Modesto Junior College, your California Relays host since the world's top track meet was inaugurated 30 years ago, is notching a milestone of its own this year.

One of the first community colleges in the state, Modesto Junior College will celebrate its 50th birthday this fall. When the college opened in September, 1921 there were 61 charter students. Today the student body numbers nearly 6,000.

Modesto Junior College will commemorate its first 50 years with a host of Founders Week activities October 17-24, 1971. The public is invited. Mark the week on your calendar and plan to attend.

The California Relays Dedicates This Annual Meet to . . .

**MILTON L. KIDD**

On February 5, 1971, the Modesto Community lost a civic leader and a person dedicated to sport activities. Over the years he obtained college scholarships for many youth and assisted them in finding summer employment. He was active in the Quarterback Club and Sportsmen of Stanislaus Club. He seldom missed a local sports event. In his memory a Scholarship Fund for athletes has been established at the Modesto Junior College.

**BRUTUS HAMILTON**

Brutus Hamilton — beloved track coach of the University of California for 33 years. Brutus, while coaching at the University, always supported the Relays. After his retirement he served as the Modesto Meet Referee for four years. Few men have been more highly respected in their profession than "the Coach".

# We're a local outfit...in 11 different towns.

We do business a little differently than many savings and loan associations. We're subject to the same Federal regulations, of course. And we offer the same services and protections. The difference is, we really are local... and in 11 different towns.

We invest our savings deposits in the communities we serve. Many savings associations invest their deposits in far-distant areas. But at State, you can count on most of your deposits going right back into your community. We've found that it's good business. The people at each State office are part of the town they serve. They're involved in its activities, in its problems and its progress.

So, no matter how large we grow, we'll always be a local business.

### Take me to your husband.

He's never seen anything like the new BMW Bavaria. 6 cylinders. 2.8 liters. 130 mph. Under \$5087. Wundercar!

Tell him you want him to test-drive me. The new BMW Bavaria. Let him take the wheel. And watch him fall in love.

I was made for a man like yours. I respond to his slightest command. I'm fast. In fact, I can hit 130 mph. Cruise at 120 mph. Hour after hour. With ease. Not that he'll always want to go that fast. But in a tight situation, it's good to have an engine that delivers so much power.

And my BMW suspension,

independent on all four wheels, with multi-jointed rear axle. I'm proud of how it enables me to hold the road no matter how fast I run. On hairpin curves. Even on the most difficult roads.

You'll notice I am elegantly fitted out. Roomy interiors. Reclining seats. Space for four adults and plenty of luggage. But the best thing about me is that I'm fun to drive for the man who likes driving.

So, go ahead and take me to

your husband. What if he does go for me? It's better than having him fall for another woman.
