## JC TRACK & FIELD

1969-70 Annual Edition

Fred Baer, Editor & Publisher

JC TRACK & FIELD herewith presents the 1969-70 edition of the U.S. Junior College Track & Field Annual.

### History

This is the fourth complete bi-annual revision of the book since we launched the project in 1963 with a California JC Annual. In 1965 the first U.S. JC Annual was published.

### Acknowledgements

California JC lists were originally compiled by Don Nash, former editor of Track and Field News' High School Annual. We are also indebted to Jack Shepard for many of the marks in this annual. Among the many others who have contributed substantially are Gil Bishop, Ken Bishop, Dick Drake, Dick Hamilton, Dave Kamanski, George Killian, Robert Lynch, Dan Meyer, Gary Rausch, and Ray Smith--plus our staff members. We are also grateful to our regular contributors, numerous coaches, and many others.

### The Lists

The best marks made by athletes competing for two year colleges are listed for each regular JC event in approximately 30 deep lists. Available marks for other events are also listed. A special (blue) section contains the best performances made by the leading California JC athletes.

The (yellow) section at the rear of the Annual contains various records lists, ranging from all-time conference marks to the accepted national records.

A note on the special lists of "all-time best track marks from California JC conferences"--Some colleges may be listed in two leagues because of releguing. The marks count in one conference if the school was in that league when the mark was made. The mark may also be listed in the best marks of a new league (those formulated since 1962) because lists for new leagues are all-time bests from schools comprising that particular league, taking into account the entire track history of the new league's members.

### Season Limitation

Marks made in AAU or other outside competition have been included here as have non-winning marks in all types of competition where it has been assumed that such times are reasonably accurate. Since this is primarily a listing of performers' best marks and top performances--in contrast to accepted national records--summer marks are included herein (through August 31 of a JC athlete's second year of competition). An exception was made to list George Carty's high hurdle time in the Final U.S. Olympic Trials last September, but his next best mark (in season) is also listed.

However for national record purposes, California junior college athletes are no longer allowed to compete for their institutions after the state meet, so this is now the cut-off date for national records in California. Previous rules allowed competition until the last day of the spring semester (prior to 1967) and an earlier rule cut-off participation at the end of May.

This restriction does not apply to National Junior College Athletic Association athletes, who are governed by NJCAA rules.

### Abbreviations

Common abbreviations used in this annual:

n --non-winning	CC --City College	LA -----Los Angeles
h --heat	NorCal --Northern Calif.	Mt. SAC--Mt. San Antonio
s --section	SouCal --Southern Calif.	Val-----Valley
p --postal meet	Metro----Metropolitan	NJCAA----National Junior College
q --quarterfinal		Athletic Association

JUNIOR COLLEGES ARE IN CALIFORNIA UNLESS OTHERWISE NOTED.

MEETS ARE IN SAME STATE AS PARTICIPATING COLLEGE UNLESS OTHERWISE NOTED.

### COVER PHOTOS:

On the front--Two of the three Mesa (Ariz.) Community College athletes who competed in the 1968 Olympic Games are on the left, both of whom bettered national JC records. Javelin thrower Mark Murro (JC record of 273-0) was the only U.S. athlete to make the javelin finals in the Olympics and finished ninth at 262-8 $\frac{1}{2}$ . Jamaican Mike Fray bettered the national JC 220 mark several times but had circumstances such as lack of a wind gauge or a foot short track (in the case of his 20.2) nullify official recognition. Fray, with a 20.3 in the Olympic 200 meter quarterfinals, finished seventh in 20.6 in the world record breaking finals. Modesto JC's Duwayne Ray was the leading JC miler of 1968 with a 4:07.8 clocking. He also had a 9:11.0 two mile.

On the back--(clockwise from top left)--Porterville College freshman shot putter Roger Castaneda (54-0 $\frac{1}{2}$ ) planned to return in 1969 for a shot at the national record. Chaffey javelin thrower John Holladay led California junior collegians at 217-7. Los Angeles Harbor's Herman Franklin was a double California state meet hurdle winner and had bests of 13.8 and 35.8--in addition to a 23-10 $\frac{1}{2}$  long jump. Marion Anderson of Contra Costa leaped 24-9  $\frac{3}{4}$  in the long jump.

FULLERTON AGAIN WINS ALL-TIME CALIFORNIA JC DUAL MEET CHAMPIONSHIP

by Don Nash

Fullerton JC successfully defends its all-time California dual meet title, won last year, by defeating all comers in mythical championship competition.

The result was determined by matching the junior colleges of the state against each other in dual meet competition, using the best all-time marks by the three top men in each event from each college (through the 1968 season).

The Hornets from the Eastern Conference could beat all other teams, but unlike last year, there is no single runnerup.

Last year we found that Pasadena could defeat all other two-year schools but would lose to Fullerton by a  $70\frac{1}{2}$ - $65\frac{1}{2}$  decision. This year, however, Pasadena also would lose to Compton. Compton, in turn, would be beaten by Bakersfield, and the latter college would fall before Pasadena.

For Fullerton, it again was the great 1961 squad that pushed the Hornets over the top. Members of this group scored between 21 and 25 points in each of the dual meets.

In order to determine the champion, mythical competition was held between the following schools, all with fine track and field histories: Mt. San Antonio, Santa Ana, Foothill, Los Angeles Pierce, Fresno, Hancock, Long Beach, and San Diego.

The closest competition was Compton's 69-67 win over Pasadena while the most lopsided score among the top 12 teams was Pasadena's 103  $\frac{3}{7}$ -26  $\frac{4}{7}$  victory over San Diego.

For the competition, events now on the state meet schedule were used with marks being adjusted where possible, i.e. 220 straightaway into 220 turn marks, etc.

Here are the summaries of the four leading teams in round-robin competition (year mark was achieved is in brackets with school designation):

The Mythical Duals:

(Right)--  
Top JC pole  
vaulters of  
the 1968 sea-  
son were Ed  
Caruthers  
(left) of San  
Jose CC and  
Rick Olander  
of Grossmont  
Both scaled  
16-1 at the  
West Coast  
Relays.

(Left)--Two-time Olympic veteran Neville Myton of Mesa (Ariz.) beat Dave Perry of the Pacific Coast Club to win the 800 meters in the San Jose Invitational in 1968. Myton, who ran 1:47.7 as a 17-year-old for Jamaica in the 1964 Olympics, clocked 1:50.1 in this race. He failed to finish his trial heat during the 1968 Olympics at Mexico. (Above)--Leading 440 yard relay team of 1968 was Compton's 40.8 quartet of John Veal, Thomas Lee, Charles Evans. and Bob Turner.

ALL-TIME CALIFORNIA JUNIOR COLLEGE TRACK & FIELD PERFORMANCES

Compiled by Don Nash

Published by JC TRACK & FIELD

JC TRACK & FIELD is pleased to present herewith the second list of all-time California JC track and field performances, compiled by Don Nash--who also compiled the original California JC performer lists on which most of this Annual is based. The performances lists average from 30 deep in the common JC events and give a good indication of how much one person may dominate an event. The lists show Lee Evans as the dominate figure in California JC history in one regular event. Evans has the top ten times (and 13 of the top 24) for the 440 or 400 meters. Even more remarkable is the fact he competed only his freshman year for San Jose CC, before transferring to San Jose State. Also of note is that most of the other quartermilers on the list ran one turn races and Evans' races were all around two turns.

Geoff Vanderstock of Mt. San Antonio has the top nine spots in the 440 intermediate hurdles--which was not yet a regular event in the California JC program until 1969. Vanderstock has 15 mentions in all on a shorter list (only 28 deep since it has not been run as often by junior collegians) but took two years post these marks, getting ten of them in 1966.

We hope our readers will help us correct any errors or omissions in the lists.

In the following lists, names are in all capitals, followed by school, in first reference. Succeeding references to the same athlete (or relay team) are in caps and lower case. Names of relay team members are listed for a team's best mark of any one season only, with succeeding references for the same season by name of school only.
