Golden West Editorial

I would like to make the following changes in the meet.

- 1) Don't allow fans to bring umbrellas or tarps into the stadium, because they interfere with the view of the track.
- 2) Add the 4x400.
- 3) Start the meet later, so that the distance runners don't have to run in the heat of the day.
- 4) Run the sprints with the wind.
- 5) Don't allow video camera users along the railing next to the seating area, because they keep others from seeing.
