Dear Coach:

Here are the results of the 2005 Castro Valley Invite (finally). Thanks for being a part of our success.

For 2006 we will add a second boys' frosh-soph race to handle the increase in entries.

We will also be lengthening the Middle School race to 1.6 miles to stretch the race out a bit to handle the increased number of runners.

We are also investigating going to a computerized scoring system, which would require online registration.

I must also add that not all schools have abided by the JV rule, and have been running varsity athletes down on JV. The meet instructions clearly state that schools can keep the JV's intact without having to run JV's up on Varsity to fill the varsity team. This does not mean running varsity runners down on JV to fill out a JV team. This is not ethical, and dishonors those honest JV runners who might have been in medal contention.

This is the first year I had to disqualify a team for blatantly violating the JV rule, and I should have DQ'd two others. Please do not in the future make this an issue.

Thanks, and I hope to see you in 2006.

Peter Brewer
Castro Valley High School
