

Following the heading for each event, the all-time junior college best prior to the 1971 season is noted in parentheses. If the recognized national JC record differs, it is the second mark listed in parentheses.

JC TRACK & FIELD's reporting standards are listed at the far right of each heading. (Please report ALL performances which meet an event's standard, even if an athlete has posted a better mark earlier. ALWAYS DENOTE WIND CONDITIONS FOR 100, 220, HH, LJ, TJ)

National listings are approximately 20 deep in regular meet events (within standards). Since JC TRACK & FIELD also carries the official Northern California JC listings, additional marks for NorCal athletes are provided (to give approximately 20 per event). NorCal reporting standards are noted in parentheses following "Additional NorCal Marks".

IMPORTANT NOTE: A indicates meet date and site was NOT furnished to us. It is imperative that this confirming data be provided for ALL marks for them to be considered for qualifying or national honor roll purposes.

100 (9.2, 9.3)	9.7	220 (20.2, 20.6)	21.7
