

1919

San Bernardino High; Saturday, April 26

After two years in the north, the 5th State Meet switched back to "sunny" Southern California. Returning to compete after setting a high jump record in last year's meet was Brick Muller, although he was now competing for Oakland Tech. Other prominent returnees were Jerry Pearce (Berkeley), 1918 mile champion, and John Boyle (transfer to Manual Arts), 1918 discus winner.

The javelin was dropped as a scoring event after three years of being included, and would not reappear until 1926. With this exception, the 13 scoring events were the same as last year.

Highlights

A drizzling rain fell throughout the meet and it kept the crowd small and prevented any chance at records. In fact winning marks in all events except the discus were the poorest marks in the 5 meets to date. Examples showing the terrible conditions were Jerry Pearce's win in the 880 (2:08.0), Manual Arts 880 relay win (1:38.2), Ernst Hartmann's (LA Poly) shot put victory (42'-3"), and Dick Emmons' (Manual Arts) pole vault win at 10'-6".

Despite the conditions, however, individual stars emerged. In particular Brick Muller scored in 3 events, winning the high jump at 5'-6", winning the broad jump at 20'-0", and placing 3rd in the high hurdles. Another standout was Charley Daggs of Claremont, who won the highs in 16.6 and the lows in 27.4. Elsewhere in the field events, John Boyle won the discus at 120'-6" and placed second in the shot put behind Hartmann. Pearce did not attempt an 880-mile double as he did in 1918.

Team Championship (Meet scored 5-3-2-1)

Led by John Boyle, athletes from Manual Arts literally slid and swam through the track and field events to gain the team title with a total of 21 points. This was their 3rd championship in the 5 State Meets to date. Well behind at 12 points was Oakland Tech, with all points being scored by Brick Muller. Third went to Los Angeles High with 11 points, followed by Claremont and Harvard Military (No. Hollywood) with 10.

Manual Arts LA	21 pts.	5 - 1st in 880 relay 8 - Boyle, 1st in Dis, 2nd in SP 5 - Emmons, 1st in PV 3 - Leadingham, 2nd in PV

Manual Arts Winner of State Track Meet on Wet Field; 'Brick' Muller of Oakland Is Star; Scovel Winner

By EARL E. BUIE

While ducks of the valley were enjoying a day of their liking, some 50 high school athletes yesterday afternoon battled for the California state interscholastic track and field championship on Johnson field, the Manual high school tracksters of Los Angeles showing a greater knowledge of mud-crawling and winning the state title with 21 points.

"Brick" Muller, Oakland Technical athlete, proved to be the best one-man track team of the day and won second place for his school with 12 points. Los Angeles high took third place with 11 points, and Harvard Military school of Los Angeles and Claremont high tied for fourth honors with 10 points each.

San Bernardino finished far down the list when Scovel captured first place in the mile event, gathering five points for the Cardinals.

Throughout the meet a driving rain fell, soaking both the athletes and the few hundred brave fans who hovered beneath umbrellas to see the state track classic. The track was in poor condition, big puddles of water standing in many places and the ground very soggy.

Despite the soaked condition the athletes made good time in all events, but failed to crack a single record.

Head and shoulders above his brother athletes stood "Brick" Muller, former San Diego high school all around man. "Brick" came to the meet with the entire colors of the Oakland Technical high packed in his suitcase and went home with three medals, two gold and one bronze, representing two first places and a third safely tucked away in the satchel.

Right behind "Brick" was young Mr. Daggs, a wild-eyed youth of Claremont, who easily galloped away with two first places in the hurdle events. Daggs is the real sensation in the hurdles among high school lads in the state and made wonderful time in the high sticks, doing the 120 yards in 16 3-5 seconds on the mud-soaked track.

Johnny Boyle added materially to the winning Manual Arts' score when he heaved the discus 129 feet, 6 inches for first place and shoved the shot for second place.

Scovel a Winner

Scovel brought out San Bernardino's enthusiasm when he beat Marvin, Lincoln-high miler, 20 yards in a long run, making the distance in 4 minutes, 47 seconds. Scovel was entered in only the one event, San Bernardino's other entrant, Bradshaw, failing to place in the high jump.

Before the meet, a large number of coaches and officials argued pro and con over whether the meet should be held in the rain or postponed. It was finally decided, because of the fact that so many of the athletes came a long distance, that the meet would be held. Despite the rain and condition of the field, the time made in the track events was not far below the usual far made in the state meet.

The meet was held under the auspices of the California Interscholastic Federation with the official sanction-

40,000 CIGARS DAILY SMOKED BY GATE CITY'S MEN

"It may not sound probable and many people may doubt the statement, but San Bernardino smokers daily consume about 40,000 cigars," said J. D. Yonker, of 185 G street, yesterday in THE SUNman is discussing the cigar manufacturing situation in San Bernardino. Mr. Yonker is head of a factory which is steadily growing in its production and increasing its distribution from San Bernardino as a center.

"Taking San Bernardino as a city with 20,000 people, we can easily figure an average of two cigars per capita—at least that is the general average which cigar manufacturers reach in a survey of the entire country. If San Bernardino produced all of the cigars it consumes, it would take a factory employing several hundred people and would also justify a box factory in connection.

While our establishment is as yet small we see that we have expansion ahead and the demand for San Bernardino cigars is steadily increasing."
