

TRINIDAD-TOBAGO ATHLETIC ANNUAL 1970

Introduction

This third edition of the Trinidad-Tobago Athletic Annual is more complete than its predecessors thanks to the assistance of Mr Leo David and Mr Hubert Francis, who supplied marks done at the Texaco Southern Games and at the National Championships, respectively. We are most grateful to these gentlemen and we look forward to strengthening our association with them and also to developing links with others who, like them, are interested in seeing this annual as complete and as accurate as possible.

Track and field in 1969

Once again Ed Roberts was the Trinidad-Tobago athlete of the year. He successfully competed in the two biggest meets of the domestic season, Texaco Games in March and the National Championships at the end of May. He also had a good one-month tour of Europe in July, setting a national 100 metres record and winning the admiration of spectators and sports journalists in Switzerland, West Germany, France, Belgium, Ireland and Italy.

In the standard Olympic events six national records were broken: 100m, 1500m, 400m hurdles, 800m(f), shot(f) and discus(f). This compares with the tallies of 8 in 1967 and 4 in 1968. Unfortunately in 4 standard events there are no national records or rankings: 1500m(f), 100m hurdles (f), 4x400m(f) and pentathlon(f). In addition, for the 3000m steeple-chase, pole vault and decathlon there are no 1969 rankings.

International competition for local athletes was confined to the Texaco Games at which athletes from Jamaica, Surinam, the French Antilles and the USA competed. Contacts with other athletically powerful countries in the region, such as Venezuela, Colombia, Puerto Rico, Cuba and Mexico were non-existent, while Trinidad-Tobago was not represented at the Second Central American and Caribbean meet (Havana, August). One hopes that the XICAC Games in Panamá City in March 1970 fires the imaginations of meet organizers and national athletic federations in the region and lead to more regular competition in the region between champions from the region. Would it not increase interest in an international meet in Trinidad (and cost the organizers less) to have, for example, a good Mexican long distance runner, a good Puerto Rican pole vaulter, a good Venezuelan javelin thrower, a good Cuban hurdler and two first rate US stars instead of two first rate US stars and four second rate Americans? Besides, the first proposal could easily lead to invitations for Trinidad athletes to compete in Mexico, Puerto Rico, Venezuela and Cuba.

Format of Annual

The annual follows the now traditional format giving National Records, National Championship results, the National 1969 list (with noteworthy marks done in the country by foreign athletes in parentheses) and the National all time list.

The lists cannot pretend to be complete because many non-winning performances at domestic meets and many marks by Trinidad-Tobago athletes in North America and elsewhere were not available. Doubtful or windy performances, indoor marks and times done in relay carries have been excluded. Rankings for non-Olympic events are also not given. However, because of popular interest in the 220 yards straight, we give below the up to date all time list in this now rarely run event.

20.1 Agostini 1956, 20.1 Roberts 1964, 20.8 Ince 1959, 20.9 Bertrand 1962, 21.0 Bailey 1953.

with wind: 20.4 Ince 1959, 20.5 Bailey 1951, 20.8 Mottley 1964.

Readers are invited to send all comments, additions and corrections to the compiler B.Linley (A-141), c/o FAO, 00153-Roma, Italy.
