CCS Hot, SPAL Not In State Track Trials

BERKELEY — The Central Coast Section prospered while making the best showing in its history, but SPAL athletes drew a near-blank Friday in the trials for today's finals of the State Track Meet at Edwards Stadium here.

While 24 of the 42 individual CCS entrants qualified for the finals, which were held this afternoon, the season ended Friday for five of the seven individual SPAL representatives, including three from Sequoia.

Menlo-Atherton's Ken Mur-

phy was the only "legitimate" finals qualifier, finishing sixth in the long jump at 23-13/4. Carlmont's Hans Templeman did not have to qualify in the two-mile, for which no trials were held.

The SPAL's lone relay entry, Gunn's mile relay team, made the finals, but just barely. The Titans were clocked in 3:20.9 for third in their heat and the last qualifying time.

Sequoia high jumpers Ron Bosch and Jim May, and Cherokee 180 low hurdler Ce-

zar Oravillo were among the trial casualties, while Gunn's Julian Lucas and Dave Bagshaw also lost out.

Bosch and May, who had bests of 6-6, failed to clear 6-4 needed to qualify, but they weren't the only good jumpers who didn't make it. Justin Ceabe of San Francisco's Wilson had cleared 6-8, but was eliminated also.

Oravillo finished ninth in his low hurdle heat with a 20.5 effort, while Lucas finished sixth in the same heat with a sub-par 19.9 clocking.

"Bosch was the most disappointed, because he's a senior," observed Sequoia coach Buddy Miller. Both May and Oravillo are juniors.

"But I was not disappointed in them, only disappointed for them. Any time you get to the State Meet you've had a pretty fair season," Miller added.

Lucas wasn't expected to make it in the hurdles, but was regarded a strong 440 threat. However, his 49.2 was fourth in his heat and missed qualifying by about two yards. His best was 48.3, a mark that would have qualified him easily.

Both Lucas and Bagshaw, who clocked 14.9 for seventh in his high hurdle heat, were still slated for action on Gunn's mile baton unit along with Tom Paul and Dale Krebs.

As expected, Los Altos' super star Rick Brown easily qualified while conserving his energy. He recorded relatively conservative clockings of 48.0 in the 440 and 1:53.9 in the 880 and anchored the Knight mile relay squad to the top time, 3:16.1.

Joining Brown with easy qualifying efforts were teammates Chris Adams in the weights and Jim Andrew in the 440 at 48.5.

Adams tossed the platter 190-4 to set a meet record, although the mark won't count today. Trials marks can be valid as records, but they don't carry over to the finals.

The CCS made an excellent

showing in the field events outside the high jump. In the other four (the triple jump is not a State Meet event), 11 of the 12 CCS men qualified.

Lynn Swann of Serra finished fourth ahead of Murphy in the long jump at 23-7 and looked like a strong medal possibility, and Crestmoor's Chuck Bommarito qualified in both sprints at 9.8 and 21.8 to feature other CCS efforts.

Los Altos Takes State Track; Serra's Lynn Swann Wins LJ

By MIKE NOLAN
Tribune Sports Writer

BERKELEY — Bay Area and Northern California high school athletes reached the peak of their prestige in the 52-year history of the State Track Meet Saturday, appropriately held in Berkeley's Edwards Stadium.

After an overwhelming team victory by Los Altos High, a third place by Oakland's Castlemont and impressive showings by other Central Coast and North Coast Section athletes, the boys from the southland will have to wait at least another year to poke

their usual fun at the north.

Led by those supermen in disguise, Rick Brown and Chris Adams, who set a national discus record, Los Altos' 29 points gave Northern California its fifth team title and the Bay Area only its second crown. The last NorCal winner was Edison of Fresno in 1963.

Los Altos grabbed four first places while Serra's Lynn Swann fittingly ended a fantastic prep career by taking the CCS' fifth gold medal with a 24-23/4 long jump.

The three finals qualifiers from the SPAL all failed to

place, as Menlo-Atherton's Ken Murphy was 11th in the long jump, Carlmont's Hans Templema 15th in the two-mile, and Gunn's mile relay team finished last.

While Swann was able to say, "I'm happy, that was my lifetime best," after winning by a scant quarter inch, the long jump was a study in misery for the unfortunate Murphy.

Bothered by a groin injury, Murphy managed a best of 21-11 and spent most of the time writhing in pain on the ground while courageously trying to continue. He jumped only three times.

"The trials Friday and then the finals were just too much for him," said M-A coach Plato Yanicks. "He was in terrific pain." Murphy's 23-1 effort had qualified sixth Friday, but the trial marks didn't carry over into the finals.

Brown, headed for a spike career at Cal, became the first in meet history to win both the 440 and 880. His 47.0 anchor split for Los Altos' victorious (3:15.6) mile relay team only added luster to an already brilliant day.

Brown's season state best of 1:50.6 in the 880 and 47.7 conquest in the 440 prompted Knight coach Leo Long to offer, "This is a real breakthrough, because it shows a kid can double in the 440 and 880. This is when greatness comes, when people are challenged."

As great as Brown was, the meet's most dramatic moment came in the first event when Adams set a national record with a 201-3/2 discus throw, bettering his own pending 201-0 mark.

Like a 450-foot homer launched by Willie McCovey,

the crowd of 13,000 knew the discus was going "out" — over the 200-foot mark — as soon as Adams let fly.

The fans responded with a tremendous cheer as the platter soared like a bullet in a low trajectory, obviously clearing the magic 200-foot line, for the best official throw in prep history. A 211-4 toss last year by George Amundsen of Aberdeen, South Dakota has not been officially approved.

"I just knew it was a good throw," said Adams, while Long could only say, "Once it took off, you could tell. It was a great achievement." Adams also took third in the shot at 61-7/2.

Although Jerry Culp of Oceanside set a meet record with a 7-0 1/4 high jump, it was Randy Fulkerson of Santa Fe, all 5-7 1/2 of him, who stole the crowd's heart with a 6-10 leap for second.

Other CCS stars were Crestmoor's Chuck Bommarito, second in the 220 at 21.7 and fifth in the 100; Dave Chamness of Awalt, third in the mile; Wayne Smith of Mills, fifth in the mile; Steve Bowen of Sunnyside, fifth in the discus; and Jim Andrew of Los Altos, fourth in the 440.

The two-mile race had to be one of the best in prep history with six men at 9:03.6 or better, led by Ron Johnson of West Torrance in a meet record 8:55.6. Templeman ran 9:30.6 and Bob McCarty of Menlo Park and St. Francis was 18th in 9:34.0.

The super powerful Southern Section, which includes more than 300 schools, led with 90 points and 27 medals, but the CCS scored a highly respectable 45, by far its best ever, and claimed 12 awards.

6-10-70 Changes Made In State Meet

LOS ANGELES (AP) — Review of films of last weekend's state high school track meet in Berkeley have revealed three place changes but none that would change the team winner, Los Altos.

In the 100-yard dash, Chuck Bommarito of Crestmoor was moved from fifth to third and Albert Riley of Edison in Fresno was moved from sixth to fourth. Dropping from fourth to fifth was Vince Breddell of Kearney in San Diego and dropping from third to sixth was Ralph Liggins, Pittsburg.

In the 880, Bob Franek of Whittier finished fifth and the original fifth placer, Glenn Harmatz of Lakewood, was dropped to eighth. Sixth and seventh places were not affected.

The announcement of the changes was made by Bill Russell of the California Interscholastic Federation.

CIF Film Moves

Harmatz to 8th

Lakewood High's Glenn Harmatz was dropped from fifth place all the way to eighth in the 880 after a review of films of last weekend's state high school meet in Berkeley it was announced Tuesday.

Bob Franek of Whittier took over fifth. Sixth and seventh places were not affected. Other changes:

100 — Chuck Bommarito (Crestmoor) moved from 5th to 3rd, Al Riley (Fresno Edison) moved from 6th to 4th, Vince Breddell (SD Kearney) dropped from 4th to 5th, Ralph Ligons (Pittsburg) dropped from 3rd to 6th.

220 — Myron McGill (Crenshaw) moved from 5th to 4th, Mike Britt (El Cerrito) dropped to 5th.

Other area performers missing out were Luther Burbank's Mark Van Elzwyk who failed to place in the half mile and Woodland's Jack Looney who lost his 880 finals berth after officials awarded third place in the trials to Lakewood's Glenn Harmatz. Looney originally was given the berth but films showed Harmatz ahead at the finish.

Track Tip Pays Off For Prep

By TOM LaMARRE
Tribune Sports Writer

De La Salle high jumper Mark Viera, who considers himself a basketball player and not a trackman, used a tip from opponent Greg Redmond to improve his lifetime best by five inches for a third place finish at the state track and field meet in Berkeley yesterday.

"I was so scared Friday," Viera related after he beat Redmond of Ygnacio Valley out of third place on fewer misses at 6-7. "But Greg told me what to do.

"He said to go up there like I was stuffing the basketball backwards. I was shaking after I did 6-4, but I just kept going. I should have had 6-8, but I've never been that high and don't know how to kick my legs over."

Both Viera, a junior, and Redmond are back-flip jumpers in the style of Olympic champion Dick Fosbury.

Viera went out for track this season just to keep active and played basketball most of the time during the season. Most of his jumping was done in meets, not in practice.

"I blew my mind," Viera gasped afterward, still not believing what he had done.

Redmond was less pleased with his own performance and didn't want to take any credit for what Viera had done.

"It was all him," the disgruntled Redmond said. "I thought I had 6-10 in me and I thought this was the day. But I just jumped badly."

Jerry Culp of Oceanside soared 7-0 $\frac{1}{4}$ to win it.

Castlemont hurdler Milton Turner provided the Eastbay's lone victory with a wind-aided 18.6 in the lows after a second place 13.9 behind Alfonzo Hall of Morning-side in the highs.

"He (Hall) bumped me at the start," Turner declared, "and I stumbled. I had to make it all up on the last three hurdles. One more hurdle and I would have caught him.

"That was the first time I lost all year and I thought about it a lot in between races. I wasn't going to lose again."

Turner's teammate Nate Burks helped the Knights to third place with a 1:52.2 in the 880 behind a m a z i n g Rich Brown of Los Altos who, who came behind to win three races.

"I guess I'm the kind of runner he likes," said the faststarting Burks. "Someone he can chase."

FLUID-MOVING RICK BROWN SNAPS THE TAPE IN 440 VICTORY AT STATE PREP MEET

Some of the top competitors were too small, too big and too skinny at yesterday's State High School track meet in Berkeley's Edward Stadium. The 13,000 witnesses had to testify, however, that those same athletes were also too much.

Especially Los Altos High's Rick Brown, seemingly too skinny, and Chris Adams, supposedly too small.

Brown became the first State meet double winner in the 440 and 880 and anchored a mile relay victory. Adams broke the national high school discus mark with a 201-3 toss and took third in the shot put as Los Altos became the first Northern California team to win the State championship in seven years.

After Adams, only 6-0, 190, started the meet off with his spectacular throw, Brown, all 140 pounds of him, started to do his thing.

Brown's Swift Times

He made it look all too easy in the 880 even though he did hit the tape in 1:50.6 to set a new Edwards Stadium high school record. Fifty minutes later he was hitting the tape again after running a 47.8 in the 440. This all but locked up the title for Los Altos, the first all-white team to win the state championship since 1946.

Brown finished his day by anchoring the mile relay in 47.0 as Los Altos won in 3:15.6 after having been dead last going to the No. 2 man. Los Altos outdistanced second place Santa Ana 29-19, in the final point standings.

Both Brown and Adams have indicated they will attend California next year.

Jerry Culp of Oceanside broke Reynoldo Brown's seven-foot high jump meet record with a 7-0 $\frac{1}{4}$ leap. Culp was one of the few conventional jumpers in a field that included several back floppers and one incredible little (5-7 $\frac{1}{2}$) competitor named Randy Fulkerson.

Fulkerson, from Santa Fe, used what was described as the "rear over teakettle method" to take a second at 6-10.

A strong kick through the last 330 yards allowed Ron Johnson of West Torrance to breeze to a record 8:55.6 two-mile victory, at least 15 yards ahead of Long Beach Poly's Jim Chaffin, who finished in 8:58.8.

Sprinter Allen Carter, a junior from Bonita, pushed his 210-pound frame to a victorious 9.8 in the 100. Carter should be heard from often next year as he gained over 1800 yards as a halfback last season.

Serra High of San Mateo's multi-sports star Lynn Swann did again what he had done during his prep career. The football-basketball standout did just enough to win again—a 24-2 $\frac{3}{4}$ long jump.

Swann Keeps Cool

It was a lifetime best for Swann, who beat a field considered too much for him to jump with. The USC-bound super athlete thought the wind psyched out most of his competitors. "I just didn't think about it," said Swann in his usual cool manner.

And about usual manners, Rick Brown didn't think yesterday was anything super for him, rather just another day.

"I didn't feel any different," said Brown. I've been doing it all year."

So be it. But the fans still thought it was just too much.

The Discus King

Los Altos High's amazing Chris Adams improves his national prep discus record with a flip of 201 feet, 3 inches in yesterday's State high school championships at Berkeley's Edwards Stadium. Adams, who will enroll at California in the fall, prefers to skip the discus thrower's common ritual of intense concentration before each heave. He hops into the ring and off the platter (arrow) goes. Oh yes, his team won the meet as expected.

KEVIN BURNSSED, a first-grader from the Kingswood Elementary School in Brandon, Fla., ran the mile in 6:48.1, clipping 47.1 seconds off the old mark while setting a national record for 6-year-olds at a Jaycee junior track meet in Gainesville. 70

latter's third place in the shot put and a fourth by Jim Andrew in the quarter, gave Los Altos a 29-point total which outdistanced runner-up Santa Ana by 10.

Milton Turner captured the low hurdles in a wind-aided 18.6 seconds and played second in the highs in 13.9, and Nate Burks was the 880 runner-up in an amazing 1:52.2, as Castlemont finished third with 15 points.

Besides Adams' prodigious throw, which broke his own day-old standard by nearly 11 feet, two other meet records fell by the wayside.

Ron Johnson of West Torrance, turning on the steam in the final lap, lowered the two-mile record 1.4 seconds to 8:55.6 and Oceanside high jumper Jerry Culp eclipsed Reynaldo Brown's mark by one-quarter inch when he cleared 7-0¼.

Brown, who claims he still hasn't "peaked" as yet, won the half mile in 1:50.6 and the 440 in 47.8 before blistering the University of California oval with a 47-flat leg in the four-lap relay.

He and Adams, whose fair throws were 189-3, 192-3 and 192-9 before he got off the one which bettered his own pending national record of 201 feet even, each have signed Pacific-8 Conference letters of intent to attend Cal.

Defending long jump champion Jim McAlister of Blair fouled five times and finished third at 23-9¼, five inches behind Lynn Swann of Serra.

Culp had no misses until his unsuccessful attempts at 7-1½. Santa Fe junior Randy Fulkerson, who is only 5 feet, 7½ inches tall, took second at 6-10.

Aside from Turner, who appeared to have a slight lead as early as the second low hurdle and pulled away steadily from there on, Eastbay athletes had to be content with non-winning performances.

The most surprising point-winner was De La Salle high jumper Mark Viera, whose previous best entering the two-day meet was 6-2. The Spartan junior took third at 6-7, beating fellow back-flopper Greg Redmond of Ygnacio Valley on fewer misses.

The biggest disappointment was El Cerrito's Sammy Burns, who failed to score in either sprint race although he had posted 9.5 and 21.5 times this year.

However, Burns did bring the Gaucho 440 relay team home second, a 10th of a second behind the 41.5 Santa Ana foursome anchored by 220 winner Jackie White. Pittsburg was third in 41.7, two places ahead of the Castlemont team on which Charles Gibson replaced Quentin Pruitt, who reportedly suffered a hamstring pull in Friday's trials.

The Pirates' Ralph Ligons placed third in the 100 behind Bonita junior Allen Carter and White, who was the runnerup in both dashes last year.

Lee Busby of Pitt was fourth in the high hurdles race, which saw Morningside junior Alfonzo Hall winning in the identical 13.9 time logged by Turner and McKinley Mosley of Bakersfield.

Mike Britt, in one of his few victories over teammate Burns, finished fourth in the 220 and Tech's mile relay team, after leading most of the way, wound up fifth.

Burks, whose best 880 time prior to the trials was 1:56.6, sliced off another half-second to equal the Eastbay's second best prep time ever by 1968 State half mile champion George Alfaro of Pittsburg.

El Cerrito miler Mike Palomino bettered his trials time by 2-10ths of a second, tying for ninth on the area all-time list at 4:17.2, but failed to score in a race won by Cleveland of Los Angeles junior Brent Tubb in 4:12.9.

Johnson, the two-mile runner-up last year in 8:59, sprinted out of the pack in the backstretch and easily held off Jim Chaffins of Long Beach Poly. The Southern Section champion was second in 8:58.8, and the next three were under 9:03.

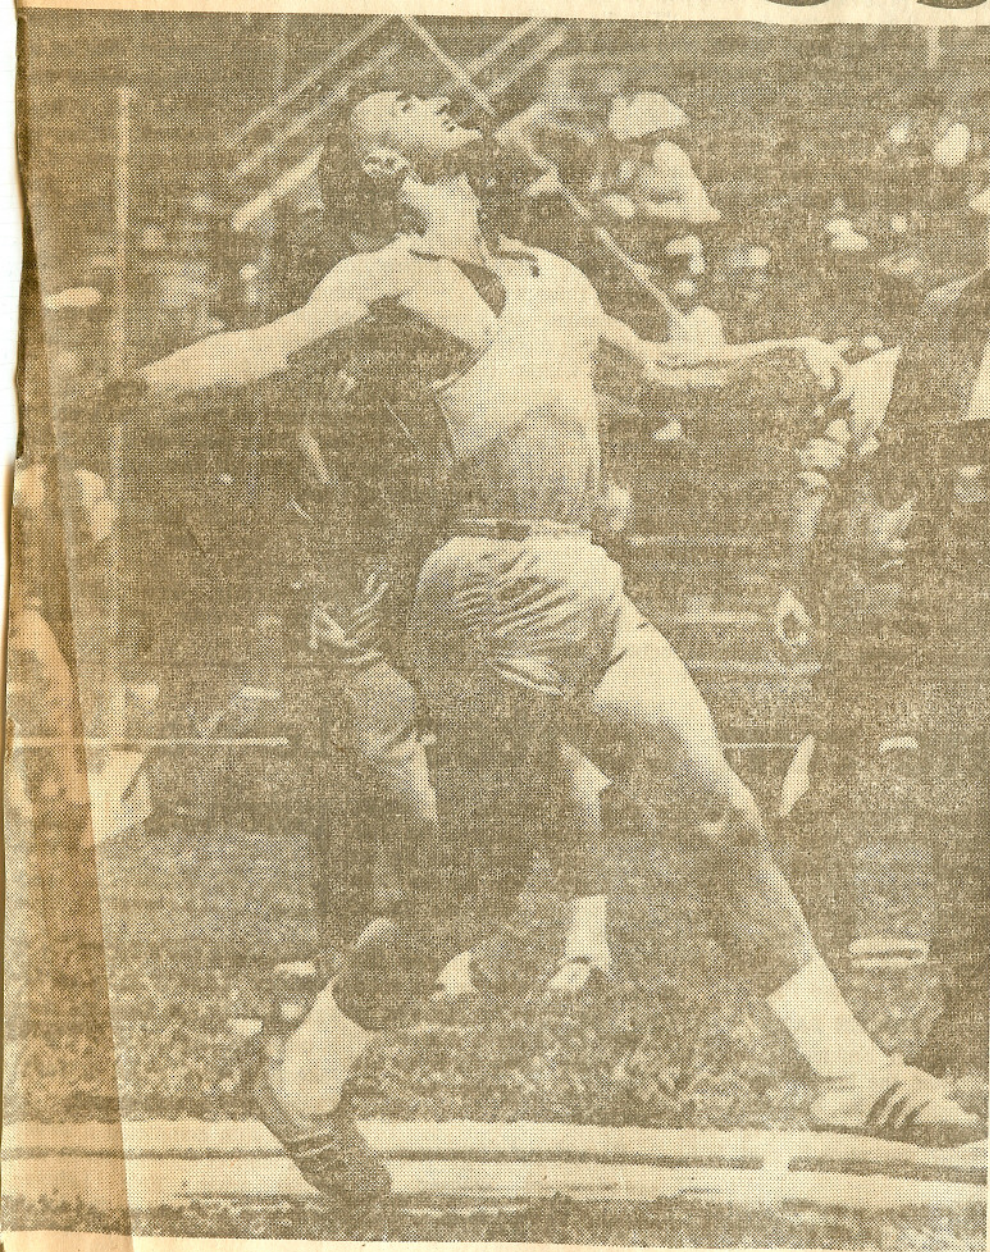

Campolindo junior Tom Hale, who stayed in third place through the first mile, wound up seventh in 9:10, his second best time of the season. He had run two seconds faster.

Simply burning up the track

Los Altos' Rick Brown made running look so easy in the state meet. Here he finishes the 440 yard dash in 47.8 to complete the first double in the history of the 52-year-old event. Brown won the 880 in 1:50.6

Adams unwinds a winner

Chris Adams of Los Altos gets off his national record throw in the discus, hitting 201 feet, three inches at the State CIF track and field championships at Edwards Stadium on the California campus.

lon will be the mile, high jump and pole vault. He simply hasn't any experience in them.

"I think I'll be all right in the long jump, the three weights, the 100, 440 and the hurdles, but the others. . . . I don't know. It's going to require a lot of training. But I'm looking forward to it."

Andrew said he doubts the relay team will ever run as a unit again.

"I kind of think this is the last time. This is the big thing. I think we'd like to end it this way," he said.

Andrew declined to take credit for giving Brown less work to do in the final 440 yards.

"We got good passes from Bob and Larry," said Andrew, who isn't certain where he'll continue school. "It'll probably be Foothill."

Davis was asked if he keeps track of the number of people he passes.

"No," he laughed. "But it sure feels good. It feels like you're tearing."

Los Altos tore 'em all up.

Los Altos wins it all

By LARRY LAVELLE
Times Sports Writer

BERKELEY — Los Altos ran the slowest victory lap in the history of the state meet Saturday.

The Knights struggled around the track with a silver trophy about as big and as ugly as a Gallapagos tortoise.

But they savored every step. That homely piece of metal was emblematic of the 52nd annual California State CIF prep track and field team championship.

The Knights had traded in their shining armor for a crown.

Rick Brown had made history by winning an "impossible" double.

Chris Adams had broken the national prep record in the discus for the second time.

And just for kicks, the Knights put the finishing touch to it all by running away with the mile relay after they had already clinched the title.

It was some kind of day for Leo Long.

"They paid the price — they worked like the dickens," said the sun-tanned and emotion-drained coach as he stood in the middle of the infield at Edwards Stadium.

"We did it without a sprinter," said Long. "I can't remember when somebody won the state meet without a sprinter. We felt if Ricky wins the 880, nothing would stop us."

Nothing did stop them. Not Morningside, not Castlemont, not Santa Ana.

Brown was stupendous. He ran six races — including the anchor legs in the mile relay — and was unbeaten.

Deceptively fragile in appearance, just a slender, quiet kid with violet-shaded glasses, Brown can accelerate as he chooses — like an Apollo making a course correction.

Nathan Burks of Castlemont

and Percell Keeling of Morningside were left in the dust by Brown, who raced to a 1:50.6 victory in the half mile.

Barely an hour later he was back on the track, giving the field a brief thrill with his unhurried start. But he flashed around the final turn, crushing the hollow hopes of West Bakersfield's Larry Boen and Garden Grove's Tony Krzyzosiak.

Brown's time — 47.8. Hard on the heels of Boen and Krzyzosiak, both caught in 48.2, came the Knights' Jim Andrew in 48.4.

Andrew ran a bit faster than that later in the day when he, Brown, Larry Davis and Bob Thompson whipped around the track in 3:15.6 in the mile relay.

The pattern was identical to that of Friday's trials. Thomp-

son ran 51.8 on the first leg, but Davis pulled the Knights from ninth to fifth with a sizzling 48.5. Andrew turned in a powerful performance as he brought the baton to Brown just a few steps behind Oakland Tech's rabbit in 48.3.

Brown made a runaway of it with a 47 flat turn, a half second faster than any other mop-up man in the race.

Gunn High ran ninth in the nine-team field despite a 48.9 finish by Julian Lucas.

Adams unleashed his national record throw on his fifth try, wheeling the discus 201-3, exactly three inches beyond his previous prep mark. He fouled three times, hit 189-3, 192-3 and 192-9 before the big one.

The Times' Midpeninsula prep athlete of the year, Adams put three points in the

Los Altos column with his 61-7½ in the shot. He fouled four times and his other legal throws exceeded 61 feet. Randy Withrow of Pasadena, however, won the event with his first throw of 63-8¾.

Dave Chamness brought a touch of glory and a third place trophy back to Await High thanks to his strong showing in the mile run.

The slender blond distance star was never worse than fifth in the race and he sprinted across the finish line in 4:15 behind winner Brent Tubb of Cleveland High in Los Angeles, who was timed in 4:12.9.

Sunnyvale's Steve Bowen hurled the discus 177-9 for a fifth. Three meet records were broken, Adams touching off the action. Then came an 8:55.6 two-mile by Ron Johnson of West Torrance, and a

7-0¼ high jump by Jerry Culp of Oceanside.

One of the meet's top performers was Arizona-bound Jackie White of Santa Ana, who captured the 220 in 21.5, equaling the stadium record. He also anchored his 440 relay team to victory and finished a close second in the 100.

It was the first time a Northern California school had won the championship in seven years. It was the first time anyone had ever captured both the 440 and 880. It was the second time in a decade a Los Altos athlete had taken back to back titles in the discus. Bob Stoecker won that event in 1961 and 1962.

Brown, Adams and probably Andrew can compete in the Golden West Invitational — sort of a national senior prep championship affair—in Sacramento.

"The Golden West? I don't know," said Brown. "Most likely I will."

He would like to run under 1:50 in the half, maybe go after the 1:48.8 national mark set five years ago by Richard Joyce.

Brown says he is tempted to try the intermediate hurdles sometime soon.

Would he recommend running both the 440 and 880? "Sure. It's just psychological. They don't do it because they think they can't do it."

Adams, who plans to begin decathlon training this summer, is anxious to improve his mark of 62-9 in the high school-weight shot.

"I did 64-7 last week in practice and I figure I can do 65 feet."

He has been credited with a 9.8 100 and a 19.7 in the 180 low hurdles.

Adams believes his toughest challenges in the decathlon will be the mile, high jump and pole vault. He sim-

Some of the top competitors were too small, too big and too skinny at yesterday's State High School track meet in Berkeley's Edward Stadium. The 13,000 witnesses had to testify, however, that those same athletes were also too much.

Especially Los Altos High's Rick Brown, seemingly too skinny, and Chris Adams, supposedly too small.

Brown became the first State meet double winner in the 440 and 880 and anchored a mile relay victory. Adams broke the national high school discus mark with a 201-3 toss and took third in the shot put as Los Altos became the first Northern California team to win the State championship in seven years.

After Adams, only 6-0, 190, started the meet off with his spectacular throw, Brown, all 140 pounds of him, started to do his thing.

Brown's Swift Times

He made it look all too easy in the 880 even though he did hit the tape in 1:50.6 to set a new Edwards Stadium high school record. Fifty minutes later he was hitting the tape again after running a 47.8 in the 440. This all but locked up the title for Los Altos, the first all-white team to win the state championship since 1946.

Brown finished his day by anchoring the mile relay in 47.0 as Los Altos won in 3:15.6 after having been dead last going to the No. 2 man. Los Altos outdistanced second place Santa Ana 29-19, in the final point standings.

Both Brown and Adams have indicated they will attend California next year.

Jerry Culp of Oceanside broke Reynoldo Brown's seven-foot high jump meet record with a 7-0¼ leap. Culp was one of the few conventional jumpers in a field that included several back floppers and one incredible little (5-7½) competitor named Randy Fulkerson.

Fulkerson, from Santa Fe, used what was described as the "rear over teakettle method" to take a second at 6-10.

A strong kick through the last 330 yards allowed Ron Johnson of West Torrance to breeze to a record 8:55.6 two-mile victory, at least 15 yards ahead of Long Beach Poly's Jim Chaffin, who finished in 8:58.8.

Serra High of San Mateo's multi-sports star Lynn Swann did again what he had done during his prep career. The football-basketball standout did just enough to win again—a 24-2 $\frac{3}{4}$ long jump.

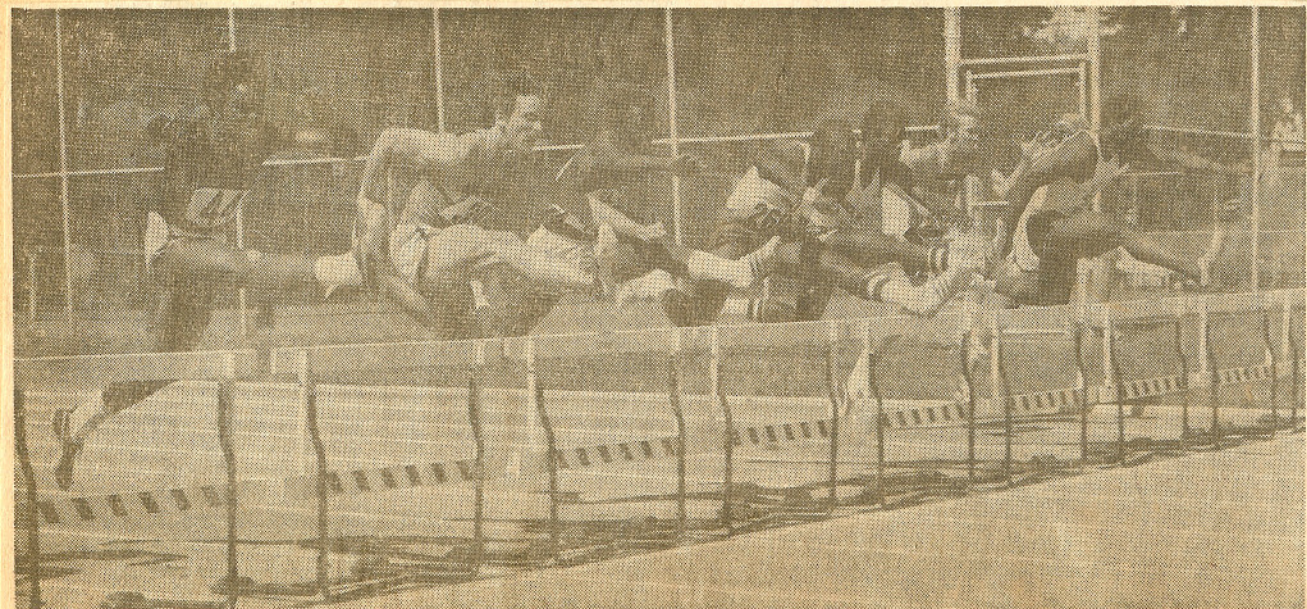

Swann Keeps Cool

It was a lifetime best for Swann, who beat a field considered too much for him to jump with. The USC-bound super athlete thought the wind psyched out most of his competitors. "I just didn't think about it," said Swann in his usual cool manner.

And about usual manners, Rick Brown didn't think yesterday was anything super for him, rather just another day.

"I didn't feel any different," said Brown. I've been doing it all year."

So be it. But the fans still thought it was just too much.

Turner's battle Against asthma

By ALAN McALLASTER

Horace Turner would have been proud of his once-asthmatic son.

State champion Milton Turner of Castlemont climaxed a six-year battle against asthma when he won the low hurdles Saturday in the 52nd California Interscholastic Federation meet at Edwards Stadium.

Turner was a "critical" asthmatic, according to Knight coach Harris Flowers, when he was a seventh-grader at Madison Junior High.

"He was what they call a deep-heaving case," says Flowers, who was the Madison coach at the time. "Sometimes he couldn't run a lap without having to take medicine."

If he was that badly off, why did he persist in running?

"His father, Horace, who has since passed away, always wanted his sons to run track," Flowers reveals. "He used to help in transporting our athletes to the meets. Milton got to be known as Horace's boy, and then 'Hossy-boy.'"

"He was still bothered by asthma when he came to Castlemont, and even last year the junior coach occasionally had to get him his medicine.

"But he didn't need it this year; he overcame it with courage and determination."

"I guess I'm happy," said Turner following his runaway 18.6-second triumph. "I won,

and that's what I wanted to do."

Beaten by Alfonzo Hall of Morningside in the highs, Turner said he was elbowed at the first three hurdles "and almost knocked out of the race." Hall, Turner and McKinley Mosley of Bakersfield were all timed in 13.9.

"In the lows," says Turner, "I saw someone (Mosley) coming up on the left and then I really started to move."

Watch out for El Cerrito's Sammy Burns next year, warns 220 winner Jackie White of Santa Ana.

"If I was looking out for one guy, it was Burns," said White. "We had sort of a grudge match going."

Burns and White had clashed in the 220 trials as well as the finals of the 440 relay and the 100-yard dash.

"I think he let his loss in the 100 get him down," White theorized, "but he's going to come back next year and really be a great one."

Burns was upset when the Gauchos failed to beat Santa Ana's 440 foursome.

"El Cerrito has never taken a first in the State Meet," he said, "and I figured at least we could win the relay. Maybe I thought about it a little too much, and I was a little nervous."

Ralph Ligons of Pittsburg, who took third in the 100, sympathized with Burns.

"I finished last in the finals last year, and I know too much how that feels," said the little Pirate. "I saw him get off bad, and I knew he

was through.

"When he doesn't win the relay, he sometimes doesn't do well in the 100. I beat him in the relay earlier this year at Woodland, and followed up in the 100. But this meet will help him for next year. Last year helped me."

Nate Burks of Castlemont was satisfied with his 1:52.2 performance in the 880, despite finishing second to Rick Brown of Los Altos.

"I think I ran the best I could," he said after lowering his pre-meet time 4.4 seconds. "I wanted a 53-second first lap (53.7), but I don't think I could have beaten Brown anyway."

Brown clocked 1:50.6, then won the 440 in 47.8 and later had a 47-flat anchor leg on the winning mile relay team.

"Other than Brown," declared University of California track coach Dave Maggard, "Nate Burks was the most impressive runner in the meet. We're very interested in him."

State meet Films hurt Pitt, E.C.

Two Eastbay schools have been knocked out of the top 10 team scorers as a result of a film review of last Saturday's state track and field championships at Edwards Stadium.

Pittsburg, which had been credited with eight points and a tie for fifth place, and El Cerrito, deadlocked for ninth with six points, actually share 17th place with Santa Barbara at five after movies revealed changes in the order of finish in three races.

The Pirates' Ralph Ligons, originally picked third in the 100-yard dash, was dropped to sixth. Chuck Bommarito of Crestmoor advanced two places to third, and Albert Riley of Fresno Edison moved into fourth ahead of Vince Breddell from Kearney of San Diego.

Mike Britt of the Gauchos fell to fifth in the 220, changing places with Myron McGill of Crenshaw.

In the 880, it was Bob Franek of Whittier who finished fifth instead of Glenn Hartz of Lakewood. They had similar uniforms.

As a result of the changes, Crestmoor tied Bakersfield for seventh place with seven points, while Edison and seven other teams share ninth spot with six points.
