WEATHER:

The weather in the Denver area in mid-November is very dry. The approximate precipitation is .69 of an inch, mostly snow. There are 2 days during the month with an inch or more of snow and only 5 days with .001 precipitation. The average maximum temperature is 52 degrees and the average minimum temperature is 24 degrees. We have 26 days of sunshine during the month of a possible 30.

RUNNING COURSE: (5000 M) or research from material in Special Collections

(See green map, page 9) The course is 5,000 meters in length and is comprised of several rolling hills and varying terrain and not always even footing. Do not expect a well trimmed golf course. This will be a true cross country course. The running surface is made up mostly of dirt, grass and closely mowed hayfields. We would recommend the use of a waffel bottom shoe for racing on this course. The course will be run between two solid white lines, approximately 10 meters apart. The course will be well marked and will follow the contour of the course. The course will not hold water well in certain areas; therefore, footing could be slow and muddy.

COURSE INSPECTION & WARM UP:

The course will be available from 12:00 noon until 5:00 P.M. on Friday, November 17th. Please do not alter any markings and please do not trespass on grounds of private homes surrounding the course. Follow the map of the course which you will get in the coaches packet at check-in (it may vary slightly from the enclosed map).

TEAM SCORING: of private study, sc

To count in team scoring, a team <u>must finish</u> 5, 6 or 7 runners (top 5 score). No more than 7 starters per team. All members of any team. All members of any team which <u>finishes</u> fewer than 5 runners, and all individual entries, will not count in the team scoring. This is the displacement system.

MEET RESULTS:

"Unofficial" results should be available by 11:30 P.M.; "official" results (calculated after review of any protests and after review of the finish films/video) will probably be available for all coaches by 1:00 P.M. at a Marriott Hotel meeting room. All participating schools will be mailed a copy of official results within three days of the race.

PROTESTS:

A Protest Committee headed by the meet referee, Chris Murray (National Chairperson), will action all official protests. Protest forms will be in the coaches packets.

AWARDS CEREMONY:

The Awards Ceremony will be held at 11:30 A.M. at the Denver Kent Country Day School Gymnasium. All team and individual place winners must attend to be presented their awards and for publicity and photographs.

AWARDS:

Top 15 individuals receive AIAW championship plaques. Top 5 teams receive trophies; plaques to 5 members of top 5 teams.

NOTE:

There will be no pre-meet banquet. There is a social hour for coaches and athletes immediately following their Friday meeting at the Denver Kent Country Day School Cafeteria.

REGIONAL REPRESENTATIVES

It is the responsibility of each Regional Representative to notify the National Meet Director (Bill Crowder) of the names and institution (be very specific, please) of each qualifier from his/her region. This is done by special delivery, registered mail only (postmarked by 5:00 P.M. on Monday, November 6, 1978).

COACHES OF QUALIFYING ATHLETES

It is the responsibility of each coach who has 1 or more qualifying individuals or a qualifying team to send their full entry fee, 2 blue copies of the official entry form and transportation sheet to the National Meet Director, Bill Crowder, P.O. Box 3292, Boulder, Colorado 80307. This must be done by Special Delivery, Registered Mail and must be postmarked prior to 5:00 P.M. Tuesday, November 7, 1978.

It is also each coach's responsibility to verify qualifying runners with the regional representative to be certain the entries agree with those mailed in on Monday, November 6th, 1978.

Each coach will receive a verification of receipt of entry. Call the Meet Director if this has not arrived by November 13, 1978. His phone number is 303-492-8860.

It is suggested that AIAW meets be 5000 meters (3 miles, 188 yards).

The scoring system for all 1978 AIAW meets will be the displacement system (individuals and members of teams with fewer than 5 finishers will not count in team scoring).

It is suggested that all AIAW meets except the National Championship Meet allow up to 12 starters per team. The 7 potential scorers must be designated before the race begins (only the 7 designated runners count - top 5 score - in team results; the non-designated runners do not count in team scoring).

Association for Intercollegiate Athletics for Women

1201 16th Street, N.W., Washington, D.C. 20036, 202/833-5485

November 517, 1978

TO: Judith M. Brame, Director of Women's Athletics

Chuck Debus, Cross Country Coach

California State University at Northridge

FROM: Dr. Donna A. Lopiano

ATAW Commissioner of National Championships

In accordance with the requirements of the preliminary order of the Superior Court of California, the Association for Intercollegiate Athletics for Women will permit Julie Brown, an ineligible contestant, to participate in the 1978 AIAW Cross Country Championship. Not withstanding her participation pursuant to a court order, it is the determination of the AIAW Ethics and Eligibility Committee that Ms. Brown is in her fifth year of intercollegiate participation in the sport of cross country and is therefore ineligible for AIAW competition.

Pending final decision on the merits of the case and upon the advice of the Association's legal counsel, while Ms. Brown may participate, her scores will not be considered in the team or individual scoring. In addition, neither she nor her team shall be awarded any trophy which is dependent upon her performance. Should Ms. Brown ultimately prevail in her legal action, which in the opinion of our attorneys is highly unlikely, the records shall be revised to reflect her scores after appropriate requests by her institution.

In view of this action, while Ms. Brown will be permitted to run, we are returning the entry fees submitted by Cal State Northridge on behalf of Julie Brown. Should Ms. Brown's scores subsequently be found to be entitled to consideration, her institution will be required to again remit the appropriate entry fees for each event in which Ms. Brown participates.

AIAW regrets that Ms. Brown's resort to legal action requires her participation despite the Ethics and Eligibility Committee ruling that she is ineligible, a decision we are confident the court will uphold. However, since that matter is unresolved, the present action both preserves Ms. Brown's legal position and protects the rights of all eligible participants.
