**** For Immediate Release ****

Run To The Stars - 3K

Flash! It was a beautiful and clear day for the 2nd Annual Run To The Stars 3K/8K race held at the Christa McAuliffe Elementary School campus. In fact, it was too nice. With the 3K start time of 9:00, it was already warming up more than most runners would like to see. But as soon as the gun sounded by our guest starter JV of HOT! 97.7, all thoughts turned to the heated competition and not the mercury in the thermostat. The 3K, an event geared more towards the younger athlete with 3 year age groups from 7 years to 18 years, was taken out hard by ex-Gunn High runner Amol Saxena. A local Podiatrist in Min View, Amol took the first mile out in 5:11 and was never challenged the rest of the way in. He told me some days later that he knew he was close to the Course Record (2 seconds to be exact) but didn't know how close until after the race. He was disappointed in being so close but missing the record, however, still pleased with the win since it came at the end of a busy weekend (he had raced to a 3rd place finish on Saturday in the Palo Alto Mile and celebrated that night at Palo Alto's Black & White Ball).

The real question was who would be the first non-open runner to finish the 3K, and that question was answered a mere 10:55 later when 14-year-old Nick Tuttle crossed the finish line in 3rd place overall. The women's race was taken in a Course Record 12:30 by Diana Moore. The first under 18 was captured by 15-year-old Phuong-Mai Bui-Quang in 12:42 which finished her as 2nd female overall! First Christa McAuliffe boy and girl were 12-year-old Bobby Adams and Stacy Humes-Schultz, in 12:58 and 18:06, respectively. Aaron Kleinman took the 7-and-under age group in 15:26 with Sara Leung taking the girls in 18:18. Overall, six age group records were broken in the 3K event and the race grew by 55% in only its second year. As the last of the walkers and baby strollers were finishing up, the next event was just getting under way. And so now, let's take a look at

Run To The Stars - 8K

This year's 8K race shaped up quite differently from the inaugural event. Last year the Corporate runners made up the lead pack and the winner led from start to finish. Last year's male winner Charles Alexander was out of the race, having run the OT Marathon 2 weeks before, and the Big Sur Marathon just the week before. (He was, as you might have guessed, ready for some R & R.) So a host of other runners filled the gap and made the 8K a very interesting race indeed. A threesome of Rick Brauer, Bob Ebert and Mel Gonzales took it to the streets and hit the first mile in this flat and fast course in 4:54! I talked with the eventual winner and he said, "I just wanted to hang back the first couple of miles and see how everyone else was running". And that's just what he did. This same trio went through 2 miles in 10:00 and continued to open the gap on those in pursuit. At about 2 1/2 miles, Ebert was the first to drop off of the pace leaving Brauer and Gonzales to race it out for top honors. Gonzales told me later that he was very worried at the 3 mile point (15:09) because of problems he'd had at that point in the Tortoise & Hare race the week before. While Brauer was looking strong and fit, it was anyone's guess who would win. At this point, some real race strategies started to come into play. By cutting the tangents and making a couple of small surges, the leader turned a 1-2 second lead into a 4-second gap. At 4 miles he put in another push so it wouldn't come down to a kick. That was the trick right there. That push at 4 miles increased the gap to 6-7 seconds and when the race was over, he had won by 9 seconds. All right already, who won, Brauer or Gonzales? I'd like to introduce to you Mel Gonzales who bails from Boston, MA and just moved to the Bay Area last November after graduating from Bridgewater College in Massachusetts. He's 28 years old and a teacher (how appropriate for this race). He ran Cross-Country and Track in College and has PR's (Personal Record) of 31:20 for the 10K and 69:27 for the Half-Marathon. His senior year in Cross-Country, he missed qualifying for the NCAA Nationals by a mere 8 seconds. He runs for the Aggies and says that this race will always hold a special memory for him in his running for it was his first West Coast victory. Well, welcome to the Bay Area Mel, and I'm sure we'll be seeing your name at the top of results more and more often.

The women's race was almost identical to last year's running. We had Karen Rowen, last years overall winner, back to defend her title. She had also run Tortoise & The Hare the week before (3rd place finish) and was back for the challenge that competitors could give her in our race. A working student who has been competing for West Valley JC in Cross-Country and Track this year, she is no stranger to the roads having run in over a dozen races this year and placing in the top 3 in over half of them. In this running of the 8K, Karen took off and never looked back, winning with a 30:33 time, good enough for 36th overall. The 2nd place women's finisher probably had the best vantage point for watching the race. Starting off in 7th place by mile 1, Karen Saxena just started picking off her competition one by one until she found herself in 2nd place at the finish. "I just wanted to be sure not to go out too fast since this is my first race since November". And if I'm not mistaken, her first race since becoming a mother, way to go Karen! And in case you thought the name sounded familiar, yes it does...she happens to be married to Amol, our men's 3K winner. Which just continues to show that the Run To The Stars 3K/8K event is truly a family event.

For the second year in a row, this was chosen as the final event for the BACAA Gran Prix Road Race Series. With Pac*Tel and Lockheed slugging it out for the top 2 positions and the rest of the Corporations going for 3rd place, it was truly a competitive event. Pac*Tel had a good lead going into the event but Lockheed has been known to pull out the stops and get their club members to turn up to races when it really counts, since the masses are just as important as the speedsters when it comes to collecting points for your company. But Pac*Tel was not to be left at the gates this time around. Out of the 94 Corporate runners 22 were from Pac*Tel. This enabled them to walk away with the 1992 Gran Prix Championship trophy. Out of the 9 corporate records, 5 were set in this second running. 1993 will prove to be even more interesting since the Run To The Stars race has once again been selected to be the final Gran Prix event with both Masters AND Seniors being the Emphasis divisions.

On behalf of our sponsors, REMAX of Silicon Valley, HOT 97.7, Sun Trips and Move It!, I'd like to thank you all for supporting our race. Between the 2 events, we grew by a whopping 70% over 1991's event. I'd like to thank all of the volunteers, associate sponsors and BACAA (for once again, making this a Gran Prix event) as well as the Brookside neighborhood for supporting us in this event. We'll be back again next year and will hope to continue our growth and promise to deliver to you, the runner, an event that you feel is well worth the money. Until next year, we'll see you on the roads.....

Thank you to the following sponsors for all of their support for the Run To The Stars race:
