## Lynbrook Invite

### Important Information

Lynbrook student pickup is in the front of the school and is a mess. Therefore, if you bring a bus then drop off on Johnson ave in front of the parking lot. Walk down the road next to the pool and go to the stadium. We cannot start the meet until student pick up is mostly complete. I have to coned off in front of the tennis courts.

You can use the stands on either side of field. Please stay out of the school area

**Stay off the football and field hockey fields they have practice that day.**

The only people allowed at the mile mark are coaches as Tennis will be practicing and may have matches.

There are bathrooms located at the snack shack and the red brick building next to the outside basketball hoops.

**All races will start on time.** Runners have to be at the start 5 mins before the start. They can do strides outs on the 100 meters straight away. There will be 3 on front line all others will line up behind the three runners of that school

We will not hold up the start of a race for slower runners but they will be able to finish in the chute. Hopefully Hank can get their time but coaches should time runners that are still on the course when the next race starts.

We will have ice bags if needed. A trainer may be on site for emergencies
