Final Meet Information

Schedule of Races - See the attached sheet. We will make every effort to follow this time schedule. The schools have been placed in races on the basis of enrollment information we received. Approx. 1500 (10-11-12) was the dividing line.

Awards - Trophy to 1st place team in all races except for JV. Trophy will be awarded as soon as the scoring for each race has been concluded.

Medals will be awarded as runners leave the scoring table at the end of the chute. Top ten individuals in all races will receive a medal.

Scoring - The coaches and athletes did a great job in this area last year. The procedure will be the same in '75. The chute will 100 yards or longer. We will take each runner's name and school as the runner leaves the chute (this means a short wait in the chute). The result sheet and time sheet will be on ditto masters and the results should be available in approximately 10 minutes after the conclusion of the race. Runners must stay in the chute until that individual has his/her name and school recorded. Runners will receive a place card to take to their coach for quick scoring. Coaches should return the cards (enclosed in an envelope) with the places and ~~the~~ total of the top five runners on front of the envelope. There will be no attempt to displace individuals from incomplete teams.

Judging & Timing - AAU Timers & Judges will be used at the finish line.
Head Judge of Finish - George Newlon

Problems - In the event of a serious injury to a runner, notify the Meet Director so that on campus emergency procedures can be followed. Minor first aid problems are the coaches responsibilities. If a coach has a legitimate complaint bring it to the scoring table or to the Meet Director. This is not a championship, please try to avoid arguments on petty matters.

The vote on the Girls race was 8 to 1 in favor of keeping the distance at 1.7 miles.

Good luck on Thursday.

Sincerely,

Plato Yanicks
Meet Director
