

MISSION BAY MARATHON

San Diego, 10 January 1976. Mario Cuevas held off a determined bid by San Diego's Phil Camp to take the laurels for this running of the Mission Bay Marathon by one of the closest margins in U. S. marathoning history. Cuevas, 1975 Mexican National Champion and '74 Culver City winner, traded the lead among a close pack of six through five miles and, by the time they came off the sidewalk for the final turn around Fiesta Island, the pack had slimmed to three: Cuevas, Ron Nabers and the leader at 15 miles, John Jones in his first marathon. Meanwhile, Phil Camp, back 36 seconds at 10 miles, hauled past fourth running Bob Fitts after a quick drink at the turn-around and made contact with the front-running Cuevas as they rounded Fiesta Island into 20 miles. For the next six miles it was a stride-for-stride duel with Cuevas picking up a stride on Camp with a mile and a half to go and forcing the pace to stretch that out to six at the finish.

Cuevas' time of 2:18:05.2 was the sixth fastest on the course and Camp, two seconds back, ranked 8th with his first clocking under 2:20.

Fitts, taking a respite from the snowy climes of St. Louis, took possession of third place from Vandenburg AFB marathon novice Jones as they rounded Fiesta Island and then Tom Bryant overhauled Jones with a quarter mile to go, leaving John with a very auspicious fifth place 2:21:39 marathon initiation. Bryant's Santa Monica TC teammate, Perry Forrester, got under the Olympic Trials qualifying standard by 13 seconds and Ron Nabers' trip from Florida came to naught as he missed the mark by 16 for seventh place, holding off a strong challenge by fast-finishing Dave White.

La Mesan prep Chris Hughes broke 2:30 to top the Junior Division in 2:29:31 just 3:01 ahead of the new Veteran Division Record-holder and Champ, Truman Clark. Clark's 2:32:32 knocks almost two minutes off Dave Waco's 1973 record of 2:34:21. Between these two was Eric Gulve, 17, with the fastest Junior second place performance in logging 2:31:48.

Ed Almeida, 53, again ran off with the Masters' race, this time in 2:44:54, just 35 seconds off last year's time ... and one second slower than John Kelley's National age-53 record! Just two and one-half minutes behind Eddie ... and fourteen places ... came 12-year-old Reggie Heywood, sixth Junior with another age-level World Record, knocking almost seven and a half minutes off Mike Boitano's record with 2:47:09.

Nicki Hobson eclipsed her own age-44 mark in winning the Women's Division by seven minutes. Her former mark was 3:15:20 but today she flew to a 3:05:18 standard. Jim Bole annexed the 60-plus title for the third straight year with 3:45:43 with Al Clark second in 3:46:01 and venerable Noel Johnson (76) third in 5:01:00.

The 609 finishers out of 718 starters bettered even last year's 81.7% survival rate for 84.8% ... it looks as if marathoners are starting more prepared for the race ... and we'd like to think that the frequent aid stations and more than 225 gallons of Gookinaid E.R.G. might have had something to do with that more runners finish and finish feeling better at Mission Bay. More than one-fifth of the starters finished under three hours with 1952 Boston runner-up Jack Lafferty hitting 3:00:00 in 148th place ... and over half (51.4%) bettered the Boston qualifying standard of 3:30:00. 75.3% were under four hours to earn Mission Bay Marathon T-shirts. With 323 Half-Marathon starters, over 1000 runners were on the course!

Joe Suggs, running out of El Cajon for the Jamul Toads, clipped 29 seconds off Eric Newberger's year-old record to win the Half-marathon in 71:24.

The Friday afternoon and evening registration took much of the load off the race day congestion but more than 150 arrived after 7:30 to register Saturday morning causing us to delay the start of both races. Next year we start as soon as those in line before 7:30 a.m. are processed; later arrivals start when they get registered... if at all. We'll also start both races at about the same time to overcome the problems of faster runners overtaking far slower runners in the Half-Marathon on the walk.

An even greater problem that could bring about the end of the Mission Bay Marathon if it doesn't result in the death of one or more runners first was presented by the hordes of cyclists and auto drivers that wove in and out of the packs of runners ... friends and relatives of the runners as well as other inconsiderate spectators. The San Diego Police Department shares our concern and demands that the drivers not follow the runners around the course ... and that cyclists not be permitted to do so either ... if we wish to continue conducting this event. There were countless near-tragedies due to the heavy auto traffic and the bicycle, which I used to consider the ideal way to follow a marathon, was even worse thanks to the sheer numbers and lack of consideration of the riders. Not only were many runners prevented from getting drinks at the aid stations because cyclists were cutting through the pack, but runners had to dodge them throughout the race... and at least four runners were hit by cyclists and two were unable to continue the race for which they had traveled so far and trained so long.

RON NABERS leads Mario Cuevas (2), Jerry Alexander (399), John Jones (6), Dave White and Vicken Simonian at 5 miles as more bicyclists than runners crowd the pack. No wonder we missed so many splits! John Salzmann photo

MARIO CUEVAS hits the finish line in 2:18:05.2, less than two seconds ahead of runner-up Phil Camp, after a seven-mile battle with the San Diego-based Navy airman.

Your friends and relatives can park on the east side of East Mission Bay Drive south of the Hilton Hotel and walk the few hundred yards to the Fiesta Island Junction where you'll be passing six (6) times ... and then still have plenty of time to get back to see you finish. How about encouraging them to do that next year... so we'll be able to let you run in 1978...?

TEAM SCORING: Competition between the San Diego Track Club and Santa Monica Track Club was so close that, as results were refined, the championship changed four times. After an initial set-back 17-18, the Santa Monica Track Club emerged on top 17-19. The new ruling calling for scoring by cumulative times eliminates the problem caused by displacement of other team members in team placing ... and then finding that some teams didn't finish a full team. However, by that method, SMTC loses 7:25:18 to 7:23:59! Wait 'til next year!

OPEN TEAMS:

1. Santa Monica TC (2-3-12) 17
2. San Diego TC (1-7-11) 19
3. Phoenix College (6-8-9) 23
4. West Valley TC (5-10-14) 29
5. Westwood College (4-17-18) 39
6. Tijuana Inst. Technol. (19-20-21) 60

VETERAN TEAMS:

1. San Diego TC (1-2-4) 7
2. Club No. Shore (5-6-8) 19
2. San Diego TC-50 (3-7-9) 19 TIE

MILITARY TEAMS:

1. USMC-Camp Pendleton (1-3-4) 8
2. US Naval Hospital (5-6-7) 18
3. USMC-MCRD (2-8-9) 19

WOMEN'S TEAMS: Although enough women from other clubs finished to field teams, only the San Diego Track Club entered a team ... how 'bout next year???

NICKI HOBSON broke her own Age-44 World Record by 7 minutes with her 3:05:18 Women's Division victory.

...from pg. 1:

Something that did work out well was the Friday evening Spaghetti Dinner devoured by more than 400 runners and guests (although a few could have eaten more...). The clinic that followed at the Hilton Hotel was apparently very helpful and informative according to the many comments ...especially after the race. Dr. David Worthen and Bill Gookin discussed dehydration causes, symptoms, prevention and treatment which a lot of runners said helped them in the race the next day (that makes it all worth while!), several runners including Course-record-holder Ed Mendoza and last year's runner-up Kirk Pfeffer described their training and Dr. Thad Kostrubala told of the low-profile training in his San Diego Marathon Clinic.

The success or failure of an event like this lies on the shoulders of the many people who volunteer their assistance and the great success of the 1976 Mission Bay Marathon comes from the thousands of person-hours contributed by more than 140 conscientious and good-hearted people. I don't have the space to thank each of them here and can't for concern that I'd omit some. However, I and all of the runners owe an especial debt to the crew leaders who put in even more time and organization into making this race come off. Among these are Bob Daniels-guides, Elina Arbesu-registration, Ken Bernard and Ruth DeLaune-preliminary results, Jerry Stowe-final results, Bob Letson-course marking, John Salzman and Jim Waters-timing, Donna Gookin-aid stations, Dr. Harold Elrich-medical staff, Carol Parham-picnic, Officer Dacey- San Diego Police Department, Dennis Kasischke and Gail Hanna-half-marathon finish, Dick Straub-marathon finish area, and Helen Pain-accomodations, transportation and spaghetti dinner.

We hope that you will take the opportunity to patronize our meet and awards sponsors and, while you're at it, express some appreciation for what they do to help make your performance more meaningful. The 1976 Mission Bay Marathon sponsors include:

SPORTS TRAVEL INTERNATIONAL, INC.	MERCEDES-BENZ OF SAN DIEGO	SAN DIEGO CONVENTION AND TOURIST BUREAU
FOODMAKER, INC. (Jack-In-The-Box Restaurants)	SPORTLAND OF LA MESA	ROAD KING SHOES
ONTISUKA TIGER SPORTS SHOES	LOESCHHORN NEW BALANCE SHOES	FRITAG SPORTS SHOES
THE ATHLETIC DEPARTMENT, NIKE SPORT SHOES	DMK INC. (Gookinaid E.R.G.)	and the SAN DIEGO TRACK CLUB.

We'll look for you on January 15, 1977, for the Thirteenth Annual Mission Bay Marathon!
May it be your luckiest run!

Last weekend's annual Mission Bay marathon was, as usual, a grueling event, as Sentinel photographer Dan Coyro found out. Top left, plastic cups litter the route at a point runners were given a quick drink. Above, an exhausted runner gets a helping hand with his shoes. Below, clad in his prize (a marathon T-shirt), another runner simply conks out.
