

Gunn High School  
(to the tune of Blue Bayou)

I feel so bad  
I got a worried mind  
I'm so lonesome all the time  
Since I left my buddies behind  
At Gunn High School

40 years have come and gone  
Wonder where did I go wrong  
How did I become so old  
Away from Gunn High School

I'm going back someday  
Come what may  
To Gunn High School  
Where the folks are fine  
And the world is mine  
At Gunn High School  
Where football was king  
And so was wrestling  
The Titans were the best  
That familiar campus  
Without today's stress  
Oh my Gunn High school

Gonna see my baby again  
Gonna be with all of my friends  
Maybe I'll feel better again  
At Gunn High School

Eating lunch in the bat cave  
And bell bottoms were the rage  
Dreaming of the homecoming page  
At Gunn High School

I'm going back someday  
Come what may  
To Gunn High School  
Thespians and choir  
Chess club, Pompon girls  
Oh my Gunn High School

Where the spoke benders  
And the Jelly Rolls  
The Latin Club we knew  
Oh some sweet day  
We'll be smokin' a jay  
Over on the hill.

The calligraphy club  
Meeting in the quad  
While the tall oak trees stood by  
Oh some sweet day  
Gonna take away  
This hurting inside  
Will I never be blue  
My dreams come true  
At Gunn High School
