## MERRITT HOPES TO BECOME FOURTH TWO-TIME CALIFORNIA CHAMPION

Oakland's Merritt College is favored to become the fourth school to win two consecutive California State junior college track and field championships. The 1970 meet will be held Saturday at Modesto in conjunction with the California Relays.

Field events get underway at noon with the exhibition JC javelin and running events start at 3 p.m. with the open mile walk. (JC 440 relay is at 4:10.)

Northern California runner-up Fresno CC, who chased Merritt to 98 points in the NorCal meet, plus Southern California champ Bakersfield are the only teams with enough qualifiers to seriously challenge Merritt's repeat attempts.

A team to watch, however, is Southern Cal runner-up Los Angeles CC, who has but five finals spots--but all by Sou/Cal meet winners. Cub sprinter Willie Deckard and hurdler Lance Babb both doubled in the Sou/Cal and paced the Cubs to a 40.8 quartermile relay victory. In order to repeat that achievement in the state meet, they'll have to cut into Merritt's stranglehold on the sprints--an accomplishment that would likely mean a state title for LA.

Merritt leads the field with a dozen qualifying spots, led by national record holding 9.3 sprinter Warren Edmonson and quartermiler-jumper Henry Stuckey in four events each, plus hurdler-quartermiler Larry Glenn in three. Glenn is only in three events because he's no longer a member of the Thunderbird 440 relay quartet which last year started off the state meet with a national JC record 40.4 clocking! Now running with Edmonson and Stuckey on the team which clocked 40.8 last week are 9.4 sprinter Royce Ford and 9.5w man Ron Williams.

Edmonson is the national JC leader in the 100 with his record tying 9.3 and in the 440 at 47.0. He ranks a tenth behind 220 leader Dave Gilliard (20.7) of East Los Angeles (as does LACC's Deckard).

The national record of 20.6 for the furlong is certainly in danger too on Modesto's swift track as Edmonson will challenge the southern pair in the 220 but not go in the 440. He will run a leg on Merritt's mile relay team, which last year set national JC and freshmen records of 3:08.2 with a quartet of Stuckey (48.0), Glenn (47.5), Edmonson (45.9), and Lamont Jackson (46.8). (Glenn clocked 46.5 and Stuckey 45.9 on a later 3:09.6 effort.)

While Merritt has its qualifiers bunched in eight events, Fresno has 11 men in nine different events and Bakersfield has all of its ten qualifiers in different events. None of the Bakersfield lads won Southern California titles, although Renegade distance ace Rick Hitchcock is defending state two mile champion with a best of 8:59.6 (8:59.8 this year).

Fresno has the only other defending champion in the state field, 16-0 pole vaulter Steve Hardison. But he too failed to repeat as a section champ when College of San Mateo freshman Jim Lydon edged him on fewer misses at 15- $\frac{1}{2}$  last week. A pulled hamstring muscle had kept Hardison out of action for a month prior to the Nor/Cal meet. California's other 16 foot JC vaulter this year, '69 state runner-up Bob Richards, Jr., of Mt. San Antonio, failed to place in the Sou/Cal meet.

## JC POLE VAULT KICKS OFF CHAMPIONSHIPS AT 12:45 P.M. SATURDAY

The pole vault will kick-off the 1970 California State junior college championships at 12:45 p.m., instead of at 1:15 p.m. as originally scheduled, according to meet director Tom Moore. But the first event is still the exhibition JC javelin at noon.

The pole vault was moved up a half hour because 16 men (instead of the normal eight) qualified for the state finals due to others achieving the fourth place height in the north and south section meets.

State meet veterans have had a tough time or it lately. Edmonson and City College of San Francisco's 6-8 high jumper Clyde Sadler were both sidelined with injuries in April. Glenn has also been hampered by a muscle strain and Sequoias intermediate hurdler Bud Stanton failed to get a second chance in the state meet after taking a spill in the Nor/Cal finals.

\* \* \*

JC TRACK & FIELD's dope sheet, which has only once failed to predict the state meet winner, sees Merritt joining LACC (1951-52), Santa Ana (1964-65), and Allan Hancock (1966-67) as a two-time champion by totaling 72 points to 48 for Fresno CC. The runner-up battle is tight with Bakersfield doping to 45 points and LACC 44.

Hancock's state meet scoring record of 100 points set in 1967 appears safe, however.

\* \* \*

Fresno's unbeaten high hurdler Jerry Wilson (14.2w), last year's state high school champion in both highs and lows, will duel LACC's returning state meet entrant Babb--who clocked 14.0 to win the Sou/Cal meet. Babb ranked second in the nation last year at 14.1 but was seventh in the eight man state finals field after coming in unbeaten.

Fresno has two other Nor/Cal champs in 6-10 high jumper Rick Fletcher and quarter-miler John Banks (48.0). And frosh Ram sprinter Lorenzo Johnson (9.6, 9.4w) has lost only to Edmonson this year.

High jump favorite, however, is seven-foot jumper Larry Hollins of MiraCosta, the Sou/Cal champion. Fletcher and Pasadena CC's Wayne Bradley (6-10½) are the chief contenders.

Banks posted one of the surprises of the Nor/Cals with his 440 victory, proving to be a good hot weather runner. He'll have trouble with Stuckey and Glenn Saturday, however, plus the close Sou/Cal field led by champ Ben Rico (47.6) of Mt. San Antonio. Chasing Rico to the tape in the Sou/Cals were Ron Gaddis (47.7) of L.A. Pierce and Jim Kirby (47.7) of Long Beach CC. JC TRACK & FIELD sees Rico as a slight choice over Stuckey Saturday.

Moorpark's Ricco Sanchez, after concentrating on the 440 most of the season, took right over in the halfmile last week with a 1:52.8 for the state JC leadership in the Sou/Cal prelims. He then ran 1:50.5 in the finals for the US community college lead. Manuel Green of L.A. Valley (1:50.9 behind Sanchez) and Nor/Cal champ Clay Lowrey (1:52.5) of American River should make the state race interesting.

State cross country champ Hitchcock, who oloed in the two mile for the state title last May, is finding a mile-two mile double in '70 more difficult. He should be able to win the mile over Grossmont's Sou/Cal champ Armando Valencia (4:07.4) if he goes all out. But he'll have trouble coming back in the two mile against Sou/Cal champ Ruben Chappins (9:05.0) of Cerritos and arch-rival Mark Covert (9:04.6) of L.A. Valley. Hitchcock has run 4:08.1n and 8:59.8 this year.

In the shot put, state leader Ernie Cathcart (56-3) of Chaffey will try to come back after being upset by Lamar Anderson (54-2½) of L.A. Southwest last week. And American River's Greg Born (54-11 3/4) will have his say too.

Two outstanding athletes who expect to take well to Modesto's great field facilities are long jumper Mike Hill (25-6) of Mt. San Antonio and discus thrower Sylvester Marshall (171-11) of West Hills. Modesto's winds could hinder and help them.

In the triple jump, San Jose CC's Harry Freeman will duel James Butts (50-3½) of East Los Angeles. Freeman has marks of 50-11½ wind-aided and 49-6½ (legit).

#### RECORDS COMMITTEE TO REVIEW MARKS

The National Junior College Joint Records Committee will meet Saturday at Modesto to review applications for national marks set since last year's meeting. California chairman Dave Kamanski of Cerritos College will convene the 10 a.m. conclave at the Sun Dial Lodge.

Applications have been received for Mark Covert's 29:32.4 six mile for Los Angeles Valley on May 30, 1969 and for Mt. San Antonio's 59.7 shuttle high hurdles relay team, both as new events. No applications have been submitted as yet for the 8:52.4 two mile by Phil Burkwist of Spokane (dash) on April 18 (or for Burkwist's 31:58.0 in the 10,000 meters Dec. 20). No national records were broken in the relays this season, with the California JCs unable to compete in the West Coast Relays.

# SANCHEZ RUNS 1:52.8 HALF IN JC MEET 'BY ACCIDENT

THE FRESNO BEE  
Sunday, May 17, 1970

BY JOHN WOLF  
Times Staff Writer

**BAKERSFIELD** — According to Moorpark's Rico Sanchez, his state best 1:52.8 half mile in the Southern California junior college track prelims Wednesday was "all a mistake."

Running the 880 for only the third time this season, Sanchez recorded a 52.3 first lap enroute to the fastest half in the state this season, a tenth better than American River's Clay Lowrey (1:52.9).

"I was just trying to set a pace," Sanchez said. "I've been running primarily the quarter in dual meets because that's been our weakness and I haven't been working out for the half."

Sanchez' mark was the outstanding time in a meet dominated by host Bakersfield. The Renegades qualified 18 for Saturday night's finals followed by Mt. San Antonio's 11.

But Bakersfield's effort was overshadowed by individual performances on a warm day.

Los Angeles City College hurdler Lance Babb turned in the fastest time of the season in Southern California in the 440-yard intermediate hurdles, running 53.0. Babb earlier won his 120-yard high hurdle heat in 14.6.

## Gades Capture Spike Crown

McClatchy Newspapers Service

**BAKERSFIELD** — The favored Bakersfield College track and field team captured honors in the annual Southern California Championships with 67 points last night on their own Memorial Stadium track.

The Bob Covery-coached Gades failed to win any of the events as distance star Rick Hitchcock was second in the mile and third in the two-mile.

However, there were other upsets. For instance, Bob Richards Jr., a 16-foot vaulter, failed to qualify for next Saturday's California State JC Meet at Modesto.

# Merritt Wins Northern JC Track Crown

Special to The Bee

SANTA ROSA — Merritt College of Oakland, led by its great sprinter Warren Edmondson, held off challenging Fresno City College by a 19½-point margin to defend its Northern California Track and Field title on the Santa Rosa College oval.

The meet served as a qualifying event for next Saturday's California State Junior College Championships at Modesto Junior College. The first four finishers in each event here yes-

terday, plus all fourth-place field event marks, go to the state finals.

Merritt's talented T-Birds triumphed in four events, with Edmondson winning the 100- and 220-yard dashes in 9.5 and 20.8, equaling the meet record in the latter, and anchoring the winning 440 (40.8, a meet mark) and mile (3:14.6) relay teams.

Fresno produced three Northern California champions, quar-

ter-miler John Banks, 48-flat; high-jumper Rick Fletcher, 6-8; and high hurdler Jerry Wilson, 14.3, wind-aided. All three are freshmen but Fletcher will transfer to UCLA next season.

Wilson, state high school high and low hurdles champion last year, is undefeated this season. Teammate Lorenzo Johnson, also a yearling, suffered his first setbacks of the season in the dashes, taking second in 9.6 in the century and third in 21.2 in the furlong.

Fletcher's career best mark is 6-10. He cleared 6-9½ as a prep. Banks' 48-flat is his fastest time of the year. It is a school record. Wilson's 14.3 was wind-aided, although only slightly (5-miles-an-hour).

Bob Fries, Rams' coach, protested Johnson's third-place finish in the 220.

"There was no doubt in my mind," he said, "that he was second. There was even someone there with a picture of the finish and it clearly showed, at least in my opinion, that he was ahead of the other."

Central California produced two other champions.

Discus thrower Sylvester Marshall of Coalinga's West Hills College won at 170-5 (his best is 171-11, and 440 intermediate hurdler Bob Phelps of Santa Maria's Hancock College lowered his own meet mark with a 53.9 repeat gold medal.

Marshall's brother, Lee, was the half-mile runnerup, timing two-tenths behind Curt Lowery of Sacramento's American River College, 1:52.5.

Steve Hardison, defending state and Northern California vaulting champion from Fresno, yielded his title at 15-½ to San Mateo's Jim Lydon on the fewer misses rule. Hardison, who has cleared 16-feet several times, has been hampered by a hamstring muscle injury. He told Fries he was willing to go higher if it would help the team but the team title had already been determined and Fries did not want to risk further injury.

Fresno followed the T-Birds in both relays, timing season's fastest in both, 41.2 and 3:14.6.

Kirk Rademaker (48.4) Louis Amps (47.9) Mike Murphy (48.5) and Banks (49.5) combined in the mile relay. Their time is a school record.

Banks led Edmondson have the pole," Fries said. "If he had pressed him, we might have won it. But I guess he was pretty tired from the fine 440.

"I felt we had to get Edmondson in one of his races to win. We were even in the last exchange of the 440 relay but Johnson took off too fast."

400 relay—1. Merritt (Williams, Stuckey, Ford, Edmondson), 40.8 (Meet record; old mark: 49.9; Merritt, 1969); 2. Fresno, 41.2; 3. Laney, 41.6; 4. West Valley, 42.2; 5. San Mateo, 42.5; 6. San Francisco, 42.6.

## Track Duel Shaping Up

MODESTO — Merritt and Fresno City led all colleges in qualifying spots at the Northern California JC Meet Trials held at Modesto College Stadium yesterday.

The finals will be held at Santa Rosa Junior College on Saturday with field events at noon and track events starting at 1 p.m.

On a windswept day when only one 100-yard dash wasn't wind-aided, Merritt qualified 21 spots to lead all teams, while favored Fresno had 16 qualifiers.

Biggest news on the day, aside from a legal 9.5 century by Contra Costa's Roger McGill, was the return to action of Merritt's Warren Edmondson who clocked wind-aided 9.4 and 21.5 sprint times. Fresno's undefeated Lorenzo Johnson, with marks yesterday of 9.4 and 21.3, is the favorite for Saturday.
