MEN-USA and world

Age 35 and above

COMPILED BY PETER MUNDLE

Published in 1978 by Tafnews Press, Book Division of Track & Field News, P.O. Box 296, Los Altos, California 94022 USA

Printed in the United States of America

These pages contain the known world age records in every standard men's track and field event, age 35 and above. If an American does not hold the world record, then his mark is listed after the world record holder's.

Information, from left to right: age, performance, athlete's name and residence, date of birth, site of meet, date of meet.

Key to abbreviations: N = Non-winning time; H = Heat; M = Metric event; I = Indoor mark; DEC = Mark made in decathlon; PEN = Mark made in Pentathlon; MSIX = Mark made in Masters Six; W = Wind-assisted mark; EXH. = Mark made in exhibition race; Y = Mark recorded during an English measurement (yards, feet, miles) race, or in the case of the One-Hour Run, all distances are given in English measurements; P = Verification of birthdate, etc. pending.

There were several verifications of birthdates, etc. from the world masters championships in Goteborg, Sweden, August 1977, that were received too late for inclusion in the regular listings. See page 32 for new world record holders that should be taken into account.
