FOREWORD

STANFORD meets California today in the twenty-ninth annual intercollegiate track meet. The Big Meet is on! With these words two of the best teams that ever met one another from the Cardinal and Bruin strongholds, will compete before you this afternoon.

The outcome of the meet hangs in the balance. The one team presents a number of outstanding stars, the other is well balanced in all events. Both have athletes of national fame. Who can foretell the winner?

Whichever team does win their serpentine in celebration of the day, the deep spirit of friendship, the keen sense of rivalry, and the still closer bond of true hospitality will continue to make future contests between the Cardinal and Blue and Gold, the clean, sportsman-like battle they have always been in the past.

This program is the work of the A. S. U. C. Publicity Bureau.

J. B. HUTCHISON '22 *Editorial Manager*

W. D. BRIGGS '23 *Assistant*

E. F. HILL '22, A. R. REINKE *Advertising Managers*

CAPTAIN FLINT HANNER of Stanford, who has developed into a phenomenal javelin thrower during the present season. Following the California - Missouri meet last week on California Oval he threw the javelin four times in succession for a distance of more than 205 feet. The present American Intercollegiate record is 194 feet 11 inches, held by Higgins of Chicago. Hanner is expected to break four records today: the American, the American Intercollegiate, the Pacific Coast, and the Stanford-California.

THE UNIVERSITY OF CALIFORNIA
 LIBRARY
 UNIVERSITY OF CALIFORNIA LIBRARY
 BERKELEY, CALIF. 94720-1500
 1950

BOB HUTCHISON, Blue and Gold pilot, will compete against the Cardinal for the last time today. After three years on the California Varsity, during which time he has been credited with :9:4 in the hundred and :21:2 in the 220-yard dash, he will be seen in action for the last time on the California Oval today pitted against his old rival, Morris Kirksey, in both dashes.

TRACK

STANFORD and California meet on the cinderpath in Varsity competition today for the twenty-ninth time in the history of the sport at the two colleges, in what is expected to be one of the closest and hardest-fought meets since the 62-60 meet of 1915.

Both teams are composed of a large number of stars who have already made a name for themselves on the cinderpath, and in addition there are a number of others who will have made names for themselves before the day is over.

Coaches Templeton of Stanford, and Christie of California have concentrated their entire efforts on turning out a winning squad this

"DINK" TEMPLETON, veteran of many Stanford teams, who coaches the Cardinal tracksters this year. Templeton has made as great a success as mentor of the Stanford track team as he did as an athlete during his undergraduate days.

"DAD" MOULTON, trainer of the Stanford athletes. "Dad" has had a long career as a trainer and has won a reputation for always turning out a team in splendid physical condition. Much of the credit for Stanford's showing in track this year is due him for his care and supervision.

year, and from present indications, both teams are going into the contest determined to win, or at least let their opponents know they have been in one grand fight.

Completing a successful season without a single defeat, California is going into today's contest in the best of condition. With the exception of Van Sant, Varsity low hurdler, the Bears are free from injuries. Coach "Walt" Christie and Trainer "Cap" Bryan are confident that the Bruin squad will acquit itself creditably in opposition to the Cards and that today's meet will prove to be a successful climax to a victorious season.

WALTER CHRISTIE, Coach

"Walt" Christie has handled California track men for 20 years and needs no introduction. Without "Walt" it would be hard to conceive of a California squad. He is a true and loyal Californian.

"CAP" BRYAN, Trainer

"Cap" Bryan came to California a little more than a year ago, and promptly won the esteem of every athlete. To his diligent care, Blue and Gold athletes are indebted for their fine physical condition.

TRACK--Continued

Stanford is bringing to California oval today the strongest team that has represented the Cardinals in at least four years, and Coach "Dink" Templeton is expecting his men to give the Bears a drubbing in this meet. To support his expectations, he offers for evidence the number of record-breaking performers that are included in the Stanford squad.

The last two weeks before this meet have been anxious ones for the coaches, track men, and adherents of the rival institutions, and sickness and injuries have almost demoralized the two cinderpath combinations. Two of the most relied upon Stanford stars, Hart-ranft and Howell, were taken sick with influenza last week and for a time it appeared as though they would be kept out of competition. At the same time, Morris Kirksey, speedy Cardinal sprinter, and Flint Hanner, Cardinal captain and star javelin-thrower, were being bothered by former injuries. The entire quartet, however, are now in the best of condition and are expected to be the backbone of the Cardinal team today.

California was not so fortunate in this respect. While Captain "Bob" Hutchison, who has been ill, has entirely recovered and will compete today, "Mugs" Van Sant again injured the pulled muscle in his leg and it is extremely doubtful whether he will compete today.

GLENN HARTRANFT, know as "Tiny", is Stanford's brightest luminary in the weight events and a fast stepper in the sprints as well. He is entered in the shot put, the discus, and the 100-yard dash. He is expected to break the California Stanford records in both the shot-put and the discus, adding two feet to the shot-put and fifteen feet to the discus records.

TRACK--Continued

Several California-Stanford track and field records are being figured to fall by the wayside in the course of today's events. The first of these which is expected to be smashed is the shot put. "Tiny" Hartranft, the marvel of the 1922 Stanford team, is a firm believer in putting the iron ball out around fifty feet and is confident in his ability to stretch the present mark several feet. In the same way, he is doped to add at least fifteen feet to "Brick" Muller's record made last year in the discus.

Flint Hanner, who has been consistently heaving the javelin over 200 feet, will probably set a new record in this event. If he is able to repeat his performances of practice and throw the spear around 205 feet, he will break four records, the American, the National Intercollegiate, the Pacific Coast, and the Stanford-California marks.

California oval has been put into the best of condition for the clash of the two squads, and the weather is promising for a good day for the meet.

Both coaches have expressed full confidence in their teams, but they feel that it should be fully understood that whichever team wins, there will be no alibis offered.

"May the best team win!"

MILE RUN

The pick of the Stanford and California distance men will oppose each other today in the opening race of the program. Coach "Walt" Christie is sending in three Bruin milers who are able to better 4 minutes 30 seconds in this distance. Denton, Fisk, and Kitts are as good a trio of milers California has had in several years, while Stanford is not so fortunate in this event. The Cards have no man who could be considered the equal of the California entrants, with the possible exception of Elliot, who in previous years ran a fast four laps. He has been out of condition and it is doubtful whether he will be in best form for today's race.

100-YARD DASH

"Dink" Templeton, Cardinal track coach, has two men on his team whom he considers the superior of any sprinter in the west, with the exception of Charlie Paddock, who has retired from collegiate competition. In Morris Kirksey and Eddie Sudden, he believes he has two men who will both take the measure of "Bob" Hutchison, Bear track captain. Hutchison has been making fast times this year, and it remains to be seen what he can do against such a pair as the Cardinal speed-burners when competing on his own track. Jack Merchant will be close on the trails of the winners in the century dash.

120-YARD HIGH HURDLES

"Herbie" Henderson, California timber-topper, will be going against great odds today in the high hurdles. Falk, the Cardinal hurdler, is ably taking the place of "Feg" Murray and the several other star Cardinal hurdlers of the past, and is generally conceded first honors in this event. Hayes and Henry are the other two men to be figured on in this race. Hayes has been running a close race with Falk this year, while Henry has been performing well for California.

BASEBALL

AS A CLIMAX and conclusion of the 1922 baseball season, the California and Stanford Varsities will fight out the last game of their series this afternoon at 3:30 o'clock, on California field.

Interest in the contest is unusually strong, and has been sustained to the very end, due to the fact that each team has taken one game, and because the last one was decided only after a most stubborn resistance. As it now stands, Stanford has beaten California 5-3, and California in turn has defeated Stanford 3-2.

All comparisons, information and indications point toward a good game this afternoon. Prophets are unwilling to say which side will emerge victorious, which is not to be discovered until after the last clouds of battle have blown away.

Leading roles in today's cast of characters will be taken by Guy Draper and George Green, Stanfordites, and Mike Morrow and Dutch Thompson, Californians. These men are respectively, the Cardinal and Bruin batteries, who fought practically an even battle a week ago.

CAPTAIN GREEN (S)

"DUFFY" SEAY, Coach

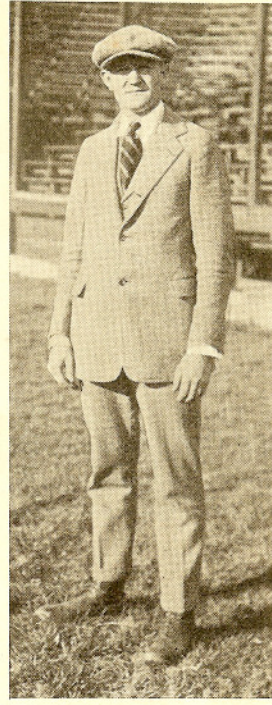

FORD TAUSSIG (S), Manager

MAKIN, Captain

ZAMLOCH, Coach

E. D. WITTER '22, Manager

BASEBALL--Continued

Draper has long held the reputation of being one of the best college hurlers ever turned out on the Coast, and deservedly so. Morrow, until the last few weeks, was considered good, but not exceptional. Working against each other, as they have during the two previous games, the best in each has been brought out, and Morrow has risen to a plane certainly equal to the star Redshirt moundsman.

Green and Thompson have gained fame for their prowess with the bat as the chief consideration, but in addition both are very good all-around men and heady catchers. Some of Thompson's eminence rests upon the fact that he connected for five successive hits, two of which were two-baggers, out of five times at bat in the last Stanford tussle.

Both the Bears and Cardinals will each be in full strength, and prepared to give the most strenuous competition. Stanford's lineup will be absolutely intact; California will be minus one man, George Makin, first-string shortstop and captain-elect of the 1923 Varsity.

The lineups on each side follow:

TWO-MILE RUN

As in the mile, California is generally figured to be superior to Stanford in the two-mile. "Charlie" Dorr, Bruin distance star, has not been beaten in this event this season and with close competition can make the distance in less than 9:40. Knowlton, of California, is a comer and will be the favorite for second place. The real fight in this race should be for the third place point, Mulvaney of California and Roussetot of Stanford having about the same ability.

220-YARD LOW HURDLES

Until "Mugs" Van Sant, of the California squad, injured himself in practice, dope pointed to a close race in the low barriers. Falk, the Cardinal star, is now the favorite with his team-mate, Hays, seeming to have the best chance for second. "Humpty" Neff, Bruin hurdler, will be California's best man in Van Sant's absence.

440-YARD DASH

Three men, all of whom may be classed as :50 flat men, will feature this race. "Blink" Williamson, of Stanford, and "Oxy" Hendrixson and Harry MacDonald, of California, are expected to stage a superb battle in the fight for first honors. In Williamson, Templeton has a man who has made :50 flat in meets this year and whom he expects to defeat the Bruin pair. Hendrixson, 1920 and 1921 national champion, has not been showing up to form this year and his team-mate, MacDonald, has been bearing the brunt of the work. MacDonald has the most sensational finish of any man on the California squad.

880-YARD RUN

There is little to choose between the men entered in this race. Stanford has three who are better than the other half-milers on the Cardinal squad, and California has three who stand out above the rest. For the Cardinals, Daly, MacIntosh, and Scofield have been alternating winning the race in the meets, and for California, Pearce, Moore, and Bauman have each won at least one race this year. Of the six, however, Scofield and Bauman seem to have the best chance for first honors.

RELAY

Any number of dopesters have stated that the relay will decide the outcome of the meet. If this should prove to be the case, California oval will undoubtedly be the scene of a fast, closely contested race. California has a strong combination of 440 men, three of whom are certain. Henderson, MacDonald, and Hendrixson are a fast trio and Christie has several other good men from whom to select the other runner. In Williamson and Clarke, Templeton has a speedy pair of baton carriers, and he will have no difficulty picking the other two runners.

POLE VAULT

Old rivals will clash with each other when "Red" Norris, of California, and "Art" Wilcox, of Stanford, meet in the pole vault. To make things more interesting, "Walt" Christie is sending in another man, Graham, who is the equal of both Norris and Wilcox. All three vaulters have made 12 feet 6 inches this year, but Wilcox is expected to be somewhat of a disadvantage in the California pit. Black, of Stanford, who tied with Norris for first place last year, is not expected to cut much of a figure, as his showings in previous meets this year have not been up to standard.

HIGH JUMP

This event promises to be a real battle with Mint Howell, of Stanford, and "Brick" Muller and Treyer, of California, all jumping in good form. Muller is recovering his old form in this event and is expected to be able to equal some of his former records today, while Treyer did 6 feet 3 inches in an exhibition at the Missouri meet. There is a possibility that Howell will be handicapped by weakness, as he has been ill recently.

KNOW ELLERY ARMS—and you know a safe buying name for “Good Sports”—kinds that are standard with “those who know”, and which give a dollar’s wear for each dollar of cost—

The kind you want

NO IMITATIONS OR SECONDS CARRIED

SHOT PUT

“Tiny” Hartranft, Cardinal star, is admittedly the best man in this event. He is expected to smash the California-Stanford record in the shot today, and in addition is practically certain of repeating in the discus. Jack Witter and Jack Merchant of California seem to be the best bets for second and third.

Colonial Oval

or California oval—it makes no difference. Both are scenes of great excitement today. In the afternoon we have the fun of watching others compete. This evening we can compete ourselves in the great Terpsichorean game.

DISCUS THROW

As in the shot put, "Tiny" Hartranft stands head and shoulders above the rest in the discus. If he does not smash all existing Stanford-California records in this event, the spectators will be greatly disappointed. Bob Berkey, Jack Witter, and "Brick" Muller, all three Bears, will probably fight it out for second and third place points.

CALIFORNIA VARSITY CREW

"LET GEORGE DO IT"

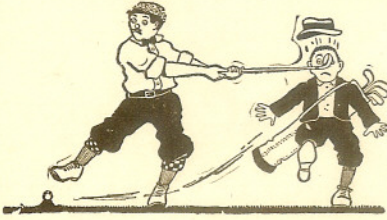

JAVELIN THROW

Captain Flint Hanner of the Cardinal aggregation is without a doubt the best of the two teams. In practice this year he has been consistent at over 200 feet, and it is believed that he will set up a new national record today. Peterson, Sorrenti, Muller, and Merchant, of California, and Campbell, of Stanford, will be the principal contestants for the remaining two places.
