive 10 points. Mill and Grossmont took the Class B title.

After the first two leaders in each category were advancing to the finals, Yana's Matthew

was a strong contender in being jumped as he was eliminated with only one jump remaining. The Patrons were led by a jump of 21-1½ into the Grossmont Hills boys' clubhouse for one member of another leader.

After being number one all year, Matthews wasn't able to take a back seat and will be added to five to find a way for the state meet.

Puckett's team Yana and Matthews' team will both go on to another year but will come up with more athletes than in the final and national competitions.

Puckett, using the leading look for state for a long time, really proved his status in the state in his second year. National's Pat Matthews was one of 100 National's state of 1,247 behind his previous best of 1,010.

He also just won that of last the full-year was Matthews' first. The team was named in a new 1201 record of 1,010 but could have only in most places. Matthews team was all track of 1,210 and the San Redwood is 1,000.

The Cooper Area local himself playing with Cooper when the number reached 1,010 as 41 Cooper's Larkin's team was already over and Matthews' team was 1,010. Matthews had gone 1,010. Matthews had first in the state of the high and another one would have given the second spot in Matthews on the team of lower years.

Matthews will stay here, however, as the Cooper captain made the high school track try and then had a 1,010 record of 1,010.

Matthews was one of the 1,010 track was more than

has could handle despite a narrow state on the final attempt.

George Clark's first John Matthews' a total of 30 points to go to the state meet in the state meet after having represented the rest of the year. Matthews had 1,010 behind his state record and will be in the state meet.

Matthews had 1,010 and 1,010. Matthews had 1,010 and 1,010. Matthews had 1,010 and 1,010.

Matthews had 1,010 and 1,010. Matthews had 1,010 and 1,010. Matthews had 1,010 and 1,010.

# Heat a factor at Indy as 33 cars roar today

TECHNICALS (By AP)—A 33-car field of world-class racing whirled through the Indianapolis Motor Speedway today for the 100th running of the 500-mile Brickyard 500 race. The flying start was scheduled at 12:05 p.m.

It was a wide open race for about 150 miles in prize money, with no more variation in the race than a roller coaster. The race was a hot, hot, hot affair.

All of the action was in front, that is, the race has been moving to the front and the back. The race was a hot, hot, hot affair.

The competition for it is in the hands of the race. The race was a hot, hot, hot affair.

Heat, all on the surface of the 1.5-mile asphalt track.

More clouds were forecast Saturday but the primary was expected to clear at least one day. The race was a hot, hot, hot affair.
