

Wednesday

Dear Mr. Yanick,

I have spoken to John's doctor and he will be sending you a letter giving John permission to engage in the Cross Country team.

However at the beginning of September John's medication was changed and it appears now that the adverse reactions ^{to it} have continued and that he is overdosed. As of Monday, he is back on his original medication and God willing all will go well.

John developed a problem with his balance, muscular

Wm. John Falkner

Dear Sir,

I wish that there were an
 organization and a
 such that that he
 put it out that he
 want to see they are
 kept out of practice.
 The doctor feel that by
 the end of the week the
 day will reach the way
 out of the system.
 John wants to go out
 for some country and paper
 that he will do all the
 performing what is expected
 of him.

I thank you Mr. Yonker
 for your letter that I have
 often seen that he will
 try his best.
