MINUTES OF COUNCIL MEETING

The Council met at the Pasadena Junior College, East Campus at 5:30 P. M., February 19, 1942. This meeting had been ordered by vote of the Council at its session on February 7.

Roll call showed the leagues represented as follows:

Bay League—Vern J. Rice, Leuzinger
Citrus League—Ernest W. Fischer, Chaffey
Desert League—Vincent Claypool, Barstow
East Riverside League—
Foothill League—Normal Hayhurst, Hoover (G)
Imperial League—
Inyo League—
Metropolitan League—
Orange League—Bronson Buxton, Laguna
Pasadena Junior High League—Mel. Chase,
Supt Office, Pasadena.
Preparatory League—Kinter Hamilton, Harvard
Riverside League—Harry Thompson, Perris
San Gabriel League—Vernon Weybright, Burbank
San Luis Obispo League—
Southern League—LeRoy Allison, Vista
Sunset League—William Foote, Santa Ana
Tri-County League—Earl Thompson, Claremont
Ventura Major League—
Ventura Minor League—
Free Lance—Lee Slatore, Hoover (S. D.)
C. I. F. Office—Seth F. Van Patten

The Council with coaches and Principals, to the number of sixty, sat down to a fine dinner prepared by the Pasadena Junior College Cafe, at 5:30 P. M.

Following the dinner Mr. H. V. Porter, Executive Secretary of the National Federation of State High School Athletic Associations, addressed the meeting in regard to rules for high school athletic contests with special attention to football rules.

He explained how the present Interscholastic Football Rules have been developed over a period of thirteen years after much study and research. He pointed out that the prime objects followed in developing the football rules had been: safety of players; recreation, pleasure, and inspiration of the players; and pleasure and interest of the spectators.

He explained that the development of the rules had been a democratic process as coaches, officials, and administrators had by questionnaire

and by conference taken a definite part in formulation of the present set of rules.

He said, "the rules today are what you high school men have made them."

Thirty-eight states are now using these high school rules. Mr. Porter urged strongly that California go along with this vast majority of States.

Following Mr. Porter's address, a brief business session of the Council was held and the following items of business transacted.

(1) MAJOR CONFERENCE FOOTBALL TROPHY

Upon recommendation of Mr. Van Patten, it was moved by Mr. Foote, seconded by Mr. Claypool, that the engraving to go on the Major Conference football trophy be left to the Executive Committee with power to act. Carried.

(2) PASADENA LEAGUE ASSIGNMENT

Pasadena "Bull Pups" presented a request that they be assigned to the Foothill League for the year 1942-43. Moved by Mr. Hayhurst, seconded by Mr. Weybright, that the question be referred to the Foothill League. Carried.

(3) TRANSFER BLANKS FOR ATHLETES

Mr. Van Patten called attention to the transfer blanks for athletes sent to all schools with the January Bulletin. He recommended that a rule be passed requiring one of these blanks fully filled out, be on file before any boy entering one of our schools from another high school be allowed to compete in any of our games.

Moved by Mr. Fischer, seconded by Mr. Earl Thompson, that a supply of these blanks be furnished to all our schools and that the schools be urged to make use of them, and that no boy who has come to any of our schools by transfer from another high school be allowed to compete in any play-off game until the blank is on file in his school and a copy on file in the C.I.F. Office. Carried.

(4) FOOTBALL RULES FOR 1942

A lengthy discussion took place regarding the football rules to be used in our games next year. The feeling seemed to be quite general that the National Federation has done a lot of very valuable study and research on the subject of football for high school boys. Owing to our experience of the last three years in trying out different sets of football rules and due also to the

approval of our coaches of the rules used last season there seemed to be a feeling that we had better continue the use of the modified inter-collegiate rules for another year at least.

Moved by Mr. Fischer, seconded by Mr. Hayhurst, that we continue the use of the rules we used last year for another season. Carried unanimously.

Moved by Mr. Claypool, seconded by Mr. Slatore, that any school or any league using any other than the modified intercollegiate football rules for next year be subject to discipline. A roll call was demanded and the motion lost by a vote of 13 to 2.

(5) OFFICIALS ASSOCIATION

The question of an officials association under control of the C. I. F. was discussed at some length. Moved by Mr. Earl Thompson that the President appoint a committee with Mr. Art Badenoch, of Inglewood High School, as chairman, to bring in recommendations and plans for such an association at the time of the Council meeting in May. Carried.

The President appointed to the committee:

Mr. Charles Brown of Beverly Hills High School,
Mr. William Foote of the Santa Ana High School,
Mr. Ed Laurenson of the Pasadena Junior College,

Mr. Eugene McAllister of the Monrovia High School,

Mr. Vernon Weybright of the Burbank High School.

(6) DISTANCE RACES IN DIVISIONAL MEETS

Mr. Van Patten reported that several track coaches had recommended that all qualifiers for our final track meet, in races of 440 yards or more, be picked on times made in the Divisional Meets.

Moved by Mr. Foote, seconded by Mr. Rice, that the question be referred to the Executive Committee with power to act. Carried.

(7) WAR VICTIM

Douglas Mollison, now of the Santa Ana High School, was in the Roosevelt High School in Honolulu up to December 7, 1941. The Roosevelt High School was bombed at that time and has not opened since. The Santa Ana High School has been unable to get a transcript of the boy's records and credits; the boy has done very satisfactory work in the Santa Ana High School since January 5. The Executive Committee had reviewed the case and recommended that the boy be ruled eligible.

Moved by Mr. Hayhurst, seconded by Mr. Hamilton, that the Executive Committee's recommendation be approved. Carried.

(8) Mr. Hamilton of the Executive Committee asked that Mr. Earl Thompson express to Mr. O'Mara, of the Pasadena Junior College, our appreciation of the fine dinner that had been put on for the group. Mr. Thompson's remarks were fitting and timely.

At 9:45 the meeting adjourned.

FOUR LEAGUES CANCEL ATHLETIC PROGRAM

Because of the war situation—primarily the transportation problem—four of our leagues have decided to have only an intra mural program of athletic competition for the rest of this semester. The four leagues are, the East Riverside, the Inyo, the Ventura Major, and the Ventura Minor leagues.

The situation is regrettable and yet there may be some very much worth while results obtained as to the value of an intra mural program of athletics.

Baseball, tennis, and track which are our main spring semester sports are probably more adaptable to an intra mural program than football.

Even the smallest of our high schools can probably have two baseball teams for competition. Very many of our towns and small cities have baseball teams among their adult citizens which will be glad to meet high school teams in competition.

Since track and field athletic records are obtained as a result of timing and measuring, it is possible to have a modified form of interscholastic competition with each school performing on its own field. An interchange of officials could probably be arranged, records compared and points scored.

Meets carried on with each team performing on its own field would give an opportunity for more boys to compete in each event. It would be an incentive to each school to have its field and equipment in the best possible shape, as lack of condition would handicap its own boys.

We hope by cooperation with certain of the schools to obtain sufficient data to be able to evaluate, to some extent, the intra mural programs attempted.

BUY DEFENSE BONDS

C. I. F. ATHLETIC PROTECTION FUND FINANCIAL STATEMENT

The financial condition of the C. I. F. Athletic Protection Fund is very satisfactory if we may judge by the following summary of figures released by Mr. A. B. Ingham, at the meeting of the Board of Directors of the Fund, held in San Francisco, on February 23, 1942.

The growth of the Fund is a distinct credit to the judgment and planning of the Board of Directors as well as to the businesslike management of Mr. A. B. Ingham, who is general manager of the organization.

STATE TRACK MEET CANCELLED FOR 1942

The State Council of the C. I. F., at its meeting in San Francisco, on February 23, voted unanimously to cancel the State Track and Field Meet for 1942. A number of the members of the State Council seemed to feel that further

consideration of the question should be undertaken when the war emergency is passed.

SANCTIONED EVENTS FOR MARCH, 1942

Brea-Olinda Relays—March 6
Long Beach Relays—March 21
Southern Counties Meet at Huntington Beach—March 21
Laguna Beach Invitational Meet—March 28
Pomona Baseball Tournament—March 30, 31, and April 1.

Indications are that each of these events will be up to the high standards set in past years.

The Pomona Baseball Tournament is set for the first three days of the Easter vacation. This will keep the play away from Good Friday and also allow for extra days to finish the tournament in case of rainy weather.

WRESTLING CHAMPIONSHIP

The C. I. F., Southern Section, wrestling championship will be held at Sherman Institute in Riverside on March 28.

Entry blanks will be sent, by March 20, to all schools that entered teams in the championship last year. Any other school wishing to enter a team should write to the C. I. F. Office for entry blanks.

BUY SAVINGS STAMPS

WILL CARRY ON

At a recent meeting of Principals and Heads of Physical Education Departments of the Foothill League, preparations were completed to finish this term's program of interscholastic athletics in its entirety. Baseball, golf, swimming, tennis, and track and field are included in the spring sports calendar.

The schools of this league hire commercial busses to transport their athletic teams, so will not be affected by recent rulings regarding the use of school busses for such purposes.

Any modification of plans for next year in the Foothill League will depend upon what happens in the war situation between now and next September.

APRIL, 1942

No. 8

EXECUTIVE COMMITTEE MEETING

The Executive Committee met in the C.I.F. Office at 3:45 P. M., Wednesday, March 25, 1942. Members present were:

Mr. Kinter Hamilton, Harvard School, Chairman
Mr. B. L. Bergstrom, El Monte
Mr. Ernest Fischer, Chaffey
Mr. Normal Hayhurst, Hoover (G)
Mr. Earl Thompson, Claremont
Mr. Seth F. Van Patten, C.I.F. Office

1. CLASSES B AND C TENNIS TROPHIES

A request was received asking that a team trophy instead of individual medals be awarded winners in the Class B and Class C Tennis Tournaments. The Chairman ruled that the Executive Committee had no authority in the matter as the Council has passed on the question at the February meeting.

2. CLASS SPORT RESTRICTION

Rule (2), page (23), was brought up for discussion. It was the unanimous opinion of the Executive Committee that no exceptions were allowable under the rule. This rule applies to practice contests, invitational tournaments, and carnivals, as well as to league and championship events.

3. FREE LANCE BASEBALL SEASON

Moved by Mr. Hayhurst, seconded by Mr. Bergstrom, that for free lance schools the official baseball season for this year begins Monday, April 6. Carried.

4. NATIONAL FEDERATION HAND BOOK

Moved by Mr. Fischer, seconded by Mr. Hayhurst, that a copy of the 1941 Hand Book, of the National Federation of State High School Athletic Associations, be secured for each of our member schools. Carried.

5. DIVISIONAL MEETS

The fact that six leagues have cancelled all interscholastic sports for the rest of this school year made it necessary to rearrange our Divisional Track and Field Meets.

Mr. Van Patten presented a recommendation which was substantially as outlined below. A lengthy discussion took place and a few minor changes were agreed upon.

Moved by Mr. Fischer, seconded that the plan as amended be approved. Carried.

THE APPROVED SET-UP

SOUTHERN—At Balboa Park, San Diego, May 9.

Imperial League, Metropolitan League, and Southern League each to enter two in each event. Hoover High School and San Diego High School to hold dual meets and select two for each event. If records are such as in judgment of Commissioner of Athletics to justify a third entry in an event, any of the four above groups may be allowed a third entry.

EASTERN—At Riverside High School, May 9.

Citrus Belt League, Riverside League, Tri-County League each to enter three in each event.

WESTERN—At Hoover (Glendale) High School, May 9.

Bay League, Foothill League, and Prep League each to enter three in each event.

CENTRAL—At Huntington Beach High School

Orange League, San Gabriel League, and Sunset League each to enter three in each event.

FREE LANCE—At Pasadena Junior College, West Campus, Friday, May 1.

Long Beach Poly, Pasadena "Bull Pups", Junior High League, and Santa Barbara each to enter three in each event.

Any additional free lance entries or entries from leagues that have cancelled interscholastics for the rest of this year to be assigned to a Divisional Meet by the Commissioner of Athletics.

6. A Reropt from the committee appointed to make recommendations regarding an officials association controlled by the C.I.F., Southern Section, was presented to the Executive Committee.

The report was considered at length and approved in detail. The Executive Committee directed that the report be printed in the next issue of the C.I.F., Southern Section monthly Bulletin.

OFFICIALS COMMITTEE REPORT

March 16, 1942

The committee appointed by the President of the Council of the C.I.F., Southern Section, to bring in recommendations regarding a C. I. F., Southern Section controlled officials association met in the C.I.F. Office at 3:00 P. M. today. All members:

CALIFORNIA INTERSCHOLASTIC FEDERATION, SOUTHERN SECTION

THE ONEONTA SCHOOL

1955 Fremont Avenue South Pasadena, Calif.
Telephone CLevland 6-2336

Le Roy Allison, Principal Vista High School,
President of the Council

Executive Committee

Kinter Hamilton, Principal Harvard School
President.

B. L. Bergstrom, Principal El Monte High School

Ernest W. Fischer, Principal Chaffey High School

Normal C. Hayhurst, Principal Hervert Hoover
High School (Glendale)

Earl Thompson, Principal Claremont High School

Seth F. Van Patten, Commissioner of Athletics

Mr. Art Badenoch—Inglewood, Chairman

Mr. Charles Brown—Beverly Hills

Mr. William Foote—Santa Ana

Mr. Ed Laurenson—Pasadena Junior College

Mr. Eugene McAllister—Monrovia

Mr. Vernon Weybright—Burbank,

were present.

The discussions were informal and all decisions and recommendations were unanimously approved.

The following recommendations were agreed upon.

Any man to be eligible as an official in any game of football between schools of the C. I. F., Southern Section shall meet the following qualifications.

1. Be a member in good standing of a football officials association, approved by the C. I. F., Southern Section.

2. Be an employee of the school district of a member school of the C.I.F., Southern Section, or from an educational institution above the high school level.

3. Meet the rating requirements of such approved associations relative to attendance at educational meetings, class work, examinations, etc.

4. Officials Associations to be approved by the C. I. F., Southern Section must:

- (a) Hold seven meetings during the football season.
- (b) Give five regular examinations in football rules and offer, if need be, two make-up examinations.
- (c) Keep complete records of attendance at educational meetings and examination grades earned.
- (d) Secure and keep a record of ratings, by

coach or administrator, of the work of football officials in all games played by his school.

5. A football official to be classed as in good standing in his association must:

- (a) Take five examinations during the season and earn a rating of 80% or above.
- (b) Take examinations (1) and (2), which shall be known as classification examinations, earn a rating of 80% or above before he may be assigned to a league game for that season.
- (c) Take the final examination of the season given by his Association.

6. Examination questions and outlines of educational work shall be provided and distributed by the C.I.F. Office.

7. Examination papers with ratings earned shall be filed in the C. I. F. Office. A list of the officials in good standing in any C. I. F., Southern Section Approved Association shall be published and distributed to the schools and officials concerned, by the C.I.F. Office.

8. To finance the educational and rating work supervised by the C.I.F., Southern Section, each Approved Officials Association shall pay to the C.I.F., Southern Section 25c per member in good standing.

9. Football Officials shall be appointed for any season prior to the first league game of the season (For 1942, by October 9.) All appointments from any approved Association shall be published to the members of that Association as soon as made.

10. The C.I.F., Southern Section strongly recommends that all leagues, so far as possible, pay the fees set in the C.I.F., Southern Section Blue Book.

—o—

David Krueger of Whittier High School was out of school on account of ill health a good deal of the time last semester and only received credit in ten semester hours of work, carried with a visiting home teacher.

He was ruled ineligible for competition this semester because he had not completed the required number of semester hours of work.

The Committee adjourned at 5:15 P. M.

NINE BOYS IN LONG RACES

It was moved by Mr. Hayhurst, seconded by Mr. Fischer, that for the final meet, in all races of 660 yards or more, that nine boys be qualified and that the race be started on the 220 yard straightaway and be run in lanes for the first 220 yards only. Carried.

CENTRAL UNION TO SPONSOR RELAYS

Holtville High School which for a number of years has sponsored a relay carnival near the end of April, for the high schools of Imperial Valley, has asked the Central Union High School to take over the activity this year.

Mr. Chester E. Gilpin, Vice-Principal of Central Union High School says, "Holtville has for many years provided the Imperial Valley with an outstanding type of interscholastic athletic competition and the loss of this meet, particularly at this time, will be serious to the youth of our communities.

"It is our plan, to call these contests 'the Imperial Valley Sports and Relay and Carnival' and to extend athletic competition to as many sports as possible that effectively lend themselves to public display, our paramount thought being to emphasize health and to show its importance in the war policy of our Imperial Valley schools."

When so many schools of the State are curtailing or cutting out entirely their interscholastic athletic program it is heartening to get this news from the Imperial Valley.

TENNIS FILMS AVAILABLE

Mr. Joe Bixler, at the Wilson Sporting Goods Company, 1120 Maple Avenue, Los Angeles, has a very fine tennis film which is available for showing at our high schools.

The film is 16 millimeters and has a sound track. Mr. Donald Budge, World Professional Champion, shows how he executes strokes and at the same time explains his philosophy of the game.

The film is highly entertaining as well as valuable as a coaching aid. The length of the run is about 20 minutes. There is no charge for the use of the film. Contact Mr. Bixler for a booking.

POPULAR APPEAL OF BASEBALL

In the early years of the C.I.F. baseball games among our member schools had a strong following. Play-off games between league champions often attracted crowds of five hundred to a thousand pay customers. The game ranked ahead of other sports, football excepted, in popular appeal.

Other sports grew in popularity and baseball seemed to be losing ground until about ten years ago it began to look as if the game was on its way out as a high school sport.

Friends of the game, both amateurs and professionals, began to boost for the sport in high schools. The Pomona Tournament and tournaments instituted among the Los Angeles City high schools gave added publicity and added interest to the high school game and for several years the sport has been holding its own.

We wish to call attention to one feature of baseball as a game, that we believe has had a good deal to do with the loss of spectator appeal for the sport.

The time taken to play the average baseball game is too long. No successful measures for shortening the playing time and speeding up the game have been adopted and applied. If more than one and one half hours is taken to play a seven inning game or more than two hours for a nine inning game the contest suffers in popularity.

Basketball, football, and track have been speeded up until a football game takes two hours or less, basketball an hour, and a dual track meet with Classes A, B, and C, and about thirty-five events, is run off in two hours or less.

Coaches and umpires can speed up a baseball game, the coach by training his team to cut out all time wasting tactics, and the umpire by insisting on the teams hustling between innings.

Teams should trot rapidly in getting off and on the field. The pitcher should not be allowed to stall around. The infield should not consume time throwing the ball around after every play of the game. After the first or second out should be sufficient.

If the above practices are followed the baseball game will be speeded up. The game will appear to be more snappy.

We believe the spectators will like the game better. For the good of the game we urge coaches and umpires to carry out the above suggestions.

ATHLETIC PROTECTION FUND RULING

Pacific Grove, California
March 27, 1942

To Member Schools of the C.I.F.A.P.F.:

The Board of Directors of the California Interscholastic Federation Athletic Protection Fund has decided that since several of the high schools have discontinued their interscholastic athletic program, boys will be covered in intramural sports for the balance of the present school year. All required conditions must be met in intramural sports, just the same as would be required in the interschool program. That means that there must be a certified employee of the district in supervision of the sport at the time of the injury, and it also means that the sport must be one that is recognized as an approved sport by the C.I.F.A.P.F.

As an example of the way in which three high schools of the state are planning to carry out their sports program for the ensuing year, I would like to outline the plan that is being considered by the three high schools of the Monterey Peninsula. The boys in the Monterey High School will be divided into three groups of approximately equal athletic ability. The boys in

the Pacific Grove High School will be divided into two groups, and the Carmel High School group will be considered as a unit. This will make a total of six groups for which a schedule will be made. This means that at least five games may be scheduled for each group, and if it is desired to extend the season, each group may play two games with each other group. Perhaps, the five scheduled games for football will be sufficient, but in basketball, it may be desirable to have at least ten games. If such a plan is worked out successfully by our three high schools, we anticipate that we will be able to throw more boys into the sports program, thus benefitting a larger number than has been possible in the past. We hope that the Board of Directors of the California Interscholastic Federation Athletic Protection Fund will find it possible to cover this combination intramural and interscholastic program.

The Board of Directors of the California Interscholastic Federation Athletic Protection Fund will hold a meeting late in May, and at that meeting, plans for the ensuing year will be worked out. If you have suggestions that should be considered by the Board at that meeting, will you please write them to me and I will take them to the Board.

Sincerely yours,

(Signed) A. B. Ingham
Sec'y., C.I.F.A.P.F.

ENCLOSURES

A supply of the new form, "C. I. F., Southern Section, Athletics Transfer Blank" is enclosed. More of these forms are available when needed by any of our member schools.

Minutes of the meeting of our State Council and of the meeting of the Directors of our C.I.F. Athletic Protection Fund, held in San Francisco, on February 23, 1942, are enclosed.

Entry blanks for the Class C and Class B tennis tournaments. These should come to the attention of the tennis coach.

INTERSCHOLASTIC ATHLETIC ORGANIZATION

No one who has observed the thorough way in which the high school men have planned and administered athletic activities can have any doubt as to their motives. They have, from first to last, insisted on sports supervision and direction rather than sports promotion. Attention is centered on keeping the activities within reasonable limits and on making them minister to the welfare of constantly greater numbers of participants.

C. I. F., SOUTHERN SECTION MONTHLY BULLETIN

Vol. 5

MAY, 1942

No. 9

MR. LEROY ALLISON PRESIDENT OF THE COUNCIL

Mr. LeRoy Allison, Principal of the Vista High School, has served as President of the Council for the current school year. His successor will be elected at the Council meeting on May 16.

EXECUTIVE COMMITTEE MEETING

A called meeting of the Executive Committee was held at the Chaffey High School on Saturday, April 18, at the lunch hour. The members present were all officiating at the Chaffey Invitational Meet. Members present were:

Mr. Kinter Hamilton, President
Mr. B. L. Bergstrom
Mr. Ernest W. Fischer
Mr. Seth F. Van Patten

COMPETITION, TWO CLASSES, SAME WEEK

1. In the case of a dual track and field meet that had been postponed twice because of rain a waiver was asked in the application of rule (2), page 23. The Committee ruled that only the Council could grant an exemption from any of our rules.

2. COURTESIES TO MEN IN SERVICE

Mr. Van Patten reported that the local U. S. O. organization is trying to arrange for service men in this area as much recreation and entertainment as possible. The U. S. O. is appealing to our high schools to admit service men in uniform to all of our activities free of charge. They also ask cooperation in allowing service men to use the physical education and athletic facilities as much as possible. They are also asking for donations of used athletic equipment for the use of service men.

Moved by Mr. Fischer, seconded by Mr. Bergstrom, that for the duration of the War, the Commissioner of Athletics be directed to arrange to admit service men, in uniform, free of charge to all of our championship contests. Carried.

Moved further that for the duration of the War schools and leagues of the C. I. F., Southern Section, be urged to admit service men, in uniform, free of charge to school athletic activities. Carried.

Moved further that if donations of equipment are made, that the school place such donations with the service units in their immediate vicinity. Carried.

President Hamilton of the Executive Committee, there being no objection, ruled that all schools making donations of athletic equipment or of free admissions to athletic events to service men be requested to report the same to the C. I. F. Office that a record of all our help may be compiled.

3. NORTHERN DIVISIONAL MEET

On April 15, a letter was received from Mr. Fred Hamilton, of the Santa Maria High School requesting that a Divisional Meet be run at Santa Maria or some other school in the San Luis Obispo League. The President of the Executive Committee ruled that in cancelling the Northern Divisional Meet the Executive Committee had acted on the advice of the C. I. F. Representatives of that region and that it was not practical or wise to modify at this time the regulations regarding Divisional Meets set up on March 25 and published in the April Bulletin.

4. TRANSPORTATION OF ATHLETES

On April 18 an Associated Press dispatch quoted the Honorable Paul V. McNutt, Social Security Administrator, as advocating the holding of an American Olympiad in 1943, in which each of our 48 states should be urged to enter

a full team. The purpose of such an activity being to promote physical fitness of our men who may be called into defense activity of any kind.

It was agreed to direct Mr. McNutt's attention to the affect of rationing of tires for school busses on our program of high school athletics.

The following letter was dispatched to Mr. McNutt on Monday, April 20.

April 20, 1942

Honorable Paul V. McNutt
Social Security Administrator
Washington, D. C.

Dear Sir:

In an Associated Press dispatch released by the West Coast newspapers on April 18, you are quoted as favoring an American Olympiad for 1943.

We are in hearty accord with the idea and if the activity is undertaken we will give it all the support possible.

We wish to appeal to you at this time to consider a matter of health, physical fitness, and morale building for our boys, which we consider of immediate and pressing importance.

The present ruling of the Honorable Leon Henderson's Department regarding the use of school busses as it effects the transportation of high school athletic teams is destroying interscholastic athletics in Southern California.

We are very certain, in our own minds, that in the present national emergency training in competitive athletics is the most valuable feature of our educational program so far as our high school boys are concerned.

In our competitive games our boys are trained in initiative, alertness, cooperation, and combative spirit. Our athletic competition develops stamina and physical fitness. We maintain that all of the above qualities are of prime importance to any young man going into our national defensive forces in any field.

We appeal to you to check with Mr. Henderson's Department, the present ruling in regard to the use of school busses so far as it affects the transportation of high school athletic teams.

We most sincerely and respectfully urge that the rulings regarding school busses be modified so as to encourage high school athletic competition, rather than to restrict and destroy it as is being done by the present regulation.

At a meeting our our Executive Committee, on Saturday, April 18, 1942, I was directed to bring the above matters to your attention.

Sincerely yours,

Signed, Seth F. Van Patten

PREPARES FOR NEXT YEAR

The Bay League Principals and Coaches met as guests of the Beverly Hills High School on April 22 at Eaton's Chicken House, in Beverly Hills. When the splendid chicken dinner was finished every one was in a genial mood and the League President, Harry Alter, Vice-Principal of Beverly Hills High School, was able to conclude the business session in a very satisfactory manner.

A full program of activities, practically the same as for the present year, has already been set up, for 1942-1943. The President of the League appointed a committee consisting of the Department Heads of Physical Education and Athletics to consider and formulate plans for the League program should the war developments make changes necessary.

It seemed to be the attitude of every man present that the League program must go on.

"Goldie" Holmes, of Compton, stated his idea in about the following words:

"We must carry out our program of interscholastic athletics. If we have to return to Saturday afternoon games and if we have to walk five miles to meet our opponent it must be done.

Jim Sutherland, of Santa Monica, emphasized the must idea. He said, "When this committee gets together they should not for a minute get away from this must attitude."

CHAMPIONSHIP FOR THE REST OF THE YEAR

Swimming—May 15 and 16, Fullerton High School.

Track and Field—May 16, Herbert Hoover (Glendale)

Team Tennis—Semi finals, May 22, Santa Ana High School.

Finals, May 23, Santa Ana High School.

Tennis Open Singles and Doubles—June 6, Santa Ana High School.

Golf Singles—June 1 to 6, Montebello Golf Club.

STATISTICS FOR CLASSES B AND C

Earlier in the year the Glendale High School filed a communication with the C. I. F. Office in which it was pointed out that the present Class C limit of 81 exponents, and the Class B limit of 87 exponents, resulted in cutting down the numbers allotted to each of these two classes. It was suggested that the upper limits for these classes be 83 for Class C and 89 for Class B.

At the February meeting of the Council the Commissioner of Athletics was directed to attempt an analysis of the problem by making a study of the Three Point Data of some of our

schools on file for the present year.

When the present classification plan was set up a number of years ago an attempt was made to adjust the set-up to fit the needs of the largest number of our members possible.

We have some very small high schools and some very large ones, the average size being between 500 and 600. We have 2 year, 3 year, and 4 year high schools in addition to a number of junior high school members.

We picked at random ten schools and made an analysis of the Three Point Data sheets on file for the present year, with results given in the following table.

| Schools | Years of Work Given | A.D.A. 1941-42 | Class C Below 82 | Class B 82 - 87 | Class C Below 83 | Class B 83 - 88 | Class C to 84 | Class B 85 - 89 |
|----------------|------------------------|-------------------|---------------------|--------------------|---------------------|--------------------|------------------|--------------------|
| Alhambra | 4 | 2146 | 360 | 324 | 421 | 298 | 474 | 269 |
| Atascadero | 4 | 196 | 45 | 26 | 47 | 33 | 40 | 28 |
| Chino | 4 | 365 | 46 | 48 | 47 | 54 | 48 | 58 |
| Compton | 2 | 1424 | 28 | 195 | 44 | 234 | 65 | 255 |
| El Centro | 4 | 675 | 93 | 85 | 106 | 84 | 118 | 88 |
| Excelsior | 4 | 1340 | 221 | 235 | 245 | 239 | 285 | 217 |
| Glendale | 3 | 1985 | 32 | 151 | 36 | 165 | 50 | 156 |
| Keppel | 4 | 1660 | 260 | 275 | 305 | 252 | 348 | 319 |
| San Dieguito | 4 | 117 | 30 | 46 | 37 | 44 | 41 | 45 |
| South Pasadena | 3 | 1050 | 43 | 147 | 63 | 149 | 83 | 144 |

This table shows how boys are distributed under the present plan and how the distribution would effect if the exponents were raised one or two points.

From the above it is evident that the change would not benefit the situation at Alhambra, a large four year high school.

At Glendale, a large three year school, and at

South Pasadena, a medium sized three year school, a better distribution of boys among the different classes seem to be created by the proposed change.

In the other seven schools studied little change seems to be effected. This question will come before the Council at the May 16 meeting for further consideration.

NEW PUBLICATION

The National Federation of State High School Athletic Associations has just published a book on Track and Field Rules. Not only are the track and field rules given in full but much valuable information regarding high school track and field is also included. The book also contains explicit directions and suggestions regarding organizing and running track and field meets.

The book is edited by H. V. Porter, Executive Secretary of the National Federation, and E. A. Thomas, Secretary of the Kansas High School Athletic Association.

TWO IRON MEN

Fred Anderson of Colton and Gene Davis of Bonita, the two iron men of the Tri County League, have each qualified for three events and the relay at the Riverside Divisional Meet of May 9. Fred will run the 100 yards, broad jump and pole vault, Gene will run the 100 yards, the 220 yards and put the 12 pound shot.

These boys are both stellar performers in football, baseball, and basketball. They would look good in any of our high school leagues. Fred is a senior, and Gene a junior.

COUNCIL MEETING

The final Council meeting of the year will be held at the Herbert Hoover High School in Glendale, Saturday, May 16 at 9:30 A. M. The meeting will be concluded prior to lunch. In the afternoon the Council will attend the Final Track and Field Meet of the year. School men interested in the work of the C. I. F. are always welcomed at the Council meetings.

TENNIS TOURNAMENTS

The Class C and Class B tennis tournaments were on a par with those of former years. In the Class B tournament, held at El Monte High School on April 18, fifty-one boys took part. The young players seen in action at these two tournaments indicates that Southern California which is right at the top of the tennis ladder is going to remain there for some time to come.

SOUTHERN CALIFORNIA TENNIS ASSOCIATION COOPERATES

On the entry blank of all tennis tournaments sponsored by the Southern California Tennis Association, in which high school boys or high school girls may take part, appears the following paragraphs.

"IMPORTANT NOTICE—No junior will be allowed to participate in either junior or senior events in any tournaments sanctioned by the Southern California Tennis Association unless he or she has filed a written notification from his high school giving such permission to play.

"No sanction will be granted unless the club or organization requesting the right to hold such a tournament agrees to enforce the above regulation adopted by the Board of Directors of the Southern California Tennis Association."

The Southern California Tennis Association wants to eliminate "Tennis Bums" from all its tournaments. Principals are asked to help in

this good work by giving a C. I. F. Eligibility form to those pupils who are eligible under C. I. F. rules, who may wish to enter a tennis tournament sponsored and managed by the Southern California Tennis Association.

INVITATIONAL TRACK MEETS

The Brea-Olinda Relays, the Long Beach Relays, the Huntington Beach Invitational, the Inglewood Relays, and the Chaffey Invitational Meet have all drawn a large entry list despite war conditions and transportation difficulties.

The Chaffey Meet, the last of the list to be held, was quite up to former years despite the national emergency. Thirty schools and about 500 athletes took part.

We believe the boys were as finely coached and as cooperative as any group of such a size that we have ever seen at any meet. We did not hear a protest or a "squawk" during the entire day. Track and Field athletics in Southern California high schools are on a high plane.

ONE FOR THE BOOKS

At the Citrus Belt League meet, held on the Riverside High School grounds on April 24, when all Class A events except the relay had been finished, Chaffey had garnered in 45½ points and Santa Ana 45 points. Which ever one of these teams beat the other in the relay would be the winner of the Class A meet.

Santa Ana won by a whisker, (only a six inch one at that) and won the meet.

ENCLOSURES

A copy of the 1941 Hand Book of the National Federation of State High School Athletic Associations is inclosed. The Executive Committee at its meeting on March 25 ordered these books purchased and distributed to our member schools.

Since the C. I. F. is a member of the National Federation of State High School Athletic Associations, the Executive Committee thought it wise that each of our high schools know definitely about the Federation. This hand book will serve to acquaint all of us with what the Federation is and for what it stands.

We recommend the book for reading from cover to cover by every Principal and every coach in our organization.

Do not fail to read the last cover page. It contains a splendid justification for a strong high school athletic organization.

Three copies of the modifications of the Intercollegiate Football Rules that the high schools of Southern California are to follow next year are enclosed. These are for the football coaches at each school and the coach should see to it that he gets them.

JUNE, 1942

No. 10

MINUTES OF COUNCIL MEETING

The Council met in Room 106 at the Herbert Hoover (G) High School, at 9:30 A. M., Saturday, May 16, 1942. A roll call showed the leagues represented as follows:

Bay League—Vern J. Rice, Leuzinger
Citrus League—Ernest W. Fischer, Chaffey
Desert League—Peter Clentzos, Barstow
East Riverside League—
Foothill League—Leon Catlin, Woodrow Wilson
Imperial League—Homer Aker, Imperial
Inyo League—Herbert D. Gwinn, Big Pine
Metropolitan League—M. W. Perry, Escondido
Orange League—Bronson Buxton, Laguna
Pasadena Junior High League—
Preparatory League—Kinter Hamilton, Harvard
Riverside League—Harry Thompson, Perris
San Gabriel League—Vernon Weybright, Burbank
San Luis Obispo League—Roy Hull, Lompoc
Southern League—LeRoy Allison, Vista
Sunset League—Ralph Burnight, Excelsior
Tri-County League—Earl Thompson, Claremont
Ventura Major League—H. A. Berlin, Oxnard
Ventura Minor League—Fred Greenough, Carpinteria
Free Lance League—Lee Slatore, Hoover (SD)
State Representative—S. Chester McIntosh, Puente
C. I. F. Office—Seth F. Van Patten

1. MINUTES APPROVED

Moved by Mr. Earl Thompson, seconded by Mr. Perry, that the minutes of the Council and Executive Committee, as published in the Bulletin for February, March, April, and May be approved as printed. Carried.

2. FINANCES

The financial statements appearing in the March, April, and May Bulletins were called to the attention of the Council. Moved by Mr. Perry, seconded by Mr. Hamilton, that a complete audit of the accounts of the Secretary and Treasurer be made for the year July 1, 1941 to June 30, 1942, and that a public accountant be be employed for this work. Carried.

3. ELECTION OF OFFICERS

The following officers were elected for the year 1942-1943:

President of the Council—Ralph Burnight, Excelsior
Vice-President of the Council—Earl Thomson, Claremont
Treasurer—S. Chester McIntosh, Puente

Commissioner of Athletics—Seth F. Van Patten
State Representative for a two year term—S. Chester McIntosh, Puente

Executive Committee—

B. L. Bergstrom, El Monte
Ernest W. Fischer, Chaffey
Kinter Hamilton, Harvard
Normal C. Hayhurst, Hoover (G)
Earl Thompson, Claremont

All elections were by acclamation. There was in each case only one nominee for the office concerned. Due to the uncertainty, (because of the war conditions) as to the work in the C.I.F. Office, it was moved by Mr. Greenough, seconded by Mr. Aker, that the salary of the Commissioner of Athletics be left to the decision of the Executive Committee. Carried.

4. REPORT OF MR. BADENOCH'S COMMITTEE ON PLANS FOR AN OFFICIAL'S ASSOCIATION

The report of Mr. Badenoch's committee as published in the April Bulletin was discussed paragraph by paragraph. The report was approved as printed except for paragraph (2).

It was moved by Mr. Berlin, seconded by Mr. Buxton that paragraph (2) be changed to read: "Be a resident of the school district of a member school of the C.I.F., Southern Section." Carried.

Moved by Mr. Hamilton, seconded by Mr. Earl Thompson, that the Commissioner of Athletics be directed to send a letter of commendation and thanks to Mr. Badenoch and his committee for the fine piece of work done. Carried.

Moved by Mr. Rice, seconded by Mr. Slatore, that details for the administration of the plan be left to be determined by the Executive Committee. Carried.

5. REPORT BY LEAGUES AS TO PROSPECTIVE PROGRAM FOR NEXT YEAR

Bay League—Full program just as long as possible.

Citrus Belt League—Full program if possible. Transportation problem serious at both Redlands and Santa Ana.

Desert League—Football as usual. Railroad transportation possible.

Foothill League—Full program set-up. To continue as long as possible.

Imperial League—Full program to be undertaken. Transportation for athletes can be provided. Transportation for spectators may kill attendance at football games and thus raise a

Earl Thompson, Principal Claremont High School
Seth F. Van Patten, Commissioner of Athletics

serious financial problem.

Inyo League—Due to distances only an intra-mural program possible.

Orange League—To carry on a full program as long as possible.

Preparatory League—All set for the usual football season. Beyond the football season they will await developments in war situation.

Riverside League—The league expects to carry through its Class A football program. All other activities will possibly be cut down about fifty per cent.

San Gabriel League—To carry out full football program if possible. Baseball, basketball, and track uncertain.

San Luis Obispo League—Only intra mural activities in prospect.

Southern League—Football as usual. All others probably curtailed.

Sunset League—Hope to carry through all Class A and Class B programs.

Tri-County League—All schedules prepared for the year. Will carry on as long as possible.

Ventura Major League—Intra mural games being planned. One or two interscholastic football games being considered where bicycle transportation is possible.

Ventura Minor League—No interscholastic schedules planned. Some schools trying to develop games simulating war activity, that may be used in intra mural training.

Free Lance Group—All plan to enter the Major Conference football schedule.

It was moved by Mr. McIntosh, seconded by Mr. Earl Thompson, that the Commissioner of Athletics secure all available plans for intra mural competition, compile and distribute same to all schools of the C.I.F., Southern Section. Carried.

6. ELIGIBILITY FORM

Mr. Berlin presented a modified form of our C.I.F., Southern Section, **Eligibility Form** and

recommended its adoption. Moved by Mr. McIntosh, seconded by Mr. Gwinn, that the form be referred to the Executive Committee for study and recommendation. Carried.

7. C.I.F. ATHLETIC PROTECTION FOR INTRA MURAL SPORTS

Mr. McIntosh asked for an opinion on extending the benefits of our C. I. F. Athletic Protection Fund to intra mural sports. Moved by Mr. Earl Thompson, seconded by Mr. Aker, that the Council of the C.I.F., Southern Section go on record as favoring such an extension.

8. POLICY TOWARD THE FIVE LARGE FREE LANCE SCHOOLS

Mr. Rice asked for a definition of policy toward Hoover (SD), Long Beach Poly, Pasadena "Bull Pups", San Diego, and Santa Barbara, the five large Free Lance Schools.

Mr. Van Patten speaking for the C.I.F. Office, pointed out that the five schools were all members of the Major Conference for Class A football but in every other respect were entirely **free lance**. He pointed out that any attempt to treat five schools as a league is not justified by any action ever taken by the Executive Committee or the Council.

As no other statement on the standing of the schools was given it seemed to be accepted that the above statement covered the status of the schools named.

9. TEMPORARY LEAGUE CHANGES

It was moved by Mr. Burnight, seconded by Mr. Earl Thompson, that the Executive Committee be authorized to make changes in league assignment to meet emergency conditions when agreeable to the school and the leagues concerned. Carried.

Mr. Van Patten called attention to the Three Point Data study printed in the April Bulletin. Moved by Mr. Earl Thompson, seconded by Mr. Catlin, that a committee be appointed to study the subject further. Carried.

Mr. Allison announced that the appointment of the committee would be left to Mr. Burnight, the incoming President.

At 12:15 P. M. the Council adjourned to the Cafeteria of the Herbert Hoover High School where a splendid lunch was served to council members and officials for the Finals in track and field which were staged at Ferguson Field, at Hoover (G) High School.

10. THREE NEW RECORDS

The three records set at the Final Track and Field Meet at Hoover High School, on May 16, attest to two things: namely, the condition and ability of the boys and the condition of the track and field. New records are set in our Final Meet only when conditions are well nigh perfect.

The C.I.F., Southern Section, is justly proud of its products, these record breaking boys.

Here are the records:

Don Anderson—Eliot Jr. High, Class C, 50 yards, 5.5 sec.

Dick Vanderhoff—South Pasadena, Class B, Pole Vault, 12 feet, 10 inches.

Jerry Shipky—Anaheim, 12 lb. shot, 56 feet, 1 $\frac{5}{8}$ inches.

A fourth record is being held up for review by the Executive Committee.

OUR STATE COUNCIL GOES ON RECORD

We quote from the minutes of the meeting of the State Council of the C.I.F. held at Pacific Grove on Saturday, May 23, 1942.

"In the interest of National Defense during the present war emergency, the Council desires to place the following statements on record:

- (1) We reaffirm our previously expressed point of view that a continual program of vigorous competitive athletics is essential and valuable to the successful prosecution of war, and that an interscholastic athletic program is a means of maintaining morale.
- (2) We believe in interscholastic athletics and believe that they should be carried on where that can be done without conflicting with the restrictions of the Federal Government.
- (3) We believe that an interscholastic athletic program is an incentive for keeping up interest in the intramural program.
- (4) Since it may not be possible to carry on a full interscholastic athletics program during the war emergency, we favor increased emphasis on intramural athletics in order to secure larger and greater participation in the athletic program.
- (5) With this increased emphasis on an intramural athletic program and the possible decrease of interscholastic athletics, districts should aid in the financing of athletic suits and equipment."

We believe that our Administrators, our Directors of Physical Education and Athletics, and our coaches are all in accord with our State Council 100%. Let us all boost for national defense by boosting our own interscholastic and intramural athletic program.

INTRAMURAL ATHLETIC SUGGESTIONS

The appeal sent out on May 18 by special bulletin regarding work being attempted in intramural athletic competition has met with rather a meager response. A number of relatively minor suggestions have been received. The Fillmore High School, where intrascholastic athletics ceased with the end of the basketball season,

sent in a full outline of the work it attempted during the past semester. The material from Fillmore was furnished by Mr. Eugene V. Kennedy, Director of Physical Education and Athletics.

FINAL WORD ON TIRES

Washington, D. C.
May 11, 1942

Dear Mr. Van Patten:

The Honorable Paul V. McNutt has referred to this Office a copy of your letter of April 20, 1942, regarding the effect of the Tire Rationing Program on interscholastic athletics.

Although this Office is aware of the value of such athletic program, especially during this period of national emergency, the fact is that our rubber supply is not sufficient at the present time to take care of all the essential transportation needs of the country. We have been unable to provide new tires for transportation of defense workers and many similar services.

Under the Tire Rationing Regulations, busses of a regular transportation system cannot establish eligibility for new tires if the busses are used for sight-seeing trips or similar excursions, including the transportation of athletic teams, except on special trips to and from Army and Navy establishments. School busses cannot establish eligibility for new tires if the busses are used for excursions of any character, their use being restricted to the transportation of students and teachers from their homes or from regular school-bus stops to regular places of instructions.

We realize the effect this ruling will have on many interscholastic athletic programs, yet none of us can afford to lose sight of the absolute necessity of granting our armed forces first call on our rubber supply and of conserving that which remains for only the most vital transportation services.

We feel sure that these limitations will be considered by the students affected as a personal contribution to our war effort.

Very truly yours,

Charles F. Phillips

Acting Chief Tire Rationing Division

ENCLOSURES

We are enclosing copies of the minutes of the State Council of May 23, 1942, held at Pacific Grove, and also minutes of the C.I.F. Athletic Protection Fund Board of Directors held at the same time and place.

The minutes of the C.I.F. Athletic Protection Fund should be read carefully by every school man in Southern California interested in our high school athletic program. The affairs of the Organization have been handled in a judicious and businesslike manner. Great credit is due to the

Board of Directors for their work, and especially to Mr. A. B. Ingham, Principal of the Pacific Grove High School, who has been Secretary-Treasurer and General Manager of the C. I. F. Athletic Protection Fund since its formation.

INTRA-MURAL COMPETITION AT FILLMORE UNION HIGH SCHOOL

1. BASKETBALL

Two Leagues

1. Freshman - Sophomore
2. Junior - Senior

Organization

1. All Freshmen and Sophomores interested are called to a meeting. Team captains are appointed. Teams are then chosen from among all boys present. Each team to have eight members.

2. Junior - Senior League is formed by clubs or groups organizing teams. No varsity player is permitted to play.

3. A round-robin schedule is played in each league. Two games are played in one hour. Games divided into quarters. Playing time is straight time with no time-outs. One half of one game is played and then one half of the other. Each team must play every member present at least one quarter. Referees are students. Letter points are awarded on basis of games played.

We have conducted this for years. It takes the place of B. C. & D. basketball. Competitors for preliminary games have been chosen from among these. In the past we have had a basketball day with our neighbor, Santa Paula. All of our teams have met comparable teams from there. Transportation stopped that this year.

2. TRACK

Mail meets were held this year with other schools. Individual times and distances were exchanged with other schools of the league. Letter points awarded on basis of points made in these dual meets.

3. BASEBALL

All boys interested signed up. Six teams chosen by appointed team captains. A double round schedule played. Seven innings to constitute a game. League played three afternoons each week. Teacher in charge of league umpires all games. Captains responsible for teams. Letter points awarded on basis of innings played.

4. RUGBY

Put in this spring to interest those boys who were interested in contact work. It definitely solved this problem. We had two teams chosen by team captains. They played once a week after school. Letter points awarded on basis of games played.

5. Our after school program this spring has been as follows. Monday, Wednesday, Friday—Baseball. Tuesday — Rugby. Thursday — Track. We have now added swimming on Monday, Wednesday, and Friday. We hope to have mail meets in this.

Some schools are considering dividing all the male students into several equal groups. These groups then will remain the same throughout the year and teams will be chosen to represent each group. This has its merits particularly in large schools. I think we will continue to group for each sport as this will get those interested in that sport and tend to equalize each sport.

INTRAMURAL ATHLETICS AT KEARNY HIGH SCHOOL

The Stephen W. Kearny High School of San Diego City, which opened last September, has instituted an intramural program of athletic competition. Mr. Edward C. Taylor, the Principal, sends the following account of what has been attempted during the year.

"SPORTS PROGRAM STRESSES PHYSICAL DEVELOPMENT

"Since athletic development is being stressed in the national emergency today, the athletic department of the Kearny High School is doing its part to train the youth of our community in all around physical development.

"Mr. Don Giddings, coach and athletic director of the school, has been doing just that in his daily gym classes. He has been conducting the Physical Education classes so that all the boys in the school have a chance to participate in the games and athletic contests that are held during the gym periods.

"The school is not large enough to have teams which can participate with other large city schools in inter-school competition so Coach Giddings organized an athletic program in which all the students, large and small, can take an active part.

"A unique system of scoring points for students has been installed by Mr. Giddings. Every P. E. period organizes teams in all sports. The class teams compete among themselves to choose one team to represent that particular class. Each member of the class team receives ten points. All the classes follow this procedure and then there is inter-class competition to determine the champions of the school. Each time a team wins a contest, the members of team receive five additional points.

"Separate tournaments are conducted for boys in both the A and B class. At the end of the semester the individual points are added and the ten students in both divisions who have the highest number of points receive Block Letter "K's" for their participation in the various sports."
