## 1971 SPARTAN TRACK OUTLOOK

San Jose State hopes to move back into the position of a national track power again this spring. It could very well do so with a combination of top caliber individuals, better team balance than has been present in the past few years and an outstanding dual meet schedule.

Although the squad is small, numbering some 35 athletes, talent is evident everywhere and it will be tough for any opponent to sweep an event.

The Spartan team is built around a solid core of experienced returnees. The big difference in improvement, however, is due to the host of newcomers filling in the weak spots.

This year's schedule has also been upgraded. Dual meets have been scheduled on successive Saturday's with Pac-8 powers California, Stanford, Oregon State and Washington State. Later in the season SJS also meets the powerful Pacific Coast Club.

The biggest problem coach Ernie Bullard faces is lack of depth in some areas; therefore a few injuries in the wrong places could be disastrous.

Overall, it should prove to be an interesting and outstanding season.

The following is a breakdown of each general area:

### SPRINTS AND 440

SJS should have one of the fastest sprint duo's in the nation (matched possibly by Cal's Eddie Hart and Isaac Curtis) with senior returnee Kirk Clayton (9.3, 20.4) and newcomer Billy Gaines (9.2, 20.6). Clayton is the world record holder at 50 yards and had a strong season last spring until slowed by injuries. Gaines, who has to get in shape after a year's layoff from competition, is the co-world record holder in the 60 (5.9) and the world record holder for 50 meters. Prospects after those two are questionable. Hurdler George Carty (9.5) and long jumper Chuck Sundsten (9.6) will probably have to fill in on the other two legs of the relay. Byron Wilson (9.7) is back after a year's layoff and could possibly help out.

### THE 440

The quarter mile has improved since last year, with Elmo Dees (46.8) returning as the number one man and Tim Hayes (48.0), a JC transfer, and Jim Love (48.2), who

ran for the Spartans in 1968, to back him up. Hayes is recovering from illness and won't be in shape until later in the season.

HURDLES

Quality in the two hurdle events is good but this is one of the areas where depth is a problem. In the 120 highs, George Carty (13.5) was a finalist in the 1968 Olympic Trials in South Lake Tahoe and can run with anyone around. But after him the situation is weak. In the intermediates, Len Gaskill (51.9) returns and should improve and Carty (52.3) will add depth when he runs the event. Gaskill (14.3) will also be called on to back Carty in the highs.

880 AND MILE

The middle distances is one of the key areas of improvement this spring, with one top returnee and three JC transfers. In the 880, transfers Lee Marshall, California JC State Champion last year, (1:51.2) and Bob Stevens (1:51.7) give SJS the depth it didn't have last year. In the mile, Buck Black, who ran a 4:06.4 mile in the conference, is in fine early season condition and is being counted on heavily. Cliff Chisam, who ran the fastest JC mile in the country last year at 4:06.1, was injured earlier and won't be in top shape until mid-season.

DISTANCES

The distance program is also a major improvement, due mainly again to JC transfers. Gary Hanson won the PCAA six mile (30:08.6) and came back the next day to take third in the three mile (14:07.9) last spring and looks ready to run well after a strong cross country showing. Maury Greer (9:07.2 two mile) had a good cross country season while Pat Palazzolo (14:17 three mile), Mark Evans (9:04.8 two mile, 14:28 three mile) and Nick Rosner (9:01.1 two mile, 4:09.8 mile) have impressive JC statistics. Rosner and Palazzolo have both been bothered by injuries and won't be ready until later in the season.

JUMPING EVENTS

Overall, the jumping events are probably the strongest in terms of both quality and depth, again with help from newcomers.

The strongest single event is the pole vault. Vic Dias (17-0) finished strong last spring and took fourth in June's AAU meet. Bob Richards has already bettered

his life best this winter (16-0 $\frac{1}{2}$ ) and could push 17-0. Frank Rock has been consistent at 15-6 and is due soon to make 16-0.

Last year's weakest event, the high jump, has been bolstered by the addition of Willie Crawford (6-11), the former Armed Services champion. In addition, Reggie Morris (6-8) returns from last year ready to jump.

The long jump appears to be at about the same level as last season, while the triple jump is improved. Chuck Sundsten (25-4 $\frac{1}{4}$ ) comes off a good finish last year and JC transfer Gary Moody (24-8) is a good competitor who finished third in the state last year. In the triple jump, Adrian Porter (50-10) had a good year in 1969 and hopes to return to that form this year. Moody (47-0) and Sundsten will also jump.

#### WEIGHT EVENTS

Transfers have also been vital in improving the weight events. The discus looks to be the most improved with Gary O'Sullivan (182-11) returning and newcomers Greg Born and Tom Wilson have been coming along well. Both have already thrown over 170 feet.

In the shot put, Born was State JC champion last year at 55-2 $\frac{1}{4}$  but has already thrown 55-9 $\frac{1}{4}$  this winter and could push 60-0. O'Sullivan (56-2 $\frac{1}{4}$ ) will throw the shot when needed. Rich Esparza (53-9  $\frac{3}{4}$ ) will give the Spartans a strong third man.

Mike Metz set a new school record in the javelin last spring at 251-2, but he was inconsistent. But with a year's experience plus greater size and strength he should be a constant threat. Dave Caselli (203-4) could pick up valuable points in dual meets.

ERNIE BULLARD...Head Coach

Ernie Bullard, the assistant track coach at San Jose State the past two seasons, took over the helm from Bud Winter, who retired last June.

Bullard came to SJS the beginning of the 1968-69 season from Mesa Community College in Mesa, Arizona. He arrived there in 1967 and originated the school's track and field program. In that first year, he coached Mesa CC to a second place finish in the National Junior College Association meet.

The following year, Mesa won the NCJAA meet and Track and Field News called it "one of the strongest JC track teams in the nation."

Mesa CC, with Bullard in charge, sent more track athletes to the 1968 Olympic Games in Mexico City than any four-year schools, with the exceptions of Villanova and SJS.

Bullard coached SJS sprinters Neville Myton, Len Gaskill and Elmo Dees when they attended Mesa Community College.

He graduated from USC in 1959, where he was an excellent pole vaulter, and won his Master of Science degree at Arizona State University in 1961.

LEE EVANS...Assistant Track and Field Coach and Head Cross Country Coach

Lee Evans, the 1968 Olympic Gold Medalist, was named assistant track and field coach and head cross country coach when Bullard was elevated to the head mentorship.

He had a tremendous start in his new career as his harriers won the Mt. San Antonio Invitational, put in a strong bid at the Sacramento State Invitational and finished third in the Pacific Coast Athletic Association Championships last year.

Evans set a new world mark of 43.8 in the 400 meters at the '68 Games, ran on the U.S. team which set a 1:22.1 standard in the 880 yard and 800 meter relay, and anchored the U.S. 1600 meter relay team which set a world's record of 2:56.1.

He also ran to a world record in the 500-yard indoor (54.5) and the 600 meter event (1:14.3). Evans also won the National AAU 440 title four years in a row.

An SJS graduate, Evans plans to complete work on his Master's Degree at Stanford. He has also been a counselor to the Silver Creek HS track team coached by Stan Dowell.

Said Bullard on Evans' appointment, "Lee was my choice for the job. He possesses the attributes necessary to be an outstanding partner in a coaching situation."

A SALUTE TO THE SPARTAN SPIKESTERS

Men behind the scenes who really make the San Jose State track and field program go are a group of devoted track fans called the Spartan Spikesters.

Comprised of SJS alums, local businessmen and others who love the sport, the Spikesters run virtually every facet of home meets.

Their knowledge and love of track and field have been instrumental in making San Jose State world renowned in the sport.

The membership of the Spikesters is too great to list here, but all of them are saluted.

It is in this spirit that the 1971 San Jose State Track and Field Brochure is dedicated to the Spartan Spikesters.
