One of the most difficult tasks is tracking down "lost" classmates. We have enclosed a list of all those for whom we do NOT have a current address. Please review this list, and if you know where someone is or how we can find them, send this information back to us (you can use the back of the Questionnaire). Our success in locating as many people as possible depends on all of us!

Dear Hank,

Thank you for the invitation to the reunion, - but I'm not able to come because I'm busy with work and family and also it's a long way for me to go. There are two other @AFS exchange students on the list who have returned to their home countries: Denise Norman went back to South Africa and Peter Selerholm returned to Finland.

I hope you have a great reunion,
Best wishes!

Andy

7/20/92

Dear Hank,

Sorry I missed your deadline for this - -
I hope it is still helpful.

I think it's great how you and the
rest of the Reunion Committee are
organizing this thing.

I have an address for Andy Hausburg.
He is now married with two children.

The only other name on the list I have a clue
about is Kathy Siena. Last I heard (about
10 years ago) she was living in Gaithersburg,
Maryland (a suburb of Washington). She is
married and I believe has a different last
name.

Also note my new address. Good Luck!

Dear Hank,

I see the committee has had some success in locating one of the many "missing." That is quite a list. I hope the years have been good for you, and I look forward to hearing any forthcoming news regarding our reunion.

Sincerely,

Tim Weir

Dear Hank,

I was quite pleased to hear from you regarding our 20th reunion. Needless to say, I have every intention of being there. I was also surprised to see how many people have dropped out of sight. I'm sure that with the help of other classmates you'll be able to find a number of them. Unfortunately, I can be of no help at all. For all intent and purpossess, I have dropped out of sight too.

I am now living in San Diego. If you need to contact me, my current address and telephone number is:

Dear Hank:

How the heck are you? I bet you're still running miles and miles.

It was a pleasure to hear about the reunion. Speaking of reunions, the idea of reassembling our track/cross-country team for some sort of separate get-together (like a 1/2 mile jog followed by beer drinking . . .) interests me. Do you think that's a good idea? I'm willing to work on such a project.

Sincerely,

A handwritten signature in black ink, appearing to be 'Arne', written over the typed name 'Arne J. Nelson'. The signature is stylized and somewhat abstract.

Hank-

Many, many years ago, I was drinking beer on the Pacific Coast Highway in S.F., waiting for some friends to finish the Bay to Breakers Race. This was, I think, either '74 or '75. I remember a couple of Ugandans or somethings came in first and second, but then a unofficial runner came slithering in around 3rd place. The guy looked a whole bunch like you! Just thought you might like to know there is a double of you running around, unofficially that is!

Thanks for your note about the reunion. I missed the 15th one by a week. I'm committing myself to attending this one for sure.

As to lost classmates:

Joseph # (Falken) lives in Menlo Park - Not listed

Hard to Find

I ran into Philip Chadwick in 1981 at U.C. Santa Barbara. I was finally graduating that year, and I ran into Phil, who was just starting out as a freshman. He said he wanted to be an emergency room surgeon. That was 11 years ago, which is how long it takes to become a doctor. Last year I called his uncle- Dr. Hewlett Lee, who informed me that Phil was in his last year of residency at the Los Angeles Medical Center! Don't you just hate people who accomplish their goals!

*LA County General Hosp
Emergency Medicine
DPT
Loma Verde*

Anyway, give Dr. Lee a call at 415-851-0418. I'm sure he'll help you get in touch with Phil. *Doesn't have a number*

Still Lost

Next, Chistopher Morrow, my best friend in Junior High School, grew up down the street from me on Tennessee Lane. There is a number for a Carolyn Morrow on that street, number is 415-424-8892. Probably worth a try.

Found

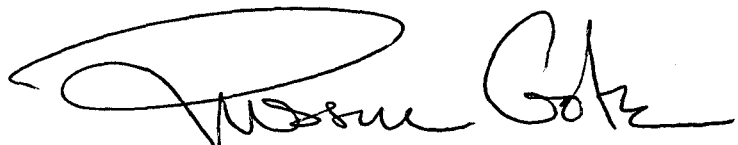

Nancy Ruth happens to be a dentist in my dentist's office! Her last name is now Kaher, and you can call her at 415-321-9693. *593-4433*
Make sure you floss first.

Found

I know a Paul Roberts, who went to Terman J. H., I don't think its the same one, but it might be. Call Spectra-Physics, 415-961-2550. He works in the Optics Division. Tell him its a Terman Tiger reunion, and he'll show up.

Thats all I can help with from your unknown list. If you think of it, could you send me a list of the known phone numbers? There are a few people I would like to get into contact with, without waiting till next year.

Thanks again for taking on this mega-job. If you need anything, my work number is 415-858-7471.

HENRY S. —

THANKS FOR ORGANIZING AGAIN —
SOUNDS LIKE AN INTERESTING TIME
FOR NEXT YEAR. WE ARE STILL ENJOYING
LIFE ON THE CENTRAL COAST, THOUGH MAY
BE ELSEWHERE BY '93 — WE'LL KEEP YOU
POSTED.

HOPE THAT ALL IS WELL WITH YOU
AND YOUR FAMILY —

Eff.
