## Welcome to the City of Bakersfield

It is with extreme pleasure that I extend greetings to the City of Bakersfield on the occasion of the Women's and Girls' A.A.U. National Track and Field Championship Meet. On behalf of our citizens I wish to offer every hospitality to all.

May your stay in our City be most pleasant, and we look forward to your visit again at some time in the future.

Sincerely,  
Donald M. Hart,  
Mayor

We welcome you . . .

to the 1971 National Girls' and Women's AAU Championships. Bakersfield has achieved the enviable reputation of having some of the best run and most popular track meets being held in the United States, as evidenced by the repeated selection of Memorial Stadium by such outstanding athletes as those here today.

Our new "Tartan" synthetic track is proving its value, and we look forward to more and more successful events being staged here, and we are honored to have the opportunity of sponsoring them.

To the athletes — officials — and fans, our greetings.

Keep coming.

Robert L. Hoven, President  
Greater Bakersfield Chamber of Commerce

it's  
the real  
thing

## Tartan Teams Promote Meet

Local students were a familiar sight the last few weeks around Bakersfield. They sold the ads in this program, pushed ticket sales and advertised the meet. Shown from the left are: John Wall, Patti Gause, Allison Duffield, Lupe Solis, Anita Gonzales with Phil Foster in the back.

## Best Wishes . . .

Bakersfield Community College is pleased to serve as the host campus for the National A.A.U. Women's Track and Field Championships. We are excited with the thought that you are all here to participate in this national event either as a contestant or as a spectator.

Bakersfield Community College is fortunate to have the support of the community as typified by the co-sponsor of this event, the Greater Bakersfield Chamber of Commerce. In the past the co-sponsors have hosted five Men's National A.A.U. Championships in the last fifteen years. This is the first time for the Women's Track and Field Championships to be held in this stadium.

We sincerely hope that all of the contestants do their very best and that everyone's stay in Bakersfield will be a pleasant and memorable one.

Burns L. Finlinson, President

## ARRANGEMENTS COMMITTEE

We are extremely pleased to host the 48th Annual AAU Girls' and Women's Track and Field Championship meet for the first time in Bakersfield. The efforts of many people from the Greater Bakersfield Chamber of Commerce, Bakersfield College and the community as a whole have been given towards the success of this meet. It is impossible to mention everyone individually but listed here are a few who have given unselfishly of their time and effort to make this the greatest AAU Girls' and Women's meet ever. I thank them, sincerely, for their loyal and generous support.

Secretary-Treasurer  
Chairman,  
Registration Committee

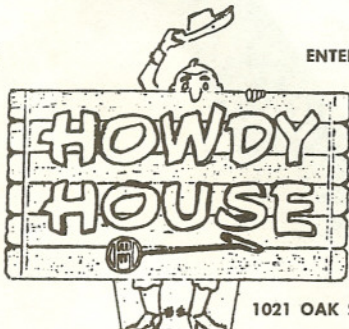

Bakersfield has been the site of five Men's National Track and Field Championships as well as the Men's National Decathlon Championship and it is an extreme privilege for the Association to join the community in welcoming the Girls' and Women's Championship. This association takes great pride in the fine track and field program which exists in our area and we are looking forward to an outstanding amateur athletic event.

Sincerely,  
Gil Bishop, President

George Brown, Central California Association, AAU

## BAKERSFIELD'S TARTAN TRACK

Following the 1970 National AAU Championships, it became apparent to those interested in continuing the strong support of track and field that the fine clay-brick (and supplemented later with volcanic ash) track was being passed by with the installation of synthetic surfaces.

With more international competition being held on the all-weather tracks, community representatives approached the Board of Trustees of the Kern Community College District, which owns Memorial Stadium, and asked if the Board would consider the installation of a new surface.

After considerable review, the Board advised the committee that it could justify one-half of the cost of a new surface in savings of manpower, over-time, materials and equipment over a five-year period. With this in mind, the committee went out and secured underwriters to financially support the rest of the cost and a new Tartan surface was first used on the night of May 15, 1971, at the Bakersfield Track Dedication Classic.

Boasting nine 48-inch wide lanes, a 155-foot pole vault runway, a 175-foot long jump-triple jump runway and a 50-foot high jump fan, all of Tartan, the new surface went into action with resounding effects.

Seldom-run metric races were the basic events in the Dedication Classic. Jim Kemp lowered his own 32.8 American record for 300 meters to 32.1. University of California Freshman Rick Brown eclipsed Tom Farrell's 600 meter mark of 1:16.5 with a 1:16.2 performance. Farrell's record had been set during the Olympic training period at South Lake Tahoe in 1968.

The topper came when veteran George Young whipped a strong 5000 meter field which included Frank Shorter and Jack Bachelor and set a new American record of 13.32.2. Supporters of the new track were jubilant over the fact that fast times were recorded in short and long distance events even though the Tartan track was relatively fresh and is noted for improvement with age.

A 3:05.5 mile relay by UCLA, a 39.9 440 relay by the Army and a 17' pole vault effort by Bob Seagren helped make the Dedication Meet a great success in front of 7,301 fans on a warm evening.

# LADIES

## THERE IS A DIFFERENCE!

It's called "the PROFILE difference" . . . a difference that you will see and feel when you start using **PROFILE TRACK AND FIELD EQUIPMENT** . . . a difference that could give you the competitive edge to stand in the winner's circle.

**PROFILE** makes a complete line of Track & Field equipment with a difference for the ladies. Our 105 Competition Javelin is made of the strongest aluminum alloy ever developed. Each javelin is individually and aero dynamically balanced and has interchangeable points for longer life. Our 106 Practice Javelin is made to women's specifications and is the only aluminum practice javelin that conforms to official specs of length, weight, and balance point.

More examples of "the PROFILE difference" are found in our three models of ladies' discus. The 206 Discus is the finest ladies' discus made anywhere. It is of hollow laminated construction, and is epoxy bonded for high water resistance. The 207 Competition Discus is of similar high quality as is our 208 1 Kilo Rubber Training Discus which is made in our own molds.

"The PROFILE difference" continues into our line of ladies' shots. Our 4 Kilo 310 Brass shot is a lathe turned precision shell filled by us to exact weight. It also features a removable plug which allows for weight adjustment to compensate for usage. Our 4 Kilo 316 Steel and 317 Iron shots are gauged precision shells also filled by us to exact weight. Like to practice indoors? You can, with our 4 Kilo 309 Indoor shot put. It is made of specially formulated duralene plastic that will not mark indoor wood floors. These shots are molded in our own molds in an exclusive process that insures uniform wall thickness. The plug cannot be removed.

The same care that goes into the "top of the line" at **PROFILE Sports** goes into each one of the other Track and Field items from the 601 Starting Block to the 501 Relay Baton.

Testimonial to our care and quality was recently given when our 207 Ladies' Competition Discus and our 317 Ladies' Iron Shot were selected for official competitor's use at the forthcoming Pan American Games!

**ALL PROFILE** Track and Field Equipment meets official specifications and is competitively priced. Try our equipment and compare . . . as you know, it only takes a little difference to make a big difference in the field . . . we call it "THE PROFILE DIFFERENCE."
