NOTE: The CCS Commissioner and/or staff shall be responsible for all contracts for sites used during the CCS Play-offs. The CCS Commissioner and/or staff have sole authority to schedule or cancel sites, as well as full discretion as to the assignment or re-assignment of teams to times and sites throughout the CCS Play-offs. The CCS Commissioner and/or staff have the final authority in any disputes over sites or times of play, and the decision of the CCS Commissioner is not subject to appeal due to the immediacy of running the Tournament for the good of the whole. Neutral sites are not a policy of the CCS and should not be expected in any rounds of play. Sites will be assigned by the CCS for the good of the Tournament.

IMPORTANT NOTICE TO ALL PARTICIPANTS AND COACHES

The CIF-Central Coast Section is well aware that many other school and non-school activities (AP tests, SAT/ACT tests, proms, plays, holidays, senior trips, religious days, etc.) may occur during CCS Play-offs. The CCS tries to avoid as many conflicts as possible; however, with so many activities available for today's student-athlete, it is not reasonable to assume that all such activities can be taken into account, and thus, CCS Play-off events will go on as originally scheduled. Participants and coaches are therefore expected to plan in advance for such possible scheduling conflicts and make those difficult choices as to which events will take precedence for that individual. Generally, although it is ultimately the personal choice of the student-athlete and/or his/her parent(s), an academic activity should take precedence over an extra-curricular event.

FREQUENTLY ASKED QUESTIONS:***Who is eligible in the Wheelchair Division?***

All athletes with a permanent physical disability on file with the school and in grades 9-12 must meet the eligibility standards in the State CIF Constitution and Bylaws.

Who is eligible in the Ambulatory Division?

All athletes shall have a permanent orthopedic, neuromuscular or other physical disability. This would include Visually impaired, Cerebral Palsy, Dwarf and Amputees. Permanent orthopedic impairment shall be verified by a licensed physician and maintained on permanent file at the school. All athletes in grades 9-12 must meet the eligibility standards in the State CIF Constitution and Bylaws.

Where can athletes compete?

Wheelchair and Ambulatory athletes can compete at any CIF sanctioned meet. Meet directors are encouraged to add these events. Coaches should always call ahead of time to confirm the events are being offered. Athletes may also compete at Paralympic events and those marks will be accepted for the CCS meet provided the races are FAT and the shotput performance can be officially documented.

How does an athlete participate for their high school track and field team?

The athlete must follow the same procedures at their school established for traditional athletes competing in track and field.

Can athletes in wheelchairs compete against traditional athletes in the same race?

Yes. In school sanctioned track meets wheelchair athletes can compete with one another. For the 100m, 200m and 400m it is recommended that if this occurs the wheelchair athlete is designated to compete in an outside lane. Wheelchair athletes in the 100m, 200m and 400m in the CCS Championships will not compete with traditional athletes. Boys and Girls heats may be combined for competition and separated at the conclusion to determine places for each gender and/or division.

Is this true for Shot put also?

Yes, the athletes may be flighted with the traditional athletes. The athlete's choice of type of "throwing chair" may determine if this is possible or if the athlete needs to be flighted before or after the traditional athletes.

How does a coach enter an athlete in the CCS meet?

The athlete must be entered into the CCS meet via the entry procedures available on the Track & Field webpage of the CCS website (<http://www.cifccs.org/sports/track/index>).

Can athletes racing on the track receive assistance from coaches or other personnel?

No, athletes may not receive assistance during the competition.

Can athletes throwing the shot put receive assistance from the coaches or other personnel?

A coach (only) may assist the athlete in getting to the competitive area and may also assist the athlete entering and leaving the circle. In the event that the wheelchair athlete does not have tie-down straps, a coach may hold the chair during the throwing attempt to prevent excessive movement.

Are the NFHS uniform rules in place for a Wheelchair or Ambulatory athlete?

Yes, all uniform rules and regulations are in effect just as with traditional athletes. Any exceptions/modifications may need to be considered and presented to meet officials for clarification.
