**Current Company and/or Occupation** Art Consultant and Gallery owner - Paragone Gallery.

**What you actually do at work** I provide a diverse range of art and framing to corporations, hotels, healthcare facilities and homes. I work with interior designers to develop art programs that work within a specific design. Clients include: Sony Pictures Entertainment, Trumps Taj Mahal and Trump's Castle, Caesar's Tahoe, Ramada, Hilton, Texaco, USA Network, Tarzana Medical Center, etc.

**Observations at "30 Something"** Well, it's a helluva lot easier than the 20 somethings! I feel more confident of myself in my relationships and business, more grounded. I don't take myself as seriously and appreciate having a sense of humor. Yet, I also am far more aware of my own morality. Long ago are the thoughts of invincibility. So I find I cherish life and all it's gifts so much more than before.

**Current Company and/or Occupation** I'm home full time and also involved in property management.  
**What you actually do at work** Taking care of 3 children and raising them to be responsible, caring human beings speaks for itself. Property management involves renting places out, coordinating jobs that need to be done at property i.e. painting, plumbing, repair work etc. Fortunately this is for properties that I own!!  
**Observations at "30 Something"** The world appears to be much more "uptight" than it use to be. People are more intolerant of one another. More violence in the world. Women are finally trying to establish a place for themselves in the work force.

HENRY M. GUNN SR. HIGH 20th Reunion Personal Profile

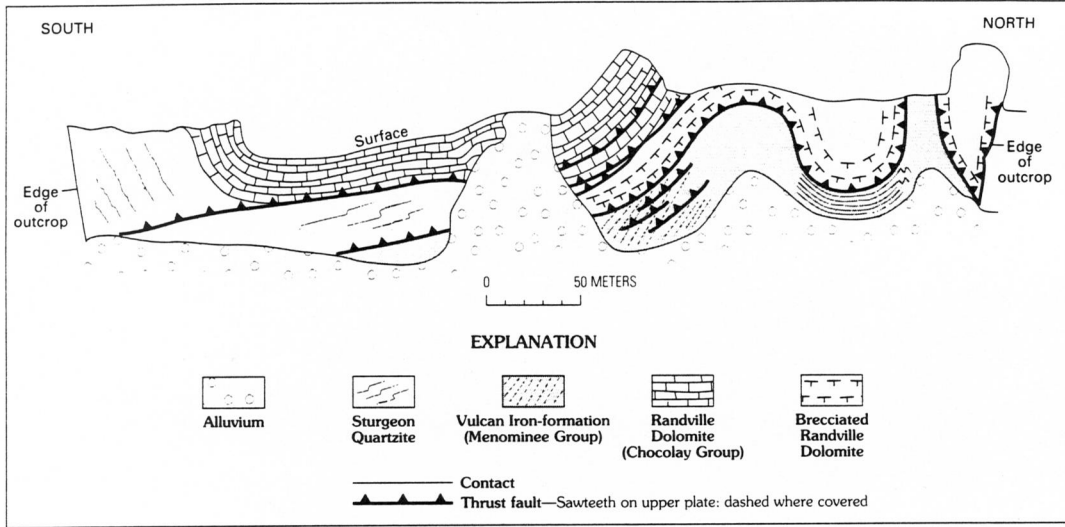

MARI GUNN KAUFFMANN June 1993

I'm happily married to Ken Kauffmann. We have 3 children: Kaitlin, who is 5 years old, and her 2 fraternal twin brothers, David and Robert, who are 2 1/2 years old.

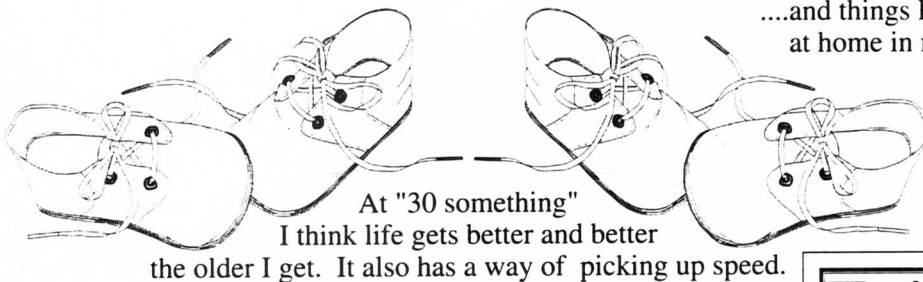

We all reside at 2466 Vivian St., Lakewood, Colorado 80215.

Our home phone number is (303) 235-0442 and my office number is (303) 236-5494.

Ken and I both work as "Domestic Engineers at the Kauffmann Institute of Sleep Deprivation, Insanity and Chaos." Both of us also work 40 hours per week as "Civil Servants" at the U.S. Geological Survey in Denver. Ken's title is "Research Photographer" for National Mapping Division. He makes Topographic maps and things like that. I'm a "Publications Graphics Specialist" (computer drafter) for Geologic Division's Branch of Central Technical Reports. I draw things like this for USGS scientists:

....and things like this for baby announcements at home in my "spare time" just for fun.

At "30 something" I think life gets better and better the older I get. It also has a way of picking up speed.

And because I'm a mother of twins, I take my turn publishing newsletters like this for the local twins club, in my "spare time" of course....

Here is the Kauffmann Family.

**PRESIDENT'S MESSAGE**

Dear Mothers of Multiples,  
Once again our clothing sale was an incredible display of hard work, cooperation and organization. I heard several comments from shoppers on how well organized it was. I want to thank all those who participated on the committee as well as the sellers that worked at the sale.  
Our calendar is getting full. We have several events coming up as well as an AMI play group being arranged by Anne Emmons. I'm glad to see the enthusiasm. Do you think it has anything to do with that week of warm weather? Shame on all those that didn't get out to a park with their kids that week.  
I know it's hard to listen to the same requests over and over but we do need to get some volunteers for next year's committees. It can be a lot of fun and the feeling of accomplishment is great. You benefit so many members by helping out on even just one committee.  
I hope all of you are able to attend at least one of the up and coming events we have planned. I've heard a lot of requests for more socialization...here's your chance! Enjoy!  
Twinklers,  
*Tina*
